GREETING OF AUTHOR

Baldur's Gate is a game which absorbs me since I have played it the first time. Over and over again there is new to discover or other play variations are possible.

When some years ago internet was absolutely new for me and I had established an internet connection for the first time, I have searched of course also for a walkthrough for Baldur's gate. On this occasion, I came on the page <http://www.baldurs-gate.ch/> and found a tip to the Mod DSotSC for the first time. Later I tried to install BG1 together with DCotSC and TGC1 - and crashed sometime to the desktop. Since then I was again and again in search for solutions for the conflicts and found thereby more and more mods - TDD, SoS, CtB. All of them had been in English only and mostly unknown in Germany and I longed for playing these mods in German. Hence, I began in the year 2005 with translation of some of the big mods and then brought to life the Baldur's Gate Trilogy Translation Project.

Sometime I stumbled upon a clue to BP and BGT (non WeiDU). When these appeared then in a WeiDU version, the conditions for bigger megamods were created. After erebusant has published his first megamod instructions, I began after careful analyses of the single mods with the development of my own megamod with reproducible instructions whose most current version you have now before yourself.

Most of the other megamods have always failed up to now because of the fact that the players have thrown together a few mods haphazardly. However, decisively for a functioning Megamod the right combination is the Mods. Also it is as important to solve a problem at the root and not only to remove the symptoms as it was mostly done before. See in addition also this contribution:

<http://forums.blackwyrmlair.net/index.php?s=&showtopic=4018&view=findpost&p=33478>

Now, with a clearly structured and uniform composition it is possible that also other experienced players with knowledge in programming are able to develop patches that can be used by all the other players that play the **B:G World Megamod**.

The **B:G World Project** is an extensive package with instructions, downloader, installer, bug-fixes and text-patches in various languages, that allows a smoothly and faultless installation.

However, the **B:G World Project** is (still) not perfect because also the mods are (still) not perfect. But a basis on which all necessary improvement can be carried out efficiently is created.

Thanks all modders, cooperators and players who have contributed by your many tests, vigorous support, advice and bug-fixes to the advancement of the **B:G World Tools** to his current form and have encouraged me over and over again to go on working in this mammoth project.

I wish you a lot of fun with your **B:G World Megamod**.

Leonardo Watson

INTRODUCTION

After the release of Baldur's Gate II: Throne of Bhaal (ToB), some players didn't want the adventure to end and took it upon themselves to write new modules and modifications ("mods"). These mods could be installed on top of Baldur's Gate and added new NPC's, new areas, new equipment, and most important, new adventures.

With the WeiDU-Installer and the BGT-WeiDU Mod it is now possible to play Baldurs Gate with not just one or two other mods, but to combine the majority of mods created up until now into one single epic game.

With the Baldur's Gate Trilogy - WeiDU (BGT-WeiDU) mod you can customise your BG game world as you like:

1. You can play BG1 and BG2 with a selection of the available mods.
2. You can play BG1 and BG2 with only some NPCs to be able to take them into your party.
3. You can play BG1 and BG2 with additional quests.
4. However, it is also possible to install all existing mods for a huge, unique playing experience. These instructions are intended for this type of megamod installation.

The **B&G World Project** aims to merge all games of the Baldur's Gate series and the additional contents created by its community into one massive adventure, including a modification of BG1 to run BG1 with the more modern engine of BG2, plus the added functionality of ToB expansion.

Now new functions introduced in BG2 are also available for BG1. This means, BG1 utilises the same graphic art as BG2, the same character kits, the same magic and the same rules. This provides even those who know BG1 off by heart with a new playing experience. Included is a transition from BG1 to BG2.

The **B&G World Project** is constantly going through changes to acquire a more stable and bug free version with every new update. The number of modifications can be overwhelming, some are better, some are worse, some are over-powered and others are not compatible. **For a satisfying game you should make a choice before and not throw unhesitatingly all the mods into the BGII folder. The more mods you install, the greater the risk that conflicts, undiscovered up until now, will appear.**

Many developers try for a stable "core" of the big mods together with BGT and BP which can then be complemented with a wide range of smaller mods.

When installing additional smaller mods or NPCs it is strongly recommended to obey the installation instructions instead of installing haphazardly. Many of the mods for instance, are compatible in one order but not in another, and many of the single components, in particular the tweaks, are conflicting.

The reason for this is that most mods were developed as sole extensions for BG1 or BG2. At that time none of the modders conceived of a megamod installation. Therefore, some of the older mods especially, simply replace one or several files with their own. The next mod then cannot find the necessary files because they have already been changed.

This order takes into consideration all interactions known about at this point. The whole installation procedure by using the **B&G World Install.bat** is faultless. That does not mean however, that the mods themselves are faultless.

Not all available mods for Baldurs Gate are referred to in the instructions at the moment. In some cases these are mods which are not yet compatible with the **B&G World Project**. However, we do everything we can to make mods compatible with the MegaMod and it may be that a mod of this sort will soon be listed in the instructions. There are also mods which we cannot include in the **B&G World Project** or have taken back out of the instructions. With concern for the best possible play experience, we have eliminated some NPCs with few or no contents as well as the Iron Modders.

You do not need to read the whole guide! Read carefully the chapters 1 - 3 and then let's go! The detailed instructions in the next chapters are intended for reference in the event that you want to change something or to see what happens and why.

HARD DISK

The hard disk should be formatted as NTFS, not as FAT32. The number of files in the override folder for a full installation of BWP exceeds the limit of the FAT32 system to max. 65 534 files!

If your computer is equipped with a second hard drive then install BWP there. The installation on the second hard disk is much faster (in my case in less than half the time!)

The full installation requires 50 GB of hard drive space and temporary 2.54 GB for Baldur's Gate I. Note that afterwards still 20% of the disk should be free to allow the operating system to function properly.

RAM

A few mods (Stratagems for example) need up to 4 GB RAM. Windows XP can only address max 2 GB RAM despite with how many RAM your computer is equipped.

So you need at least the Windows 7 operating system (64 bit recommended). Your computer must be equipped with more than 4 GB RAM. Set your virtual memory at least on doubled the size of your installed RAM.

If you have Windows 7 32 bit installed you must remove the 2 GB limit with the patch from here:

<http://www.unawave.de/windows-7-tipps/32-bit-ram-barrier.html?lang=EN>

Note: As long as the DDR limit is unlocked, the Windows update does not work.

INSTALLATION PATH

(will be executed by the **B&G World Install.bat**)

BGII will be installed into the directory „C:\Program Files\Black Isle\BGII - SoA“ (without quotes) by default. As of BWPv10.1 you can install BG2 at any other location and rename the folder as desired. The **B&G World Install.bat** checks the installation of the main directory and corrects the paths in the baldur.ini.

Windows Vista and **Windows 7** are using a security feature that protects the programs which are installed into Program Files folders (including x86 on 64-bit systems) from being altered after the install is complete. This is an issue for older games like Baldur's Gate because they want to create and edit save games and settings files within the game's installation folder, which the security feature is preventing you from doing.

You will either need to disable UAC while running the Big World installer (you can enable it again afterwards) or better install the game outside of the Program Files folder (for example C:\Games\...).

In any case you change the default directory you need to adjust the baldur.ini inside the main directory. Open it with a text editor. You will find below [Alias] the pathnames like this:

```
HD0:=C:\Program files\Black Isle\BGII - SoA\  
CD1:=C:\Program files\Black Isle\BGII - SoA\CD1\  
CD2:=C:\Program files\Black Isle\BGII - SoA\CD2\;C:\Program files\Black Isle\BGII - SoA\CD2\  
CD3:=C:\Program files\Black Isle\BGII - SoA\CD3\  
CD4:=C:\Program files\Black Isle\BGII - SoA\CD4\  
CD5:=C:\Program files\Black Isle\BGII - SoA\CD5\
```

Make sure that the listed pathnames are identical with the real pathnames and rename them if necessary.

CLEAN INSTALL - CD AND DVD VERSION ONLY

Install Baldur's Gate with all components (all check boxies activated).

Install the extension TotSC legends of the sword coast with all components.

Install the patch 5512.

DO NOT install Baldurdash and DO NOT install the TOSC DirectX 8+ Patch!

OR:

Install Baldur's Gate: The Original Saga with all components (all check boxes activated)

Install Baldur's Gate II - Shadows of Amn with all components (all check boxes activated).

Install the extension Thrones of Bhaal with all components.

Install the patch 26498.

DO NOT install Baldurdash and DO NOT install the Patch 26499!

Check that the movieCD5.bif file is in your Baldur's Gate\movies folder. This file is not copied with some DVD versions. The absence of this file causes a crash to desktop when you enter the city of Baldur's Gate. In addition, some mods cannot be installed. Copy the file movieCD5.bif from the DVD from the folder ...\\CD5\\movies into the movies folder.

As of BGT v1.15 this mod fixes the problem occurring in some languages with the missing sound files. Therefore, these files must not be added as before by yourself any more.

CLEAN INSTALL - GOG DIGITAL VERSION ONLY

Install Baldur's Gate v1.3.5512

Install Baldur's Gate II v2.5.26498.

DO NOT install any Patch! They are included already in this version.

The default directory for BGII using gog.com is: "...\\GOG.com\\Baldurs Gate II" (no quotes). Therefore, the directory name needs to be changed to "BGII - SoA" (a space before and after the hyphen).

(Not needed when using the **B&G World Install.bat** as of v10.1).

You must also change the Baldur.ini. Open it with a text editor. Under the line "alias" you will have to change the lines for HD0 and CD1-CD6 to reflect the proper path to the directory. (will be executed by the **B&G World Install.bat**)

CONFIGURATION OF BALDURS GATE

Higher resolution

If you have a large enough monitor you can choose to see a larger amount of the map in your screen window by using a higher resolution. Double click the file BGConfig.exe in your BGII - SoA folder. With graphics options select the highest resolution; 1024 x 768 and in window mode choose full image.

SHORTLY PLAY THE GAME

(not required when using **B&G World Installpack**)

You should begin a game as a precaution. By doing this, registration files are adjusted which are taken over later by the installation. If you leave this step out, you may find later that you cannot begin the game because of the missing entries.

Start Baldur's Gate and adjust your settings. Take in any prepared character. It is only a test!

Start a game and as soon as you can, press the „Q“ key for a quick save.

Quit the game.

Start Shadows of Amn. Take in any prepared character. It is only a test!

Start a game. A score will be saved automatically.

Quit the game, when the dialogue with Imoen is finished. (The answers make no difference for the test.).

Start Throne of Baal. Take in any prepared character. It is only a test!

Start a game. A score will be saved automatically.

Quit the game as soon as you can do so.

DOWNLOAD OF THE MODS

Download and unpack all the mods you are interested in, into a separate folder that you name BiG World Project. The advantage of this is, that if you mess up the installation or want to start again because of an update or additional mod, you won't need to individually unpack each mod into the BGII - SoA folder again before installation. Some mods try to auto install immediately after being unpacked. Don't worry: they can't actually install as long as there is no dialog.tlk file present. Move all unpacked mods into your folder BGII - SoA. A list of links for all of the BWP mods can be found here:

<http://kerzenburg.baldurs-gate.eu/showthread.php?t=34931>

During the Installation some fixes and patches are required. All needed files (patches and fixes) are included in the folders **B:G World Fixpack**, **B:G World Textpack**, **B:G World Trimpack (Borkpack)** and **B:G World Installpack** which can be downloaded at the same site as these instructions:

<http://www.shsforums.net/index.php?automodule=downloads&showcat=72>
<http://kerzenburg.baldurs-gate.eu/downloads.php>

Copy the whole content into your BGII - SoA game folder.

EDITING THE FILE BALDUR.INI

(will be executed by the **B:G World Install.bat**)

Activate Cheats

Backup the existing baldur.ini file in the main SoA directory ensuring that the extension of your backup file is no longer .ini; for example, rename baldur.ini to baldur.bak.

Open the file baldur.ini in the BGII-SoA-folder with an text editor

Add below [Program Options] as the last line: "Cheats=1" (without quotation marks). Then you can open in the game with STRG+Space or CTRL+Space (according to keyboard) a dialog window and enter Cheats.

Add below [Program Options] as the last line: "Debug Mode=1" (without quotation marks). Then you can use STRG+Space or CTRL+Space (depending upon your keyboard layout) to open a dialog window from within the game and type in Cheats.

You will find Cheats in the chapter "Cheat keys / console commands".

Activate blood patch

(only in some countries where it is disabled for juridical reasons)

Below [Game Options], add "memory access=100" (without quotation marks) as the last line. You receive an additional button in the settings to switch blood on/off.

Activate Errorlog

Below [Program Options], add "Logging On=1" (without quotation marks) as the last line. If it should happen, that your game crashes unexpectedly, then these data can be helpful for the BWP-support-team at troubleshooting.

AVOID PROBLEMS

Although the whole installation is well documented, on account of his complexity and the many patches during the installation it is nearly impossible to install this megamod by hand. Please, use instead of this the installation files! 

Using these batch files means mods can be automatically installed as per my guide. You just need to double click the batch files. Besides, you save a lot of time!

The installation process lasts several hours. Take the following precautions to avoid strange things happening which can break your installation.

Disable your antivirus program and any unnecessary programs that are running in the background because otherwise the installation will last much longer (up to several hours). In addition, possible sources of error are excluded (some errors in the installation can be caused by a virus scanner!). Deactivate automatic updates for your operating system. Reboot your computer.

Make absolutely sure that the folder in which you run the current installation is named BGII - SoA. Some mods read the path stated in the baldur.ini which is registered there with the installation of BG2. If the current directory does not agree with the path registered there, the installation will fail. 

Installation of mods such as BG2 Tweaks, Mid_BiFF, End_BiFF, Ding0's Experience Fixer, BGT-NPCSound-WeiDU is extremely memory-intensive! To avoid a system crash, adjust your virtual memory to a minimum value of 2 GB. 

TAKE YOUR BG CD OR BG DVD OUT OF YOUR DISK DRIVE BEFORE YOU CONTINUE! You should also have no other CD in your disk drive! 

WeiDU's autoupdating not always working right from time to time. You may have a virus alert or it breaks off. Both does not happen when you use the Install.bat.

SPECIAL CASE WINDOWS VISTA

Open the Start menu and write into the search field "cmd.exe"

Right-click on "cmd.exe" and select in the context menu "Administrator"

A command line window opens.

Write into the line C:\Windows\system32> behind the arrow the directory where you had installed the megamod:

cd "\Program Files\Black Isle\BGII - SoA" and press Enter.

Then write into the line C:\Program Files\Black Isle\BGII - SoA> behind the arrow "BiG World Install v6.bat" (the version number could have also changed) and press Enter.

Now the installation starts normally as also under other Windows operating systems.

Please look at the introduction video: <http://kerzenburg.baldurs-gate.eu/files/BGT-Vista-en.htm>

INSTALLATION WITH THE B&G WORLD INSTALLPACK

Once you start the **B&G World Install.bat** by double-clicking a dialogue begins that leads you through the configuration. The program checks the prerequisites for the installation. If necessary, you will be prompted to add the missing files.

You can choose your game (BGII or BGT), the type of mods (quests, NPCs, items, tweaks and so on, the difficulty and much more. When occurring incompatibilities, the program offers solutions. You can also select under various compilations recommended by players or you can use your previously created own selection.

Then the entire **B&G World Megamod** will be installed according to the **B&G World guide** and according to the settings. Missing mods will be simply skipped.

The **B&G World Fixpack**, the **B&G World Textpack** and the **B&G World Trimpack (Borkpack)** will be started by the **B&G World Install.bat**. 

The real installation is terrifically simplified by the **B:G World Installpack** and the installation time is drastically reduced by many hours. Nevertheless, the installation of all components, as described in the instructions, takes more than 15 hours. *These times refer to a computer with 2.66 GHz and can vary according to PC.*

Note: The **B:G World Installpack** is designed to install all the mods that are existing in your BGII folder. For a satisfying game you should make a choice before and not throw unhesitatingly all the mods into the BGII folder. The more mods you install, the greater is the risk that conflicts, undiscovered up until now, will appear.

The automated installation without any backups is intentional! At several steps single files get copied into the override folder. WeiDU cannot handle this. So, if you feel the need to change your installation, please don't try un-installing and re-installing, but install the whole mod from scratch! Trust me - it's safer!

Note: The **B:G World Installpack** not only installs mod after mod, but also restores continuously missing entries in several IDS files. Without this feature you would get "parse errors" with some mods and the installation of many components would fail. For this reason I strongly advise against installing manually!

EDITING THE BATCH FILES

However, possibly you want to install not all given mods and components. You can change the batch file quite simply individually. Read in addition the file **B:G World Installpack read me.txt** in the folder **B:G World Installpack**.

The following main part describes in detail the installation of the individual components. With the help of this guidance you can create your own Megamod.

Note: All these tools will work with Windows NT/2000/XP/Vista/Windows7, however not with Windows 98.

THE *B*i**G WORLD

Entire installation instructions for the Baldur's Gate Mega-Mod

by Leonardo Watson

The **B/G World Project** merges the games Baldur's Gate 1 and 2 with as many other mods as possible, into one single epic Baldur's Gate World which you can play continuously with the more modern engine of BG2.

This guide provides step-by-step instructions on installing the more than 400 separate mods.

1.

CORRECTIONS AND IMPROVEMENTS

First the remaining bugs in BG2 must be fixed and some corrections should be done. You should install these mods (all but The Undying, Oversight and Key Names) in any case, even without a mega-mod mod.

1.1 MKs BG1Textpatch Revised v3.3

~SETUP-BG1TP.TP2~

only for German users

1.2 Patch correctif des textes pour Baldur's Gate 1 (et TotSC) v0.9

~CORRECFRBG1/CORRECFRBG1.TP2~

only for French users

1.3 Traducción mejorada BG1 y TOTSC v5

~SETUP-ABRA.TP2~

only for Spain users

1.4 MKs BG2Textpatch Revised v3.4 (1)

~TP/SETUP-TP.TP2~

only for German users

1.5 Patch correctif des textes pour Baldur's Gate 2 (et ToB) v1.2

~CORRECFRBG2/CORRECFRBG2.TP2~

only for French users

1.6 Traducción mejorada BG2 y TOB v3

~TRADUCCION_MEJORADA/TRADUCCION_MEJORADA.TP2~

only for Spain users

1.7 BG2-Soundfix

only for German users

1.8 Sonidos_BG_TotSC_castellano

only for Spain users

1.9 Throne of Bhaal Extender (TobEx) Beta 0026

~TOBEX/TOBEX.TP2~

This tool enables a lot of enhancements to the game engine without hacking the .exe file.

1. CORRECTIONS AND IMPROVEMENTS

TobEx should be installed and configured before installing dependent mods. However, if you run into issues in the game later, you can still manually edit TobEx.ini and disable hacks.

The components of "Taimons tob_hacks" are fully included in this mod.

Copy the folder **TobEx** and the file **Setup-TobEx.exe** into your main SoA directory.

Double-click the Setup. The DOS dialoge appears:

Would you like to display the readme? [N]o
Would you like to display the components from [Extras]? [Y]es
Install Component 100 [TobEx - Core]? [I]nstaLL

"TobEx - Core" is the minimum requirement to use TobEx.

Install Component 101 [Apply Concentration Check On Damage [WIP]]? [I]nstaLL
Install Component 102 [Awaken On Damage]? [I]nstaLL
Install Component 103 [Blindness As Spell Description]? [N]ot Install

Not together with Spell Revisions because it also change Blindness; the spell description for Blindness would at least be wrong if TobEx overrides how this spell acts on engine level, when Spell revisions does this also later.

Install Component 104 [Disable Stoneskin Grey Colour [C]]? [N]ot Install

This component is identical to tob_hacks, SCS, SCS, and Spell Revisions. Currently it will be installed by SCS.

Install Component 105 [No Spell Interruption On Zero Damage]? [I]nstaLL
Install Component 106 [Use Caster Level On Mirror Image [C]]? [I]nstaLL

This component is identical to tob_hacks, SCS, SCS, and Spell Revisions.

Install Component 107 [Allow All Races to Dual Class]? [I]nstaLL
Install Component 108 [Allow Equipping Armor in Combat]? [I]nstaLL
Install Component 109 [Disable Experience Boost]? [I]nstaLL
Install Component 110 [Disable Force Inventory Pause]? [N]ot Install

This component is incompatible with Yasraena NPC and maybe some other NPCs and causes problems with the inventory management.

Install Component 111 [Disable Silence On Charm]? [I]nstaLL

This component is identical to tob_hacks, SCS and SCS.

Install Component 112 [Level One Proficiency Restrictions]? [I]nstaLL
Install Component 113 [Remain Hidden On Pickpocket Success [C]]? [I]nstaLL

This component is NOT compatible with tob_hacks.

Install Component 114 [Rest Spawns Advance Time]? [I]nstaLL
Install Component 115 [Dialogue Greeting Subtitles]? [I]nstaLL
Install Component 116 [Enable Animation Attack Sounds]? [I]nstaLL
Install Component 117 [Universal Four Inventory Weapon Slots]? [I]nstaLL
Install Component 118 [Subtitles For Standard Soundsets]? [I]nstaLL
Install Component 119 [Remove all race-class restrictions]? [N]ot Install

Note: there are no pre-existing animations for halfling mages and non-human monks. Therefore, animation IDs for the former are set to the halfling cleric and the latter to fighter of the same race.

Install Component 120 [Drop Inventory on Disintegrate]? [I]nstaLL
Install Component 121 [Drop Inventory on Frozen Death]? [I]nstaLL
Install Component 122 [Drop Inventory on Stone Death]? [I]nstaLL
Install Component 123 [Enable Auto-Pause On All Screens]? [I]nstaLL
Install Component 124 [Make All Attack Animations Genuine Attacks]? [I]nstaLL
Successfully installed Press ENTER to exit

1.10 Ascension v1.4.23

~SETUP-ASCENSION.TP2~

This mod changes the end of Throne of Bhaal and changes some encounters.

This mod contains excellent tougher versions of four members of the Five, but no tougher version of Sendai, Throne of Bhaal's ultimate spellcaster. You can add the missing tougher Sendai with the Oversight mod.

Ascension is one the most popular mods at all, but as long as he is not fundamentally revised, it causes troubles in each configuration. Ascension is about the only mod that should be installed before the BG2 fixpack.

The Big Picture mod contains its own, improved version of this mod.

Ascension is fully compatible with SCS, however, the version of Ascension that is included in the Big Picture mod is not compatible with SCS.

The component 'Tougher Illasera' needs to be installed before BGT-WeiDU, since AR4000.BCS is replaced, resulting in all the BG1 dream cutscenes occurring at rest in a Throne of Bhaal game.

1. CORRECTIONS AND IMPROVEMENTS

Copy the folder **ascension** and the files **Setup-Ascension.exe** and **Setup-Ascension.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Ascension v1.41 (requires ToB)]?	[I]ninstall
<i>There might be a conflict between UB's Sarevok's Remorse and Ascension's Sarevok dialogues.</i>		
Install Component 1	[Tougher Abazigal (optional, requires ToB)]?	[I]ninstall
Install Component 2	[Original Tougher Demogorgon (optional, requires ToB)]?	[I]ninstall
Install Component 3	[Tougher Gromnir (optional, requires ToB)]?	[I]ninstall
Install Component 4	[Tougher Illasera (optional, requires ToB)]?	[I]ninstall
Install Component 5	[Tougher Yaga-Shura (optional, requires ToB)]?	[I]ninstall
Successfully installed		

1.11 The Undying v2.52 (1)

~SETUP-THEUNDYING.TP2~

The mod includes two NPCs and the quest mod "Desecration of Souls".

1. Callisto T' sarran, a neutral evil elven fighter/berserker with a tragic past and a sadistic present. mod also includes new encounters, new items, stores, dialogs between Callisto and the BioWare NSCs
2. An elven fighter-mage with a rancor against Irenicus, but she does not speak a lot about that. She has some banter with the main character and Imoen, but ignores the other NPCs in most cases. .
3. "Desecration of Souls" provides 4 new shops, new articles and encounters.

NOTE: This mod must be installed in two steps! The components "Smarter Enemies" and "Harder Enemies" are overwriting files instead of patching them and thus must be installed before BG2 Fixpack.

The Undying must be installed after Spellpack because it changes SPW1231A in a way that otherwise the Spellpack component Hypnotic Pattern cannot be installed anymore.

Copy the folder **TheUndying** and the files **SETUP-TheUndying.exe** and **SETUP-TheUndying.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	["The Undying" Mod (Requires Throne of Bhaal)]?	[N]ot Install
Install Component 1	[Harder Enemies]?	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

1.12 Oversight v14 (1)

~SETUP-OVERSIGHT.TP2~

Corrects alignments, improves the classification of NPCs.

NOTE: This mod must be installed in two steps! The component Tougher Sendai overwrites files instead of patching them. If you want to insert it, you must install it before BG2 Fixpack, all the others much later after the installation of Big Picture!

This mod must be installed before Divine Remix.

Copy the folder Oversight and the files **Setup-Oversight.exe** and **Setup-Oversight.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Tougher Sendai (ToB Required)]?	[I]ninstall
<i>Not together with "Improved Sendai" from the BP mod.</i>		
Install Component 1	[Alignment Correction]?	[N]ot Install
<i>This component is included in enlarged form already in BG2 Fixpack</i>

1.13 BG2 Fixpack v10

~BG2FIXPACK/SETUP-BG2FIXPACK.TP2~

This Mod repairs last bugs which were not repaired by the official patch. The mod substitutes completely Baldurdash and other fixpacks. The main part must be installed in any case!

Copy the folder **bg2fixpack** and the file **Setup-bg2fixpack.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Would you like to Display the components from [Optional, But Cool]?			[Y]es

Successfully installed			Press ENTER to exit

The readme opens.

The Scriptable Spells v1.4 are already included completely in the BG2 Fixpack component Core Fixes!

1.14 Baldurdash Weidu v1.68 (1)

~SETUP-BDToBV168.TP2~

This is an edited version of this mod. Most of these components are already included in the BG2Fixpack. These remain untouched from the edited version!

Nevertheless, several fixes which are not handled by BG2Fixpack are included. Besides, this mod is required for a future installation of NEJ 6.8.

Use by no means the original tp2 file from Baldurdash together with the BG2Fixpack!

NOTE: This mod must be installed in two steps! The component RESTORED DAK'KON'S BLADE should be installed only after the Item Revisions main component!

Copy the folder **Bdash** and the files **Setup-BDToBv168.exe**, **Setup-BDToBv168.tp2**, **BDToBv16-PostTaskE.bat**, **BDToBv16-PostTaskG.bat**, **BG2ToBFixPack112ReadMe.txt**, **BD-WeiDU 1.68 Readme.txt** and **Liesmich.htm** into

1. CORRECTIONS AND IMPROVEMENTS

your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Baldurdash Fix Pack for ToB, v1.68 WeiDU]?	[I]ninstall
Install Component 1	[MULTI-STRONGHOLDS]?	[N]ot Install

A similar (improved?) component may be installed later from the BG2TweakPack. Incompatible with CliffHistory and Oversight mods.

Install Component 2	[RESTORED TWISTED RUNE QUEST]?	[I]ninstall
Install Component 3	[RESTORED HINDO'S DOOM]?	[I]ninstall
Install Component 4	[GRAND MASTERY FIX (by James Schumacher)]?	[N]ot Install

This component is also included in BG2Tweaks; a refined variation is included in the Mixed Mod 5!

Install Component 5	[IMPROVED COPPER CORONET]?	[I]ninstall
---------------------	----------------------------	-------------

Do not use this component together with Improved Copper Coronet from Deeper Shadows of Amn, since both components cause the same.

Install Component 6	[RESTORED DAK'KON'S BLADE]?	[N]ot Install
---------------------	-----------------------------	---------------

Install this component after the main component of Item Revisions, otherwise the file wa2dak.itm will be overwritten.

Install Component 7	[Improved Nymph (Woodland Being) Script by Goeran Rimen]?	[I]ninstall
---------------------	---	-------------

This component is also included in Never Ending Journey 2 v42b

Install Component 8	[Dual Wielding Fix for Rogues by aVENGER]?	[N]ot Install
---------------------	--	---------------

This component is also included in Never Ending Journey 2 v42b

This component is based on a very old version of Rogue Rebalancing (v3.11) and therefore contain some outdated (and potentially problematic) code. Use the "Proper dual-wielding implementation for Thieves and Bards" component of Rogue Rebalancing instead.

Install Component 9	[Textupdatepack]?	[N]ot Install
	[1] Baldurdash English Text Update Pack for ToB, v1.4 WeiDU	
10	[2] Deutsche Korrektur von Textfehlern v2.1	

You have already installed the BG2 Fixpack-component Game Text Update instead of this.

Successfully installed Press ENTER to exit

Es öffnet sich die Read Me.

If you want more informations about BG2Fixpack vs Baldurdash read the related chapter in the appendix.

1.15 igi's Key Names v2

~IIKEYNAMES/SETUP-IIKEYNAMES.TP2~

The Key Names Mod simply alters the names of key items used in ToB to indicate whether they have been used, or are yet to be used, depending on the state of the door they are intended for.

iikeyNames can only be installed as long as the 2da files are three-columned, that means only before the big BG2 mods.

NOTE: Party AI must be enabled for this mod to work correctly.

Copy the folder **iiKeyNames** and the file **Setup-iiKeyNames.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	[View Readme]?	[N]ot Install
	1000 1] Show readme after installation	
	2000 2] Do not show readme after installation	
Install Component 2001	[Key Names]?	[I]ninstall
Successfully installed	[Key Names]	Press ENTER to exit

1.16 One Pixel Productions v4 (1)

~1PP/1PP.TP2~

This is an essential mod that improves with attention to detail, the graphics of BGII.

This mod combines and complements the previously disjointed mods 1PP v2.7, 1PP v3: Avatar Fixes 2, 1PP v3: Female Dwarves, 1PP v3: Thieves Galores v1.1 and a few more to one huge single mod.

1. CORRECTIONS AND IMPROVEMENTS

The current Item Revisions is mostly compatible with 1PPv4, but avoid installing 1PPv4 shield and helmet components. IR still has to be installed after 1PP core components.

Aurora's main component also patches BGMain.exe, therefore 1PP component Unique Thief Avatars can not be installed after Aurora or after Infinity Animations main component.

At least the 1PP component "Softer Spell Effects" must be installed before Spellpack because otherwise some spells and items will be faulty patched and display wrong animations.

NOTE: This mod must be installed in two steps! Only the components Core paperdolls and Core content patches should be installed before Item Revisions. All the others components must be installed to the end of the megamod.

Copy the folder **1PP** and the files **setup-1pp.exe** and **1pp.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialoge appears:

Would you like to display the readme?

[N]o

What should be done with all components that are NOT YET installed?

[A]sk about each one?

Install Component 101 [Core paperdolls]?

[I]nstaLL

Required for most of the components that follow.

This component is mostly included in Item Revisions but the One Pixel Productions component is more up-to-date.

Install Component [Extended palette entries]?

[N]ot Install

This component raises the count of available colours from 116 to 256.

102 1] Compatibility install only

only for Mac OS X

103 2] Full install (recommended)

Install Component 104 [GUI additions for BGII]?

[N]ot Install

This component is neither compatible with LadeJarl Tutu's GUI nor with W_GUI.

Install Component 105 [Avatar fixes]?

[N]ot Install

Requires component 101

Fully compatible with Item Revisions

Install Component [Female Dwarves]?

This .exe patch allows separate animations for female and male dwarves AND female gnomes.

106 1] Separate Avatars for Female Dwarves - Baldur's Gate II

107 2] Separate Avatars for Female Dwarves - Icewind Dale II

108 3] Separate Avatars for Female Dwarves - Icewind Dale II EU

109 4] Separate Avatars for Female Dwarves - Icewind Dale I HoW

Install Component [Thieves Galore]?

This .exe patch supports full thief animation avatar sequences. This component will fail to install if Infinity Animations is already installed.

110 1] IWD HoW/TotL - Unique Thief Avatars

111 2] BGII - Unique Thief Avatars

112 3] IWDII - Unique Thief Avatars

Install Component 113 [Smart Avatar & Armour Switching]?

[N]ot Install

This is an improved version of the BG2 Tweaks component [Change Avatar When Wearing Robes or Armor (Galaxy-gon)]. You may not install both together.

Install Component 114 [Softer Spell Effects]?

[I]nstaLL

Note that 3D support has to be enabled for this component to work properly. In the baldur.ini there should be a line **3D Acceleration=1** under [Program Options]. If you run your game with software rendering mode, it is not recommended to install this.

WARNING: This component will only work properly with 3D support enabled (alpha blending). Installing this component on BG2 in software rendering mode IS NOT A GOOD IDEA.

Install Component	301	[Miscellaneous content fixes]?	[N]ot Install
-------------------	-----	--------------------------------	---------------

Successfully installed Press ENTER to exit

2.

NEVER ENDING JOURNEY (NEJ)

NEJ integrates the game Icewind Dale in extended and improved form into Baldur's Gate. NEJ is regarded by many players as the best game at all. So far the game is unfortunately not yet finished.

2.1 Never Ending Journey 2 v42b

~SETUP-NEJ2.TP2~ ~SETUP-NEJGUI.TP2~

This mod is a whole game in itself without any connection to the main BG2 plot. By taking the portal immediately north of the starting area in Irencius' dungeon the party will travel through time and space to the town of Easthaven about 100 years ago and meet the heroes from Icewind Dale. Your task is to influence the conflict between the two different schools of magic and thus to change the future history. Back in BG2 to the present time you will meet Melora and get the quest for searching Leina. The mod adds new kits and changes Imoen and Jaheira to reflect their unique personality.

This "outdated" version is cumbersome to install and lacks much of the current content. However, translations are available for it.

If you want to play NEJ2 v42 within the megamod, you need also the v6.02 patch and the BGT-NEJ v1 patch. There is an incompatibility between NEJ and CtB in the kind of a small number of creatures that uses the same animation what looks a little bit funny. This problem is solved with "Infinity Animations".

Install the file **NEJ2v42.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folders **Intro**, **NeJ**, **NeJ2** and the files **tisunpack.exe**, **Setup-NeJ2.tp2**, **Setup-NeJ2.exe**, **oggdec.exe**, **NoCD.exe**, **NeJUninstaller.bat**, **NeJ-Readme.txt**, **NeJAreasSounds.bat** as well as a file **SETUP-NEJ2.DEBUG** in that dummy folder. Move them except the **SETUP-NEJ2.DEBUG** into your main SoA directory.

Don't use the NEJ2Biffer v3 as recommended in earlier versions. We need the files unbiffed in the override otherwise some tweaks like stratagems would fail!

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**. Start the installation with the **setup-NEJ2Biffer.exe**. This starts **setup-NEJ2.exe** automatically. This installation may last 20 minutes! Afterwards the DOS dialog appears:

Install Component	0	[Biffing NeJv42 files. Run this INSTEAD OF Setup-NeJ2.exe! Run Setup.NeJ2.exe FIRST to uninstall!]	[I]nсталл
Successfully installed		[Biffing NeJv42 files. Run this INSTEAD OF Setup-NeJ2.exe! Run Setup.NeJ2.exe FIRST to uninstall!]	
What should be done with all components that are NOT YET installed?			Press ENTER to exit
Install Component	0	[Never Ending Journey v4.2 - Part 1?]	[I]nсталл
The next three components are replaced by the new mod BGTNeJ2			
Install Component	1	[Continuous and Custom Kit Imoen?]	[N]ot Install
This component must be installed, otherwise NEJ2v602 cannot be installed.			
The revised version of this component is installed with BGTNeJ2.			
Install Component	2	[Priest of Sylvanus (Druid) Kit and Improved Character Jaheira?]	[N]ot Install
The revised version of this component is installed with BGTNeJ2.			
Install Component	3	[Boo - Minsc's Familiar?]	[N]ot Install
This component should not be installed with the component „The Kidnapping of Boo by Cliffette“ from Unfinished Business für BGII or you could install both and test to see if they both work.			
The revised version of this component is installed with BGTNeJ2.			
Install Component	4	[Improved Nymph (Woodland Being) Script by Goeran Rimen?]	[N]ot Install
This component is already included in Baldurdash WeiDU.			
Install Component	5	[Restored Twisted Rune Quest?]	[N]ot Install
This component is already included in Baldurdash WeiDU.			
Install Component	6	[Dual Wielding Fix for Rogues by aVENGER?]	[N]ot Install

2. NEVER ENDING JOURNEY (NEJ)

This component is already included in Baldurdash WeiDU.

This component is based on a very old version of Rogue Rebalancing (v3.11) and therefore contain some outdated (and potentially problematic) code. Use the "Proper dual-wielding implementation for Thieves and Bards" component of Rogue Rebalancing instead.

Install Component	7	[Never Ending Journey v4.2 - Part 2]?	[I]ninstall
Install Component	8	[Melora NPC - Chaotic-Neutral Halfling Swashbuckler]?	[I]ninstall
Install Component	9	[Leina NPC - True-Neutral Half-Elf Bard Of Melody]?	[I]ninstall
Install Component	10	[Areas & Soands]?	[I]ninstall
Successfully installed			Press ENTER to exit

The further installation may last 10 min!

Installation complete.

The readme opens. as well as a message from Zaks.

Press OK

A window of the program "UltraPatcher 32" will open. This allows you to play your game also without inlaid CD. The installation is recommendable anyway. Press Crack for installation or Exit to cancel.

If you have decided for Crack, the next windows asks: "Backup your original File? (Better click YES)". Press yes to protect the original BGMain.exe. Confirm in the next window again with OK.

In addition, the files Setup-NEJGUI.exe and Setup-NEJGUI.tp2 are installed with this mod.

2.2 BGTNeJ2 v1.1 (1)

~SETUP-BGTNEJ.TP2~

This Mod is actually an extract from 9 optional components from NeJ2.

Not to be confused with BGT-NeJ2 Compatibility Modification v1!

NOTE: If you have installed NEJ, this mod must be installed in two steps! The component Continuous and Custom Kit Imoen is to be installed before NEJ2v602, all the others after the installation of BGT! If you have not installed NEJ you can install this mod after BGT.

Copy the folder **BGTNEJ** and the files **Setup-BGTNeJ.exe** and **Setup-BGT-NEJ.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?	[A]sk about each one?	
Install Component 0	[Continuous and Custom Kit Imoen]?	[I]ninstall

This component must be installed, otherwise NEJ2v602 cannot be installed.

Not compatible with the mod Imoen Romance.

Install Component 1	[New Imoen Portrait]?	[N]ot Install
Install Component 2	[Priest of Sylvanus (Druid) Kit and Improved Character Jaheira.]?	[N]ot Install
Install Component 3	[New Jaheira Portrait]?	[N]ot Install
Install Component 4	[Boo - Familiar of Minsc (This component is not available in BG1!)]?	[N]ot Install
Install Component 5	[Various Enhancements for BG1 (BGT required!)]?	[N]ot Install
Install Component 6	[Merchant League Bank (BGT required!)]?	[N]ot Install
Install Component 7	[More Items from BG1 (BGT required!)]?	[N]ot Install

Identical to the BGTtweak component "Import more items into Shadows of Amn".

Install Component 8	[Tougher Black Talons Elites (BGT required!)]?	[N]ot Install
---------------------	--	---------------

The SCS component "Tougher Black Talons and Iron Throne guards" has the same function.

Successfully installed

Press ENTER to exit

2.3 NEJ2v602

~SETUP-NEJ2V602.TP2~

With this patch errors get remedied in NeJ.

NEJ must be installed if you want to install this mod!

Unpack the file **NEJ2v602** in your main SoA directory. The WeiDU-Installer starts automatically, updates itself and breaks off. Now you find the following files and folders in your list: **NEJ2v602**, **Setup-NeJ2v602**, **Setup-NeJ2v602.tp2** and **MSVBVM50DLL**.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Never Ending Journey v6.02 (cumulative patch)]?	[I]ninstall
Install Component 1	[New Imoen Portrait]?	[N]ot Install

2. NEVER ENDING JOURNEY (NEJ)

Later you have again the possibility to install the portrait

Install Component 2 [Animation Compatibility Fix for "Tortured Souls"]? [I]nstaLL

Install Component 3 [NoCD Missing DLL. Please install it if you previously failed to install NoCD patch.]? [N]ot InstaLL

Successfully installed

Press ENTER to exit

NOTE: Copy after installation the files **MINSC.BCS** and **staf15.itm** from the folder BiG World Fixpack into the override folder. The file MINSC.BCS should solve the "stutter bug".

BGT-WeiDU supports NEJ only partially. The entire compatibility is reached only by the installation of the BGT-NeJ2 Compatibility Modification v1 after BGT-WeiDU!

UPDATED

3.

THE BIG BG2 MODS PRE-BGT

These mods enhances BG2 with many new quests as well as additional characters, items and spells. The BG-world is more than doubled by hundreds of new areas.

BGT takes corrections in the mods NeJ, CtB, TDD, SOS, TS and BG2 Fixpack. Therefore, these mods must be installed before BGT! The files get biffed automatically at the end of the installation. Therefore a simple deinstallation with WeiDU is not possible.

Due to their complexity the mods until today are not yet bug-free. A general problem of the big BG2 mods (NEJ, TDD, SOS, RED, CTB) is that they all use files from IWD, but these were not renamed and if for example a quest item of TDD has the same file name as a quest item of NEJ, of course, this leads to complications. You will most likely run into problems in some places and will have to use the CLUA console in order to be able to further-play. For beginners, these mods are not recommended.

3.1 Shadows Over Soubar v1.13

~SETUP-SOS.TP2~

More than 100 new areas, new as well as changed, more than 400 new creatures, 4 new NPCs with their own tasks, more than 400 new items, more than 20 new stores, more than 30 mini quest and 2 major quest.

Copy the folder **SOS** and the files **Setup-SOS.exe** and **Setup-SOS.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Install Component  0      [Shadows Over Soubar, v1.13]?  [I]ninstall
Install Component  1      [Remorhaz walking speed adjustment] [N]ot Install
Successfully installed  [Shadows Over Soubar, v1.13]      Press ENTER to exit

Further files get copied
Installation complete. Press any key . . .             Press ENTER

```

The readme opens.

If you want to remove Charlotte's menagerie and get full controll over her, you may want install "The MTS Crappack" component "Install Charlotte sans Menagerie by Sir Billy Bob"

3.2 Check the Bodies v1.13a

~SETUP-CTB.TP2~ ~SETUP-CTB-CHORES.TP2~

This are more than 20 independent quests. Dozens of class specific quests, items, spells, and even the unofficial mod Company of Eight is included. 450 creatures, 275 spells, 160 areas, 15 new areas, 25 stores, 24 quests, 11 new creatures, 6 new songs, 1 new NPC, 1 new town and 1 film. The Mod starts with own tutorial. During four days are to be solved one quest each day. After that the regular BG2 game begins.

There is an incompatibility between NEJ and CtB in the kind that a small number of creatures uses the same animation what looks a little bit funny. This problem will be solved with "Infinity Animations".

Copy the folder **CtB** and **CtB_FF** and the files **Setup-CtB.exe**, **Setup-CtB_FF.exe**, **Setup-CtB.tp2**, **Setup-CtB-Chores.tp2** and **Setup-CtB_FF.tp2** into your main SoA directory.

Double-click the Setup-CtB.exe. The DOS dialog appears:

```

Choose your language:                                0 [English]
Install Component  0      [Check The Bodies]?           [I]ninstall
Successfully installed  [Check The Bodies]               Press ENTER to exit

This installation may last 9 minutes!
Installation of the core CtB package is complete. Press any key . . . Press ENTER
Choose your language:                                0 [English]

```

3. THE BIG BG2 MODS PRE-BGT

Install Component 0 [Candlekeep Chores]? [I]ninstall
Successfully installed [Candlekeep Chores] Press ENTER to exit
Candlekeep Chores is complete. Press any key . . . Press ENTER
The readme opens.

3.3 Check the Bodies Fast Forward v1.1

~SETUP-CTB_FF.TP2~

This mod enables you to skip the Candlekeep Chores installed before during the game.
(for CtB v1.8 or later)

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English] [I]ninstall
Install Component 0 [Check the Bodies Fast Forward, v1.1 (for CtB v1.8 or later)] Press ENTER to exit
Successfully installed [Check the Bodies Fast Forward, v1.1 (for CtB v1.8 or later)]
The readme opens.

3.4 TethyrForestPatch v3b

~TETHYRFORESTPATCH/SETUP-TETHYRFORESTPATCH.TP2~

The original cave in the Forest of Tethyr was being changed by CtB. The mods TS-BP and Tashia still used the original cave for quests and scripts. This mod creates a new entrance to the cave that is achievable for all the mods without CLUA console.

Copy the folder **TethyrForestPatch** and the files **Setup-TethyrForestPatch.exe** and **Setup-TethyrForestPatch.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English] [I]ninstall
Install Component 0 [Tethyr Forest Patch]? Press ENTER to exit
Successfully installed [Tethyr Forest Patch]

3.5 Check the Bodies Cutscene Improvement

~SETUP-CTBCUTIMP.TP2~

As the cutscene is supposed to be a flashback of BG1's happenings this little mod gives the characters involved armors and items they can wear.

The **B.G World Fixpack** copies the folder **CtBcutImp** and the file **setup-CtBcutImp.tp2** into your main SoA directory. 

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Check the Bodies cutscene improvement]? [I]ninstall
Successfully installed [Check the Bodies cutscene improvement] Press ENTER to exit

3.6 Tortured Souls TS-BP v6.10

~SETUP-TS-BP.TP2~

The mod includes a task with the Yoshimo family, as well as a romance with Valygar for a female PC and a romance with Sime for a male PC - this are two absolutely different plots!

This "outdated" version lacks much of the current content. However, translations are available for it. TS-BP is not only an edition for mod compatibility; it fixes a lot of bugs in TS as well. 

Copy the folder **TS** and the files **Setup-TS-BP.exe** and **Setup-TS-BP.tp2** into your main SoA directory. 

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English] [I]ninstall
Install Component 0 [TORTURED SOULS v6.10 (BP compatible version)]? Press ENTER to exit

3.7 Region of Terror 2.1 ~SETUP-ROT.TP2~

The mod puts in Drizzt and his companions as playable NPC's and you'll be able to play with him through the old and new quests. The mod includes more than 10 new big and other 20 smaller tasks and adds four new towns / villages as well as an arena in which you can fight for premiums. Hundreds of new items, new spells, 10 new NPCs, more than 20 new kits, more than 160 new areas, a modders house (to reach with code) 30 - 40 hours of additional playing time.

Copy the folder **RoTerror** and the files **Setup-RoT.exe** and **Setup-RoT.tp2** into your main SoA directory.
One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.
Double-click the Setup. The DOS dialogue appears:

There are some more not fixed bugs. See this forum for more information:
<http://www.shsforums.net/index.php?showforum=168>

If the Region Of Terror Kit Pack component is selected, 20 kits will be added to the game: 3 fighters, 3 rangers, 2 paladins, 4 clerics, 3 druids, 3 thieves and 2 bards to the game.

If you install this mod together with Drizzt Saga, you should also install The One Drizzt!

4.

BGT TRILOGY

BGT is the core of the **B&G World Projekt**. This mod will merge BG1 and BG2 to one game and the game can be extended with a few BG1 mods.

4.1 Baldur's Gate Trilogy v1.18

~SETUP-BGT.TP2~

With this mod Baldur's Gate I and the Legends of the Sword Coast are integrated into the game to play BG I with the more advanced engine of BG II and to create a transition from the Legends of the Sword Coast to Amn. Besides, BGT takes corrections in the mods NeJ, CtB, TDD, SOS and TS. In addition, BGT repairs the problem caused by the BG2 Fixpack that SoA play cannot start after transition.

Differently from earlier versions of BGT the baldur.ini in the directory Baldur's Gate needs no more to be edited.

As of BGT v1.08 this mod includes the Dudleyville Fixes.

As of BGT v1.15 this mod fixes the problem occurring in some languages with the missing sound files. Therefore, these files must not be added as before by yourself any more.

Copy the folder **BGT** and the files **Setup-BGT.exe** and **Setup-BGT.tp2** into your main SoA directory.

Make sure that no CD or DVD is in your disk drive!

NOT WITH GOG DIGITAL VERSION:

Check whether the file MovieCD5.bif exists in the folder ...\Baldur's Gate\movies. It can't be installed afterwards because these files get biffed into the file BG1MOVIE.bif in the directory ...\BGII - SoA\data.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                 [N]o
Install Component  0      [Baldur's Gate Trilogy - Core]? [Y]es
```

The Installation stops and you must enter the directory path. Possibly you receive in the DOS window no prompt, but see only the flashing cursor.

Type in the full path to Baldur's Gate. This is usually: „**C:\Program Files\Black Isle\Baldur's Gate**“. Press enter.

```
Do you want to biff all new resources? (recommended, except for mega-modification installations) [N]o
```

Now the files are copied from BG1 to BG2.

```
Successfully installed      [Baldur's Gate Trilogy - Core]?                               Press ENTER to exit
```

Now the files are copied from BG1 to BG2. This installation can last also with a quick computer 15 minutes!

The readme opens.

```
Installation complete. Press any key . . .                                           Press ENTER
```

*During installation the folders **GUI_Mods** and **music** as well as the files **Setup-BGTMusic.exe**, **Setup-BGTMusic.tp2**, **Setup-GUI.exe** and **Setup-GUI.tp2** are created. You need these not until at the end of your installation.*

Fault recovery at the installation of BGT-WeiDU (stored from v1.02, should no longer be needed)

During the installation under Windows XP the known error message of the operating system may appear three times: "tis2bg2.exe or _WeiDU.exe has ascertained a problem and must be finished. This problem appears when a CD is in the disk drive. Unfortunately, in this case you must uninstall again BGT immediately after installation is finished (don't use reinstall).

If the deinstallation is complete, you must restore again manually the Dialog.tlk and DialogF.tlk from the folder BGT\dialog.bak.

Take the CD out of the disk drive.

Start at the scratch again. Now according from experience the renewed installation runs without problems.

If you have already experimented several times with the installation, in particular have copied and deleted the BGII - SoA folder, it may happen that BGT-WeiDU asks you during installation to insert a data carrier in your disk drive. By no means insert a BG game, but any other CD (a audio CD or a blank disk is even sufficient). Then continue with the

4. BGT TRILOGY

installation.

Start at the scratch immediately afterwards again.

Continue with the other installation only when your BGT-WeiDU has installed perfectly.

4.2 Baldur's Gate Trilogy - Music

~SETUP-BGTMUSIC.TP2~

This mod must be installed to play the right music with Baldur's Gate and the Legends of the Sword Coast.

This mod is included in BGT and will be created during the installation of BGT.

You can change the settings of this mod at any time because the remaining installation will not be affected!

BGTMusic should be installed right after BGT. Otherwise, any BGT NPC and quest mods which want to reference BGT music have no way of knowing what SONGLIST.2DA entries they should use (as those BG1 song entries don't yet exist in the songlist when they're installed).

The folder **music** and the files **Setup-BGTMusic.exe** and **Setup-BGTMusic.tp2** have been copied into your main SoA directory together with BGT-WeiDU.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component  [Baldur's Gate Trilogy - Music]?   choose one:
0                   1] Full Baldur's Gate and Tales of the Sword Coast Music
1                   2] Hybrid Baldur's Gate/Shadows of Amn/Throne of Bhaal Music
2                   3] Full Baldur's Gate/Shadows of Amn/Throne of Bhaal Music (WARNING: patches BGMain.exe)
                                                           [3]
```

Some NPCs connect new music not like other mods with the dialogs or other events, but add them to a songlist. Into the unpatched songlist only 99 entries may be carried out all together. Hence, up to now all lines from line 100 had to be deleted after the installation because, otherwise, the game could not start.

This patch removes this limitation. Also it writes all BG1 music into the songlist.

Press ENTER to exit

4.3 Baldur's Gate Trilogy Graphics Overhaul v1.8

~BGGRAPHICS/SETUP-BGGRAPHICS.TP2~

This mod complements the extended night areas that are missing from all main areas except Baldur's Gate and adds the missing night minimaps to all main areas. It also fixes around ninety percent of the visual stupidities in Baldur's Gate city. These ranged from windows showing at night and not in the day (or vice versa) to whole buildings that changed from nicely maintained habitations during the day to complete derelicts as the sun went down. It gives all of the wall braziers their missing flames. Finally, almost all of the nasty blue and purple patches have been removed from the streets.

The mod includes the Sever Lightmaps mod.

Install this mod before any other mod that makes changes to the BG1 areas because otherwise the game will crash when you enter these areas!

Copy the folder **bggraphics** and the file **setup-bggraphics.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o

```

4.4 Jondalar Fix for BGT v1.1

4. BGT TRILOGY

~SETUP-JONDALARFIX.TP2~

This fix is not needed if Jarl's BGT Adventure Pack will be installed.

As of BGT-Weidu version 1.10, Jondalar's dialog contains a trigger error that allows for an exploit. This mod fixes that exploit.

Copy the folder **JondalarFix** and the files **Setup-JondalarFix.exe** and **Readme-JondalarFix.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Jondalar Fix for BGT]?	[I]ninstall
Successfully installed		[Jondalar Fix for BGT]	Press ENTER to exit

4.5 MKs BG2Textpatch Revised v3.4 (2)

~SETUP-TP.TP2~

only for German users

4.6 BGT-NPCSound-WeiDU v3

~SETUP-BGT-NPCSOUND.TP2~

only for German users

4.7 Restored Textscreen Music v9

~TXTMUSIC/TXTMUSIC.TP2~

This small modification simply restores, and makes more consistent with the text, the music that is heard during the prologue textscreen in Baldur's Gate, and also restores the dreams' music.

This Mod consists of two components: the Core Installation Package and the Language Pack which you must download apart.

Copy the folder **TxtMusic** and the file **Setup-TxtMusic.exe** into your main SoA directory.

Copy the content from the **English Language Pack** into the folder ...\\TxtMusic\\Language\\English.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Install Component	0	[Restored Textscreen Music for BG1TuTu, EasyTutu, and BGTWeiDU]?	[I]ninstall
Successfully installed		[Restored Textscreen Music for BG1TuTu, EasyTutu, and BGTWeiDU]	Press ENTER to exit

The readme opens.

4.8 BGT-NeJ2 Compatibility Modification v1.2

~SETUP-BGTNEJ2.TP2~

With this mod the entire compatibility will be arranged between NEJ and BGT

Copy the folder **BGTNeJ2** and the files **Setup-BGTNeJ2.exe** and **Setup-BGT-NEJ2.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[BGTNeJ2 Compatibility Patch]?	[I]ninstall
Install Component	1	[Custom Portraits for Imoen and Jaheira]	[N]ot Install
Install Component	2	[Boo - Minsc's Familiar Fixes]?	[N]ot Install

This component does not work. Something is more wrong with the fix than what it was to fix.

The revised version of this component is installed with BGTNeJ2.

Install Component	3	[Custom Firewalker Kit and continuity for Shar-Teel]?	[I]ninstall
-------------------	---	---	-------------

This component is neither compatible with TDD nor the Shar-Teel mod nor BG1NPCSoA.

Install Component	4	[Merchant League Store]?	[N]ot Install
-------------------	---	--------------------------	---------------

The revised version of this component is installed with BGTNeJ2.

4. BGT TRILOGY

Successfully installed
The readme opens.

Press ENTER to exit

4.9 BGTNeJ2 v1.1 (2) ~SETUP-BGTNEJ.TP2~

This Mod is actually an extraction of 9 optional components from NeJ2 v68.

Not to be confused with BGT-NeJ2 Compatibility Modification v1!

Don't install this mod with NeJ2 v68 or higher.

NOTE: If you have installed NEJ, this mod must be installed in two steps! The component Continuous and Custom Kit Imoen is to be installed before NEJ2v602, all the others after the installation of BGT! If you have not installed NEJ you can install this mod after BGT.

Copy the folder **BGTNEJ** and the files **Setup-BGTNeJ.exe** and **Setup-BGT-NEJ.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?
What should be done with all components that are ALREADY installed?
Install Component 0 [Continuous and Custom Kit Imoen]?

[A]sk about each one?
[S]kip them?
[N]ot Install

If you have not installed NEJ before, you should also install this component.

With this component Imoen can backstab, which is in contradiction to her background.

You may consider to give Imoen either the Adventurer kit from Song and Silence, or the Swashbuckler kit from Refinements (especially good with Rogue Rebalancing)

Not compatible with the mod Imoen Romance.

Install Component 1 [New Imoen Portrait]?
Install Component 2 [Priest of Sylvanus (Druid) Kit and Improved Character Jaheira.]?

[N]ot Install
[I]ninstall

It may occur a conflict with Refinements' "Revised High Level Abilities" component.

Install Component 3 [New Jaheira Portrait]?
Install Component 4 [Boo - Familiar of Minsc (This component is not available in BG1!)]?
Install Component 5 [Various Enhancements for BG1 (BGT required!)]?
Install Component 6 [Merchant League Bank (BGT required!)]?
Install Component 7 [More Items from BG1 (BGT required!)]?

[N]ot Install
[I]ninstall
[I]ninstall
[I]ninstall
[I]ninstall

Identical to the BGTtweak component "Import more items into Shadows of Amn".

Install Component 8 [Tougher Black Talone Elites (BGT required!)]?

[N]ot Install

The SCS component "Tougher Black Talons and Iron Throne guards" has the same function.

Successfully installed

Press ENTER to exit

5.

THE BIG BG2 MODS PAST-BGT

These mods enhance BG2 with many new quests as well as additional characters, items and spells. The BG-world is more than doubled by hundreds of new areas.

Though NeJ 2 6.94 is playable in a Megamod, however, occur on problems, making NeJ unplayable in a megamod, as long as one does not have knowledge of how to fix bugs by oneself.

The reasons for this are:

1. NEJ overwrites original files of BG2. This does not allow other mods that might want to change these files to be installed correctly.
2. NEJ overwrites original files of BGT. For no apparent reason the complete story of Brage is removed, resulting to the fact that BG1NPCProjects and BGQE can not be installed without the patch from the **B&G World Fixpack**.
3. NEJ is not completed and there are lots of errors that were not corrected before the release. Already in the solo game you can get with the Arundel NPC "No valid response" message, although this dialogue was scripted clean in IWD.
4. Please understand that playing NEJ is different from playing BG. The MAIN character is not your main character but Hrothgar. So if you want to play the whole mod, you should follow him. Like in original IWD the plot is predetermined. There is no such freedom of walking like in BG. You get the following quest only if you have solved the previous one. If you missed something, you cannot go back. The only way is reload.
5. NeJ only accepts only one single procedure of solution. This mainly refers to the second part of the plot, playing in Halruaa. The spell tests that are to do there are so scripted that the spell has to act just, as the author has provided. If a mod like Spell revision for example is installed, this upsets the balance and the tasks in Halruaa cannot be solved.
6. Without the patch from the **B&G World Fixpack** it is impossible to add Dar from NEJ, if the name Adario from TDD is already listed in the files interdia.2da and pdialog.2da. In **Adario** the word DAR is included and therefore WeiDU does not add this line, resulting in one error after another in the game.

5.1 Never Ending Journey 2 v68

~SETUP-NEJ2V68.TP2~

NEJ integrates the game Icewind Dale in extended and improved form into Baldur's Gate. This mod is a whole game in itself without any connection to the main BG2 plot. By taking the portal immediately north of the starting area in Irencius' dungeon the party will travel through time and space to the town of Easthaven about 100 years ago and meet the heroes from Icewind Dale. Your task is to influence the conflict between the two different schools of magic and thus to change the future history. Back in BG2 to the present time you will meet Melora and get the quest for searching Leina. The mod adds new kits and changes Imoen and Jaheira to reflect their unique personality.

NEJ is regarded by many players as the best game at all. So far the game is unfortunately not yet finished.

When you install NEJ you are forced to play it in a predetermined way that is uniquely different from the usual spirit of BG mods and you are unable to leave until you have completed it.

Compatibility issues with BGT are now resolved during the installation of NEJ2. Hence, NEJ2 is installed after BGT-WeiDU.

NOTE: NEJv6.8 is claimed to be completely compatible with BGT. The author of the mod recommends to refrain from

installing NeJ2 with other big mods such as TDD, SoS and CtB. The incompatibility issues may be minor, but also may be major. Some of them are definitely game breaking for someone who can't use NearInfinity to check or set dialogues and variables.

If you try to play NEJ2 in a megamod and run into any problem, by no means bother neither the author nor someone else at the Black Wyrms Lair - Forums with them, but only ask for help at Spellhold Studios - Mega Mod Help even when you think it might be caused by NEJ2!

Some parts of this mod are either rather unbalanced or at least get out of hand if you use them in combination with some tactical or spell-altering mods. Hrothgar and his friends are overpowered.

If you want to play the Halruaa quest from NEJ you should avoid spell changing mods like:

Spell Revisions

Lost Crossroads Spell Pack for Baldur's Gate 2

Spell-50

Sword Coast Stratagems - Spell tweaks components

and maybe some others not added yet because otherwise the tasks cannot be solved.

Install the file **NeJ2v68.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folders **BGTComp, Intro, NeJ, NeJ2, NEJ3, Shar-Teel Bonus Portrait 1, Shar-Teel Bonus Portrait 2** and the files **MSVBVM50.DLL, NeJ-Readme.txt, NeJAreasSounds.bat, NeJBGTAreasSounds.bat, NeJUninstaller.bat, NoCD.exe, oggdec.exe, Setup-NeJ2v68.exe, Setup-NeJ2v68.tp2, tispack.exe, tisunpack.exe** as well as a file **SETUP-NEJ2V68.DEBUG** in that dummy folder. Move them except the **SETUP-NEJ2V68.DEBUG** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?

Install Component 0 [Never Ending Journey Second Edition v6.8]?

[A]sk about each one?

[I]ninstall

Install Component 1 [Continuous and Custom Kit Imoen]?

[I]ninstall

With this component Imoen can backstab, which is in contradiction to her background.

You may consider to give Imoen either the Adventurer kit from Song and Silence, or the Swashbuckler kit from Refinements (especially good with Rogue Rebalancing)

Not compatible with the mod Imoen Romance.

Install Component 2 [New Imoen Portrait]?

[N]ot Install

Install Component 3 [Priest of Sylvanus (Druid) Kit and Improved Character Jaheira.]?

[I]ninstall

It may occur a conflict with Refinements' "Revised High Level Abilities" component.

Install Component 4 [New Jaheira Portrait]?

[N]ot Install

Install Component 5 [Boo - Familiar of Minsc (This component is not available in BG1!)]?

[I]ninstall

Install Component 6 ["Firewalker" Shar-Teel (custom kit and continuous character)]?

[I]ninstall

This component is neither compatible with TDD nor the Shar-Teel mod nor BG1NPCSoA.

Shar-Teel from NeJ2 and Branwen from the Branwen mod start in the same cage in Irenicus' dungeon.

Install Component 7 [Merchant League Bank (BGT required!)]?

[I]ninstall

Install Component 8 [More Items from BG1 (a component from BGT tweaks - BGT required!)]?

[I]ninstall

Identical to the BGTtweak component "Import more items into Shadows of Amn".

Install Component 9 [Tougher Black Talone Elites (BGT required!)]?

[N]ot Install

The SCS component "Tougher Black Talons and Iron Throne guards" has the same function.

Install Component 10 [Areas & Sounds (This component is required to play NeJ2!)]?

[I]ninstall

Installation complete.

The readme opens. as well as a message from Zaks.

Press OK

A window of the program "UltraPatcher 32" will open. This allows you to play your game also without inlaid CD. The installation is recommendable anyway. Press Crack for installation or Exit to cancel.

If you have decided for Crack, the next windows asks: "Backup your original File? (Better click YES)". Press yes to protect the original BGMain.exe. Confirm in the next window again with OK.

alternatively:

5.2 Never Ending Journey 2 v6.91

5. THE BIG BG2 MODS PAST-BGT

~SETUP-NEJ2V691.TP2~

NEJ integrates the game Icewind Dale in extended and improved form into Baldur's Gate. This mod is a whole game in itself without any connection to the main BG2 plot. By taking the portal immediately north of the starting area in Irenicus' dungeon the party will travel through time and space to the town of Easthaven about 100 years ago and meet the heroes from Icewind Dale. Your task is to influence the conflict between the two different schools of magic and thus to change the future history. Back in BG2 to the present time you will meet Melora and get the quest for searching Leina. The mod adds new kits and changes Imoen and Jaheira to reflect their unique personality.

NEJ is regarded by many players as the best game at all. So far the game is unfortunately not yet finished.

When you install NEJ you are forced to play it in a predetermined way that is uniquely different from the usual spirit of BG mods and you are unable to leave until you have completed it.

Compatibility issues with BGT are now resolved during the installation of NEJ2. Hence, NEJ2 is installed after BGT-WeiDU.

Unfortunately the further development of NEJ is abandoned by the author a few years ago. He is "done with computer games in general, and modding, in particular". However, he has all the material written by Larrienne for Part 3. "So if someone wishes to continue" he is "more than willing to share all this material with him/her."

White Agnus started to provide full compatibility with the big mods, however, unfortunately he is no longer active so it is on the community's own to make needed improvements and add them by the Fixpack.

NOTE: The author of the mod recommends to refrain from installing NeJ2 with other big mods such as TDD, SoS and CtB. The incompatibility issues may be minor, but also may be major. Some of them are definitely game breaking for someone who can't use NearInfinity to check or set dialogues and variables.

If you try to play NEJ2 in a megamod and run into any problem, by no means bother neither the author nor someone else at the Black Wyrms' Lair - Forums with them, but only ask for help at Spellhold Studios - Mega Mod Help even when you think it might be caused by NEJ2!

Some parts of this mod are either rather unbalanced or at least get out of hand if you use them in combination with some tactical or spell-altering mods. Hrothgar and his friends are overpowered.

If you want to play the Halruaa quest from NEJ you should avoid spell changing mods like:

Spell Revisions

Lost Crossroads Spell Pack for Baldur's Gate 2

Spell-50

Sword Coast Stratagems - Spell tweaks components

and maybe some others not added yet because otherwise the tasks cannot be solved.

Install the file **NeJ2v691.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folders **BGTComp, Intro, NeJ, NeJ2, NEJ3, Shar-Teel Bonus Portraits** and the files **acm2wav.exe, BDWIcon.ico, NeJ-Readme.txt, NeJAreasSounds.bat, NeJBGTAreasSounds.bat, NeJUninstaller.bat, oggdec.exe, Setup-NeJ2v691.exe, Setup-NeJ2v691.tp2, snd2acm.exe, tispack.exe, tisunpack.exe, wavc.exe** as well as a file **SETUP-NEJ2V691.DEBUG** in that dummy folder. Move them except the **SETUP-NEJ2V691.DEBUG** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?

Install Component 0 [Never Ending Journey Second Edition v6.91]?

Install Component 1 [Continuous and Custom Kit Imoen]?

[A]sk about each one?

[I]ninstall

[I]ninstall

With this component Imoen can backstab, which is in contradiction to her background.

You may consider to give Imoen either the Adventurer kit from Song and Silence, or the Swashbuckler kit from Refinements (especially good with Rogue Rebalancing)

5.3 Never Ending Journey 2 v6.94 (Patch)

~SETUP-NEJ2V694.TP2~

This is the latest update patch for Neverending Journey Second Edition.

Install the file **NeJ2v694.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **NeJ2pat** and the files **AreasSounds.bat**, **oggdec.exe**, **Setup-NeJ2v694.exe**, **Setup-NeJ2v694.tp2**, **Uninstall_AreasSounds.bat** as well as a file **SETUP-NEJ2V694.DEBUG** in that dummy folder. Move them except the **SETUP-NEJ2V694.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Never Ending Journey Second Edition v6.94 (Patch)]?	[I]nstaLL
Successfully installed		[Never Ending Journey Second Edition v6.94 (Patch)]	Press ENTER to exit

If you want to use some components from NEJ2 like "Continuous and Custom Kit Imoen" or "Priest of Sylvanus (Druid) Kit and Improved Character Jaheira" without the NEJ2 mod itself then install BGTNeJ2 v1.1 instead!

5.4 Tortured Souls v7.04

~SETUP-TS.TP2~

The mod includes a task with the Yoshimo family, as well as a romance with Valygar for a female PC and a romance with Sime for a male PC - this are two absolutely different plots!

This is the latest version of TS. Unlike the previous version of TS the new version is supposed to be compatible with most of the mods around, particularly with Neverending Journey Second Edition and Baldur's Gate Trilogy-WeiDU (BGT-WeiDU). However there may be logical incompatibility issues which the author could not foresee.

Compatibility issues with BGT are now resolved during the installation of Tortured Souls. Hence, Tortured Souls is installed after BGT-WeiDU.

TS v7.04 would probably need to be reconverted to the TS-BP format for it to work well with the rest of the BWP at all. Maybe it is better to use TS-BP 6.10 in megamods for now until someone fixes original mod.

*TS v7.04 is designed to be installed after NEJ!
Bug-fixes from TS-BP are missing in this version.*

Install the file **TSv704.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **Kachiko Bonus Portrait, TS, Yoshimo Bonus Portrait, Yoshimo Bonus Portrait 2** and the files **oggdec.exe, Setup-TS.exe, Setup-TS.tp2, tisunpack.exe, TS-ReadMe.txt, TSAreas-Sounds.bat, TSUninstaller.bat** as well as a file **SETUP-TS.DEBUG** in that dummy folder. Move them except the **SETUP-TS.DEBUG** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[TORTURED SOULS v7.04]?	[I]nstaLL
Install Component 1	[ANIMATIONS. Please don't install this component if you have already installed OR are going to install the NEVER ENDING JOURNEY 2.]?	[N]ot Install
Install Component 2	[GRAPHICAL USER INTERFACE (GUI). This component adds new GUI to your original BG2. Please don't install this component if you have already installed OR are going to install the NEVER ENDING JOURNEY 2.]?	[N]ot Install
Install Component 3	[AREAS & SOUNDS. This component is required to play the mod.]?	[I]nstaLL
Successfully installed		Press ENTER to exit

The readme opens.

5.5 The Darkest Day v1.14

~SETUP-TDD.TP2~

This big mod adds 5 new major quests and more than 40 smaller quests, 10 NPCs, 39 new creatures, 75 kits, more than 180 items and more than 170 spells to SoA and ToB. To start the biggest Quest in TDD, you must talk with Forp.

TDD completely alters Ellesime's dialogue in a way that makes it incompatible with Ninde.

This mod is neither compatible with the NeJ2 component "Firewalker" Shar-Teel (custom kit and continuous character) nor the the Shar-Teel mod.

This mod is technically not compatible with BG1NPCSoA because you would have some NPCs twice.

Copy the folder **TDD** and the files **Setup-TDD.exe** and **Setup-TDD.tp2** into your main SoA directory.

TDD requires the worldmap file already extracted otherwise installation does not progress at all.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[The Darkest Day, v1.14]?	[I]nstaLL
Install Component 1	[TDD Charakter Kits]	[I]nstaLL
Successfully installed	[The Darkest Day, v1.14]	Press ENTER to exit

Further files get copied

Installation complete. Press any key . . . Press ENTER

If the TDD Charakter Kits component is selected, 76 kits will be added to the game: 22 fighters, 9 rangers, 7 paladins, 13 clerics, 7 druids, 12 thieves and 6 bards. Not all of them are available for every race.

6.

THE BIG BG1 MODS

These mods enhances BG1 with dozens of new areas, many new quests as well as additional characters, items and spells.

The files get biffed automatically at the end of the installation. Therefore a simple deinstallation with WeiDU is not possible.

6.1 Dark Horizons v2.11

~SETUP-DARKHORIZONS.TP2~

In this extensive quest mod you will be hunted by a dangerous organization. Find out who they are, before they get you. This mod includes one major and multiple minor quests as well as encounters for BG1 and introduces new areas, stores, items and enemies.

This mod includes also the mods "BG1 Adventure Pack" and "BG1 CoM Forge - Item Upgrade".

Copy the folder **DarkHorizons** and the files **Setup-DarkHorizons.exe** and **Setup-DarkHorizons.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	["Dark Horizons" Mod (Requires Tales of the Sword Coast or BGT)]?	[I]nsta
Successfully installed			Press ENTER to exit

6.2 Dark Side of the Sword Coast v2.17

~DSOTSC/SETUP-DSOTSC.TP2~

A large mod that adds new areas, NPCs, quests, spells, items, and much more to Baldur's Gate

Copy the folder **DSotSC** and the file **Setup-DSotSC.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]

6.3 Northern Tales of the Sword Coast v1.70a

~SETUP-NTOTSC.TP2~

This mod brings to you new quests, locations and new monsters.

This mod is not compatible with the component 1 from Jarl's BGT Adventure Pack because you would have Svlast and Pilar twice.

Copy the folder **NTotSC** and the files **Setup-NTotSC.exe** and **Setup-NTotSC.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]

The readme opens.		

6.4 Northern Tales of the Sword Coast Dialog Revamp v1.71

~NTOTSCV171.TP2~

Text corrections with many trigger changes made to the dialogs for easier mod flow and understandability.

This mod needs to be installed on top of NTotSC and requires DSotSC.

Copy the folder **NTotSCv171** and the files **Setup-NTotSCv171.exe** and **Setup-NTotSCv171.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Fix NTotSC Issues]?	[I]nstaLL
Successfully installed	[Fix NTotSC Issues]	Press ENTER to exit
The readme opens.		

6.5 Secret of Bonehill v2.75c

~SETUP-BONEHILL.TP2~

New areas, a new NPC and new quests. This mod is subdivided into two chapters, of those the first can be played rather early and the second only reveals after some time.

Copy the folder **Bonehillv275** and the files **Setup-Bonehillv275.exe** and **Setup-Bonehillv275.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]

Successfully installed	[Bone Hill Mod v275a (Requires BGTWeiDU or Tutu)]	Press ENTER to exit
Further files get copied		
Press any key . . .		Press ENTER
The readme opens.		

6.6 Drizzt Saga v3.0

~DRIZZTSAGA/DRIZZTSAGA.TP2~

This mod brings Drizzt and his companions with her own major quest and many minor quests as well as many new areas and new creatures into the game. You meet Drizzt in his original area fighting with gnolls.

The Drizzt saga is intended only for experienced players.

Copy the folder **DRIZZTSAGA** and the file **Setup-drizztsaga.exe** into your main SoA directory.

To be able to install Drizzt Saga, you must copy the file **worldmap.wmp** IMMEDIATELY BEFORE INSTALLATION OF THE MOD from the folder **B&G World Fixpack** into the override folder.

*Because this patch cannot be installed before, this will not be done by the **B&G World Fixpack.bat**, but the **B&G World Install.bat**.*

6. THE BIG BG1 MODS

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component	The Drizzt Saga for BGEE/Tutu/BGT

SKIPPING		
Diese Komponente wird für BGT nicht benötigt.		
Install Component	3 [Delayed start: Drizzt joins after Durlag's Tower]?	[I]ninstall
Successfully installed		Press ENTER to exit

Further files get copied, then the readme opens.

If you install this mod together with Region of Terror, you should also install The One Drizzt!

If you have kept exactly to the instructions, your folder has grown in the meantime on 13.4 GB. You have a very far developed and often experienced stable core as a source base for the further installation. The playing time for this installation is more than 400 hours.

The following instructions for the installation of a megamod are arranged in a way that you can easily choose whether you want to install only BG1 components, only components BG2, only quests or only NPCs or, however, everything together. If it is not differently indicated, you could vary the order of the installation within the single groups. However, note that many mods also have mutual relations together and these mods function only by observance of a certain order. The installation of an inexpedient component at the wrong place can ruin your whole installation! Therefore, I suggest to keep to the following order. However, you can skip some mods just at your pleasure, provided that they are not needed for another mod.

7.

BG1 QUEST MODS

The next quest mods are not as extensive as the big BG1 mods, but nevertheless they enhance BG1 by a few more beautiful and exciting game hours.

7.1 The Vault v7.2a

~SETUP-VAULT.TP2~

These new and improved items will be distributed in the various encounters in BG1. These groovy new items, being in the possession of the enemies, will tend to make the game significantly harder.

This mod must be installed before BGQE and TGC, because it overwrites some files and otherwise their NPCs do not trigger any more. It can ONLY be installed into a BGT game. It corrects files from RED and DSotSC.

Copy the folder **vault** and the files **Setup-Vault.exe** and **Setup-Vault.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component 0  [The Vault (erebusant's rework for BGT compatibility)]?  [I]nstaLL
Install Component 1  [The Vault's item upgrades - Compatibility with Item Revisions. Recommended for consistency if you
                    plan to install IR main component later]?                [I]nstaLL
Successfully installed                                Press ENTER to exit
The readme opens.
```

7.2 BG1 Mini Quests and Encounters v9.2

~BGQE/SETUP-BGQE.TP2~

The mod adds several mall quests. Also included is the "Slime-Quest Mini-Modifikation, so now Jasteys BG1 Mini-Quests replaces Slime-Quest v1.6.

Copy the folder **bgqe** and the file **Setup-bgqe.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                 [N]o

```

7.3 The Grey Clan Episode I: In Candlelight v1.8.T1

~SETUP-TGC1E.TP2~

The mod adds a long quest to the game and several subquests as well, with many new characters, items, scripts and dialogs.

NOTE: You must use the version for BGT!

Copy the folder **TGC1e** and the files **Setup-TGC1E.exe** and **Setup-TGC1E.tp2** from the folder **tc1e_bgt** into your

main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	[The Grey Clan Episode One: In Candlelight, BGT-WeiDU edition v1.8]? 0 1] Normal edition 1 2] Lite edition	[1]
Successfully installed		Press ENTER to exit

The readme opens.

7.4 The Lure of the Sirine's Call v13

~SETUP-SIRINESCALL.TP2~

The Mod takes place in the coastal area south of Candlekeep, and involves the lighthouse, the treasure cavern, the sirines dwelling along the beach, and worgs and pirates.

Copy the folder **SirinesCall** and the file **Setup-SirinesCall.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component	0 [The Lure of the Sirine's Call]? 1 [The Lure of the Sirine's Call]	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

7.5 The Stone of Askavar v1.8

~SOA/SETUP-SOA.TP2~

This mod involves a main quest and several subquests. There are new items and spells as well as lots of new creatures to fight.

Copy the folder **soa** and the file **setup-soa.exe** into your main SoA directory.

To be able to install Stone of Askavar, you must copy the file **worldmap.wmp** IMMEDIATELY BEFORE INSTALLATION OF THE MOD from the folder **B&G World Fixpack** into the override folder.

*Because this patch cannot be installed before, this will not be done by the **B&G World Fixpack.bat**, but the **B&G World Install.bat**.*

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component	0 [The Stone of Askavar]? 1 [The Stone of Askavar]	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

7.6 Ascalons Questpack v2.00b_150205

~SETUP-AC_QUESTION.TP2~

GERMAN

This mod includes eight different new questes.

This is a PURE BGT-MODIFIKATION!

Copy the folder **AC_QUESTION** and the file **Setup-AC_QUESTION.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component	0 [Ascalon's Questpack: Content for BG 1]? 1 [Ascalon's Questpack: Content for BG 1]	[I]ninstall

7.7 Nameless Melody Inn v2.1

~SETUP-NMT.TP2~

You meet in the Jovial Juggler Inn in Beregost a strange traveler who wants you to collect some exotic wine. The

tasks span BG1, SoA and ToB.

This is a PURE BGT-MODIFIKATION! Melodys Inn is part of Macholys Reality System.

Copy the folder **NMT** and the file **Setup-NMT.tp2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-NMT.exe**.

Double-click the Setup. The DOS dialogue appears:

Press ENTER to exit

GERMAN

8.

BG1 STORES AND ITEMS

These mods expand and improve your BG1 stores and items.

8.1 Herbs and Potions Add-in for Baldur's Gate 1 v1.0.3

~BW_HERBS/SETUP-BW_HERBS.TP2~

5 new herbs, 15 potions which you can brew by combining herbs, items with fine enchantments... all this in Nashkel

Copy the folder **BW_Herbs** and the file **Setup_BW_Herbs.exe** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Herbs and Potions Add-in v1.01 by Baronius]?	[I]ninstall
Successfully installed	[Herbs and Potions Add-in v1.01 by Baronius]	Press ENTER to exit

The readme opens.

8.2 Thalantyr Item UpgradeMod v4

~THALAN/THALAN.TP2~

In this mod the magician Thalantyr known from the high hedge can improve objects magically and sell containers from BG2.

Copy the folder thalan and the files **SETUP-thalan.exe** and **SETUP-thalan.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		2 [English]
Install Component 0	[Thalantyr - ItemUpgrade]?	[I]ninstall
Successfully installed	[Thalantyr - ItemUpgrade]	Press ENTER to exit

8.3 Lost Items Version Revised 2

~SETUP-LOSTITEMS.TP2~

This Mod spreads several standard objects from BG2 in BG1

Copy the folder **LostItems** and the files **Setup-LostItems.exe** and **Setup-LostItems.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the components from [Alternative portraits]?		[Y]es
Install Component 0	[Lost Items]?	[I]ninstall
Install Component 1	[Xan has Sorcerer class]?	[I]ninstall
Install Component 2	[Monk +3 AC and +1 THACO Bonus]?	[I]ninstall
Install Component 3	[Happy patch: NPCs do not leave due reputation]?	[N]ot Install

The NPCs grumble, however, do not leave the group if they are discontented with the reputation of the party. Do not install this component together with happy patch from BG2 Tweaks or BGTtweak!

Install Component 4	[Viconia has 18 WIS]?	[N]ot Install
---------------------	-----------------------	---------------

The same function is included in the BG2 Tweaks component #4071 Consistent Stats: Viconia / Use BG2 Values.

Install Component 5	[Alternate portrait for Faldorn]?	[N]ot Install
Install Component 6	[Alternate portrait for Xan]?	[N]ot Install
Install Component 7	[Alternate portrait for Imoen]?	[N]ot Install
Install Component 8	[Baldur's Gate 2 portrait for Viconia]?	[N]ot Install
Successfully installed		Press ENTER to exit

The readme opens.

8.4 TeamBG Armor Pack v1.05

~SETUP-BGEEAR.TP2~

The dwarf Kurtz Goldenaxe outside of the Friendly Arm Inn will sell you these armors.

Copy the folder **BGeeAR** and the files **SETUP-BGeeAR.exe** and **SETUP-BGeeAR.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Install Component	0	[TeamBG's Armors for BG:EE, BGT and TuTu Version 1.05]?	[I]ninstall
Successfully installed		[TeamBG's Armors for BG:EE, BGT and TuTu Version 1.05]	Press ENTER to exit

8.5 TeamBG Weapon Pack v1.05

~SETUP-BGEEW.TP2~

The dwarf Maltz outside of the Friendly Arm Inn will sell you these weapons.

Copy the folder **BGeeW** and the files **SETUP-BGeeW.exe** and **SETUP-BGeeW.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Install Component	0	[TeamBG's Weapons Pack for BG:EE, BGT and TuTu Version 1.04]?	[I]ninstall
Successfully installed		[TeamBG's Weapons Pack for BG:EE, BGT and TuTu Version 1.04]	Press ENTER to exit

8.6 Animus v1.1

~ANIMUS.TP2~

This mod adds a talking sword to the game. The blade communicates telepathically with you and you can learn a little about the sword's past.

Note: This mod was created only for Tutu. The **B&G World Fixpack** makes some changes to this mod in order to be able to install it together with BWP.

Copy the folder **Animus** and the file **Setup-Animus.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Animus Weapon]?	[I]ninstall
Successfully installed		[Animus Weapon]	Press ENTER to exit

8.7 Deidre and Joluv in BGT v2

~SETUP-WMART.TP2~

Deidre and Joluv the bonus merchants from Baldur's Gate 2 make a stop at Baldur's Gate before they go to Amn. This version is for Baldur's Gate Trilogy (BGT) only.

Copy the folder **wmart** and the files **setup-wmart.exe** and **setup-wmart.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Install Component	0	[Deidre and Joluv in BGT]?	[I]ninstall
Successfully installed		[Deidre and Joluv in BGT]	Press ENTER to exit

9.

BG1 NPC MODS

BG2 came along with a special innovation: The NPCs can have banters with the main character or with other NPCs and thus bring life into the game. There can be conflicts, but also romances with the NPC. Of course it was not long time coming, to develop this approach also for BG1.

9.1 BG1NPC Project v21 release 20141017
~BG1NPC/BG1NPC.TP2~

This mod expands on the depth of character and levels of interaction with the NPCs from the BG1 game. Every character has banters with other NPCs and with the main character, some have personal tasks, romances with Ajantis, Branwen, Coran, Dynaheir, Shar-Teel and Xan.
The files get biffed automatically at the end of the installation. Therefore, an easy deinstallation with WeiDU is not possible.

Copy the folder **BG1NPC** and the files **Setup-BG1NPC.exe** and **bg1npc.tp2** into your main SoA directory.
Double-click the Setup. The readme opens. and The DOS dialogue appears:

```

9.2 BG1NPC Music Pack v6

~BG1NPCMUSIC/BG1NPCMUSIC.TP2~

This is a companion to The BG1NPC Project. Since the original voice actors were unavailable to voice new lines, the project authors chose musical themes for each NPC to accompany new content.

Copy the folder **BG1NPCMusic** and the file **Setup-BG1NPCMusic.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

```

9.9 Ascalons Breagar v7.00b (1)

~SETUP-ACBre.TP2~

GERMAN

Breagar is neutral-good dwarf-smith and the first NPC, that is playable throughout all parts of Baldur's Gate Trilogy. There are Banter between Breagar and the main character as well as with the other BioWare NPCs, several quest, additional content for other mods and three different ends depending upon the way of playing.

Breagar is a PURE BGT CHARACTER and works not with TUTU or a simple SoA installation.

NOTE: This mod must be installed in two steps!

Copy the folder **ACBre** and the files **Setup-ACBre.exe** and **Setup-ACBre.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                1 [English]
Install Component  0      [Breagar: Content]?          [I]nstaLL
Setup of Breagar's relationship speed
Please select:
[1] 30 minutes real time between the individual talks (recommended)  [1]
[2] 45 minutes real time time between talks
[3] 1 hour real time between talks
[4] 15 minutes real time between talks
[5] 1 hour 30 minutes real time between talks
A portrait for Breagar:
```

Successfully installed	[Installation of the Chaos Knight Kit for BGT]	Press ENTER to exit

9.14 Askaria

~ASKARIA/SETUP-ASKARIA.TP2~

You will meet a girl named Askaria at Feldepost Inn of Beregost. She asks for help against gangsters. You drive them off, and she will join your party to find out where her parents are.

Copy the folder **Askaria** and the file **setup-Askaria.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 0	[Adds a Quest mod for BGT user]?	[I]nstaLL
Successfully installed	[Adds a Quest mod for BGT user]	Press ENTER to exit

9.15 Valerie v1

~VALERIE/VALERIE.TP2~

Adventurers will find in the young female Cowled Wizard a willing ally in their Nashkel investigations and beyond.

Must be installed because of crossmod content before Isra.

Copy the folder **valerie** and the file **setup-valerie.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Valerie NPC Mod for BG1 Tūtu]?	[I]nstaLL
Successfully installed	[Valerie NPC Mod for BG1 Tūtu]	Press ENTER to exit

9.16 Isra v2.1

~ISRA/SETUP-ISRA.TP2~

Isra is a paladin of Sune Firehair, and you can meet her near the entrance to the Nashkel Mines.

Must be installed because of crossmod content after Gavin and Valerie.

Copy the folder **ISRA** and the file **setup-ISRA.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Isra NPC Mod for BG:EE, BGT and TūTū]?	[I]nstaLL
Install Component 1	[Install Valerie/Isra crossmod banter?]?	[I]nstaLL

Install Component 40
Successfully installed

[Mikala the Monk, by Twani]?

[I]nstall
Press ENTER to exit

The next Mods BG1 give the game the final touch. The BG1 game will be in general upgraded, improved and especially the fightings refined.

10.1 BG1 Unfinished Business v14.0_beta_150228

~BG1UB/SETUP-BG1UB.TP2~

The mod restores many of the cut items, quests, and encounters from the game's final release, as well as try to tie up some of the "loose ends."

This comprehensive mod includes fixes and restorations, some of which patch materials other mods use. If the Mod is installed after BG1 NPC Projekt , it skippes automatically incompatible components.

As of version 13 no additional audio pack is needed. Do not install the separate German, French or Spanish audio packs of earlier releases!

Copy the folder **bg1ub** and the file **setup-bg1ub.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]

```

not needed for BGT, already fixed

10. BG1 RULES AND TWEAKS

Install Component 27 [Sarevok's Diary Corrections] [N]ot Install
UB and BG1 NPC Project both change the diary. The UB diary has corrected dates and limited expansion, and The BG1 NPC Project v14 Extended Sarevok's Diary component expands the diary enormously. Whatever you install last will be what you see in-game. But none of this has any effect on the game, it's just background story.

Install Component 28 [Prism and the Emeralds Tweak] [I]ninstall
Install Component 29 [Duke Eltan in the Harbor Master's Building] [I]ninstall
Install Component 30 [Nim Furlwing Encounter] [I]ninstall
Install Component 31 [Restored Elfsong Tavern Movie] [I]ninstall
Successfully installed Press ENTER to exit
The readme opens.

10.2 BGSpawn System v1.12 ~SETUP-BGSPAWN.TP2~

This mod will replace the simple random encounters in BG1 with a ingenious system. Instead of always the same spawned creatures as in the past there are now different creatures, depending of the area in that you travel and whether it is day-time or night-time. The difficulty of the encounters is depending of the experience of your party.

BGSpawn requires BGT-WeiDU to be installed. Conceptually NOT compatible with the BGT-Tweaks component "Altered spawns".

Copy the folder **BGSpawn** and the files **Setup-BGSpawn.exe** and **Setup-BGSpawn.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
Install Component 0 [BGSpawn system based on levels & party members (NOTE: Baldur's Gate Trilogy BGT - required)]? [I]ninstall
Install Component 1 [Choose the time between re-spawns]? [I]ninstall
1. Re-spawn time = 8 hours (standard ad&d rules)
2. Re-spawn time = 24 hours
3. Re-spawn time = 10 days 3
4. Re-spawn time = 50 days (eventually, no chance of re-spawned creatures)
Install Component 2 [Vampiric Wolf Lord (inspired to DavidW Wolf of Ulcaster) NOTE: this changes some Vampiric Wolf in the game. It's used by BGSpawn-system?] [I]ninstall
Install Component 3 [Random Encounters between Areas]? [I]ninstall
Successfully installed Press ENTER to exit
The readme opens.

10.3 ktweaks v1.06 ~KTWEAKS/SETUP-KTWEAKS.TP2~

A Tweak pack for Baldur's Gate Trilogy, which mainly introduces additional weapons from BG2 into BG1 (for example, Katanas, Ninja-Tos, etc.). It also contains some refinements to BGT.

This mod requires Baldur's Gate Trilogy.

Copy the folder **ktweaks** and the file **Setup-ktweaks.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 1 [Add BG1 missing normal & magical weapons]? [I]ninstall
Install Component 2 [Add BG1 missing unique weapons]? [I]ninstall
This component adds the weapons to the game, but won't allow the player to find them! To find the new items the following component must be installed!
Install Component 3 [Randomized assignment of BG1 missing unique weapons]? [I]ninstall
This component will spread the weapons to randomly chosen named foes. Requires the "Add BG1 missing unique weapons" component.
Install Component 101 [Revised throwing daggers]? [N]ot Install
Install Component 102 [Revised warhammers]? [N]ot Install
Install Component 103 [Revised spears]? [N]ot Install
This component will be skipped if Item revision is installed. The component is similar to the P5Tweaks component "In-

10. BG1 RULES AND TWEAKS

creased spear range & damage".

Install Component 201 [(BETA) Allow blades (bard kit) 2 points in bladed weapons]?
Install Component 301 [RP fixes]?

[N]ot Install
[I]nstaLL

Adds hints and dialog options to small quests in order to make them feel more realistic.

10.4 Item Revisions v3 Beta 1.16 (1)

~ITEM_REV/ITEM_REV.TP2~

Item Revisions aims to fix/tweak/enhance all items in Baldur's Gate II. Weaker items have been improved, overpowered ones have been (or will be) nerfed, many descriptions have been extended or replaced with more appropriate ones, and so on. In addition, there are a number of rule changes available that can be chosen individually as the user wishes.

NOTE: *This mod must be installed in two steps! Only the main component must be installed really early. All the others considerably later.*

Most content from the One Pixel Productions mod is already included in this mod.

The current Item Revisions is mostly compatible with 1PPv4, but avoid installing 1PPv4 shield and helmet components. IR still has to be installed after 1PP core components.

Many but not all items from One Pixel Productions are also used with this mod. Files already existing will be replaced.

Copy the folder **item_rev** and the file **setup-item_rev.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?

Install Component	17	[Weapon Changes]?	[N]ot Install
Install Component	1080	[Enchantment Doesn't Affect Speed Factor of Weapons]?	[N]ot Install
Install Component		[Backstabbing Penalties for Inappropriate Weapons]?	[N]ot Install
Not together with the Ding0's Tweak Pack component "Improved Backstabbing"			
	18	1] Backstabbing Penalties Only	
	19	2] Backstabbing Penalties with More Weapons Usable for Backstabbing	
Successfully installed			Press ENTER to exit

10.5 Item Revisions Shatterfix

~ITEM_REV_SHATTERFIX.TP2~

The **B&G World Fixpack** copies the the file **item_rev_shatterfix.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

	0	[iron crises shattering effect]?	[I]ninstall
Successfully installed		[iron crises shattering effect]	Press ENTER to exit

10.6 Baldurdash Weidu v1.68 (2)

~SETUP-BDToBV168.TP2~

This is an edited version of this mod. Most of these components are already included in the BG2Fixpack. These remain untouched from the edited version!

Nevertheless, several fixes which are not handled by BG2Fixpack are included. Besides, this mod is required for a future installation of NEJ 6.9.4.

Use by no means the original tp2 file from Baldurdash together with the BG2Fixpack!

NOTE: This mod must be installed in two steps! The component RESTORED DAK'KON'S BLADE should be installed only after the Item Revisions main component!

You have already copied the folder **Bdash** and the files **Setup-BDToBv168.exe**, **Setup-BDToBv168.tp2**, **BDToBv16-PostTaskE.bat**, **BDToBv16-PostTaskG.bat**, **BG2ToBFixPack112ReadMe.txt**, **BD-WeiDU 1.68 Readme.txt** and **Liesmich.htm** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]	
What should be done with all components that are NOT YET installed?		[A]sk about each one?	
Install Component	0	[Baldurdash Fix Pack for ToB, v1.68 WeiDU]?	[N]ot Install
Install Component	1	[MULTI-STRONGHOLDS]?	[N]ot Install

A similar (improved?) component may be installed later from the BG2TweakPack. Incompatible with CliffHistory and Oversight mods.

	2	[RESTORED TWISTED RUNE QUEST]?	[N]ot Install
Install Component	3	[RESTORED HINDO'S DOOM]?	[N]ot Install
Install Component	4	[GRAND MASTERY FIX (by James Schumacher)]?	[N]ot Install

This component is also included in BG2Tweaks; a refined variation is included in the Mixed Mod 5!

	5	[IMPROVED COPPER CORONET]?	[N]ot Install
--	---	----------------------------	---------------

Do not use this component together with Improved Copper Coronet from Deeper Shadows of Amn, since both components cause the same.

	6	[RESTORED DAK'KON'S BLADE]?	[I]ninstall
--	---	-----------------------------	-------------

Install this component after the main component of Item Revisions, otherwise the file wa2dak.itm will be overwritten.

	7	[Improved Nymph (Woodland Being) Script by Goeran Rimen]?	[N]ot Install
--	---	---	---------------

This component is also included in Never Ending Journey 2 v42b

	8	[Dual Wielding Fix for Rogues by aVENGER]?	[N]ot Install
--	---	--	---------------

This component is also included in Never Ending Journey 2 v42b

This component is based on a very old version of Rogue Rebalancing (v3.11) and therefore contain some outdated (and potentially problematic) code. Use the "Proper dual-wielding implementation for Thieves and Bards" component of Rogue Rebalancing instead.

		[Textupdatepack]?	[N]ot Install
--	--	-------------------	---------------

10. BG1 RULES AND TWEAKS

- 9 [1] Baldurdash English Text Update Pack for ToB, v1.4 WeiDU
10 [2] Deutsche Korrektur von Textfehlern v2.1

You have already installed the BG2 Fixpack-component Game Text Update instead of this.

Successfully installed
The readme opens.

Press ENTER to exit

10.7 Kit Tomes for BGT, TuTu & BG:EE v2.01

~KITTOMES/SETUP-KITTOMES.TP2~

In Baldur's Gate 1 originally were no kits. In Baldur's Gate 2, characters start out at a later level and can have a kit. So if you start a character without a kit in the first game; they gained the kit somehow by the time the second game. This mod adds a merchant, Panver the Loremaster, outside of the Friendly Arm Inn who will sell you magical career tomes that can add a kit to a character.

Copy the folder **kittomes** and the file **setup-kittomes.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0 [Kit Tomes for BG:EE, BGT and TuTu]? [I]nstall
Install Component [Panver's Merchandise]?
1 1] Panver Sells 1 Tome per Kit
2 2] Panver Sells 2 Tomes per Kit
3 3] Panver Sells 6 Tomes per Kit
4 4] Panver Sells No Tomes [4]
```

If you adjust Panver's to offer 0 tomes then the rewards from the quest will be the only way to get a tome.

```
Install Component [Tome Locations]?
5 1] Merchandise & Quest Rewards-> Panver is in the Elfsong Tavern [1]
6 2] Merchandise Only-> Panver is outside the Friendly Arm Inn
Successfully installed [Kit Tomes for BG:EE, BGT and TuTu] Press ENTER to exit
```

10.8 BGT Tweak Pack v11 (1)

~SETUP-BGTTWEAK.TP2~

This compilation deals with issues with in the original Baldur's Gate and Legends of the Sword Coast.

NOTE: *This mod must be installed in two steps!*

At least the BGTTweak component „Enemy items shatter“ must be installed before Aurora and before most of the BG2 mods!

The "Import more NPCs into Shadow of Amn" components, however, must be installed after the BG1 NPCs for BG2:SoA because of compatibility checks.

Because of compatibility checks the modifications 'Ease-of-Use', 'BGspawn', 'BG1 NPC Project', and 'BG1 Unfinished Business' must be installed before.

The BGTTweak component „Restore BG2 XP bonus for traps, locks, and scrolls“ must be installed before the BG2Tweak component "Change Experience Point Cap" because otherwise the level will be reduced from 50 to level 40.

Copy the folder **BGTTweak** and the files **Setup-BGTTweak.exe** and **Setup-BGTTweak.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 0 [English]
Would you like to display the readme? [N]o
What should be done with all components that are NOT YET installed? [A]sk about each one
Install Component 100 [Eldoth reminds of Skie's ransom]? [Y]es
Install Component 400 [Add Semaj's Cloak and Upgraded Koveras' Ring of Protection]? [Y]es
Install Component 500 [Major locations explored upon visit]? [N]o
SKIPPING 600 [Druid/Ranger-responsive bears in BG1]? [Y]es
```

Bears react peacefully on presence of a druid or ranger also in BG1.

The BG1 Unfinished Business component "Creature Corrections" conflicts with this component.

```
Install Component [Happy patch]? [N]o
701 1] NPCs cannot choose to leave the party
```

The NPCs maintain the group harmony and do not react to the reputation of the party. A more elaborate alternative is included in BG2 Tweak Pack.

10. BG1 RULES AND TWEAKS

- 702 2] Only good and evil NPCs leave the party
Only good and evil NPCs leave the party: good and evil NPCs will leave the party, but not other alignments.
- Install Component 800 [Import more items into Shadows of Amn]? [Y]es
[(WARNING: This can be considered a cheat)]? choose on:
Install Component [Random activated traps in the pirate cave]? [1]
901 1] Install-time randomisation
902 2] Game-time randomisation
Install Component 1000 [Bags of the Sword Coast]? [Y]es
Install Component [Altered spawns]? [N]o
- This component is NOT compatible with the BGSpawn mod.**
The BGT-WeiDU method remains unchanged
- 1101 1] TuTu-style levelled spawns
Random monsters appear depending on the level of the player.
- 1102 2] Deactivate BGTWeiDU spawns: spawns never appear
This removes random monsters in main areas altogether
- 1104 3] Deactivate BGTWeiDU spawns: spawns appear once
All random monsters in the main areas will only be activated once. The random encounters during the travellings however remain thereby.
- Install Component 1200 [Arkion reacts to player's reputation]? [Y]es
This component prevents Arkion from asking a group with very good reputation for removing a corpse from the canalization.
- SKIPPING** 1300 [Coran responds to the death of a wyvern]?
The BG1 NPC Project component "The BG1 NPC Project for BGT-Weidu: Phase I (Banter)" conflicts with this component.
- Install Component 1400 [More bandit scalps]? [N]o
BG1UB also introduces with "Creature Corrections" more bandit scalps; do not use both together.
- Install Component [Altered item shattering]?
1501 1] Remove item shattering
1502 2] Make armor and shields shatter [2]
Install Component 1600 [Hooded unarmoured mages and thieves]? [N]o
- This component is not suitable for all races. For instance, the orks look like humans.**
- Install Component 1700 [Salk's Pen-and-Paper ruleset corrections]? [N]o
Correction of the thief's abilities. The Rogue Rebalancing component "Proper racial adjustments for thieving skills" does the same thing in a slightly more comprehensive way as it also affects the Detect Illusion skill.
- Install Component 1800 [Import more NPCs into Shadow of Amn: Alora]? [N]o
Not together with Alora NPC because otherwise you would get the NPC twice
- Install Component 1801 [Import more NPCs into Shadow of Amn: Branwen]? [N]o
Not together with Perils of Branwen or with Branwen NPC, because otherwise you would get the NPC twice.
- Install Component 1802 [Import more NPCs into Shadow of Amn: Eldoth]? [N]o
Not together with Eldoth NPC, because otherwise you would get the NPC twice.
- Install Component 1803 [Import more NPCs into Shadow of Amn: Kagain]? [N]o
Not together with The Darkest Day oder Breagar NPC because otherwise you would get the NPC twice
- Install Component 1804 [Import more NPCs into Shadow of Amn: Kivan]? [N]o
Not together with The Darkest Day oder Kivan and Deheriana Companions because otherwise you would get the NPC twice
- Install Component 1805 [Import more NPCs into Shadow of Amn: Sharteel]? [N]o
Not together with NeJ2, The Darkest Day oder Shar-Teel NPC because otherwise you would get the NPC twice
- Install Component 1806 [Import more NPCs into Shadow of Amn: Skie]? [N]o
Not together with Skie NPC because otherwise you would get the NPC twice
- Install Component 1807 [Import more NPCs into Shadow of Amn: Xan]? [N]o
Not together with Xan NPC because otherwise you would get the NPC twice
- Install Component 1808 [Import more NPCs into Shadow of Amn: Yeslick]? [N]o
Not together with The Darkest Day because otherwise you would get the NPC twice
- Install Component 1809 [Import more NPCs into Shadow of Amn: Bub Snikt]? [N]o
Dark Side of the Sword Coast is required
- Install Component 1810 [Import more NPCs into Shadow of Amn: Conchobhair Strongblade]? [N]o
Dark Side of the Sword Coast is required
- Install Component 1811 [Import more NPCs into Shadow of Amn: Ferthgil Trollslayer]? [N]o
Dark Side of the Sword Coast is required
- Install Component 1812 [Import more NPCs into Shadow of Amn: Jet'Laya]? [N]o
Dark Side of the Sword Coast is required
- Install Component 1813 [Import more NPCs into Shadow of Amn: Keiria Silverrestring]? [N]o
Dark Side of the Sword Coast is required

10. BG1 RULES AND TWEAKS

Install Component 1814 [Import more NPCs into Shadow of Amn: Skeezer Lumpkin VI]? [No]
Dark Side of the Sword Coast is required

Install Component 1815 [Import more NPCs into Shadow of Amn: Will Scarlet O'Hara]? [No]
Northern Tales of the Sword Coast is required
Normally only Imoen, Jaheira, Minsk, Edwin and Viconia will be taken from BG1 to BG2. With this choice of components you can choose which NPC after the transition should be imported if they are in BG1 in the party. Some of the NPCs can be found directly in Irenicus dungeon again, but others must first be found in BG2.
If not all of the BG1 NPC Project dialogues are completed, these are still played in BG2.

Install Component 1900 [Restore BG2 XP bonus for traps, locks, and scrolls]? [No]
This component must be installed before the BG2Tweak component "Change Experience Point Cap" because otherwise it reduces its level from 50 to level 40.

Install Component [Protagonist's biography modifications]?
2001 1] Do not set BG1 biography for imported characters [1]
2002 2] Set BG2 biography upon Shadows of Amn transition

Install Component 2100 [Exotic Weapons For Taerom]? [Yes]
Install Component 2200 [Item BG1-ification: Price changes]? [No]
Some of the items behave more like the BG I version. Not together with Item Revisions.

Install Component 2201 [Item BG1-ification: Reduced stack size from 40 to 20]? [No]
Some of the items behave more like the BG I version. Not together with Item Revisions.

Install Component 2202 [Item BG1-ification: Lore changes]? [No]
Some of the items behave more like the BG I version. Not together with Item Revisions.

Install Component 2203 [Item BG1-ification: Scroll casting level changes]? [No]
Some of the items behave more like the BG I version. Not together with Item Revisions.

Install Component 2204 [Item BG1-ification: Item behaviour changes]? [No]
Some of the items behave more like the BG I version. Not together with Item Revisions.

Install Component 2300 [Disable hostile reaction after charm]? [Yes]
Spells and abilities that charm creatures no longer result in the target becoming hostile after the effects wear off. Works best when TobEx is installed.

Install Component 2400 [Enemy items shatter] [Yes]
With this component also enemies are affected of the iron shortage in BG1, so that also their iron weapons can break. If the option "Make armor and shields shatter" has been installed, also shields and armor of their opponents can break.

Install Component 2500 [Access Ulgoth's Beard west of Wyrms Crossing only] [Yes]
Ulgoth's Beard lies to the west of Baldur's Gate according to Forgotten Realms Lore, but in Baldur's Gate: Tales of the Sword Coast, Ulgoth's Beard is placed to the north-east. This component corrects this inconsistency by only allowing access to Ulgoth's Beard on the west side of Wyrms Crossing. However, this also means that Ulgoth's Beard will not be accessible until Baldur's Gate city is also accessible.

Install Component 2600 [Prevent access to Durlag's Tower from adjacent areas] [Yes]
This component stops the player from discovering Durlag's Tower just by walking to its location. If this component is installed, the only way to discover Durlag's Tower is through informants at Ulgoth's Beard.

Install Component 2700 [Put Sword of Chaos +2 in Sarevok's inventory] [Yes]
Install Component 2800 [Reputation Resets at Beginning of BG2] [Yes]
Because the hero and his party are still unknown in Amn when they emerge from the opening dungeon after the transition from BG 1 to BG2 and go to the Adventurer's Mart, they cannot already enjoy advantages because of her good call.
This component is also included in BG2 Tweaks.

Successfully installed Press ENTER to exit
The readme opens.

10.9 New travel system between Baldur's Gate City areas v1.0d

~BG_TRAVEL/SETUP-BG_TRAVEL.TP2~

This mod changes the travel system in Baldur's Gate City in a way that the party appears in the nearest location on the bordering map, and not always at the same set entry point as it was before and without the use of the main map. This will now give an impression of being one big, cohesive area.

Copy the folder **BG_Travel** and the file **Setup-BG_Travel.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
Install Component 0 [New travel system between Baldur's Gate City areas]? [Install]
Successfully installed [New travel system between Baldur's Gate City areas] Press ENTER to exit

11.

BG2 QUEST MODS

Whereas the large BG2 mods must be installed before BGT, are now further BG2 Quest mods in line. These are not as extensive, but extend nevertheless the game with many hours.

11.1 Tales of Anegh v2.4

~TOA/SETUP-TOA.TP2~

This story involves a affiliation between Icewind Dale and Baldurs Gate 2. In Atkathla you meet the sorcerer Nomoran (in ToB in Saradush, if the mod had not been played in SoA) and asks you for assistance in the fight against a horde of monsters. By his magic you get directly to the mountains near the village "Anegh". Depending on whether you play the mod in SoA or in ToB you will get two different ends.

Copy the folder **ToA** and the files **Setup-toa.exe** and **Setup-toa.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 1	[Tales of Anegh (WeiDU)]?	[I]ninstall
Install Component 2	[Remove Sounds]?	[N]ot Install
Install Component	[Remove Nomoran from the following Areas]	[N]ot Install
	1] Waukeens Promenade (Chapter 6)	
	4	
	2] Amkethran (ToB)	
Install Component 5	[Enlarge tooltip scroll (by Taimon)]?	[N]ot Install
Install Component 10	[Creature Balancing]?	[I]ninstall
Install Component 20	[AREA Balancing]?	[I]ninstall
Install Component 30	[Dialog & Script Balancing]?	[I]ninstall
Install Component 40	[Stores Balancing]?	[I]ninstall
Install Component 50	[Item Balancing]?	[I]ninstall
Successfully installed		Press ENTER to exit

Further files get copied, then the readme opens.

11.2 Expanded Thief Stronghold v2.20

~GBTHFKP/GBTHFKP.TP2~

This mod expands the thief stronghold to make it more interesting.

Copy the folder **GBThfKp** and the file **Setup-GBThfKp.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Expanded Thief Stronghold]?	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

Optional: There is a more difficult version of Mae'Var. To use this, place the contents of the `_debug\impmaevar` folder in the Override folder.

Optional: You can also enter into the thief's guild as a non-thief. Add the file `NotThief.bs` from the folder `_debug\Not-Thief` into the script/directory. Read the enclosed instructions.

11.3 Ajoc's Minimod v1.6.5

~AJOCMOD/SETUP-AJOCMOD.TP2~

New tasks, objects, areas. The mod begins when you speak with Ademoth in the crooked crane.

The Darkest Day must be installed.

Copy the folder **AjocMod** and the file **Setup-AjocMod.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Install Component 0 [AjocMod WeiDU v1.5] [I]ninstall
 Successfully installed [AjocMod WeiDU v1.5]? Press ENTER to exit
 Further files get copied, then the readme opens.

11.4 Tortured Soul Quest v7

~SETUP-TTSQ.TP2~

In Athkatla graveyard in one of the crypts player will meet a stranger.

Copy the folder **TTSQ** and the files **Setup-TTSQ.exe** and **Setup-TTSQ.tp2** into your main SoA directory.
 Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Install Component 0 [The Tortured Soul Quest - WeiDU] [I]ninstall
 Successfully installed [The Tortured Soul Quest - WeiDU] Press ENTER to exit
 The readme opens.

11.5 Every Mod and Dog v7

~EMAD/SETUP-EMAD.TP2~

This Mod adds some minor quests which do not affect the main plot.

Copy the folder **EMaD** and the file **Setup-emad.exe** into your main SoA directory.
 Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed? [A]sk about each one?
 or: [I]ninstall
 Install Component 0 [A Z-rated Adventure - an IM4 Non-Entry]? [I]ninstall
 Install Component 1 [The Promise of a Troll]? [I]ninstall
 Install Component 2 [A Bhaalspawn's Best Friend]? [I]ninstall
 Install Component 3 [Under Her Spell]? [I]ninstall
 Install Component 4 [Forgery]? [I]ninstall
 Install Component 5 [Character Medley]? [I]ninstall
 Successfully installed Press ENTER to exit
 The readme opens.

11.6 Planar Sphere v2.6e

~SETUP-PLANARSPHEREMOD.TP2~

In the planar sphere you are awaiting new quests. A threat of unexpected scope is to be avoided. As a mage you can create magical artifacts. A new dealer will also be added. Recommended level 20 or higher.

Copy the folder **planarspheremod** and the files **Setup-planarspheremod.exe** and **Setup-planarspheremod.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Would you like to display the readme? [N]o
 Install Component 0 [PlanarSphereMod v2.6c]? [I]ninstall
 Install Component 1 [Planar Sphere Store]? [I]ninstall
 Install Component 2 [Waukeen's Promenade Store]? [I]ninstall
 Install Component 3 [Planar Sphere Return v2]? [I]ninstall
 Successfully installed [PlanarSphereMod 2.6c] Press ENTER to exit
 The readme opens.

11.7 The Bigg Quest Pack v2.05

~TB#QUEST/TB#QUEST.TP2~

A number of standalone fights.

Copy the folder **tb#quest** and the file **Setup-tb#quest.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [The curse of Mprolla the spammer]?

[N]ot Install

NOTE! *Breaking the fourth wall: The characters will start the direct dialogue with the player.*

(MProlla is a personal accounting of the mod author in an obscene language unsuitable for BG with MikeProlla who years ago flooded the English IE forums with spam.)

Install Component 1 [The curse of Mprolla the cheater]

[N]ot Install

This component requires the The curse of Mprolla the spammer component and makes the fight with Mprolla harder.

Install Component 2 [A large battle]

[I]ninstall

For this component the revised HLA tables from Refinements must be installed!

Install Component 3 [Underdark Mage Duel]

[I]ninstall

Successfully installed

Press ENTER to exit

The readme opens.

11.8 The Black Rose Part I: Market Prices v1

~BWQUEST.TP2~

This mod begins when you speak with a magician called Menelaun in the "Den of the Seven Vales" Inn at Waukeens promenade.

This mod had a competition in the first prize. Unfortunately it is no longer available and is listed only as reminder.

Copy the folder **BWQuest** and the files **Setup-BWQuest.exe** and **BWQuest.tp2** from the folder MarketPrices into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

0 [English]

Install Component 0 [The Black Rose Part I: Market Prices]?

[I]ninstall

Successfully installed [The Black Rose Part I: Market Prices]

Press ENTER to exit

Further files get copied, then the readme opens.

11.9 Adalon's Blood (Silberdrachenblut) v13

~C#SB_SILBER/SETUP-C#SB_SILBER.TP2~

This mod enables to ask Adalon for somewhat of her blood, so that one can finish the human skin quest. This is thought for not-evil characters who want to get the informants, and afterwards deliver the evil armor in one of the temples.

Copy the folder **c#sb_silber** and the file **Setup-c#sb_silber.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

0 [English]

Install Component 0 [Silberdrachenblut - Questmod von Gandalf the white]?

[I]ninstall

Successfully installed [Silberdrachenblut - Questmod von Gandalf the white]

Press ENTER to exit

The readme opens.

11.10 Spellhold Gauntlet Version 1.16

~SETUP-SPGAUNT.TP2~

A row of tasks in the spellhold which test your limits.

Copy the folder **SPGaunt** and the files **setup-spgaunt.exe**, **setup-spgaunt.tp2** and **spgaunt.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Spellhold Gauntlet]?

[I]ninstall

[I]ninstall

Install Component 2 [Shortened Spellhold Cutscenes and Dream]?

[N]ot Install

Install Component 3 [Interjections for Spellhold Gauntlet (dialogue by Liam)]?

[I]ninstall

Successfully installed

Press ENTER to exit

Further files get copied, then the readme opens.

11.11 Tower Of Deception v3.3.1
~TOD/SETUP-TOD.TP2~

In the crooked crane at the city gates you meet Tian who sends you to an execrated lighthouse.

Copy the folder **TOD** and the file **setup-TOD.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Tower Of Deception Mod (Requires Throne Of Bhaal)]?	[I]ninstall
Install Component 1	[Improved Astral Shard Guardian]?	[I]ninstall
Install Component 2	[Encounter with Ustrain]?	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

11.12 Dungeon Crawl v8
~DC/SETUP-DC.TP2~

This mod adds 4 new areas, a few new items and some quests. You will meet a new group of adventurers in the Cop-per Coronet. Together with them can get a valuable treasure chest on an island.

Copy the folder **DC** and the files **Setup-DC.exe** and **Readme-DC.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Dungeon Crawl]?	[I]ninstall
Successfully installed	[Dungeon Crawl]	Press ENTER to exit

The readme opens.

11.13 Assassinations v11
~ASSASSINATIONS/SETUP-ASSASSINATIONS.TP2~

This mod offers players an opportunity to explore the darker side of the PC's nature--to follow more fully in Bhaal's footsteps.

Copy the folder **Assassinations** and the file **Setup-Assassinations.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Assassinations mod for Baldur's Gate II]?	[I]ninstall
Successfully installed	[Assassinations mod for Baldur's Gate II]	Press ENTER to exit

The readme opens.

11.14 Back to Brynnlaw v4
~BACKBRYNNLAW/SETUP-BACKBRYNNLAW.TP2~

You will meet a rogue Cowled Wizard and set out with him to help another victim of Irenicus' experiments. Your investigations cross paths with other interested parties, and the sparks will fly!

It is highly recommended to take Imoen with you, though the mod works fine without her. Xan BG2 NPC also has extensive crossmod content with the mod.

Copy the folder **BackBrynnlaw** and the file **Setup-BackBrynnlaw.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Back of Brynnlaw mod for Baldur's Gate II]?	[I]ninstall
Successfully installed	[Back of Brynnlaw mod for Baldur's Gate II]	Press ENTER to exit

The readme opens.

11.15 The Sellswords v5

~SELLSWORDS/SETUP-SELLSWORDS.TP2~

The mod allows the player to meet Kimmuriel Oblodra, the current leader of Bregan D'aerthe, and travel with him to Menzoberranzan to confront a powerful Matron Mother, rescue Jarlaxle, and receive some unexpected help from Artemis Entreri.

Copy the folder **Sellswords** and the file **Setup-Sellswords.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

The readme opens.

11.16 Sylmar Battlefield v1.025

~1SYLM-SETUP.TP2~

Aid a nation of elves with an invasion into their holy burial grounds. This mod is meant to be a small sample battlefield, as a precursor of what is to come in Silmarillion.

The mod has at present serious bugs.

Copy the folder **1Sylm** and the files **Setup-1Sylm.exe** and **Setup-1Sylm.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Sylmar - Elves vs Orcs]?

Successfully installed [Sylmar - Elves vs Orcs]

[I]nstaLL

Press ENTER to exit

The readme opens.

**11.17 Er'vonyrah: Song Władającej v1.3.2**

~SOVEREIGN/SETUP-SOVEREIGN.TP2~

POLISH

One at night have you nightmares of a man, who wants to make a contract with you. On the next day you awake in bed with a scroll in the hand... This Mod includes more than 40 new cut-scenes and a quantity of new dialogues, which will lead you from Irenicus dungeon up to the end of throne of the Bhaal through an unusual history. With a further component you can add a chroniclers to the story.

Not compatible with the BG2Tweak-component „Faster Chapter 1&2 Cut-Scenes and Dreams“, because the cut-scenes are an important feature of the mod.

Copy the folder **sovereign** and the file **Setup-sovereign.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Er'vonyrah: Pie Władaj cej]?

Install Component 1 [Historia pewnego Kronikarza]?

Successfully installed

* analogously: [The Secret of the Troll Cave]?
Install Component 2      [ブラックロータスの香り]?      [I]ninstall
* analogously: [The Smell of the Black Lotus]?
Install Component 3      [あるアンデッドの目的地]?      [I]ninstall
* analogously: [The destination of a Undead]?
Install Component 4      [あるソーサラーの悩み]?      [I]ninstall
* analogously: [The Concerns of a Spellcaster]?
Install Component 5      [ある貴婦人の依頼]?      [I]ninstall
* analogously: [The Request of a Noble Lady]?
Successfully installed      Press ENTER to exit

```

11.24 Les Exiles de Lunargent v01

~DEVIN/SETUP-DEVIN.TP2~

This mod adds a new mysterious group of the exiles of Lunargent to the game. There are a lot of new encounter throughout the game in well-known but also in new places as long as you are of neutral alignment or bad. The mod starts when you meet a strange old man in the Irenicus dungeon.

Incompatible with the Sword Coast Stratagems component "Improved Vampires".

Copy the folder **Devin** and the file **setup-Devin.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Devin : version Beta 0.00]?      [I]ninstall
Successfully installed  [Devin : version Beta 0.00]      Press ENTER to exit
Further files get copied

```

Press any key . . .

Press ENTER

11.25 Eilistraee's Song v4.0

~EILISTRAEE/SETUP-EILISTRAEE.TP2~

This mod expands the plot of Eilistraee - the deity of drows that rebelled against Lolth the Spider Queen. It adds content for players who spare Solaufein's life and let him escape. The mod includes 6 new areas, 21 new items and obviously some new quests

Copy the folder **Eilistraee** and the file **setup-Eilistraee.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Eilistraee's Song]?	[I]ninstall
Install Component	[Worldmap addition]?	
	1] Add Eilistraee's Clearing to the Worldmap	
	2] Add Eilistraee's Clearing to BP-BGTFWorldmap	[2]
	3] Do not add Eilistraee's Clearing to the Worldmap	
Successfully installed		Press ENTER to exit

11.26 Fishing for Trouble v3.0

~DQ/SETUP-DQ.TP2~

You will be asked to investigate why a village just south of Athkatla is being deserted by its inhabitants. This large mod centers around five completely new major areas throughout BG2, and has a long, non-linear storyline and a handful of smaller fedex quests. It is designed for characters at mid-level (eleven and above).

Copy the folder **dq** and the file **setup-dq.exe** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Core Files: Fishing for Trouble by Yovaneth]?	[I]ninstall
Install Component 1	[Optional: Major character portraits]?	[I]ninstall
Install Component 2	[Optional: Add Fishing for Trouble to BP-BGTFWorldmap]?	[I]ninstall

*This component will only be added by the **B&G World Fixpack***

Successfully installed Press ENTER to exit

12.

BG2 TACTICAL ENCOUNTERS

The following mods make above all the fights with the enemies more difficult and, therefore, are thought for experienced players.

12.1 Azengard Tactical Encounter v5.0

~SETUP-AZENMOD.TP2~

This pack contains two new tactical encounters and a more difficult area for the SoA part of the game, although it requires ToB to function.

1. Azengard Tactical Encounter - behind a portal in Irenicus hideout a mysterious faction known as the Time Guardians has a challenge for the child of Bhaal.
2. Improved Trademeet Crypt Encounter - adds a new small crypt chamber with a handful of monsters and significantly strengthens the ones in the inner chamber.
3. Improved chateau of Irenicus - makes the internal area of Irenicus castle much more difficult.

Copy the folder **AzenMOD** and the files **Setup-AzenMOD.exe** and **Setup-AzenMOD.tp2** into your main SoA directory
Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component 0    [Azengard Tactical Encounter (erebusant's revamp)]  [I]nstaLL
Install Component 1    [Enhanced Trademeet Crypt]                        [I]nstaLL
Install Component 2    [Enhanced Chateau Irenicus]                       [I]nstaLL
Successfully installed                                         Press ENTER to exit
```

The readme opens.

12.2 CoM Encounters v1.08

~SETUP-COM_ENCOUNTERS.TP2~

This BG 2 mod has Underdark Adventures and other enhanced encounters.

Copy the folder **com_encounters** and the files **Setup-com_encounters.exe** and **SETUP-com_encounters.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component 0    [Chosen of Mystra's Encounters (Requires Throne of Bhaal)]?  [I]nstaLL
Install Component 1    [Would you like to install improved druid encounters?]?      [I]nstaLL
Install Component 2    [Would you like to install improved Shagbag encounters?]?      [I]nstaLL
Successfully installed                                         Press ENTER to exit
```

The readme opens.

12.3 Deeper Shadows of Amn v2.2.4

~SETUP-DSOA.TP2~

An overhauled collection of toughened encounters and quests by Kensai Ryu.

The mod "Deeper Shadows of Amn" requires that Andorian is killed before the shadow dragon will trigger. However, when "Slandor - Minotaur and Lilacor" is installed, Andorian may or may not get killed.

Copy the folder **DSOA** and the file **Setup-DSOA.tp2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-DSOA.exe**

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
What should be done with all components that are NOT YET installed?  [A]sk about each one?
Install Component 0    [Kensai Ryu's Deeper Shadows of Amn v2.2]?      [N]ot Install
```

This component causes everyone goes hostile.

Install Component 1 [Difficult Brown Dragon]? [I]ninstall

A improved version is also included in Big Picture.

This component is compatible with the Big Pictures component "Improved Small Teeth Pass"!

Install Component 2 [Improved Copper Coronet]? [N]ot Install

Do not use this component together with IMPROVED COPPER CORONET from Baldurdash Weidu v166, since both components cause the same. It is also included in Big Picture and Tactics.

Install Component 3 [Improved Crypt King]? [N]ot Install

This is the slightly improved version of the Tactic mod component.

Don't install it together with BP, because BP contains its own version of this component.

Install Component 4 [Ghost Shadow Dragon]? [I]ninstall

Install Component 5 [Gnome Fighter/Illusionist Encounter]? [N]ot Install

This is the slightly improved version of the Tactic mod component.

Don't install it together with BP, because BP contains its own version of this component.

Install Component 6 [Grothgar the Red Dragon]? [I]ninstall

Install Component 7 [Improved Kangaxx]? [N]ot Install

This is the slightly improved version of the Tactic mod component.

Don't install it together with BP, because BP contains its own version of this component.

This component overlaps with the SCS component "Spellcasting Demiliches".

Install Component 8 [The Curse of the Underground Shade Lord]? [I]ninstall

Successfully installed Press ENTER to exit

It appears an error message that the file DSoA\ReadMe could not be found. Nevertheless, this is only differently named.

12.4 Domains of Dread v3

~SETUP-DOFD.TP2~

In the Adventure's Mart speak to the Utterly Insane Person. He will tell you a riddle, and the answer will lead you to a pack of really tough battles. Those who survive will get the reward.

Copy the folder **DofD** and the files **Setup-DofD.tp2** and **Setup-DSoA.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]

Install Component 0 [DofD]? [I]ninstall

Successfully installed [DofD] Press ENTER to exit

It appears an error message that the file dofD\ReadMe.txt could not be found. Nevertheless, this does not exist.

12.5 Improved Asylum v1.01

~IMPASYLUM/SETUP-IMPASYLUM.TP2~

This mod changes the Spellhold Dungeon to make it more challenging.

Copy the folder **impasylum** and the files **Setup-impasylum.exe**, **Setup-impasylum.tp2**, **asyinstall** and **impAsylumReadme.htm** from the folder ImprovedAsylumV92 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]

Install Component 0 [Detectable Spells (Required for the Other Components)]? [I]ninstall

Install Component 1 [Improved Asylum Mod for BG2:ToB]? [I]ninstall

This component can also be installed together with the Improved Spellhold component of Big Picture!

Install Component 2 [Spellhold Lich]? [I]ninstall

The first component already placed a lich into the library. This component adds a second one and together with the SCS components "Almost-maximum difficulty (maximum for everything except liches)" or "Maximum difficulty" potentially a third one.

Install Component 3 [Improved Player Scripts]? [I]ninstall

Successfully installed Press ENTER to exit

The readme opens.

12.6 Super Firkraag Mod v1.5

~SETUP-FIRKRAAG.TP2~

This mod seeks to make Firkraag even tougher than his "Improved" incarnation in the Tactics mod.

You can instead of this mod also combine the Firkraag from Revised Battles with the SCS component "Smarter Dragons".

Inkompatible with the component Improved Firkraag from Revised Battles.

Inkompatible with the mod BuTcHeRy.

Copy the folder **CScripts** and the files **Setup-Firkraag.exe**, **Setup-Firkraag.tp2** and **frikreadme.txt** from the folder SuperFirk14 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Super Firkraag for BG2]?	[1]install
Successfully installed	[Super Firkraag for BG2]	Press ENTER to exit

The readme opens.

12.7 D's Odd Quest Mod v1

~SETUP-IMNESVALE.TP2~

Adds a new encounter in the Umar Hills during Chapter Six. Formerly Imnesvale mod.

Copy the folder **imnesvale** and the files **Setup-imnesvale.exe** and **Setup-imnesvale.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	[Install Imnesvale Mod]?	
0	1] Easy	
1	2] Hard	[2]
2	3] Are You Out Of Your Freaking Mind?!	
Successfully installed		Press ENTER to exit

12.8 Tomoyo and the Underground City v0.9

~SETUP-DNT.TP2~

A tribute to the manga "Tomoyo After: It's a Wonderful Life"

The mod adds an underground city (entrance in the room with the lich in the gate area) and a dozen of new items. Those who do not bother because the mod is unconnected with BG, will find some extremely challenging battles and finally the manga character Tomoyo.

Copy the folder **DNT** and the files **Setup-DNT.exe** and **Setup-DNT.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 0	[Tomoyo and the Underground City MOD v0.9 by Viracocha]?	[1]install
Successfully installed	[Tomoyo and the Underground City MOD v0.9 by Viracocha]	Press ENTER to exit

12.9 Arena v1

~ARENA/SETUP-ARENA.TP2~

After you have completed your challenge at pocket plane you may continue at the new arena. Once you have finished it a reward will be available.

Copy the folder **Arena** and the file **Setup-Arena.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[The Arena Project]?	[1]install
Successfully installed	[The Arena Project]	Press ENTER to exit

12.10 Umbra of TROW - Arena v1.0

~SETUP-UOT.TP2~

12. BG2 TAKTISCHE HERAUSFORDERUNGEN

This is a simple battle mod. You will meet in an arena on powerful outer planar creatures - beat them or die.
This is an independent part of the planned TROW mod (The Ring Of Wonder - chinese Website).

Copy the folder **UoT** and the files **Setup-UoT.exe** and **Setup-UoT.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Umbra of T.R.O.W.]?

Successfully installed [Umbra of T.R.O.W.]

1 [English]

[I]nstaLL

Press ENTER to exit

13.

BG2 STORES AND ITEMS

These mods expand and improve your BG2 stores and items.

For BG2 there are a lot of new stores and items. With the big BG2 mods and the BG2 quest mods are already added a number of new. So as not to overfill BG2 with stores and items so that you easily lose track and no longer feel like to deal with this immense bulk of objects, we have made a choice in this "Stores and BG2 Items Mods".

13.1 Alex Macintosh v5
~AM/AM.TP2~

A merchant who sells some interesting Items; to find in the copper coronet

Copy the folder AM and the file setup-AM.exe into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:
Install Component 0 [Alex Macintosh PC Conversion by MTS]?
Successfully installed [Alex Macintosh PC Conversion by MTS]

0 [English]
[I]nstaLL
Press ENTER to exit

The readme opens.

13.2 Bag Bonus v1.0.4
~BAGBONUS/BAGBONUS.TP2~

Adds a potion case and a ammo belt to Deidre in the Adventurer's Mart.

Copy the folder BagBonus and the file Setup-BagBonus.exe into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:
Install Component 0 [Bonus Potioncase and Ammobelt to Deidre's store]
Successfully installed [Bonus Potioncase and Ammobelt to Deidre's store]?

0 [American]
[I]nstaLL
Press ENTER to exit

The readme opens.

13.3 Ribald's Genie v2.7
~SETUP RGENIE.TP2~

This small mod enables you to teleport by the aid of a genie, to and from the Adventurer's Mart.

The mod at this point serves as a check point. A sixth answer is installed to the dialog with Ribald. If this is absent, another mod has overwritten Ribald.

Copy the folder RGenie and the files setup RGenie.exe and setup RGenie.tp2 into your main SoA directory. Rename the files only if they should be installed with setup.bat from setup RGenie.exe and setup RGenie.tp2 to setup-RGenie.exe and setup-RGenie.tp2 (without space).

Double-click the Setup. The DOS dialogue appears:

Choose your language:
Install Component 0 [Ribald's Genie]?
Successfully installed [Ribald's Genie]

0 [English]
[I]nstaLL
Press ENTER to exit

The readme opens.

13.4 Boards of Magick item pack v2.0

~SETUP-BOM.TP2~

The mod introduces two new unique characters. The goblin Bion to the south of the tent in Waukeens promenade teleportes you to the merchant Taluntain.

Install the file **BoM_Item_pack.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **Setup-BoM** and the files **Setup-BoM.exe** and **Setup-BoM.tp2** as well as a file **SETUP-BOM.DEBUG** in that dummy folder. Move them except the **SETUP-BOM.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Boards of Magick Itempack!]	[I]nstaLL
Successfully installed	[Boards of Magick Itempack!]	Press ENTER to exit

The readme opens.

13.5 **Baldurs Gate 2 Shadows of Amn Item Import v3**

~SETUP-BG2SOA.TP2~

This mod imports some items from the original Baldurs Gate into Shadows of Amn. The items can be located somewhere in Irenicus's Dungeon and will make SoA alot easier.

Copy the folder **BG2SoA** and the files **Setup-BG2SoA.exe** and **Setup-BG2SoA.tp2** from the folder BG2SoA_v3 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	[Adds Items from Baldurs Gate to SoA]? 0 1] Just add the items to Irenicus's Dungeon	
	1 2] Improved Mencar Pebblecrusher	[2]
Successfully installed		Press ENTER to exit

13.6 **Exnem's Addon = Exnem Vault v5**

~SETUP-EXNEM.TP2~

This mod includes 21 new spells and 88 new items plus edited monsters and areas.

The mod includes items from Final Fantasy, Lord of the Rings and who knows what else, nevermind the fact that they are overpowered beyond imbalanced and the fact that it also potentially overwrites your random treasure table.

Copy the folder **Exnem** and the files **Setup-Exnem.exe** and **Setup-Exnem.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Exnem Vault v5, Install Items]?	[I]nstaLL
Install Component 1	[Add items to creatures]?	[I]nstaLL
Install Component 2	[Add items to areas]?	[I]nstaLL
Successfully installed		Press ENTER to exit

13.7 **Freedom's Reign / Reign of Virtue v8**

~FR_ROV/SETUP-FR_ROV.TP2~

Freedom's Reign: 2 new stores, more than 80 items everywhere in SoA.

Reign of Virtue: 3 new stores, 5 new encounters.

As of v8 RoV is no longer a separate component.

Copy the folder **FR_ROV** and the file **Setup-FR_ROV.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Freedom's Reign (SoA or ToB)]?	[I]nstaLL

Successfully installed

Press ENTER to exit

13.8 Heart Of The Wood v6

~SETUP-HEARTWOOD.TP2~

With this magic wand druids can summon some powerful forest monsters.

Copy the folder **HeartWood** and the files **Setup-HeartWood.tp2** and **Setup-HeartWood.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Heart Of The Wood]?

Successfully installed [Heart Of The Wood]

[\[I\]ninstall](#)

Press ENTER to exit

The readme opens.

13.9 Herbs and Potions Add-in for Baldur's Gate 2 v1.0.5

~BW_HERBS_BG2/SETUP-BW_HERBS_BG2.TP2~

Trader Juoma at the fountain in the south of Waukeen's promenade offers 5 new herbs, 15 poitons which you can brew by combining the herbs, and items with fine enchantments.

Copy the folder **BW_Herbs_BG2** and the file **Setup-BW_Herbs_BG2.exe** into your main SoA directory.

*The **B&G World Fixpack** provides compatibility to be able to install this mod together with "Herbs and Potions add-in for BG1".*

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Herbs and Potions Add-in for BG2 by Baronius, v1.0.3]?

Successfully installed [Herbs and Potions Add-in for BG2 by Baronius, v1.0.3]

0 [English]

[\[I\]ninstall](#)

Press ENTER to exit

The readme opens.

**13.10 Improved Horns of Valhalla v1.3**

~SETUP-VALHORN.TP2~

This small mod improves the abilities of the berserks who are summoned over by three horns.

Not together with Item-Revisions because these changes are already included in that mod.

Copy the folder **valhorn** and the files **Setup-ValHorn.exe** and **Setup-ValHorn.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Improved Horns of Valhalla v1.1]?

Successfully installed [Improved Horns of Valhalla v1.1]

[\[I\]ninstall](#)

Press ENTER to exit

13.11 Killing Wolf NPC v1.1

~SETUP-KWOLF.TP2~

From this character you can meet at the „Five Flagons“ you receive some objects from the game „Fallout“.

Copy the folder **KWolf** and the file **Setup-KWolf.tp2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-KWolf.exe**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [KWolf - New NPC]

Successfully installed [KWolf - New NPC]

0 [English]

[\[I\]ninstall](#)

Press ENTER to exit

The readme opens.

13.12 Munchmod v3.3

~SETUP-MUNCHMOD.TP2~

Adds the walking hawker Arkvisti, changes stores and creatures.

Munchmod must be installed before Battles because, otherwise, the file shadel.cre is changed in a way that Big Picture can no more be installed.

Munchmod must be installed after EMaD.

Copy the folder **Munchmod** and the files **setup-Munchmod.exe** and **setup-Munchmod.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Munchmod v2.7]?	[I]ninstall
Successfully installed	[Munchmod v2.7]	Press ENTER to exit

It appears an error message that the file Munchmod\Munchmod could not be found. Nevertheless, this does not exist.

13.13 **RItemPack v2 = RPG Dungeon Item Pack**

~SETUP-RITEMPACK.TP2~

The modern version of the "Rastor's Item pack" reduces some items with too much power and raises some items with not enough power.

Copy the folder **RItemPack** and the files **setup-RItemPack.exe**, **setup-RItemPack.tp2** and **item_readme.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?		[A]sk about each one?
	or:	[I]ninstall
Install Component 0	[Enhanced Girdle of Fortitude]?	[I]ninstall
Install Component 1	[Patrick's Chainmail]?	[I]ninstall
Install Component 2	[Weakened Cloak of Mirroring]?	[I]ninstall
Install Component 3	[Replaced Crom Faeyr]?	[N]ot Install
Install Component 4	[Fixed Dragon Plate Armor]?	[I]ninstall

Successfully installed		Press ENTER to exit

13.14 **Rolles v3a**

~SETUP-ROLLES.TP2~

The smith is to be found in Waukeen's promenade above the entrance to the adventurer's market.

Copy the folder **Rolles** and the files **Setup-Rolles.exe** and **Setup-Rolles.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 0	[Rolles Sayer]?	[I]ninstall
Install Component 1	[Bag of Holding in Irenicus Dungeon]?	[I]ninstall

The bag of holding is also included in the component "Extra Items" from Daulmakan's Item Pack for Baldur's Gate II.

Successfully installed		Press ENTER to exit
------------------------	--	---------------------

13.15 **RTT Item Pack v1.2**

~RTTITEMPACK/RTTITEMPACK.TP2~

If the "special" store of Ribald (Adventure's Mart, Waukeen Promenade, after Spellhold) isn't enough for you, expand it with 51 new magic items!

Copy the folder **rttitempack** and the file **Setup-rttitempack.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Install RTT Item Pack]?	[I]nstaLL
Successfully installed	[Install RTT Item Pack]	Press ENTER to exit

13.16 Ruad Ro'fessa Item Upgrade v27

~RUAD/SETUP-RUAD.TP2~

Ruad is a smith who improves items as well as forges some quite new items. You find him in the west of Waukeens Promenade on top on the wall.

Copy the folder **ruad** and the files **Setup-Ruad.exe** and **Setup-Ruad.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Ruad Ro'fessa SoA]?	[I]nstaLL
Install Component 1	[Ruad Ro'fessa ToB]?	[I]nstaLL
Successfully installed	[Ruad Ro'fessa]	Press ENTER to exit

The readme opens.

13.17 The Magnificent Magic Shop v6

~TZSHOP01/SETUP-TZSHOP01.TP2~

The mod adds 3 new stores and more than 20 items. You find the trader Arold on a landing on the west side of Waukeens Promenade.

Copy the folder **tzshop01** and the file **Setup-Tzshop01.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[The Magnificent Magic Shop]?	[I]nstaLL
Successfully installed	[The Magnificent Magic Shop]	Press ENTER to exit

13.18 The Unusual Oddities Shop - AbyStore v3

~ABYSTORE/ABYSTORE.TP2~

This mod adds a very unusual merchant to the harbour district of Athkatla. She sells a variety of unusual goods.

Copy the folder **AbyStore** and the files **Setup-AbyStore.exe** and **abystore-readme.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Unusual Oddities Shop]?	[I]nstaLL
Successfully installed	[Unusual Oddities Shop]	Press ENTER to exit

13.19 Underrepresented Items (From Icewind Dale 2) v6

~SETUP-UNDERREP.TP2~

The additional merchant Conlan in Ribald's adventure's market sells items from Icewind Dale 2 for BG2.

Copy the folder **underrep** and the files **Setup-Underrep.exe** and **Setup-Underrep.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [American English]
Install Component 0	[Underrepresented Items from Icewind Dale 2]?	[I]nstaLL
Successfully installed	[Underrepresented Items from Icewind Dale 2]	Press ENTER to exit

The readme opens.

13.20 Weimer's Item Upgrade v40

~SETUP-ITEMUPGRADE.TP2~

The mod enables Cromwell and Cespenar to improve additional objects which are relatively "weak" (e.g. maces and

clubs).

Copy the folder **c2** and the files **Setup-ItemUpgrade.exe** and **Setup-ItemUpgrade.tp2** into your main SoA directory. *The **B&G World Fixpack** adds the Revised consistency plus version subcomponents to the mod.*

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [American English]
Install Component  [Shadows Of Amn Item Upgrades]?
    0               1) Original list version
    10              2) Revised consistency plus version      [I]ninstall
Install Component  [Throne Of Bhaal Item Upgrades]?
    1               1) Original list version
    11              2) Revised consistency plus version      [I]ninstall
Successfully installed                               Press ENTER to exit
    
```

13.21 Item Upgrade Audio - Cespenar Audio v1

Install the file **CespyAudioV1.exe** into any dummy folder. Now you will find the folders **c2audio** and **override** and the files **c2audio.bat** and **c2audiouninstall.bat** in that dummy folder. Move them into your main SoA directory. Press "Yes" when you are asked whether you want to copy the folder and replace existing files.

13.22 Sorcerer's Place Item Collection v1.1

~SPITEMS/SETUP-SPITEMS.TP2~

This mod is a collection of several older items and spells. The mod encloses four components, each of them can be installed separately.

Copy the folder **spitem**s and the file **setup-spitem**s.exe into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component  0      [Daniel Goodrich's Custom Item Collection]?      [N]ot Install
This component causes problems in a way that items that are replaced by it, have false and mixed up descriptions.
Install Component  1      [Creslyn's BG2 Item Pack]?                       [N]ot Install
Install the revised version of this component from the Sorcerer's Place Collection instead.
Install Component  2      [Davoran's Spell Pack]?                         [I]ninstall
Install Component  3      [Shadow Daemon's Spells Pack]?                 [I]ninstall
Successfully installed                                               Press ENTER to exit
    
```

unsolved error:

```
WARNING: ADD_STORE_ITEM: Unknown flag IDENTIFIED. Defaulting to 0 for flags.
```

13.23 A Mod for the Orderly – CliffKey v5

~CLIFFKEY/SETUP-CLIFFKEY.TP2~

Similar to the function the bottomless bag, however to store keys in it. You can get it at Mira in Waukeens promenade.

Copy the folder **Cliffkey** and the file **Setup-cliffkey.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component  [A Mod for the Orderly - Add a Keyring to Faerun! See readme for more details about the choices
                    below.]?
    0               1) Nanoquest version
    1               2) Consistency Plus version                [2]
Successfully installed [Consistency Plus version]             Press ENTER to exit
    
```

The readme opens.

13.24 Blood Of The Martyr v6

~SETUP-BLOODMORT.TP2~

This small mod adds to the game the Priestly Candle of Knowledge

Copy the folder **BloodMort** and the file **Setup-BloodMort.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

13. BG2 STORES AND ITEMS

```
Choose your language:                                0 [English]

Successfully installed                                         Press ENTER to exit
```

*With this mod you can add 10 kits to the game: 4 fighters, 1 ranger, 3 paladins, 1 cleric and 1 thief. Don't use them together with the TDD kits except for the components 9, 14 and 15 or the kits will be mixed up because they share the same .2da file. The **B:G World Installpack** will handle this correctly for you.*

13.26 Food and Herbal Mod v 1.03 (Foodmod)

~SETUP-FOODMOD.TP2~

This mod has five stores that you can visit. Two are in the ToB area of the game and three are in the SoA area of the game. These stores sell food and herbal mixtures that give you various benefits when you consume them.

Copy the folder **foodmod** and the files **setup-foodmod.exe** and **setup-foodmod.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component 0      [Chosen of Mystra's Food and Herbal Mod (Requires Throne of Bhaal)]?  [I]ninstall
Successfully installed  [Chosen of Mystra's Food and Herbal Mod (Requires Throne of Bhaal)]    Press ENTER to exit
The readme opens.
```

13.27 Rupert the Dye Merchant v2.1

~RUPERT/SETUP-RUPERT.TP2~

This mod adds a new merchant who sells various dyes. Dyes work like potions, can be used by anyone, and will permanently change the user's colours.

13. BG2 STORES AND ITEMS

Copy the folder **rupert** and the file **setup-rupert.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Rupert the Dye Merchant (for BG2 or TuTu/BGT)]?

Successfully installed [Rupert the Dye Merchant (for BG2 or TuTu/BGT)]

0 [English]

[I]nstaLL

Press ENTER to exit

The readme opens.

13.48 Dragon Summon v1.0

~DRAGONSUMMON/SETUP-DRAGONSUMMON.TP2~

At Ribald's store you can get a scroll with which you can summon a red dragon.

Copy the folder **DragonSummon** and the file **DragonSummon** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Dragon Summoning Spell]?	[I]ninstall
	1) Spell is added to Ribald's store in the adventure mart	[1]
	2) Spell is not added to any store (as per original) and must be clua console'd in.	Item Code is sumdrag
Successfully installed		Press ENTER to exit

13.49 Unholy Gate Opening Ritual Book v6

~SETUP-DSR.TP2~

This installs a demon summoning ritual book, which is in possession of the master wizard Tolgerias (Planar sphere/Slums). You can summon several types of demons (nabassu/glabrezu/cornugon/pit fiend/balor) with the manual, the choice is random.

For the challenge Tolgerias will be somewhat harder to kill! This item can't be used by good aligned characters.

Copy the folder **DSR** and the files **Setup-dsr.exe** and **Setup-dsr.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Demon_summoning_ritual-WeiDU]?	[I]ninstall
Successfully installed	[Demon_summoning_ritual-WeiDU]	Press ENTER to exit

13.50 Brendan Bellina Book Bags (1-9) v1.0

~SETUP-BBBKBG.TP2~

This mod will add a book bag to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBBKBG** and the files **setup-BBBKBG.exe** and **setup-BBBKBG.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Installation of Item BBBKBG1, BBBKBG2, BBBKBG3, BBBKBG4, BBBKBG5, BBBKBG6, BBBKBG7, BBBKBG8, BBBKBG9 - Book Bag]?	[I]ninstall
Successfully installed	[Installation of Item BBBKBG1, BBBKBG2, BBBKBG3, BBBKBG4, BBBKBG5, BBBKBG6, BBBKBG7, BBBKBG8, BBBKBG9 - Book Bag]	Press ENTER to exit

13.51 Brendan Bellina Potion Cases (1-9) v1.0

~SETUP-BBPBAG.TP2~

13. BG2 STORES AND ITEMS

This mod will add a potion bag to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBPBAG** and the files **setup-BBPBAG.exe** and **setup-BBPBAG.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Installation of Item BBPBAG1, BBPBAG2, BBPBAG3, BBPBAG4, BBPBAG5, BBPBAG6, BBPBAG7,
                          BBPBAG8, BBPBAG9 - Potion Bag]?                               [I]nstaLL
Successfully installed  [Installation of Item BBPBAG1, BBPBAG2, BBPBAG3, BBPBAG4, BBPBAG5, BBPBAG6, BBPBAG7,
                          BBPBAG8, BBPBAG9 - Potion Bag]                             Press ENTER to exit
```

13.52 Brendan Bellina Quivers (1-9) v1.0

~SETUP-BBQUIV.TP2~

This mod will add a quiver to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBQUIV** and the files **setup-BBQUIV.exe** and **setup-BBQUIV.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Installation of Item BBQUIV1, BBQUIV2, BBQUIV3, BBQUIV4, BBQUIV5, BBQUIV6, BBQUIV7,
                          BBQUIV8, BBQUIV9 - Quiver]?                               [I]nstaLL
Successfully installed  [Installation of Item BBQUIV1, BBQUIV2, BBQUIV3, BBQUIV4, BBQUIV5, BBQUIV6, BBQUIV7,
                          BBQUIV8, BBQUIV9 - Quiver]                             Press ENTER to exit
```

13.53 Brendan Bellina Crossbow Bolt Quivers (1-9) v1.0

~SETUP-BBQUIVB.TP2~

This mod will add a bolt quiver to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBQUIVB** and the files **setup-BBQUIVB.exe** and **setup-BBQUIVB.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Installation of Item BBQUIVB1, BBQUIVB2, BBQUIVB3, BBQUIVB4, BBQUIVB5, BBQUIVB6,
                          BBQUIVB7, BBQUIVB8, BBQUIVB9 - Bolt Quiver]?             [I]nstaLL
Successfully installed  [Installation of Item BBQUIVB1, BBQUIVB2, BBQUIVB3, BBQUIVB4, BBQUIVB5, BBQUIVB6,
                          BBQUIVB7, BBQUIVB8, BBQUIVB9 - Bolt Quiver]?           Press ENTER to exit
```

13.54 Brendan Bellina Ammunition Belts (1-9) v1.0

~SETUP-BBQUIVC.TP2~

This mod will add an ammunition belt (for darts and sling bullets) to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBQUIVC** and the files **setup-BBQUIVC.exe** and **setup-BBQUIVC.tp2** into your main SoA directory.

13. BG2 STORES AND ITEMS

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Installation of Item BBQUIVC1, BBQUIVC2, BBQUIVC3, BBQUIVC4, BBQUIVC5, BBQUIVC6, BBQUIVC7, BBQUIVC8, BBQUIVC9 - Ammunition Belt]?	[I]nstaLL
Successfully installed		[Installation of Item BBQUIVC1, BBQUIVC2, BBQUIVC3, BBQUIVC4, BBQUIVC5, BBQUIVC6, BBQUIVC7, BBQUIVC8, BBQUIVC9 - Ammunition Belt]	Press ENTER to exit

13.55 Brendan Bellina Scroll Cases (1-9) v1.0

~SETUP-BBSCCS.TP2~

This mod will add a scroll case to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's containers into Perter's and Mira's shops in Waukeen's Promenade. (Otherwise, they are only available via CLUA Console; therefore, do not use the console to create these or any other containers, when Unique Containers is installed, as that will lead to buggy duplication of bag stores and inventories.)

Copy the folder **BBSCCS** and the files **setup-BBSCCS.exe** and **setup-BBSCCS.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Installation of Item BBSCCS1, BBSCCS2, BBSCCS3, BBSCCS4, BBSCCS5, BBSCCS6, BBSCCS7, BBSCCS8, BBSCCS9 - Scroll Case]?	[I]nstaLL
Successfully installed		[Installation of Item BBSCCS1, BBSCCS2, BBSCCS3, BBSCCS4, BBSCCS5, BBSCCS6, BBSCCS7, BBSCCS8, BBSCCS9 - Scroll Case]	Press ENTER to exit

13.56 Brendan Bellina Scimitar of the Arch-Druid, "Sif's Gift" v1.1

~SETUP-BBSCARDR.TP2~

This mod will add the Scimitar of the Arch-Druid to your game.

If you use the mod Unique Containers it will patch Brendan Bellina's scimitar into into a shop later in the game. In addition, it will balance the weapon to fit in better to your game. (Otherwise, it is only available via CLUA Console; therefore, do not use the console to create it, when Unique Containers is installed, as that will lead to its buggy duplication.)

Copy the folder **BBSCARDR** and the files **setup-BBSCARDR.exe** and **setup-BBSCARDR.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Installation of Item BBSCARDR - Scimitar of the Arch-Druid]?	[I]nstaLL
Successfully installed		[Installation of Item BBSCARDR - Scimitar of the Arch-Druid]	Press ENTER to exit

13.57 La musica de los Reinos / The Music of the Realms v2.1

~SETUP-MUSICA.TP2~

This mod includes a new shop selling musical instruments in Waukeen's Promenade. It also includes a new challenge. The Dark Cantor, who you will find wandering at night in Waukeen's Promenade.

Copy the folder **musica** and the files **setup-musica.exe**, **setup-musica.tp2**, **Leeme.txt** and **Readme_EN.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [English]
Install Component	0	[The Music of the Realms]?	[I]nstaLL
Successfully installed		[The Music of the Realms]	Press ENTER to exit

13.58 Haer'Dalis' Swords v2

~SWORDAP/SETUP-SWORDAP.TP2~

You can upgrade Haer'Dalis' swords in the Underdark.

Copy the folder **swordap** and the files **setup-swordap.exe** and **setup-swordap.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

13. BG2 STORES AND ITEMS

Choose your language: 0 [English]
Install Component 0 [Improved Haer'Dalis' swords (special for Kania)]? [I]ninstall
Successfully installed [Improved Haer'Dalis' swords (special for Kania)] Press ENTER to exit

13.59 Portable Hole v0.3

~PORTABLEHOLE/SETUP-PORTABLEHOLE.TP2~

This mod adds a portable hole to Ribald's store.

Copy the folder **portablehole** and the file **setup-portablehole.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
Install Component 0 [The Portable Hole]? [I]ninstall
Successfully installed [The Portable Hole] Press ENTER to exit

13.60 Sir Renal v2.5

~SETUP-RENAL.TP2~

Sir Renal will sell some new goods inside the order of the Most Radiant Heart.

Copy the folder **RENAL** and the files **setup-Renal.exe** and **setup-Renal.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 1 [English]
Install Component 0 [Sir Renal]? [I]ninstall
Successfully installed [Sir Renal] Press ENTER to exit

13.61 Trovador REO v2.4a

~SETUP-TROVADOR.TP2~

SPANISH

This mod adds to the game a very special troubadour who will tell for a few gold pieces some never belonged stories. Also it adds a shop with curious objects.

Copy the folder **Trovador** and the files **setup-trovador.exe** and **setup-trovador.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Trovador]? [I]ninstall
Successfully installed [Trovador] Press ENTER to exit

13.62 Genwas Händlermod v1.1

~HAENDLERMOD.TP2~

GERMAN

The mod adds the dealer's bottle into the game. Using this item, the player can summon a trader three times a day.

Copy the folder **Haendlermod** and the files **setup-Haendlermod.exe** and **Haendlermod.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 1 [English]
Install Component 0 [Haendlermod]? [I]ninstall
Successfully installed [Haendlermod] Press ENTER to exit

13.63 IWD Items Pack

~SETUP-IWDITEMPACK.TP2~

A pack of 12 more IWD and IWD2 items for use in BG2. They get added to Joluv's inventory.

Copy the folder **iwditempack** and the files **setup-iwditempack.exe** and **setup-iwditempack.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

13. BG2 STORES AND ITEMS

Successfully installed		[TeamBG's Weapons Pack for BG2:EE Version 1.01]	Press ENTER to exit

14.

BG2 NPC MODS

For BG2 there is each quantity of NPCs, which you can take up to your party. They banter with the main character as well as with the other NPCs in the party and have their own quests and encounters.

For BG2 there are a lot of NPC Mods. Some you can just take with you and they do not have much content, but there are also a number of NPC mods, that are an real enrichment for a game's because they not only have banter with the main character, but also with other NPCs in different situations and this usually as well in SoA as in ToB. In addition, they have their own quests and encounters.

In such a megamod it is of course important to make a selection of NPCs that meet these requirements, and you can rely on that you will have adventures with every NPC you will meet. The separated out mods are listed in the chapter MORE BG2 NPC MODS.

A description of the most NPC-mods can be found here:

<http://www.shsforums.net/index.php?showtopic=41571>

http://www.ironworksforum.com/ubb/cgi-bin/ultimatebb.cgi?ubb=get_topic;f=2;t=023604

Not all BG2 NPCs are listed in this chapter. Some more you find in the next chapters, because they can be integrated only at the appropriate places into the megamod.

14.1 Amber v4

~SETUP-AMBER.TP2~

Amber is a headstrong but irresistible thieving rogue with a good heart under her spiny surface. You can meet her the streets of Athkatla and she can have a romance with the main character.

Copy the folder **amber** and the files **Setup-Amber.exe** and **Setup-Amber.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Would you like to display the readme?                 [N]o

Do you want to install Multiplayer-friendly flirting for Amber? 1
It is useful only if you want to play in the multiplayer-mode
Successfully installed [Amber the NPC MOD for BGII:SoA]
The readme opens. in html-format                       Press ENTER to exit
  
```

14.2 Severian de Demerya v0.2a

~SEVERIAN/SETUP-SEVERIAN.TP2~

FRENCH

The chronicles of Severian are about the halfshadow Severian Strong. The tasks have a different pathway, depending on whether the main character is a male or female. There is a romance, if the main character is an elfe, a halfelfe or female human.

This mod is not compatible with the mod Innershade.

Copy the folder **Severian** and the file **Setup-Severian.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0 [SEVERIAN DE DEMERYA V02 (BETA VERSION)]? [I]nstaLL
Install Component 1 [Installer Portrait Alternatif pour Severian]? [I]nstaLL
Successfully installed
Other files are copied.                               Press ENTER to exit
  
```

14.3 Beyond the Law v1.35

~SETUP-BTL.TP2~

This mod lights up the unusual relationship between two people who cannot be more differently: Kova, a magician / thief with an unsavoury background and a good heart and Kiyone, a law-enforcing archer. The mod points out more about the power play between the Shadow Thieves and the Cowled Wizards in Athkatla and why certain things happened to certain NPCs. The NPCs of this mod appear only if the player is either good or neutrally aligned and the reputation of the player is more than 12.

Copy the folder **ad&L** and the files **Setup-BTL.exe**, **Setup-BTL.tp2**, **btlaudio.bat** and **btlaudiouninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Beyond the Law - Kova & Kiyone)?	[I]ninstall
Install Component	1	[Alternate Soundset for Kiyone - Female4)?	[I]ninstall
Install Component	2	[Better Balanced BTL Items)?	[I]ninstall
Install Component	3	[Portraits for Minor Non-Joinable BTL NPCs)?	[I]ninstall
Successfully installed			Press ENTER to exit

Other files are copied, then the Installer ends suddenly.

14.4 Ajantis for BG2 v12

~AJANTISBG2/SETUP-AJANTISBG2.TP2~

Brings the paladin Ajantis from BG1 to BG2. He appears in the game the first time in the wind spear hills after the hijacking of Garren of wind spear child, and will wait for you afterwards in the order of the radiant heart.

This mod is technically not compatible with the Ajantis component from BG1NPCSoA because you would have the NPC twice.

Copy the folder **ajantisbg2** and the file **setup-ajantisbg2.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [English]
Would you like to display the readme?			[N]o
Install Component	0	[Sir Ajantis NPC for BGII)?	[I]ninstall
		Installation of teen or adult romance content:

		[2] 45 minutes real time minimum between Dialogues	
		[3] 30 minutes real time minimum between Dialogues	
		[4] 15 minutes real time minimum between Dialogues	
		[5] 1 hour 30 minutes (extended) real time minimum between Dialogues	
		Ajantis kit choice: plain paladin or cavalier	
		Please choose one of the following:	
		[1] Ajantis as a plain paladin.	[1]
		[2] Ajantis as cavalier.	
Successfully installed		[Sir Ajantis NPC for BGII]	Press ENTER to exit
Installation complete. Press any key . . .			

Further files get copied, then the readme opens.

14.5 Tashia Remix v1.3

~TASHIA/SETUP-TASHIA.TP2~

With the young elven magician with dark moments in her past you find one more loyally, steadfast traveling companion. She can be located in Vyatri's Pub in Trademeet.

Copy the folder **Tashia** and the files **Setup-Tashia.exe** and **Setup-Tashia.tp2** into your main SoA directory.

14. BG2 NPC MODS

5                      2] Tashia's Alternate Portrait 2.
Successfully installed
The readme opens.                                     Press ENTER to exit
```

14.6 Kivan and Deheriana Companions for BG2 v15

~SETUP-KIVAN.TP2~

formerly: Kivan of Shilmista

This mod adds Kivan from BG1 and under certain circumstances, his elven wife Deheriana to the cast of BG2 actors. This mod is a first cut at telling one of the most romantic stories of BG1.

This mod is technically not compatible with the Kivan component from BG1NPCSoA because you would have the NPC twice.

Copy the folder **Kivan** and the files **Setup-Kivan.exe** and **Setup-Kivan.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 100  [Kivan of Shilmista]?           [I]ninstall

200                  1] Wild Mage                       [1]
201                  2] Specialist-Mage, Enchanter
202                  4] Specialist-Mage, Diviner
Install Component 300  [Install Herd's Alternative Portrait for Kivan]? [N]ot Install
Successfully installed                               Press ENTER to exit
```

14.7 Fade v4.0

~SETUP-FADE.TP2~

The chaotic-neutral shadow thief can have romances with all men of every possible race and disposition. This is the SoA part of the romance - now the ToB part is written!

Copy the folder **Fade** and the file **Setup-Fade.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                [N]o
Install Component 0   [Fade: An NPC for Baldur's Gate II: SoA and ToB]? [I]ninstall
Install Component 0   [Fade NPC: reactions to Romantic Encounters (RE may be installed before or after this component)]? [I]ninstall
Successfully installed [Fade: An NPC for Baldur's Gate II: SoA and ToB] Press ENTER to exit
The readme opens.
```

14.8 Kido v7

~SETUP-KIDO.TP2~

This mod which adds the chaotic evil jester, Kido, who receives visions from Cyric.

Copy the folder **Kido** and the files **Setup-Kido.exe** and **Setup-Kido.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Kido the Jester (Requires Throne of Bhaal)]?      [I]nstaLL
Install Component      [Which of Kido's Portraits do you wish to install?]?
      1      1] Plasmocat's portraits?      [1]
      2      2] Gonchi's portraits?
      3      3] Kido's old portraits (of Version 1.0 till 2.1)

```

This portrait is the same as Coran's portrait in BG1.

```

Successfully installed      [Kido the Jester]      Press ENTER to exit

```

Further files get copied, then the readme opens in html-format.

14.9 Ariena v2.2

~SETUP-ARIENA.TP2~

Ariena is a neutral evil pit fighter. She is an Half-orc of an unusual human parentage.

This must be installed after Kido.

Copy the folder **Ariena** and the files **Setup-Ariena.exe**, **Setup-Ariena.tp2** and **Ariena-readme.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Ariena the Half-orc (Requires Throne of Bhaal)]?      [I]nstaLL
Install Component      [Which of Ariena's portraits do you wish to install?]?
      1      1] Default portraits??      [1]
      2      2] Bright default portraits?
      3      3] HERD's portraits?
Install Component 4      [Do you wish to install the Grand Mastery Fix]?      [N]ot Install

```

This component is neither compatible with TDD nor with the level 50 control sets from BP!

```

Successfully installed      Press ENTER to exit

```

Further files get copied, then the readme opens in html-format.

14.10 Kindrek v2.5

~SETUP-KINDREK.TP2~

A wizard-slaying, magic-hating NPC who will join your group in the City Gates.

Copy the folder **Kindrek** and the files **Setup-Kindrek.exe**, **Setup-Kindrek.tp2** and **Setup-Kindrek-AudioUninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Kindrek v2.4 created by nethrin]?      [I]nstaLL
Successfully installed      [Kindrek v2.4 created by nethrin]      Press ENTER to exit

```

Further files get copied, then the readme opens in html-format.

14.11 Kitanya v6.4.1

~KITANYA/SETUP-KITANYA.TP2~

Kitanya is a friendly, chaotic good elvish wizardslayer

Install **KitanyaSoAv6.4** into your ...\\BGII - SoA\\ directory. Now you find there the folder **Kitanya** and the file **setup-kitanya.exe**.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:      0 [English]
Do you wish to install 0      [Kitanya Conversation/Romance Mod for BG2]?      [I]nstaLL
Do you wish to install 1      [Wizard Slayer Revision]?      [I]nstaLL

```

This component is not compatible with the Wizard Slayer mod.

```

Successfully installed      Press ENTER to exit

```

Further files get copied, then the readme opens.

14.12 Silverstar v1.93 ~STAR.TP2~

The evil elven assassin has crude and cruel dialogs. She has banter with NPCs from SoA, but not from ToB

Copy the folder **Star** and the files **Setup-Star.exe** and **Star.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B:G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Silverstar Mod]?	[I]nstaLL
Successfully installed	[Silverstar Mod]	Press ENTER to exit

The readme opens.

14.13 Valen v45 ~SETUP-VALEN.TP2~

Converts Bodhi's vampiric assistant into a joinable NPC. Includes content for both SOA and TOB. There are new encounters and items.

The component „No Drow Avatars On Party In Underdark“ from the BG2 Tweak Pack must be installed, because, otherwise, Valen stutters in Underdark

Copy the folder **valen** and the files **Setup-Valen.exe** and **Setup-Valen.tp2** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B:G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [American English]
Install Component 0	[Valen]?	[I]nstaLL
Install Component 10	[Give More Creatures Protection From Level Drain & Undead]?	[N]ot Install

Apparently this component destroys some other items.

Successfully installed	[Valen]	Press ENTER to exit
------------------------	---------	---------------------

The readme opens.

14.14 Tsuki for BG2 v1 beta ~TSUKIBG2/TSUKIBG2.TP2~

Tsuki BG2 NPC is a continuation of BG1: Mysteries of the Sword Coast character. He is a bisexual chaotic neutral mage/thief, and one of the worst type of villains in Faerûn.

Must be installed because of crossmod content after Valen and Tales of the Deep Gardens.

Note: This mod includes a lot of adult content, which some may consider offensive.

Copy the folder **TsukiBG2** and the file **setup-TsukiBG2.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Tsuki BG2 NPC]?	[I]nstaLL
Install Component 1	[Tsuki BG2 NPC - Tsuki/Valen banter]?	[I]nstaLL
Successfully installed	[Tsuki BG2 NPC]	Press ENTER to exit

14.15 Xan for BG2 v15 ~XAN/SETUP-XAN.TP2~

Xan, a depressed elven enchanter, is a character originally from Baldur's Gate, now added to Baldur's Gate 2 as well. The mod includes an extensive friendship path, two completely different romances for a female elven PC.

Xan includes extra banter for Dungeon Crawl, Assassinations, Romantic Encounters, Tales of the Deep Gardens, The Sellswords, Back to Brynnlaw and The Longer Road. Install them in any order.

14. BG2 NPC MODS

This mod is technically not compatible with the Xan component from BG1NPCSoA because you would have the NPC twice.

Copy the folder **Xan** and the file **Setup-Xan.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Xan NPC MOD for Baldur's Gate II]?	[I]nstaLL
Install Component	[Install alternate class for Xan]?	
	1] Change Xan's class to Fighter/Mage	
	2] Change Xan's class to Mage	
	3] Change Xan's class to Sorcerer	[3]
	4] Change Xan's class to Wild Mage (ToB only)	
<i>Choose 3, if you had chosen the component [Xan has Sorcerer class]? with the mod Lost Items version Revised 2</i>		
Install Component	5 [BG1-like flaming sword animation]?	[I]nstaLL

14.16 Xan's BG2 voice for BG1 Version 2

~XANBG2VOICE/SETUP-XANBG2VOICE.TP2~

This mod provides a different soundset for Xan NPC in Baldur's Gate I, the one recorded for Xan BG2 NPC mod. It is available in English only.

Install the file **XanBG2Voice_v2.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **XanBG2Voice** and the file **Setup-XanBG2Voice.exe** as well as a file **SETUP-XANBG2VOICE.DEBUG** in that dummy folder. Move them except the **SETUP-XANBG2VOICE.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0 [Xan's BG2 voice for BG1, v2]?	[I]nstaLL
Successfully installed	[Xan's BG2 voice for BG1, v2]?	Press ENTER to exit

The readme opens.

14.17 Yasraena v16

~YASRAENA/SETUP-YASRAENA.TP2~

The Yasraena Mod is full of banter, and it adds two quests to SoA and an encounter to ToB. Yasraena is a good drow, with a background to explain her good tendencies.

Copy the folder **Yasraena** and the file **Setup-Yasraena.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Yasraena v7 (BG2:SoA & TOB NPC) created by nethrin & Sillara of the Tamari]?	[I]nstaLL
Successfully installed	[Yasraena v7 (BG2:SoA & TOB NPC) created by nethrin & Sillara of the Tamari]?	Press ENTER to exit

Further files get copied, then the readme opens in html-format.

14.18 Alora v1.5

~SETUP-ALORA.TP2~

The halfling thief from Baldur's Gate can be found in Ribald's store.

This mod is technically not compatible with the Alora component from BG1NPCSoA because you would have the NPC twice.

Copy the folder **alora** and the files **Setup-alora.exe** and **Setup-alora.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Chosen of Mystra's Alora NPC Mod (Requires Throne of Bhaal)]?	[I]nstaLL
Successfully installed	[Chosen of Mystra's Alora NPC Mod (Requires Throne of Bhaal)]	Press ENTER to exit

The readme opens.

14.19 Auren Aseph v9

~AURENASEPH/SETUP-AURENASEPH.TP2~

She is a twenty year old talkative human fighter from Beregost. You will meet her in the Copper Coronet. She is involved with Nalia and can also be played in ToB. It is recommended to let her together with Nalia in the party to fully enjoy this mod.

Copy the folder **AurenAseph** and the files **Setup-AurenAseph.exe** and **Readme-Auren.html** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears: and the readme opens.

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Auren Aseph for BG2:ToB]?	[I]nstaLL

14.20 Thael v2.32

~THAEL/THAEL.TP2~

SPANISH

The elfish magicians-thief promenade is to be found near the tent in Waukeen's promenade.

Copy the folder **Thael** and the file **Setup-Thael.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [Castellano]
Install Component 0	[THAEL, Elfo Mago-Ladron y VELVEVLOS, Hoja Sangrienta v2.3]?	[I]nstaLL

Successfully installed	[THAEL, Elfo Mago-Ladron y VELVEVLOS, Hoja Sangrienta v2.3]	Press ENTER to exit

14.21 Hanna v2.4

~HANNA/HANNA.TP2~

The chaotic-good human thief with her own quest is to be found near the druid's grove. New creatures, items, more than 100 interjections with other NPCs.

Copy the folder **Hanna** and the files **setup-hanna.exe**, **Hanna.tp2** and **Readme Hanna.doc** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		3 [English]
What should be done with all components that are NOT YET installed?		[A]sk about each one
Install Component 0	[Hanna NPC (ToB required)]?	[I]nstaLL

14.22 Kim 1.62d

~SETUP-KIM.TP2~

You meet the beautiful and depraved female pirate Kim with the shadow thieves.

Copy the folder **KIMNPC** and the files **Setup-KIM.exe** and **Setup-KIM.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		2 [English]
Install Component 0	[Kim for BG2:SOA (ToB: required) version 1.61]?	[I]ninstall
Install Component 1	[Installation of the readjusted axe]?	[I]ninstall
Successfully installed		Press ENTER to exit

Further files get copied.

14.23 Lester - Wojownik Kufła Piwa v0.8

~SETUP-LESTER.TP2~

POLISH

You will meet the beer loving warrior Bons in the second floor of Irenicus' dungeon. When he is drunken, he has special abilities - and sometimes problems with alcohol.

Copy the folder **lester_the_npc** and the files **Setup-Lester.exe** and **Setup-Lester.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:		2 [English]
Install Component 0	[Lester the NPC for BGII]?	[I]ninstall
Successfully installed	[Lester the NPC for BGII]	Press ENTER to exit

This mod adds the Wojownik Kufła Piwa kit to the character creation screen. This kit however is not selectable.

14.24 Tiax v3

~TIAX/SETUP-TIAX.TP2~

The gnome thief/cleric priest of Cyric, Tiax from BG1, is a priest of Cyric with a sole intention "TiAx rules all!". He appears in chapter 4 in Spellhold, right after Irenicus leaves it as well as from the Fate Spirit in the Throne of Bhaal.

This mod is technically not compatible with the Gnomes in the City: Quayle & TiAx component from BG1NPCSoA because you would have the NPCs twice.

Install the file **TiAx_v1.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you find there the folder **TiAx** and the file **Setup-TiAx.exe** as well as a file **SETUP-TIAX.DEBUG** in that dummy folder. Move them except the **SETUP-TIAX.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[TiAx NPC MOD for Baldur's Gate II, v1]?	[I]ninstall
Successfully installed	[TiAx NPC MOD for Baldur's Gate II, v1]	Press ENTER to exit

The readme opens.

14.25 Sarah ToB v4

~SARAHTOB/SETUP-SARAHTOB.TP2~

This mod will add Sarah to SoA, a young human ranger who will romance a female PC.

Install the file **sarahtob-v4.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **sarahtob** and the file **setup-sarahtob.exe** as well as a file **SETUP-SARAHTOB.DEBUG** in that dummy folder. Move them except the **SETUP-SARAHTOB.DEBUG** into your main SoA directory. Double-click the Setup. The DOS dialogue appears: and the readme opens.

Would you like to display the readme?		[N]o
Install Component 0	[Sarah NPC Romance Mod for BG2:ToB]?	[I]ninstall
Successfully installed	[Sarah NPC Romance Mod for BG2:ToB]	Press ENTER to exit

14.26 Hubelpot the Vegetable Merchant v1.0

~SETUP-SC#IM6.TP2~

14. BG2 NPC MODS

A NPC for BGII SoA and ToB. More than 30 banter with every Bioware NPC except Sarevok. Hubelpot has a quest with an unusual reward. To start the mod, go to the fruit wholesaler in Waukeens Promenade.

The versions V1.0 and V1-1.0 are identical. An unknown author has made corrections to this mod. You must install these, however, by yourself.

Copy the folder **SC#Hub** and the files **Setup-Hubelpot.exe**, **Setup-Hubelpot.tp2** and **Setup-Hub AudioUninstall.bat** into your main SoA directory.

*The **B&G World Fixpack** restores an no longer available update to Hubelpot.*

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [SConrad's IM6-entry: Hubelpot Thisledown, the Vegetable Merchant NPC-mod]? [I]nstaLL
Install Component      [Hubelpot's Kit]? choose one
                      1] Default kit, the Totemic Druid [1]
                      2] Optional kit, the Village Druid
                      3] Optional kit, the Vegetable Farmer
Successfully installed Press ENTER to exit
The readme opens.
```

14.27 Angelo v5

~ANGELO/SETUP-ANGELO.TP2~

Angelo Dosan is the fighter-turned-mage who served as your brother's henchman in Baldur's Gate. Most likely he didn't survive your game, but people in this world seem to have a knack for not staying dead. In the Angelo NPC Mod, Angelo tracks you down in the Graveyard District to make you an offer you can't refuse (though perhaps you will).

Copy the folder **Angelo** and the file **Setup-Angelo.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme? [N]o
Install Component 0      [Angelo NPC MOD for Baldur's Gate II, v3]? [I]nstaLL

                      1] Angelo's portrait, edited by SisterVigilante
                      2] Angelo's alternative portrait by Amaurea
                      3] Angelo's alternative portrait from http://cassinus.free.fr)
Successfully installed Press ENTER to exit
```

14.28 Vampire Tales v1.03

~SETUP-VAMPIRETALES.TP2~

This mod introduces a vampire thief named Miriam who is bored with immortality and wishes for new excitement and adventure. The mod includes the former mods Miriam and Dark Ritual and includes an seller who can improve some items.

Copy the folder **VampireTales** and the files **SETUP-VampireTales.exe** and **SETUP-VampireTales.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 0 [English]
Install Component 0      [Vampire Tales (Requires Throne of Bhaal)]? [I]nstaLL
Install Component 1      [Improved Cult of the Unseeing Eye]? [I]nstaLL
Install Component 2      [Improved Harper Fight]? [I]nstaLL
Install Component 3      [CoM Store 1]? [I]nstaLL
Successfully installed Press ENTER to exit
The readme opens.
```

14.29 Nikita v2

~SETUP-NIKITA.TP2~

She is a chaotic good female elf fighter/thief who enjoys doing good deeds and helping those in need. She has one quest, banter with the PC and fellow Bioware NPCs and she has her own personal items.

Copy the folder **NikitaRedux** and the files **SETUP-Nikita.exe** and **SETUP-Nikita.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Nikita NPC Mod (Requires Throne of Bhaal)]?	[I]nstaLL
Successfully installed		[Nikita NPC Mod (Requires Throne of Bhaal)]	Press ENTER to exit

The readme opens.

14.30 Touchstone v1.1

~TOUCHED/SETUP-TOUCHED.TP2~

Touchstone is an Elven Fighter from the Great Forest.

This mod has at present some critical bugs.

Copy the folder **touched** and the file **Setup-touched.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Touch the Moon NPC (Requires Throne of Bhaal)]?	[I]nstaLL
Install Component	1	[Install Wild Elf Fighter Kit]?	[I]nstaLL
Successfully installed		[Touch the Moon NPC (Requires Throne of Bhaal)]	Press ENTER to exit

It appears an error message that the file touched\touchedreadme.txt could not be found. But this does not exist. Click No, when you are prompted to create a new one.

14.31 Ninde v2.1

~NINDE/NINDE.TP2~

Lady Ninde Amblecrown, the evil Necromancer with a tongue like a guillotine, formidable magical skill and a matching ego, can be found in Bodhi's lair only if the PC sides with Aran Linvail.

TDD completely alters Ellesime's dialogue in a way that makes it incompatible with Ninde.

Copy the folder **ninde** and the file **setup-ninde.exe** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Ninde NPC Mod for BGII: SoA]?	[I]nstaLL
Successfully installed		[Ninde NPC Mod for BGII: SoA]	Press ENTER to exit

14.32 Xulaye v1.2

~XULAYE/XULAYE.TP2~

Xulaye Despana - sister to the insidious Phaere and daughter of the fearsome Matron Mother Ardulace joins your party at the beginning of the Ust Natha section of the Underdark. True evil lies in intent - and the wherewithal to carry it out.

BGII Fixpack must be installed.

Copy the folder xulaye and the file setup-xulaye.exe into your main SoA directory.

If you have installed NEJ2 copy immediately before the installation of the mod the file **cdbehbla.pro** out of the folder BGII - SvA\NeJ2\NEJ-BIFF\override into the override folder.

*Because this patch cannot be installed before, this will not be done by the **B&G World Fixpack.bat**, but the **B&G World Install.bat**.*

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Xulaye NPC Mod for BG2:SoA]?	[I]nstaLL
Install Component	1	[Xulaye's Player Initiated Dialogues]?	[I]nstaLL
Install Component	2	[Korgan Fights at the Pits]?	[I]nstaLL
Successfully installed			Press ENTER to exit

14.33 Haldamir v3

~HALDAMIR/SETUP-HALDAMIR.TP2~

The mod adds an elven fighter to BG2. Haldamir can be found at the Den of the Seven Vales in Waukeen's Promenade. There is crossmod with Kivan, but install Kivan first. There is also a reaction to Talak or Solaufein from Romantic Encounters.

Copy the folder **haldamir** and the file **Setup-haldamir.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                0 [English]
Would you like to display the readme? [N]o
Install Component 0      [Haldamir]?  [I]ninstall
Successfully installed    [Haldamir]   Press ENTER to exit
```

14.34 Avi Maya Project v6

~AVIM/SETUP-AVIM.TP2~

POLISH

She is a cleric-barde with own tasks and items and banter with a male human, eleven, half eleven or tiefling MC. Conversations are short, but concrete. A lot of black humor. (SoA & ToB)

Copy the folder **AviM** and the file **Setup-AviM.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Avi Maya NPC SoA/ToB]?  [I]ninstall
Install Component      [Alternatywna Avi Maya]?  [N]ot Install
1      1] Avi Maya - Złodziej/mag
2      2] Avi Maya - Złodziej(zawadiaka)
Install Component      [Alternatywny Portret]?  [N]ot Install
3      1] Avi Maya - subtelniejszy portret
4      2] Avi Maya - portret bazuj cy na Sharwyn z NWN
Successfully installed                                     Press ENTER to exit
```

14.35 Saerileth v18

~SAERILETH/SETUP-SAERILETH.TP2~

Saerileth is a 15-year-old paladin woman of deep religious conviction from the Outer Planes. She is romanceable for good-aligned humans, elves, and half-elves. She brings with her three new areas for SoA, two SoA quests, and a ToB quest. She has extensive voicing, banter, and interjections.

This mod is not compatible with multi-romance mods.

Copy the folder **Saerileth** and the file **Setup-Saerileth.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                0 [English]
Install Component 0      [Saerileth Romance Mod v12 (BG2:SoA & TOB NPC) created by nethrin and Sillara]?  [I]ninstall
Successfully installed                                     Press ENTER to exit
```

Further files get copied, then the readme opens in html-format.

14.36 Skie ReDone v3.0

~SKIE/SETUP-SKIE.TP2~

This mod introduces the neutral, human thief from BG1 into BG2. (in BG2 without subclass) She has a romance with a male elf, human, half-elf or tiefling MC, beginning in SoA and ending in ToB.

This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **Skie** and the file **Setup-Skie.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                1 [English]
```

14. BG2 NPC MODS

```
Install Component 0      [Skie NPC - BG2]?                [I]ninstall
Install Component 1      [Alternative Skie - weaker, but with more logical statistics (different than those in BG1)]?
                                                                    [N]ot Install
Successfully installed    [Skie NPC - BG2]                Press ENTER to exit
```

14.37 Worgas v1.1

~WORGAS/WORGAS.TP2~

Worgas is an elven chaotic emotionally shattered wildmage with high intelligence which is hidden behind his neurotic behaviour. He often speaks in riddles impossible to understand. He restlessly wanders with a levitating eyeball with many eyes on it. He has two unique abilities called Wail of Insanity and Biting Eye.

Worgas only works in single player mode. It doesn't work in multiplayer due to the cutscene script in the beginning.

Copy the folder **worgas** and the file **setup-worgas.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Worgas]?                        [I]ninstall
Install Component 1      [Boo as Familiar]?              [I]ninstall
Nicht zusammen mit NeJ
Install Component 2      [Drizzt]?                       [I]ninstall
Not together with RoT, Drizztsaga, DKDrizzt, because these likewise bring Drizzt into the play.
Successfully installed                                         Press ENTER to exit
```

14.38 Tyris Flare v6

~TYRISFLARE/SETUP-TYRISFLARE.TP2~

Tyris Flare is a red-haired amazon who can kick ass and hurl fire! Originally she is a character from the Golden Axe computer games that were released on the Sega Mega Drive (or Genesis in America) and arcade machines in the 90s who ends up in Baldur's Gate II Once in your party, Tyris will banter with all BioWare NPCs and can be romanced by any human/elf/half-elf male PC. She can be found in the Umar Hills, vaguely near the cave.

Copy the folder **TyrisFlare** and the file **Setup-TyrisFlare.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                          [N]o
Install Component 0      [Tyris Flare NPC]?              [I]ninstall
Install Component        [Alternate Tyris Portraits]?         [N]ot Install
    101      1] Alternate Portrait 1
    102      2] Alternate Portrait 2
    103      3] Alternate Portrait 3
    104      4] Alternate Portrait 4
    105      3] Alternate Portrait 5
    106      4] Alternate Portrait 6
Successfully installed                                         Press ENTER to exit
```

14.39 Varshoon v4.2

~VARSHOON/SETUP-VARSHOON.TP2~

This mod adds to the game a new and unique NPC - Varshoon the Illithid. He has his own kit of Psionic Forcer. Those illithids are trained for melee fighting. They use their psionic and mental abilities to stun, confuse and weaken their enemies. He joins with his own special equipment and it cannot be replaced with any other items. Varshoon will converse with you many times during the game. There are also banter with all Bioware NPC's.

You should also install Tales of the Deep Gardens mod to get extra influence.

Copy the folder **Varshoon** and the file **Setup-Varshoon.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                          [N]o
Install Component 0      [Varshoon - an illithid NPC for BG2]?  [I]ninstall
Install Component 1      [New paperdoll for illithids (inventory illustration)]? [I]ninstall
Successfully installed                                         Press ENTER to exit
```

14.40 **Gavin for BG2 v20**

~GAVIN_BG2/SETUP-GAVIN_BG2.TP2~

Gavin cleric of Lathander, who can be found in the Temple of Ilmater, on the roof of the Copper Coronet in the slums.

Copy the folder **gavin_bg2** and the file **setup-gavin_bg2.exe** into your main SoA directory.

Double-click the Setup. The readme opens and the DOS dialogue appears:

```

14.44 Yvette Romance v3.0

~YVETTE/SETUP-YVETTE.TP2~

Yvette Romance is a Colours of Infinity mod for SoA and ToB that allows male main character to join a brand new NPC and romance her.

Mod includes crossmod with Tales of the Deep Gardens.

Copy the folder **Yvette** and the file **setup-Yvette.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                                         0 [English]

                                                                    2] Change Adrian's class to Mage/Thief
Successfully installed                                                         [Adrian for BGII]
                                                                    Press ENTER to exit

```

14.46 Arath v2.1

~ARATH/ARATH.TP2~

A self-assured, humorous and somewhat hedonistic druid who, on the surface, cares for little else beyond himself and his love for nature.

Copy the folder **arath** and the file **setup-arath.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Arath NPC for BGII: SoA & ToB]?	[I]ninstall
Successfully installed	[Arath NPC for BGII: SoA & ToB]	Press ENTER to exit

14.47 Dace v1.1

~DACE/DACE.TP2~

She is a Caotic Neutral female bounty hunter, who will befriend and romance a PC of any race, alignment or gender. ToB content included.

Copy the folder **dace** and the file **setup-dace.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

14.48 Gahesh v1 beta

~GAHESH/GAHESH.TP2~

Gahesh is a lawful good half-orc sorcerer with a small quest area, friendship talks and a short romance for non-evil females in ToB.

Copy the folder **Gahesh** and the file **setup-Gahesh.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Gahesh NPC]?	[I]ninstall
Successfully installed	[Gahesh NPC]	Press ENTER to exit

14.49 Lena v0.4.1

~SETUP-LENA.TP2~

She is a despot, sadist, cruel and bloodthirsty tiefling warrior.

Copy the folder **Lena** and the files **setup-Lena.exe** and **setup-Lena.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 1	[Lena Romance, BG2 NPC Mod]?	[I]ninstall
Install Component 2	[Standalone Tempest Kit]?	[N]ot Install
Successfully installed	[Lena Romance, BG2 NPC Mod]	Press ENTER to exit

14.50 Aran Whitehand beta 4

~ARANW/SETUP-ARANW.TP2~

Aran Whitehand is a more 'self aware' human fighter and scribe for BG2, dual classable, so that he can be Tinker, Tailor, Soldier, Spy... whatever your party needs. He has minor optional quests with a new area, but comes with no special weapons or upgradeable items - his specialty is in interacting with the members of the party and adapting to situations. This mod includes Faerunian swearing and occasional adult themes in the Romance portion.

For some reason only the main component can be installed automatically. If you want to install one of the other components you have to install this mod manually.

Copy the folder **aranw** and the file **setup-aranw.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?                [N]o
Install Component 0    [Install Aran Whitehand for SoA and ToB]?  [I]ninstall
                    Set Talk and Flirt Timers
                    [1] Install Default Timers                [1]
                    [2] Customize Timers
                    Please type 1 or 2 and press enter.
Install Component    [Install Component [Install Audio Files]?
1                    1] Install Soundset, Voiced lines, and Music  [I]ninstall
2                    2] Install Only Soundset and Music
3                    3] Install Only Soundset
4                    4] Do not install any audio
                    Music choices:
                    [1] JSayles unaccompanied guitar, Early Music  [1]
                    [2] Renaissance brass
                    [3] Vox Vulgaris (midaevil wih a twist)
                    Please type 1, 2, or 3, and press enter.
Install Component    [Choose Which Aran Configuration to install]?
5                    1] Aran Whitehand, default configuration (Soldier)  [I]ninstall
6                    2] Aran Whitehand, Mage Dual-Class stats, choose configuration (Tinker)
7                    3] Aran Whitehand, Cleric Dual-Class stats, choose configuration (Tailor)
8                    4] Aran Whitehand, Fighter stats, choose configuration (Soldier)
9                    5] Aran Whitehand, Thief Dual-Class stats, choose configuration (Spy)
Install Component 10  [Choose Aran's Portrait]?
                    Please enter your choice and press return:
                    [1] Keep Nix's "Default" portrait (fair hair, fair complexion)  [1]
                    [2] Peachplum's "Latest" (dark brown hair, fair complexion)
                    [3] berelinde's "Boromir" (dark brown hair, fair complexion)
                    [4] berelinde's "Dragon Age" (dark hair, dark complexion)
                    [5] berelinde's "Scruffy" (light brown hair, fair complexion)
                    [6] McMazey's "Don Pedro" (dark hair, dark complexion)
                    [7] McMazey's "Fantasy Photo" (long brown hair, light complexion)
                    [8] McMazey's "Bearded" (dark hair, light complexion)
                    [9] McMazey's "No Beard" (dark hair, light complexion)
                    [10] McMazey's "Horatio Photo" (dark hair, light complexion)
                    [11] Peachplums' "Young Fighter" (red hair, fair complexion)
                    [12] piperb's "Stalwort Bearded Young" (light brown hair, fair complexion)
                    [13] piperb's "Mature Bearded" (dark brown hair, medium complexion)
                    [14] piperb's "Stalwort Young" (light brown hair, fair complexion)
Successfully installed  [Install Aran Whitehand for SoA and ToB]                Press ENTER to exit
    
```

14.51 Jastey's Solaufein Alpha 150122 (1)

~C#\SOLAUFEBIN/SETUP-C#\SOLAUFEBIN.TP2~

This modification makes Solaufein, the drow warrior from Usth Natha, a joinable NPC. Before the entrance to Adalon's cave he is captured by the drow. Now it's up to the HC to preserve Solaufein to be transformed into a drider!

NOTE: This mod must be installed in two steps! The component "Drinnen-Animationen fuer diese Mod verwenden" must be installed after the core component of Infinity Animations (IA) including the drider animation. The component „Solaufein in Ust Natha das Mod-Portrait geben“ may be installed only after Solaufein NPC. If Weimer's Solaufein romance is installed, the quest "Solaufeins rescue" only starts when Weimer's Solaufein was sent away.

Copy the folder **c#solaufein** and the file **setup-c#solaufein.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                1 [English]
Would you like to display the readme?  [N]o
Install Component 0    [Jastey's Solaufein NPC for BGII]?          [I]ninstall
Install Component 1    [Give Solaufein in Ust Natha the Mod's Portrait]?  [N]ot Install
Install Component 2    [Enable Drider Animations in this Mod]?          [N]ot Install
Successfully installed  [Jastey's Solaufein NPC for BGII]                Press ENTER to exit
    
```

14.52 Isra BG2 v1.2

~ISRA_BG2/ISRA_BG2.TP2~

This mod adds Isra, a cavalier paladin of Sune, to Baldur's Gate 2. A follower of the goddess of love, beauty, and passion, Isra is amiable, optimistic, and courteous almost to a fault. If you met her in Nashkel, you may either continue from where you left off or start anew as strangers. She is playable through to the end of Throne of Bhaal.

Copy the folder **Isra_bg2** and the files **setup-Isra_bg2.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?           [N]o
Install Component 0      [Isra for BGII]?       [I]ninstall
Successfully installed  [Isra for BGII]         Press ENTER to exit

```

14.53 The Undying v2.52 (2)

~SETUP-THEUNDYING.TP2~

The mod includes two NPCs and the quest mod "Desecration of Souls".

1. Callisto T' sarran, a neutral evil elven fighter/berserker with a tragic past and a sadistic present. mod also includes new encounters, new items, stores, dialogs between Callisto and the BioWare NSCs
2. An elven fighter-mage with a rancor against Irenicus, but she does not speak a lot about that. She has some banter with the main character and Imoen, but ignores the other NPCs in most cases. .
3. "Desecration of Souls" provides 4 new shops, new articles and encounters.

NOTE: *This mod must be installed in two steps! The components "Smarter Enemies" and "Harder Enemies" are overwriting files instead of patching them and thus must be installed before BG2 Fixpack.*

The Undying must be installed after Spellpack because it changes SPWI231A in a way that otherwise the Spellpack component Hypnotic Pattern cannot be installed anymore.

Copy the folder **TheUndying** and the files **SETUP-TheUndying.exe** and **SETUP-TheUndying.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      ["The Undying" Mod (Requires Throne of Bhaal)]? [I]ninstall
Install Component 1      [Harder Enemies]?           [N]ot Install
Successfully installed                                         Press ENTER to exit

```

The readme opens.

14.54 Neh'taniel v5.5

~SETUP-NEH'TANIEL.TP2~

Neh'taniel is a long dead follower of Amaunator with amusing background history who is restless since centuries.

This mod must be installed after The Undying and after Beyond the Law.

Copy the folder **Neh'taniel** and the files **Setup-Neh'taniel.exe**, **Setup-Neh'taniel.tp2** and **SK#Uninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?           [N]o
Install Component 0      [Neh'taniel NPC Mod]?           [I]ninstall
Install Component      [Neh'taniel's alternative portraits]? [N]ot Install
1      1] Neh'taniel's portrait, Default edited by Amazor'dra and Sidhe?
2      2] Neh'taniel's portrait, by Rabain?
3      3] Neh'taniel's portrait, by Amazor'dra?
4      4] Neh'taniel's portrait, old default?
5      5] Neh'taniel's portrait, by Lava Del'Vortel?
Successfully installed  [Neh'taniel NPC Mod]

```

Further files get copied, then the readme opens.

Press ENTER to exit

15.

BG2 ONE-DAY NPCS

These mods had been created during only one single day. Thus don't expect too much of them.

15.1 **Alassa NPC v2**
~SETUP-ALASSA.TP2~

An evil female thief.

Copy the folder **alassa** and the files **setup-alassa.exe** and **setup-alassa.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```

Install Component  0      [Alassa NPC]?
Successfully installed  [Alassa NPC]
Further files get copied.
                                [I]ninstall
                                Press ENTER to exit

```

15.2 **Allison NPC v1.8**
~SETUP-ALLISON.TP2~

Allison is a true neutral druid who is extremely friendly and somewhat playful. She'll probably remind you of an overly affectionate Imoen.

Copy the folder **allison** and the file **setup-allison.exe** into your main SoA directory. One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**. Double-click the Setup. The DOS dialogue appears: and the readme opens.

```

Choose your language:
Would you like to display the readme?
Install Component  0      [Allison (One-Day NPC) v1.6]?
Successfully installed  [Allison (One-Day NPC) v1.6]
                                0 [American English]
                                [N]o
                                [I]ninstall
                                Press ENTER to exit

```

15.3 **Anishai v1.5**
~SETUP-ANISHAI.TP2~

The monk from Mae' Vars guild house can join to the group.

Copy the folder **Anishai** and the file **setup-anishai.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component  0      [Anishai one-day NPC]?
Successfully installed  [Anishai one-day NPC]
The readme opens.
                                0 [English]
                                [I]ninstall
                                Press ENTER to exit

```

15.4 **Bons Bruce The Cockney Barfighter v2**
~SETUP-BONSBRUCEV2.TP2~

A chaotic neutral, human barbarian with a new soundset of dubious entertainment value and comprehension. This mod should not be played by anyone with taste or sanity, ever. The rest of you, do have fun.

Copy the folder **BonsBruce** and the files **Setup-BonsBrucev2.exe** and **Setup-BonsBrucev2.tp2** into your main SoA directory.

```

Double-click the Setup. The DOS dialogue appears:
Install Component  0      [Bons's Bruce The Cockney Barfighter - A One-Day NPC - Version 2]?
Successfully installed  [Bons's Bruce The Cockney Barfighter - A One-Day NPC - Version 2]
                                [I]ninstall
                                Press ENTER to exit

```

The readme opens.

15.5 Cassius v1.05

~SETUP-CASSIUS.TP2~

Neutral-good male human skalde, not very talkatively, and if, then only very much broken.

Copy the folder **cassius** and the files **Setup-cassius.exe** and **Setup-cassius.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Cassius NPC Mod (Requires Throne of Bhaal)]?	[I]nstaLL
Successfully installed		[Cassius NPC Mod (Requires Throne of Bhaal)]	Press ENTER to exit

The readme opens.

15.6 Ghareth v0.91

~SETUP-GHARETH.TP2~

A male human fighter / magician who can join to the party.

Install the file **GharethNPC.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **Ghareth** and the files **Setup-Ghareth.exe**, **Setup-Ghareth.tp2** and **gharethaudiouninstall.bat** as well as a file **SETUP-GHARETH.DEBUG** in that dummy folder. Move them except the **SETUP-GHARETH.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Ghareth NPC (Requires Throne of Bhaal)]?	[I]nstaLL
Successfully installed		[Ghareth NPC (Requires Throne of Bhaal)]	Press ENTER to exit

The readme opens.

15.7 Hessa v1.1

~SETUP-HESSANPC.TP2~

A neutral-evil half elf-thief with a quest, a new area and different banTERS.

Copy the folder **hessa** and the files **Setup-Hessa.exe**, **Setup-Hessa.tp2**, **HessaTisAudioUninstall.bat** and **HessaReadMe.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Hessa NPC Mod (Requires Throne of Bhaal)]?	[I]nstaLL
Successfully installed		[Hessa NPC Mod (Requires Throne of Bhaal)]	Press ENTER to exit

Es werden weitere Dateien kopiert. Dann öffnet sich die Read Me

15.8 Jason Comptons Bruce The Cockney Barfighter

~SETUP-JCBRUCE.TP2~

A pretty straight barbarian with some not so serious banTERS with Aerie, Nalia and a female main character.

Copy the folder **jcbruce** and the files **Setup-JCBruce.exe**, **Setup-JCBruce.tp2** and **jcbruceaudiouninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Compton's Bruce The Cockney Barfighter]?	[I]nstaLL
Successfully installed		[Compton's Bruce The Cockney Barfighter]	Press ENTER to exit

The readme opens.

15.9 Wikaede v3.4

~SETUP-WIKAEDE.TP2~

Sir Wikaede is a male human Priest of Helm. He can be found in the Temple of Helm in Athkatla's Temple District. He

has one banter with every Bioware NPC, and interjections at the Tree of Life, Hell and Final Irenicus Battle.

Copy the folder **Wikaede** and the files **Setup-Wikaede.exe**, **Setup-Wikaede.tp2** and **Setup-WikaedeAudioUninstall.bat** into your main SoA directory.

The **B&G World Fixpack** makes an update to v4.1.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Wikaede Revisited v4.1 by Moongaze]?      [I]ninstall
Successfully installed [Wikaede Revisited v4.1 by Moongaze]      Press ENTER to exit
```

The readme opens.

15.10 Willie Bruce v3.1

~SETUP-WILLYB.TP2~

He is rude, drunk, sexist, and racist.

Copy the folder **WillyB** and the files **Setup-WilliB.exe**, **Setup-WilliB.tp2** and **Setup-WilliBAudioUninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Install Component 0      [Willie Bruce (BG2:SoA & TOB NPC) created by nethrin]?      [I]ninstall
Successfully installed [Willie Bruce (BG2:SoA & TOB NPC) created by nethrin]      Press ENTER to exit
```

Further files get copied, then the readme opens in html-format.

15.11 Moddie v1.2

~SETUP-FOXMONSTER.TP2~

Moddie is a female fox that banter with 12 BioWare's NPCs. She is found behind the jailkeep golem in the first level of Irenicus's dungeon.

Copy the folder **FoxMonster** and the files **Setup-FoxMonster.exe**, **Setup-FoxMonster.tp2** and **Moddie-ReadMe.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Moddie, "the fox monster in your backpack"?      [I]ninstall
Successfully installed [Moddie, "the fox monster in your backpack"]      Press ENTER to exit
```

Further files get copied, then the readme opens.

15.12 Vildra v1.1

~SETUP-VILDRA.TP2~

A One-Day NPC with a few banter.

Copy the folder **Vildra** and the files **Setup-Vildra.exe** and **Setup-Vildra.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Vildra for BG2:SoA]?      [I]ninstall
Successfully installed [Vildra for BG2:SoA]      Press ENTER to exit
```

The readme opens.

15.13 Jandor v2

~SETUP-JANDOR.TP2~

Jandor will be waiting for you in the Shadow Thief Guild. He has nearly no dialogue.

Copy the folder **Jandor** and the files **Setup-Jandor.tp2** and **Setup-Jandor.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Install Component 0      [JandorNPC-WeiDU]?      [I]ninstall
Successfully installed [JandorNPC-WeiDU]      Press ENTER to exit
```

The readme opens.

15.14 Eldoth v1.10

~SETUP-ELDOTH.TP2~

Eldoth for BG2 is a very simple mod with no witty dialogs.

This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **eldoth** and the files **Setup-Eldoth.exe** and **Setup-Eldoth.tp2** into your main SoA directory, but not the Setup-Eldoth.exe.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Eldoth - The reunion]?	[I]nstaLL
Successfully installed	[Eldoth - The reunion]	Press ENTER to exit

15.15 Roar v1.11

~ROAR/SETUP-ROAR.TP2~

Roar is a monk who does not speak. He is to be found in the Umar Hills.

Copy the folder **roar** and the files **Setup-Roar.exe** and **Setup-Roar.tp2** into your main SoA directory, but not the Setup-Roar.exe.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Roar - a taciturn monk]?	[I]nstaLL
Successfully installed	[Roar - a taciturn monk]	Press ENTER to exit

15.16 Teddy 1.12

~TEDDY/SETUP-TEDDY.TP2~

Teddy is a half-orc barbarian. One can meet him nearby the d'Arnise keep and travel with him. No more is not realized.

Copy the folder **teddy** and the files **Setup-Teddy.exe** and **Setup-Teddy.tp2** into your main SoA directory, but not the Setup-Teddy.exe.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Teddy - a half orkisch barbarian]?	[I]nstaLL
Successfully installed	[Teddy - a half orkisch barbarian]	Press ENTER to exit

16.

BG2 NPC RELATED MODS

These mods do not insert new NPCs, but enlarge the existing BioWare NPCs with new interesting dialogues, romances and tasks.

16.1 Cloakwood Squares v4

~SETUP-CWS.TP2~

A performance of the street theater in Athkatla in which nine BG2 NPCs present a spiritual competition.

This is a fun-mod, that some players find not suitable. You can, however, include this mod without worries into the B.G World Version.

Install the file Cloakwood_V4.exe into any dummy folder but by no means into your main directory! Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder CWS and the files Setup-Cws.exe and Setup-Cws.tp2 as well as a file SETUP-CWS.DEBUG in that dummy folder. Move them except the SETUP-CWS.DEBUG into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Cloakwood Squares -- The Mod v4]? [I]ninstall
Successfully installed [Cloakwood Squares -- The Mod v4] Press ENTER to exit

16.2 The Jerry Zinger Show v4

~JZ/SETUP-JZ.TP2~

The show of Jerry Zinger offers depending on the combination of your party nine different performances.

The mod only starts if your party is gathered.

This is a fun-Mod, that some players find not suitable. You can, however, insert this mod without worries into the B.G World Version.

Double-click the Setup JZ-v1 in your main SoA directory.

The window „The Jerry Zinger Show Setup“ opens. Press Yes and then in the next window Install as well as afterwards Close. This installs the folder JZ and the file Setup-JZ.exe. It opens to itself a window with the text "Press any key to install The Jerry Zinger Show..."

The DOS dialogue appears:

Choose your language: 0 [English]
Install Component 0 [The Jerry Zinger Show]? [I]ninstall
Install Component 1 [Remove Delay Between Episode]? [N]ot Install

If you press here on [I]ninstall, you need not always wait one day between the single performances.

Successfully installed [The Jerry Zinger Show] Press ENTER to exit

Further files get copied, then the readme opens.

16.3 Arnel's Nalia Romance v1.06

~SETUP-LUVNALIA.TP2~

Contains a complete romance with Nalia, including the tree of life dialogs, beloved one in danger, Nalia's abduction by bodhi, and other love related quests. It also adds some new quests and character interactions. I strongly recommend having Minsc in the party.

The mod hangs after the wedding because of faulty programming. However, this also happens if one only plays the mod without BGT. See here for further info:

http://forums.spellholdstudios.net/index.php?s=f49e5866d489ef8927f9f1de89fba87f&showtopic=24467

We don't know what happens if also de'Arnise is installed, but common sense suggests that at the very least, installing two dedicated PC/Nalia romances would be a poor idea. However, the mod can be installed together with Auren Aseph.

Copy the folder **LuvNalia** and the files **Setup-LuvNalia.exe** and **Setup-LuvNalia.tp2** into your main SoA directory. One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**. Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Install WeiDU Version of Arnel's Nalia Romance 1.06]?
Successfully installed [Install WeiDU Version of Arnel's Nalia Romance 1.06]

```

Further files get copied, then the readme opens.

[I]ninstall
Press ENTER to exit

16.4 de'Arnise Romance v4

~DEARNISE/SETUP-DEARNISE.TP2~

The mod adds a romantic relationship between Nalia and a male player character who is human, elven, half-elven, or dwarven, of any character class and alignment.

We don't know what happens if also LuvNalia is installed, but common sense suggests that at the very least, installing two dedicated PC/Nalia romances would be a poor idea. However, the mod can be installed together with Auren Aseph.

Install the file **dearniseV3.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup **deArnise** and the file **setup-deArnise.exe** as well as a file **SETUP-DEARNISE.DEBUG** in that dummy folder. Move them except the **SETUP-DEARNISE.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [de'Arnise Romance for Baldur's Gate II, v2]?
Successfully installed [de'Arnise Romance for Baldur's Gate II, v2]

```

The readme opens.

[I]ninstall
Press ENTER to exit

16.5 Chloe v1.5

~CHLOE/CHLOE.TP2~

A female kensai demigoddess NPC with an optional romance for a female PC or Imoen if she is in the party. Yes, Chloe is a lesbian romances mod.

Because of interjections this mod must be installed after Arnel's Nalia Romance and after Tashia.

Copy the folder **Chloe** and the file **Setup-Chloe.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component 0      [Chloe NPC mod v1.3]?
Successfully installed [Chloe NPC mod v1.3]

```

Further files get copied, then the Installer ends suddenly.

0 [English]
[I]ninstall
Press ENTER to exit

16.6 Banter Packs v14

~SETUP-BANTERPACK.TP2~

Adds dozens of new dialogs to all BioWare NPCs. Encloses, in addition, new inventions from January Jansen and dialogs with Lilarcor the speaking sword. (for SoA + ToB).

Copy the folder **banterpack** and the files **Setup-banterpack.exe**, **setup-banterpack.tp2** and **BANTER-README** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component 0      [Pocket Plane Banter Pack for BG2: Shadows of Amn]
Install Component 1      [Install SOA Banter Accelerator script? (Increases the frequency of interparty banter)]

```

0 [English]
[I]ninstall
[N]ot Install

16. BG2 NPC-RELATED MODS

The Banter accelerator for SoA can be already installed with BG1NPC.

Install Component 2 [Pocket Plane Banter Pack for BG2: Throne of Bhaal] [I]ninstall
Install Component 3 [Install TOB Banter Accelerator script? (Increases the frequency of interparty banter)] [I]ninstall

This component is needed because as well the SoA Banter Accelerator from this mod as from BG1NPC only work for BG1 and SoA.

Successfully installed Press ENTER to exit
The readme opens.

16.7 IEP Extended Banter v4.2 - bg2ee

~IEPBANTERS/SETUP-IEPBANTERS.TP2~

Adds numerous banter between the Bioware NPCs, humorous, serious or otherwise.

Install this mod after Banter Pack. It is fully compatible with BGT. It was created to complement Banter Pack, so you should install both of them for the maximum banter experience.

Copy the folder **iepbanters** and the file **setup-iepbanters.exe** into your main SoA directory

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English] [N]o
Would you like to display the readme? [I]ninstall
Install Component 0 [Extended NPC-NPC Interaction SoA] [I]ninstall
Install Component 1 [Extended Minsc/Aerie Interaction ToB] [I]ninstall
Install Component 2 [Imoen "Retrospection" dialogue for BGII: ToB] [I]ninstall
Install Component 3 [Wake-Up dialogue for Anomen Romance (By David Gaider with additions from Kulyok)] [I]ninstall
Install Component 4 [NPC Conflict Revisions] [I]ninstall
Install Component 5 [Restored Aerie/Jaheira/Anomen interjection in Underdark] [I]ninstall
Install Component [Install Banter Accelerator? How much time would you like in between NPC banter in-game?] [N]o
6 1] 10 Minutes
7 2] 15 Minutes
8 3] 20 Minutes
9 4] 30 Minutes
10 5] 45 Minutes
11 6] 60 Minutes

If you have already installed a banter accelerator, you may install by no means this component additionally. You would ruin the whole installation!

Successfully installed Press ENTER to exit

16.8 Viconia Friendship v3.3 - bg2ee

~VICONIA/SETUP-VICONIA.TP2~

This mod adds a series of dialogues with Viconia and attempts to give someone who isn't interested in a romantic relationship something to bite into. This mod is meant as extension to the IEP Extended Banters.

Copy the folder **viconia** and the file **setup-viconia.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
Install Component 0 [Viconia Friendship]? [I]ninstall
Successfully installed [Viconia Friendship] Press ENTER to exit

The readme opens.

16.9 Mazzy Friendship v2.2 - bg2ee

~MAZZY/SETUP-MAZZY.TP2~

This mod adds a series of dialogues with Mazzy, in which you can discover more about the valiant halfling. Mazzy is not the most talkative woman in the world, but she definitely has her opinions, and will voice them if she feels it appropriate - similarly if she has questions she will not be afraid to ask. This mod is meant as extension to the IEP Extended Banters.

Copy the folder **mazzy** and the file **setup-mazzy.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Mazzy Friendship]?	[I]ninstall
Successfully installed		[Mazzy Friendship]	Press ENTER to exit

16.10 Yoshimo Friendship v3.1 - bg2ee

~YOSHIMO/YOSHIMO.TP2~

This mod adds a series of dialogues with Yoshimo and expands on the humorous rogue, adding to his story a new perspective on the character. This mod is meant as extension to the IEP Extended Banter.

Copy the folder **yoshimo** and the file **setup-yoshimo.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Yoshimo Friendship]?	[I]ninstall
Successfully installed		[Yoshimo Friendship]	Press ENTER to exit

16.11 Keeping Yoshimo v0.96

~7C-YOSHI/7C-YOSHI.TP2~

This mod makes it possible to keep Yoshimo in the party after spellhold and he can be imported into ToB. He has a couple of fairly lengthy dialogues with the PC.

This mod is conceptual not compatible with the mods Yoshimo Friendship, Keto and Tortured Souls. Also it is not compatible with Banter Packs and with the "Sarevok's Remorse" component of Unfinished Business for BGII. The Quest Pack component "Saving Sanik In Brynnlaw" is incompatible if the party chooses to save Sanik.

Copy the folder **#!Yoshi** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-#!Yoshi.exe**.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Keep Yoshimo After Spellhold]?	[I]ninstall
Install Component	1	[Make Yoshimo Chaotic Good]?	[N]ot Install
Successfully installed		[Keep Yoshimo After Spellhold]	Press ENTER to exit

16.12 Yoshimo Romance v3

~YOSHIMOROMANCE/YOSHIMOROMANCE.TP2~

This mod makes Yoshimo, an infamous bounty hunter from original BG2 game, romanceable. The mod includes additional talks dependend on TotDG, Innershade, ToD, Assassinations. Romance requirements: human/elven/half-elven/tiefling female with charisma 13 or higher.

Mod is incompatible with Keeping Yoshimo, however it is compatible with Yoshimo Friendship and Tortured Souls. Mod includes additional content for Tales of the Deep Gardens, Innershade, Tower Of Deception, Assassinations.

Copy the folder **YoshimoRomance** and the file **Setup-YoshimoRomance.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Yoshimo Romance - additional romance for original BG2 non-player character]?	[I]ninstall
Install Component	1	[Yoshimo additional talks for SoA. May be installed without or with romance (OPTIONAL)]?	[I]ninstall
Install Component		[Adjusted portrait for Yoshimo]?	[N]ot Install
	2	1) Adjusted portrait for Yoshimo	
	3	2) New portrait by MiLeah	
Install Component	4	[Yoshimo Romance - ToB part (OPTIONAL)]?	[I]ninstall
Successfully installed			Press ENTER to exit

16.13 Edwin Romance v2b2

~SETUP-EDWINROMANCE.TP2~

Allows the player to carry out a romantic relationship with Edwin Odesseiron, that insulting Thayvian wizard wearing red. This version includes the previously separate parts ToB and Flirts.

Copy the folder **edwin** and the files **Setup-EdwinRomance.exe** and **Setup-EdwinRomance.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [American English]
Install Component 0	[Edwin Romance]?	[I]nstaLL
Install Component 1	[Restore Edwin's BG1 portrait]?	[N]ot Install
Install Component 2	[Edwin Flirts]?	[I]nstaLL
Install Component 3	[New ending for Viconia Romance by Laufey]?	[I]nstaLL
Successfully installed		Press ENTER to exit

The readme opens.

16.14 **Tsujatha v15**

~TSUJATHA/SETUP-TSUJATHA.TP2~

A joinable male elven necromancer NPC with optional romance for female PCs.

Tsujatha contains the patch to keep Edwin in the party at high reputation if you are romancing him. Edwin, however, does NOT contain this file for Tsujatha. If you wish to install both mods, please install Edwin BEFORE Tsujatha.

Copy the folder **Tsujatha** and the file **Setup-Tsujatha.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Tsujatha (BG2:SoA NPC) created by Sillara of the Tamari]	[I]nstaLL
Successfully installed	[Tsujatha (BG2:SoA NPC) created by Sillara of the Tamari]	Press ENTER to exit

Further files get copied, then the readme opens in html-format.

16.15 **Imoen Friendship v2.2 - bg2ee**

~IMOENFRIENDSHIP/IMOENFRIENDSHIP.TP2~

This mod adds a series of dialogues with Imoen, the PC's sister, expanding on her experiences and struggles.

This mod is conceptual not compatible with Imoen Romance v1, however with v2 it is.

Copy the folder **imoenfriendship** and the file **setup-imoenfriendship.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Imoen Friendship for SoA]?	[I]nstaLL
Successfully installed	[Imoen Friendship for SoA]	Press ENTER to exit

16.16 **Imoen Romance v1.202**

~IMOEN.TP2~

This mod adds a huge number of new dialogs for Imoen in Shadows of Amn.

This mod is conceptual not compatible with Imoen Friendship.

The NeJ2 component "Continuous and Custom Kit Imoen" will break the Imoen Romance.

Copy the folder **ImoenRom** and the files **Setup-Imoen.exe**, **Imoen.tp2** and **README - Imoen Romance** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[,Imoen Romance Add-on Mod BG2:SoA v1.201]?	[I]nstaLL

16. BG2 NPC-RELATED MODS

Successfully installed [Imoen Romance Add-on Mod BG2:SoA v1.201'] Press ENTER to exit
Other files are copied.

16.17 Imoen Romance v2.4 ~IMOENROMANCE.TP2~

This mod adds a huge number of new dialogs for Imoen in Shadows of Amn.

As of v2 this mod is compatible with Imoen Friendship if installed after.
The NeJ2 component "Continuous and Custom Kit Imoen" will break the Imoen Romance.
This version is not compatible with BGT and sometimes overwrites files from other mods.

Copy the folder **imoenRomance** and the file **setup-imoenRomance.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme? [N]o
Install Component 0 [Imoen NPC Romance Mod for BG2:SoA (2.2 Version!)]? [I]nstaLL
Install Component [Romance Option]?
1 1] Allow Multiple Romance's [1]
2 2] Don't Allow multiple Romance (Only valid for Vanilla romances)
Successfully installed [Imoen NPC Romance Mod for BG2:SoA (2.2 Version!)] Press ENTER to exit
Other files are copied.
```

16.18 Alcool v0.11 ~ALCOOL/ALCOOL.TP2~

This mod adds interactions between the BioWare NPCs at the end of chapter 3 such as comments to the choice of the tavern.

Copy the folder **Alcool** and the files **setup-alcool.exe** and **setup-alcool.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 1 [English]
Install Component 0 [A Night out in the Taverns]? [I]nstaLL
Successfully installed [A Night out in the Taverns] Press ENTER to exit
The readme opens.
```

16.19 Jan's Extended Quest v1.44 ~JANQUEST/SETUP-JANQUEST.TP2~

You want to know how the story between thief illusionist, his former girlfriend and Vaelag, her violent husband, ends? This extension offers a continuation of this original quest in the form of two very short missions filled with typical dialogues and unexpected meetings with new supporting characters. Additionally, the mod aims to cast a new light on some of the most influential organizations of the city.

Copy the folder **JanQuest** and the file **setup-JanQuest.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 1 [English]
Install Component 0 [Jan's Extended Quest]? [I]nstaLL
Successfully installed [Jan's Extended Quest] Press ENTER to exit
```

16.20 Korgan's Redemption v8 ~KORGAN/SETUP-KORGAN.TP2~

The mod provides the possibility of redeeming Korgan if you have Mazzy in your party.

Copy the folder **Korgan** and the file **setup-Korgan.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 1 [English]
Install Component 0 [Korgan's Redemption]? [I]nstaLL
```

Successfully installed [Korgan's Redemption]

Press ENTER to exit

16.21 Coran for Baldur's Gate II v4 ~CORAN/SETUP-CORAN.TP2~

This mod adds Coran, a great archer and an infamous womanizer in BG1, as a fully developed NPC to BG2. He can be found in the Gate district of Athkatla, near the entrance. In ToB, Coran can also be summoned from the Pocket Plane Fate Spirit. Coran has a full friendship path with the PC, player-initiated dialogue and a number of banter with all Bioware NPCs.

This mod is technically neither compatible with the Bioware BG2 Coran nor with the Coran of Tortured Souls nor with Khalid for BGII.

This mod is technically not compatible with the Coran and Safana Romance component from BG1NPCSoA because you would have the NPC twice.

Install the file **Coran_v2.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **Coran** and the file **setup-Coran.exe** as well as a file **SETUP-CORAN.DEBUG** in that dummy folder. Move them except the **SETUP-CORAN.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                 [N]o
Install Component  0   [Coran NPC MOD for Baldur's Gate II]?  [I]ninstall
Install Component  1   [Delete old Coran from the Forest of Tethyr (RECOMMENDED)]?  [I]ninstall
```

This will also make the Romantic Encounter with Coran (from the Romantic Encounters mod) unavailable. But this is better than having two Corans in the game at once.

```
Successfully installed   [Coran NPC MOD for Baldur's Gate II]           Press ENTER to exit
```

16.22 Khalid for BG II v2.2 ~KHALID/KHALID.TP2~

The mod restores Khalid, Jaheira's husband, whom we know from Baldur's Gate I

The following mods feature allusions to Khalid's death, thus they are contentswise not compatible with Khalid:

Kivan of Shilmista (Kivan & Deheriana Companions)
Xan by Kulyok
Coran by Kulyok
IEP Banter Pack (Jaheira's banter with Viconia & Minsc)
Kitanya
Imoen Romance

Copy the folder **Khalid** and the file **setup-Khalid.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
What should be done with all components that are NOT YET installed?  [A]sk about each one?
Install Component  0   [Khalid]?                               [I]ninstall
Choose Khalid's class:
[1] Fighter
[2] Fighter/Mage
Choose 1 or 2 and press ENTER.
Install Component  [Classes for Khalid and Jaheira]?
1   1) Khalid i Jaheira have their original classes             [1]
2   2) Khalid has the Harper Fighter kit, Jaheira is unchanged
3   3) Khalid has the Harper Fighter kit, Jaheira the Harper Druid kit
4   4) Khalid is unchanged, Jaheira has the Harper Druid kit
Install Component  5   [Install PID for Khalid and Jaheira]?    [I]ninstall
Install Component  [Alternative portraits for Khalid]?          [N]ot Install
6   1) Kirara's portrait for Khalid - with the helmets
7   2) Kirara's portrait for Khalid - without the helmet, red hair
8   3) Trista's edit of Jaheira's portrait from BG2
9   4) Lava's edit of Jaheira's portrait from BG1 (NPC SPA mod)
```

16.23 The One Drizzt v1.41

~THEONEDRIZZT/SETUP-THEONEDRIZZT.TP2~

This mod adjusts Drizzt from Drizztsaga and Region of Terror. Now, you can travel with Drizzt from BG1 to BG2 and keep Drizzt's level and inventory.

Both Drizztsaga and ROT must be installed before.

This mod messes with The BG1 NPC Project Dynaheir quest.

Copy the folder **THEONEDRIZZT** and the file **SETUP-THEONEDRIZZT.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                1 [English]
Install Component  0      [THEONEDRIZZT: Drizzt in Drizztsaga and in Region of Terror combined into one]?[I]nsta

```

16.24 LaValygar v4.0

~LAVALYGAR/LAVALYGAR.TP2~

This rather small mod adds some dialogues for Valygar Corthala.

Copy the folder **LaValygar** and the file **setup-LaValygar.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
Install Component  0      [LaValygar - new talks with Valygar Corthala]?[I]nsta
Install Component  1      [LaValygar - recoloured portrait]?[N]ot Install
Successfully installed                               Press ENTER to exit
```

16.25 Yeslick v1.1

~YESLICKNPC/YESLICKNPC.TP2~

This mod brings the dwarf Yeslick from Baldur's Gate to BGII with an extensive variety of banter throughout the game. You will meet Yeslick in Vyatri's Pub in Trademeet.

This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **yeslicknpc** and the file **setup-yeslicknpc.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
Install Component  0      [Yeslick NPC for BGII: SoA]?[I]nsta
Successfully installed  [Yeslick NPC for BGII: SoA] Press ENTER to exit
```

16.26 Sarevok Friendship v1.2 - bg2ee

~SAREVOKFRIENDSHIP/SAREVOKFRIENDSHIP.TP2~

This mod adds a series of dialogues with Sarevok

Sarevok friendship is compatible with Sarevok Romance.

Copy the folder **sarevokfriendship** and the file **setup-sarevokfriendship.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
Install Component  0      [Sarevok Friendship for BGII: ToB]?[I]nsta

17.

MORE BG2 NPC MODS

Some of these mods have little content. You can, however, insert each of these mods without worries into your **B&G World**, if you want to expand the game with other NPCs.

17.1 **Fonick CliffHistory v2**

~CLIFFHISTORY/SETUP-CLIFFHISTORY.TP2~

Talk to the receptionist in Five Flagons Playhouse; you meet the bard Fonick which makes notes about his trips with the HC.

This mod does not work together with the "Multiple Strongholds" component from "BG2TweakPack", "Make the bard stronghold available to all classes" from Multistronghold or if the MC is a bard.

Copy the folder **CliffHistory** and the file **setup-cliffhistory.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Cliffette's 'History' BWI contest entry]?	[I]nsta
Successfully installed		[Cliffette's 'History' BWI contest entry]	Press ENTER to exit

17.2 **Chiara v1.02mB 163**

~SETUP-CHIARA.TP2~

GERMAN

Chiara is a fighter with some special traits. If you help her, she can be an extraordinary enrichment for the group. If you fail her, she becomes an unpredictable enemy! You find her in the canalization under the temple quarter. (for SoA + ToB)

Copy the folder **chiara** and the files **Setup-Chiara.exe**, **Setup-Chiara.tp2**, **chiadel.bat** and **chiaextr.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Chiara - Ein Charakter aus dem Rosenranken.Forum]?	[I]nsta
Successfully installed		[Chiara - Ein Charakter aus dem Rosenranken.Forum]	Press ENTER to exit

Further files get copied, then the readme opens in html-format.

17.3 **Octavians Drizzt v2Beta3**

~SETUP-DKDRIZZT.TP2~

With this mod you can take Drizzt Do'Urden into your group, when you leave the unterdark and go again into the town. You can summon the magic cat Guenhwyvar with "K" which attacks enemies then automatically.

Not together with with RoT because this mod adds likewise Drizzt and both are contentwise not compatible. The component with the Artemis Entreri-encounter of Unfinished business is compatible with this Drizzt-Mod. If Valen is in the party, it is actually not possible to take in Drizzt, because he becomes hostile immediately.

Copy the folder **DKDrizzt** and the files **Setup-DKDrizzt.exe** and **Setup-DKDrizzt.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Install Component	0	[Drizzt Do'Urden]?	[I]nsta
Successfully installed		[Drizzt Do'Urden]	Press ENTER to exit

The readme opens.

17.4 **Elvanshalee v1.1**

~SETUP-ELVAN-ALL.TP2~

GERMAN

You can find the chaotic-good drow cleric of the goddess Elistraee in the government quarter. As a special weapon she owns a sword that, however, only from Elistraee priests can be used.

Elvanshalee has the bad habit to remain sometime every few seconds and to repeat the same dialogue. Besides the Mod contains still some bugs.

Copy the folder **S#ElvanA** and the files **Setup-Elvan-all.exe** and **Setup-Elvan-all.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Elvanshalee für SoA oder ToB Pic von Kay Allen]?      [I]ninstall
Install Component 1      [Elvanshalee für Knight Kits Pic von Kay Allen]?        [I]ninstall
Successfully installed
                                                                Press ENTER to exit
    
```

17.5 Goo the Disembodied Floating Eyeball v6.0

~SETUP-GOO.TP2~

Gozaloth (Goo to his friends) is a disembodied floating eyeball with breath which can daze a yak. He can be found in the planar sphere.

Install the file **Goo_V6.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **Goo** and the files **Setup-Goo.exe** and **Setup-Goo.tp2** as well as a file **SETUP-GOO.DEBUG** in that dummy folder. Move them except the **SETUP-GOO.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                          0 [English]
Install Component 0      [Goo the Disembodied Floating Eyeball]?  [I]ninstall
Successfully installed    [Goo the Disembodied Floating Eyeball]      Press ENTER to exit
    
```

It appears an error message that the file Goo\ReadMe.txt could not be found. This one exists, but is only named differently.

17.6 Horace v1.72

~SETUP-HORACE.TP2~

Skeleton NPC with its own kit.

Copy the folder **Horace** and the files **Setup-Horace.exe** and **Setup-Horace.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                          0 [English]
Install Component 0      [Horace - BGII]?                          [I]ninstall
Install Component 1      [Bone Collector]?                        [I]ninstall
Successfully installed
                                                                Press ENTER to exit
    
```

The readme opens.

17.7 Kari v1.3b

~SETUP-KARI.TP2~

Kari is an anthropomorphic wolf NPC, a mix between human and wolf, that can be found in the Druid Grove.

This is a rebuild of a very old NPC that never advanced past v1.3beta.

Copy the folder **Kari** and the files **Setup-Kari.exe** and **Setup-Kari.tp2** into your main SoA directory.

The **B&G World Fixpack** carries out an update to v1.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Moongaze's Kari v1]?      [I]ninstall
Successfully installed    [Moongaze's Kari v1]        Press ENTER to exit
    
```

17.8 Malthis v2

~SETUP-MALTHIS.TP2~

GERMAN

You meet Malthis close to Cromwells house in Atkatla. Only during the game you will get to know the true abilities of the sabre-rattler. Many of his qualities, even his disposition, depend on your action.

Copy the folder **Malthis** and the files **Setup-Malthis.exe**, **Setup-Malthis.tp2**, **maltdel.bat** and **malt-extr.bat** from the folder Malt_ServiceVersion_1 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Malthis, der Säbelrassler!]?      [I]ninstall
Successfully installed  [Malthis, der Säbelrassler!]  Press ENTER to exit
Press any key . . .
```

Further files get copied, then the readme opens in html-format.

17.9 Shar-Teel v1.0b

~SETUP-SHARTEEL.TP2~

GERMAN

Brings the chaotic-evil fighter Shar-Teel from BG1 to BG2-SoA.

Don't install it together with TDD or the NEJ2 component "Firewalker" Shar-Teel (custom kit and continuous character), because these mods also add Shar-Teel and these are contentwise or technically not compatible.

This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **shartel** and the files **Setup-shartel.exe** and **Setup-shartel.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Shar-Teel für Baldur's Gate II]?      [I]ninstall
Install Component 1      [Shar-Teels neue Portraits mit den alten ersetzen]?  [I]ninstall
Successfully installed
```

Press ENTER to exit

The readme opens.

17.10 Summon Bhaalspawn v3

~SBS.TP2~

The Mod adds an additional NPC named Sandra in a very interesting way with some very interesting dialogs which could come by certain circumstances to a surprise for Imoen. To start this game, talk to the thief in the docks district. *In the folder ... \SBS\store must be the file .DS_Store, otherwise the mod cannot be installed!*

Copy the folder **SBS** and the files **Setup-SBS.exe** and **SBS.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
What should be done with all components that are NOT YET installed?      [A]sk about each one
Install Component 0      [Summon Bhaalspawn]?      [I]ninstall
Install Component 1      [Install Skie Portrait (Original Mod Portrait)]?      [I]ninstall
Install Component 2      [Install Edited Skie Portrait by Plasmocat]?      [N]ot Install
Install Component 3      [Install Redheaded Paladin Portrait (Author Unknown)]?      [N]ot Install
Install Component 4      [Install Salma Hayek Portrait from the Portrait Portal]?      [N]ot Install
Install Component 5      [Install BGEP Sandra Portrait by Xenobia]?      [N]ot Install
Successfully installed
```

Press ENTER to exit

The readme opens.

17.11 Vanim v1.4

~SETUP-VANIM.TP2~

An evil assassin NPC.

Copy the folder **vanim** and the files **Setup-Vanim.exe** and **Setup-Vanim.tp2** into your main SoA directory, but not the Setup-Vanim.exe.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      1 [English]
Install Component 0      [A new NPC: Vanim, a notorious assassin]?      [I]ninstall
Successfully installed  [A new NPC: Vanim, a notorious assassin]?      Press ENTER to exit
```

17.12 Biddekelorak v1
~SETUP-BIDDE.TP2~

You find the old dwarven cleric of Lathander in the temple district.

Copy the folder **BIDDE** and the files **Setup-BIDDE.exe**, **Setup-BIDDE.tp2** and **Setup-BiddeAudioUninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Biddekelorak v1 (BG2:SoA & TOB NPC) created by nethrin]?	[!]install
Successfully installed		[Biddekelorak v1 (BG2:SoA & TOB NPC) created by nethrin]	Press ENTER to exit

Further files get copied.

17.13 Azure NPC BETA v3
~AZURE/AZURE.TP2~

The druid Azure and her guardian wolf, Sharo, is to be found in the druid shrine.

The mod stutters now and then. The wolf does not appear in mod areas at all, or the game may crash.

Copy the folder **Azure** and the file **Setup-Azure.exe** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Nature's Ally Druid kit (Required for NPC Azure)]?	[!]install
Install Component	1	[Azure NPC]?	[!]install
Successfully installed		[Azure NPC]	Press ENTER to exit

This mod adds the Nature's Ally kit to the character creation screen. This kit is not selectable for all races. There could be an incompatibility with the Divine Remix kits.

17.14 Frennedan v1.0.3
~SETUP-FRENNEDAN.TP2~

GERMAN

The doppelganger Frennedan from Irenicus' dungeon becomes a recruitable NPC.

Copy the folder **frenmod** and the files **Setup-frennedan.exe** and **Setup-frennedan.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Frennedan-Mod für Baldur's Gate II]?	[!]install
Successfully installed		[Frennedan-Mod für Baldur's Gate II]	Press ENTER to exit

The readme opens.

17.15 Perils of Branwen v0.9
~SETUP-POB.TP2~

Branwen returns to Athkatla. She's followed you from Baldur's Gate. The neutral good cleric of Tempus can be found in the Bridge District.

This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **POB** and the files **Setup-POB.exe** and **Setup-POB.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[The Perils of Branwen the Cleric]?	[!]install
Successfully installed		[The Perils of Branwen the Cleric]	Press ENTER to exit

17.16 Branwen NPC 1.3
~SETUP-BRANWENNPC.TP2~

This mod adds Branwen (a NPC from the original Baldur's Gate) to the starting dungeon of Baldur's Gate 2 (as if she were traveling with you when Irenicus and his minions ambushed your party). At this point in time, Branwen has a small number of interjections, no quests, and no romance.

Branwen was altered to be a multi-class Fighter-Cleric (in the original BG1, Branwen is a single-class Cleric) Maybe conceptional incompatible with Perils of Branwen. Not together with NeJ2 component "Firewalker" Shar-Teel (custom kit and continuous character), because Shar-Teel from NeJ2 and Branwen from this mod start in the same cage in Irenicus' dungeon. This mod is technically not compatible with BG1NPCSoA because you would have the NPC twice.

Copy the folder **BranwenNPC** and the files **Setup-BranwenNPC.exe** and **Setup-BranwenNPC.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Branwen NPC]?	[I]nstaLL
Successfully installed	[Branwen NPC]	Press ENTER to exit

17.17 Mawgul v2.2

~MAWGULNPC/SETUP-MAWGULNPC.TP2~

He is an True Neutral Elf Wizard / Fighter.

Copy the folder **MawgulNPC** and the files **Setup-MawgulNPC.exe** and **Setup-MawgulNPC.tp2** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 0	[MawgulNPC]?	[I]nstaLL
Successfully installed	[MawgulNPC]	Press ENTER to exit

17.18 Uldar v0.77

~ULDAR/SETUP-ULDAR.TP2~

SPANISH

The halforc-barbarian Uldari can be found in the Copper Coronet

Copy the folder **Uldar** and the file **Setup-uldar.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[ULDAR, el Barbaro Semiorco v0.75]?	[I]nstaLL
Successfully installed	[ULDAR, el Barbaro Semiorco v0.75]	Press ENTER to exit

17.19 Rose v003 OpenBeta

~ROSE/SETUP-ROSE.TP2~

Rose is a young female half-elf bard, that lives both of little thefts and gathering some money singing in the inns. You could meet her at the Burning Wizard Inn in Beregost, "saving" her from a man who accuses her of theft.

The mod is playable through all parts of Baldur's Gate Trilogy and requires BGT.

Copy the folder **rose** and the file **Setup-rose.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Rose NPC for BG:T]?	[I]nstaLL
Successfully installed	[Rose NPC for BG:T]	Press ENTER to exit

17.20 Larsha v0.3

~SETUP-LARSHA.TP2~

POLISH

The Dryad Larsha is to be found at the Windspear Hills. She has several interactions with other characters. This module adds new spells and changes some existing versions as adding their innate capacities. It also adds new items, which may be used only by Larsha.

Copy the folder **Larsha** and the files **Setup-Larsha.exe** and **Setup-Larsha.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Larsha]?      [I]ninstall
Successfully installed [Larsha]      Press ENTER to exit
```

17.21 Raziel

~SETUP-RAZIEL.TP2~

Raziel is a neutral swashbuckler who was imprisoned by Irenicus like the protagonist.

Copy the folder **raziel** and the files **setup-raziel.exe** and **setup-raziel.tp2** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B&G World Fixpack**.

The mod contains no English translation. It will be inserted with the language patch from the **B&G World Textpack**.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      2 [English]
Install Component 0      [Raziel]?      [I]ninstall
Successfully installed [Raziel]      Press ENTER to exit
```

17.22 Quayle ReDone v2.0

~QUAYLE/SETUP-QUAYLE.TP2~

The mod introduces Quayle known from BG1 into SoA and ToB. But the condition is... Aerie's death. Quayle has his own quests, banters with every character from the game, interactions, items.

This mod is technically not compatible with the Gnomes in the City: Quayle & Tiax component from BG1NPCSoA because you would have the NPCs twice.

Copy the folder **Quayle** and the file **Setup-Quayle.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Would you like to display the readme?      [N]o
Install Component 0      [Quayle ReDone for Baldur's Gate 2]?      [I]ninstall
Successfully installed [Quayle ReDone for Baldur's Gate 2]      Press ENTER to exit
```

17.23 Gloran NPC v3 (1)

~SETUP-GLORAN.TP2~

This mod adds the chaotic good dwarf warrior to the game. Gloran can be found right at the gate of the city. Unfortunately the mod was not developed further against its announcement.

Copy the folder **gloran** and the files **setup-gloran.exe** and **setup-gloran.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      1 [English]
Install Component 0      [Przyłaczalny NPC Gloran]?      [I]ninstall
Install Component 1      [Gloran & Virtue]?      [N]ot Install
Successfully installed      Press ENTER to exit
```

17.24 Auden NPC v1.3c

~SETUP-AUDEN.TP2~

This mod includes the monk Auden in the Copper Coronet, tucked away in the opium den.

Copy the folder **Auden** and the files **Setup-Auden.exe**, **Setup-Auden.tp2** and **Auden Readme! v1.3b** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Auden for BG2:SOA]?	[I]ninstall
Successfully installed		[Auden for BG2:SOA]	Press ENTER to exit

17.25 BG1 NPCs for BG2:SoA v9 ~BG1NPCSOA.TP2~

This mod adds the majority of the NPCs from Baldur's Gate 1 into part 2 along with new items, banTERS, quests and areas.

Copy the folder **BG1NPCSoA** and the files **setup-BG1NPCSoA.exe** and **setup-BG1NPCSoA.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English
Would you like to display the components from [SoA NPCs]?			[Y]es
Would you like to display the components from [ToB NPCs]?			[Y]es
Would you like to display the components from [Alternate Portrait Options & Sounds]?			[Y]es
Install Component	0	[BG1 NPCs, Shar-Teel, Yeslick, Garrick, Branwen & Skie]?	[I]ninstall

This component is technically not compatible with the mods: TDD, Eldoth, Shar-Teel, the Shar-Teel components from all versions of NEJ2, Yeslick, Garrick's Infatuation, Garrick - Tales of a Troubadour, Perils of Branwen, Branwen NPC and Skie ReDone because you would have the regarding NPC twice.

Install Component	10	[Coran and Safana Romance]?	[I]ninstall
-------------------	----	-----------------------------	-------------

This component is technically not compatible with Coran NPC for Baldur's Gate II because you would have the NPC twice.

Install Component	20	[Alora]?	[I]ninstall
-------------------	----	----------	-------------

This component is technically not compatible with Alora NPC because you would have the NPC twice.

Install Component	30	[Ajantis]?	[I]ninstall
-------------------	----	------------	-------------

This component is technically not compatible with Ajantis for BG2 because you would have the NPC twice.

Install Component		[Kagain's Korner]?	[N]ot Install
-------------------	--	--------------------	---------------

This component is not compatible with TDD.

	40	1] Store w/crazy amount of magical items	
--	----	--	--

	41	2] Store w/Vanilla Items Only	
--	----	-------------------------------	--

Install Component	50	[Faldorn Makeover]?	[I]ninstall

-------------------	----	----------	-------------

This component is technically not compatible with Kivan and Deheriana Companions for BG2 because you would have the NPC twice.

Install Component	70	[Xzar and Monty Murder Mysteries]?	[N]ot Install
-------------------	----	------------------------------------	---------------

This component is not compatible with TDD.

Install Component	80	[Xan]?	[I]ninstall
-------------------	----	--------	-------------

This component is technically not compatible with Xan NPC for Baldur's Gate II because you would have the NPC twice.

Install Component	90	[Gnomes in the City: Quayle & Tiax]?	[I]ninstall
-------------------	----	--------------------------------------	-------------

This component is technically not compatible with Quayle Project or Tiax NPC because you would have the NPC twice.

Install Component	95	[Dynaheir]?	[I]ninstall
-------------------	----	-------------	-------------

Install Component	100	[Shar-Teel, Yeslick, Garrick, Eldoth, Branwen & Skie: ToB]?	[I]ninstall
-------------------	-----	---	-------------

For this component to work properly, you must have the SoA version of these NPCs installed.

Install Component	110	[Kagain: ToB]?	[I]ninstall
-------------------	-----	----------------	-------------

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component	120	[TiAx & Quayle: ToB]?	[I]ninstall
-------------------	-----	-----------------------	-------------

For this component to work properly, you must have the SoA version of these NPCs installed.

Install Component	130	[Coran & Safana: ToB]?	[I]ninstall
-------------------	-----	------------------------	-------------

For this component to work properly, you must have the SoA version of these NPCs installed.

Install Component	140	[Xzar & Montaron: ToB]?	[I]ninstall
-------------------	-----	-------------------------	-------------

For this component to work properly, you must have the SoA version of these NPCs installed.

Install Component	150	[Alora: ToB]?	[I]ninstall
-------------------	-----	---------------	-------------

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component	160	[Ajantis: ToB]?	[I]ninstall
-------------------	-----	-----------------	-------------

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component 170 [Kivan: ToB]? [I]ninstall

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component 180 [Xan: ToB]? [I]ninstall

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component 190 [Deekin Scalesinger: ToB]? [I]ninstall

For this component to work properly, you must have the SoA version of Shar-Teel, Yeslick, Garrick, Eldoth, Branwen and Skie installed.

Install Component 200 [Faldorn: ToB]? [I]ninstall

For this component to work properly, you must have the SoA version of this NPC installed.

Install Component 201 [NPC Sounds]? [I]ninstall

Install Component 202 [Inter Component Banter Pack]? [I]ninstall

This component adds banter between characters from different components of this mod. All of the above components that add a NPC must be added for it to work correctly.

Successfully installed Press ENTER to exit

17.26 Coondred v1.3

~SETUP-COONDRED.TP2~

Coondred is a furry that was raised by a half-elven druid clan, and is accepted in both human and Furry societies. He will speak of his race and home.

Copy the folder **Coondred** and the files **setup-Coondred.exe** and **setup-Coondred.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Coondred NPC Mod for Baldur's Gate II (ToB required)]? [I]ninstall
 Successfully installed [Coondred NPC Mod for Baldur's Gate II (ToB required)] Press ENTER to exit

18.

MINI-MODS

The following mods mostly add only one single quest to the game.

18.1 Adventures in Papperland v5

~SETUP-AIP.TP2~

This Mod has a few amusing dialogs with 4 musicians named "The Beatles".

Copy the folder **AIP** and the file **Setup-aip.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component  0      [Adventures In Papperland]?
Successfully installed  [Adventures In Papperland]
The readme opens.

```

```

0 [English]
[I]nstaLL
Press ENTER to exit

```

18.2 Shed's Mods v1.03

~SDMODS/SDMODS.TP2~

A collection of different micro-mods. Most are serious, although one or two are playful and are overwound.

Copy the folder **SDMODS** and the file **Setup-SDMODS.exe** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```

Install Component  0      [Shed's Mods]?
Successfully installed  [Shed's Mods]

```

```

[I]nstaLL
Press ENTER to exit

```

The readme opens.

18.3 Turnip Golem v4

~SETUP-TURNIPGOLEM.TP2~

This mod adds a turnip golem to a building in the slums.

Copy the folder **TurnipGolem** and the files **Setup-TurnipGolem.exe** and **Setup-TurnipGolem.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component  0      [Turnip Golem Encounter]?
Successfully installed  [Turnip Golem Encounter]

```

```

[I]nstaLL
Press ENTER to exit

```

18.4 Mordan's Christmas Minimod v1.0.3

~SETUP-MDX.TP2~

A simple however entertaining mod which begins in Mithrest inn in the promenade after chapter 2.

Copy the folder **MDX** and the file **Setup-MDX.tp2** from the folder Mordan's Xmas Mod v1.0.1 into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-MDX.exe**

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component  0      [Xmas Mod v1.0]?
Successfully installed  [Xmas Mod v1.0]

```

```

0 [English]
[I]nstaLL
Press ENTER to exit

```

18.5 The Holy Hand Grenade v1.3

~HF_HHG/SETUP-HF_HHG.TP2~

ESPAÑOL

If you're outside the Underdark and still have the Light Gem, then you'll receive the Holy Hand Grenade of Antioch.

Copy the folder **hf_HHG** and the file **Setup-hf_HHG.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [The Quest for the Holy Hand Grenade?]

Successfully installed [The Quest for the Holy Hand Grenade]

0 [English]

[I]nstaLL

Press ENTER to exit

Further files get copied, then the readme opens.

18.6 Quallo v1.14

~QUALLOFIX/SETUP-QUALLOFIX.TP2~

A small minimod that allows to attain the blood of a true friend in another way.

Copy the folder **quallofix** and the file **Setup-quallofix.exe** into your main SoA directory, but not the Setup-FixQuallo.exe.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Let the cadaver crawler live?]

Successfully installed [Let the cadaver crawler live]

0 [English]

[I]nstaLL

Press ENTER to exit

The readme opens.

18.7 Cal-Culator v1.0.4

~CAL.TP2~

This is a silly little mod that keeps track of what type of creatures you've slain throughout the game. Basically, you summon an Imp named Cal, and through dialogue choices, you can figure out how many elves you've killed, or how many illithids, etc.

The mod is buggy, since it does not indicate the defeated opponents at all.

Copy the folder **cal** and the files **cal.tp2** and **readme-cal.txt** into your main SoA directory, but not the Setup-cal.exe.

Copy the WeiDU-setup and rename it to **Setup-cal.exe**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Install the Cal(culator) mod?]

Successfully installed [Install the Cal(culator) mod?]

0 [American English]

[I]nstaLL

Press ENTER to exit

The readme opens.

18.8 Questor Revised v1

~SETUP-QUESTOR.TP2~

This mod adds a NPC and a monster with a new item.

Copy the folder **Questor** and the files **Setup-Questor.tp2** and **Readme.txt** (rename it first to **Questor_Readme.txt**) into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-Questor.exe**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

Install Component 0 [Questor?]

Successfully installed [Questor]

0 [English]

[I]nstaLL

Press ENTER to exit

18.9 The Slithering Menace (Snakes) v3.4

~SETUP-SNAKES.TP2~

This mod adds a little quest and a new item to ToB.

Copy the folder **SNAKES** and the files **Setup-SNAKES.exe**, **Setup-SNAKES.tp2** and **Readme-SNAKES.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[The Slithering Menace (for BGII:ToB only)]?	[I]nstaLL
Successfully installed	[The Slithering Menace (for BGII:ToB only)]	Press ENTER to exit

18.10 **igi's Facing the Shade Lord again v1**

~CONTEST/SETUP-CONTEST.TP2~

This mod adds a quest to the Umar hills. A village must be saved from the attacks of the shades.

Copy the folder **Contest** and the files **Setup-Contest.exe** and **Readme.htm** (rename it first to **Contest_readme.htm**) from the compressed archiv submission-igi.zip into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Facing the Shade Lord Again]?	[I]nstaLL
Successfully installed	[Facing the Shade Lord Again]	Press ENTER to exit

18.11 **K'aeloree's Facing the Shade Lord again v1**

~SETUP-BWL CONTEST.TP2~

This mod adds a quest to the Umar hills. A new cult has appeared and must be infiltrated.

Copy the folder **BWL Contest** and the files **Setup-BWL Contest.exe**, **Setup-BWL Contest.tp2** and **Story.doc** from the compressed archiv submission-k'aeloree.zip into your main SoA directory.

Rename the files only if they should be installed with setup.bat from Setup-BWL Contest.exe and Setup-BWL Contest.tp2 into Setup-BWL_Contest.exe and Setup-BWL_Contest.tp2 (without space).

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[K'aeloree's BWL Contest Items]?	[I]nstaLL
Successfully installed	[K'aeloree's BWL Contest Items]	Press ENTER to exit

18.12 **Au service d'Oghma v1.6**

~THOGHMA/SETUP-THOGHMA.TP2~

The Mod begins in the temple of Oghma where a new monk suggests to you a small quest in which you can get additional power.

Copy the folder **ThOghma** and the file **Setup-ThOghma.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		2 [English]
Install Component 0	[A Quest in the service of Oghma]?	[I]nstaLL
Successfully installed	[A Quest in the service of Oghma]	Press ENTER to exit

The readme opens.

18.13 **Shards of Ice v5**

~SHARDSOFICE/SETUP-SHARDSOFICE.TP2~

This mod contains both mods made by icelus foer the Iron Modder competition.

Copy the folder **shardsofice** and the file **Setup-ShardsOffice.exe** from the folder **ShardsOffice-v3** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]

18.14 Skooter the NPC v1

~SKOOTERTHENPC/SETUP-SKOOTERTHENPC.TP2~

Skooter is a lovely Australian Silky Terrier who would love nothing more than to have a quick, annoying banter with your PC. **WARNING:** This mod is not for those lacking an odd sense of humor.

Copy the folder **SkooterTheNPC** and the file **setup-SkooterTheNPC.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme? [N]o
Install Component 0 [Skooter The NPC Mod for BG2:SoA (retarded content: not intended for serious people)]? [I]nstaLL
Successfully installed [Skooter The NPC Mod for BG2:SoA (retarded content: not intended for serious people)]
Press ENTER to exit
```

18.15 Lucy the Wyvern v4a

~LUCY/SETUP-LUCY.TP2~

Provides a resolution to the saga of the enigmatic winged creature in Ribald's.

Copy the folder **lucy** and the file **setup-lucy.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme? [N]o

Successfully installed [Lucy the Wyvern]
Press ENTER to exit
```

18.16 Cerberus v1.06

~CERBERUS/SETUP-CERBERUS.TP2~

This mod gives you help from the dog servants of the underworld. The dogs can see traps and detect invisible/hidden doors.

Copy the folder **Cerberus** and the files **setup-cerberus.exe** and **setup-cerberus.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0 [The Cerberus mod for BG2:SoA, version 0.99]? [I]nstaLL
Successfully installed [The Cerberus mod for BG2:SoA, version 0.99]
Press ENTER to exit
```

18.17 Slandor - The Minotaur and Lilacor v1.6

~SETUP-SLANDOR.TP2~

This mod adds a small backstory to the minotaur who reveals just what he and the three dead bodies are doing in Athkatla's sewers.

The mod "Deeper Shadows of Amn" requires that Andorian is killed before the shadow dragon will trigger. However, when "Slandor - Minotaur and Lilacor" is installed, Andorian may or may not get killed.

Copy the folder **slandor** and the files **setup-slandor.exe** and **setup-slandor.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 1 [English]
Install Component 0 [The Minotaur and Lilacor]? [I]nstaLL
Successfully installed [The Minotaur and Lilacor]
Press ENTER to exit
```

18.18 Zalnoya and the Shadow Thieves v1.7

~ZALNOYA/SETUP-ZALNOYA.TP2~

This mod will simply add a small encounter between the warring shadow thief and vampire guilds in the slums district at night near the entrance to the copper coronet.

Copy the folder **Zalnoya** and the files **setup-Zalnoya.exe** and **Zalnoya-Readme.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Zalnoya and the Shadow Thieves]?	[I]ninstall
Install Component	1	[Standard vampire encounters fix]?	[I]ninstall
Successfully installed		[Zalnoya and the Shadow Thieves]	Press ENTER to exit

18.19 Swylif Thicc v1

~SWYLIF/SWYLIF.TP2~

ENGLISCH

Swylif Thicc is a svirfneblin sorcerer, who resides in Saradush. He is a mercenary, so you have to pay him to make him join you! This mod is not serious!

Copy the folder **Swylif** and the file **Setup-Swylif.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Swylif NPC - an evil gnome who hates lettuce]?	[I]ninstall
Successfully installed		[Swylif NPC - an evil gnome who hates lettuce]	Press ENTER to exit

18.20 Ulrien of Cormyr: SagaMaster v1.0

~SAGAMAN/SETUP-SAGAMAN.TP2~

Ulrien is a self-professed Saga-Master who brings his own collection of poetry and prose to anyone who likes to listen. Initiate conversation with Ulrien and select one from his current repertoire.

Copy the folder **Sagaman** and the file **Setup-sagaman.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Install Component	0	[Ulrien of Cormyr - SagaMaster]?	[I]ninstall
Successfully installed		[Ulrien of Cormyr - SagaMaster]	Press ENTER to exit

18.21 Almatéria's Quest 2 v3

~ALMAQUEST2/SETUP-ALMAQUEST2.TP2~

A small encounter that takes place only in Chapter 3 in the government district. The mod is more of a jest and has little content.

Copy the folder **almaquest2** and the file **Setup-almaquest2.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [English]
Install Component	0	[Almaquest2]?	[I]ninstall
Successfully installed		[Almaquest2]	Press ENTER to exit

18.22 Almatéria's Restoration Project 8.2.1

~ARESTORATIONP/SETUP-ARESTORATIONP.TP2~

This is a mod for Baldur's Gate 2 aiming to restore literally all unused sounds, as well as some minor cut characters or locations.

The component Restored random encounters must be installed before D0QuestPack component Various improvements.

Copy the folder **arestorationp** and the file **Setup-arestorationp.exe** into your main SoA directory.

18. MINI-MODS

Double-click the Setup. The DOS dialogue appears:

Choose your language:

[I]nstaLL

Press ENTER to exit

These mods are either contentwise or technically depending on the mod Big Picture.

Big Picture was in some measure a prelude to the Mega-Mods. Initially, Big Picture made it possible to combine the major mods. With progressive development could be added further Mods and BP is no longer a prerequisite for the Megamod.

Weimer's Ascension is one of the most popular mods and some mods refer to it. Because BP includes also its own Ascension component, all these mods in this chapter are associated together. You may change the order of the installation by no means, omit something however.

If you want more informations about AI modifications read the related chapter in the appendix.

19.1 **Resource Fixer v1**
~SETUP-RES_FIXER.TP2~

Some macros designed to fix various structural errors in creatures, items and spells. It's necessary to get BP to install.

The **B;G World Fixpack** copies the folder **res_fixer** and the files **setup-res_fixer.exe** and **setup-res_fixer.tp2** into your main SoA directory

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Resource Fixer]?	[I]nstaLL
Successfully installed		[Resource Fixer]	Press ENTER to exit

19.2 **Big Picture v1.81 4611 (1)**
~BP/SETUP-BP.TP2~

BP balances all mods installed before, contains several smaller mods and includes other improvements also as a unique hostile KI system. If several mods have changed the same objects, these are overpowered. BP compensates this again.

NOTE: *This mod must be installed in two steps! All the tactical challenges and also the Ascension components must be installed here because of their dependencies with other mods. However, all the AI components should be installed nearly at the end and particularly after SCS.*

Copy the folder **BP** and the files **Setup-BP.exe** and **Setup-BP.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]

<i>This function is also included in the Sword Coast Stratagem mod.</i>			
Install Component	1800	[ToB Improvements]?	[I]ninstall
Install Component	2000	[Ascension for BP]?	[I]ninstall
<i>This is the improved version of the original Ascension mod. As of BP v179 this component is bug-free. Only requires</i>			

the BP core component.

Install Component 2100 [Improved Abazigal]? [I]nstaLL

This is the improved version of the original Ascension mod.

You must install Ascension Core for this component to work.

Install Component 2200 [Improved Demogorgon]? [I]nstaLL

This is the improved version of the original Ascension mod.

Install Component 2300 [Improved Gromnir]? [I]nstaLL

This is the improved version of the original Ascension mod.

You must install Ascension Core for this component to work.

Install Component 2400 [Improved Illasera]? [I]nstaLL

This is the improved version of the original Ascension mod.

You must install Ascension Core for this component to work.

Install Component 2500 [Improved Sendai]? [I]nstaLL

Not together with "Tougher Sendai" from the Oversight mod.

You must install Ascension Core for this component to work.

Install Component 2600 [Improved Yaga-Shura]? [I]nstaLL

This is the improved version of the original Ascension mod.

You must install Ascension Core for this component to work.

Successfully installed Press ENTER to exit

19.3 Solaufein NPC v1.04

~SETUP-SOLAUFEBIN.TP2~

Change Solaufein into a joinable NPC. For SoA as well as for ToB. Optional romances with every main character. Solaufein adapts to the group when joining, this means, is your main character good, Solaufein will be chaotic-good, is your main character bad, then Solaufeins will be chaotic neutral.

Copy the folder **solarom** and the files **Setup-Solaufein.exe** and **Setup-Solaufein.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Install Component 0 [Solaufein Romance for Baldurs Gate II]? [I]nstaLL
 Successfully installed [Solaufein Romanze for Baldurs Gate II] Press ENTER to exit

The readme opens.

19.4 Solaufein Flirt Pack v1.1

~RPGSOLAFLIRTPACK/SETUP-RPGSOLAFLIRTPACK.TP2~

This mod does nothing more than add a bit of extra content to Weimer's excellent Solaufein Romance mod.

Copy the folder **rpgsolafliirtpack** and the file **setup-rpgsolafliirtpack.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [The RPG Solaufein Flirt Pack for BG2 (Rated NC17)]? [I]nstaLL
 Successfully installed [The RPG Solaufein Flirt Pack for BG2 (Rated NC17)] Press ENTER to exit

The readme opens.

19.5 Sheena v1.7

~SETUP-SHEENA.TP2~

Sheena is a neutral good half red dragon multiclass fighter/wizard, the spawn of a copulation between a female human and Lord Jierdan Firkraag.

Should be installed after Solaufein. The romance triggers only if one has Mazzy in the party.

Copy the folder **Sheena** and the files **Setup-Sheena.exe**, **setup-Sheena.TP2**, **Setup-SheenaAudioInstall.bat**, **Setup-SheenaAudioUninstall.bat** and **Setup-Sheenatisunpack.bat** from the folder HRD_V6 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]

```

Install Component 0      [Install A Half Dragon Tale]?      [I]ninstall
Successfully installed  [Install A Half Dragon Tale]      Press ENTER to exit
The readme opens.
    
```

19.6 Kelsey v4
~KELSEY.TP2~

A male human sorcerer NPC with optional romances for a female PC or Imoen.

Copy the folder **Kelsey** and the files **Setup-Kelsey.exe** and **Setup-Kelsey.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```

Choose your language:      0 [English]
Install Component 0      [Kelsey]?                      [I]ninstall
Install Component 1      [Kelsey/Solaufein Content: Banter and Romance Conflict OPTIONAL, RECOMMENDED ONLY for use
with Solaufein V60 AND ABOVE]? [I]ninstall
Install Component 2      Alternate portraits
2      1] Install Alternate Kelsey portrait set #1, by Karse Soze (hooded Kelsey)]? [N]ot Install

19.7 Getting Rid of Anomen v2
~SETUP-GROA.TP2~

Adds a new dream sequence to the Kelsey romance involving an imperfect future where one knight of Helm just won't go away. Only for a female char. You need to be in romance with Kelsey and you need to have Anomen in your party.

Kelsey is required to play this mod

Install Getting Rid of Anomen into your main SoA directory. Now you find here the folder **GRoA** and the files **Setup-GRoA.exe**, **Setup-GRoA.tp2**, **GRoAtisuninst** and **GRoAtisunpack**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:      0 [English]
Install Component 0      [Getting Rid of Anomen - A cutscene for the Kelsey romance v1.1]? [I]ninstall
Successfully installed  [Getting Rid of Anomen - A cutscene for the Kelsey romance v1.1]

Further files get copied, then the readme opens.
    
```

19.8 Keto v4
~SETUP-KETO.TP2~

Keto is a young woman out on her own, looking to make a basically honest living as a minstrel, but spending most of her time skirting the front door of every dungeon in Amn.

Install the file **Keto-SOAv3.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **keto** and the files **Setup-Keto.exe**, **Setup-Keto.tp2**, **KetoReadme.txt** and **ke-toaudiouninstall** as well as a file **SETUP-KETO.DEBUG** in that dummy folder. Move them except the **SETUP-KETO.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:      0 [English]
Install Component 0      [Keto-SOA NPC V2]? [I]ninstall
    
```

```

Install Component 1      [Keto/Kelsey Interaction(Requires Kelsey-SOA)]?

Will be skipped if the banter accelerator is already installed
Successfully installed
Further files get copied, then the readme opens.

```

[N]install
Press ENTER to exit

19.9 Nathaniel v4.3

~NATHANIEL/SETUP-NATHANIEL.TP2~

Nathaniel Aplin-Fletcher is a former officer of the Flaming Fist. Although he is an experienced fighter, Nathaniel suffers from selfdoubts, possibly because of his lack of ruggedness. For some players he can become a loyal companion. For the right male character a friendship can develop to more.

Revised HLA table component of Refinements makes Nathaniel's items unusable.

Copy the folders **Nathaniel** and **Mod backups** and the file **Setup-Nathaniel.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?
Install Component 0      [Nathaniel NPC Mod for BGII]?
Install Component      [Choose a portrait for Nathaniel]?
1      1] Default portrait by Feuille

19.10 The Luxley Family v1.2

~LUXLEYSOA/SETUP-LUXLEYSOA.TP2~

The Luxley Family introduces two joinable NPCs, Sebastian and Andrei Luxley, to your game. Both have detailed talk tracks with the PC; they also banter with each other and also with all Bioware NPCs extensively throughout the game.

This mod must be installed because of interactions with Nathaniel after that mod.

Copy the folder **LuxleySoA** and the file **Setup-LuxleySoA.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?
Install Component 0      [Luxley Family Mod for BGII:SoA]?
Install Component 1      [Portraits for non-joinable NPCs]?

[I]ninstall
[I]ninstall
[I]ninstall
Press ENTER to exit

19.11 Kiara-Zaiya v1.6.2

~SETUP-KIARA-ZAIYA.TP2~

Zaiya is chaotic-good half elves magician who is searching for her friend Kiara, a neutral-evil monk.

This mod must be installed because of interactions with Solaufein after that mod. If this Mod is installed together with the Valen NPC, not all Valen dialogues appear.

Copy the folder **Kiara-Zaiya** and the files **Setup-Kiara-Zaiya.exe**, **Setup-Kiara-Zaiya.tp2**, **unins000.exe** and **unins000.dat** into your main SoA directory.

You must download the sounds for this mod separately. Copy the sound files from the additional folder Kiara-Zaiya 2 and paste them into the directory Kiara-Zaiya\Sounds in addition to the already available file MxKiara.mus.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Also it provides compatibility with the Solaufein mod.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Install Component 0 [Kiara-Zaiya Version 1.6 for BGII:SOA]? [I]ninstall
 Install Component 1 [Custom Kiara-Zaiya soundset (available separately)]? [I]ninstall
 Install Component 2 [Alternate High level abilities by TG Maestro]? [I]ninstall
This component changes the monk HLA tables
 Install Component 3 [Original Amaralis battles]? [I]ninstall
 Install Component 4 [Tougher Kiara Vampire]? [I]ninstall
 Install Component 5 [Revised Suldalanessar]? [I]ninstall
 Install Component 6 [Jao and party for SOA: another tough fight]? [I]ninstall
 Install Component 7 [Tougher Irenicus at the tree of life]? [I]ninstall
Only if Tactics Kuroisan is installed, not with the BP component.
 Successfully installed Press ENTER to exit
 Further files get copied, then the readme opens.

19.12 **Iylos v2.3**

~IYLOS/IYLOS.TP2~

Iylos Mirdan is an arrogant, sarcastic monk created for BGII: Throne of Bhaal. He is sent by Balthazar to ascertain the main character's intentions and motivations. He has a fairly extensive relationship path, and can be befriended by players of any race.

Because of its crossmod content Iylos must be installed after Ascension.

Copy the folder **iylos** and the file **setup-iylos.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
 Install Component 0 [Iylos NPC for BGII:ToB]? [I]ninstall
 Install Component 1 [Install extended content (PID, more interjections, friendship, scenery & plot dialogues)]? [I]ninstall

 Install Component [How much time would you like in between Iylos' PC dialogues]? choose one:
 Select the interval between Iylos' talks from the list below:
 2 1] 15 Minutes
 3 2] 20 Minutes
 4 3] 30 Minutes
 5 4] 45 Minutes
 6 5] 60 Minutes
 Install Component 7 [Alternate Iylos portrait by Ilmatar]? [6] [N]ot Install
 Successfully installed Press ENTER to exit
 The readme opens.

19.13 **NPC Flirt Pack v1.03**

~SETUP-NPCFLIRT.TP2~

Adds new love affairs to the following Bioware NPCs: Aerie, Anomen, Jaheira, and Viconia. Includes adult content for Baldur's Gate 2 SoA and ToB.

Install the file **NPCFlirtV102.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **npcflirt** and the files **Setup-NPCFlirt.exe**, **setup-npcflirt.tp2** and **NPCFLIRT-README** as well as a file **SETUP-NPCFLIRT.DEBUG** in that dummy folder. Move them except the **SETUP-NPCFLIRT.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

The readme opens.

19.15 Haer'Dalis Romance v2.1

~HAERDALISROMANCE/HAERDALISROMANCE.TP2~

This mod allows female PCs to explore a deeper relationship with the tielfing bard.

Haer'Dalis reacts to several components in the Romantic Encounters mod.

Copy the folder **haerdalisromance** and the file **setup-haerdalisromance.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]	
Would you like to display the readme?		[N]o	
Install Component	0	[Haer'Dalis Romance (SoA & ToB)]?	[I]ninstall
Successfully installed			Press ENTER to exit

19.16 Nephele v2.3

~NEPHELE/NEPHELE.TP2~

Nephele is a halfling cleric of Yondalla, mother of seven and a compulsive adventurer. She joins you in Trademeet.

Copy the folder **nephele** and the file **setup-nephele.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o	
Install Component	0	[Nephele NPC Mod for BGII: SoA & ToB]?	[I]ninstall
Install Component	1	[Install Haer'Dalis Romance crossmod content]?	[I]ninstall
Successfully installed			Press ENTER to exit

19.17 Petsy Chattertone v3.0

~PETSYPETSYP.TP2~

Petsy Chattertone is a halfling bard for SoA and ToB. Male gnomes, dwarves and halflings can romance Petsy.

Petsy Chattertone must be installed because of crossmod banter after Nephele.

Copy the folder **Petsy** and the file **Setup-Petsy.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
---------------------------------------	--	------

Install Component 0      [Petsy Chattertone]?      [I]ninstall
Successfully installed  [Petsy Chattertone]      Press ENTER to exit
    
```

19.18 Faren v2.3

~FAREN/SETUP-FAREN.TP2~

Faren is a True Neutral dual-classed Fighter/Thief that can be found in the Trademeet jail. He has a friendly, laid-back disposition and is willing to share a joke or a drink with a protagonist who treats him with respect. He is playable all the way through to the end of the Throne of Bhaal expansion pack.

Because of its crossmod content with many other mods Faren must be installed after Iylos.

Copy the folder **Faren** and the file **setup-Faren.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the components from [Crossmod Content]?      [Y]es
Install Component 0      [Faren NPC for Baldur's Gate II]?          [I]ninstall
Install Component      [Choose Faren's weapon proficiency skillset]?
1      1] Martial configuration
2      2] Rogue configuration      [2]
    
```

It is possible to install different proficiency configurations for Faren. The "Martial" configuration reflects Faren's fighter background, and focuses on Sword and Shield Style, Long Sword and Flail. The "Rogue" configuration reflects Faren's thieving background, focusing on Single Weapon Style, Short Sword and Club.

```

19.19 Revised Battles v6.3

~SETUP-REVISEDBATTLES.TP2~

This mod improves the standard fights, so that they are no more so monotonous.

Copy the folder **RevisedBattles** and the files **Setup-RevisedBattles.exe** and **Setup-RevisedBattles.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:      0 [English]
What should be done with all components that are NOT YET installed?      [A]sk about each one?
Install Component 0      [Improved Battles - "erebusant's Patching Version" v6]?      [I]ninstall
    
```

Required for the components of this mod

```

Install Component 1      [Improved Drizz]?      [I]ninstall
Install Component 2      [Improved Mencar Pebblecrusher]?      [I]ninstall
Install Component 3      [Improved Mad Cleric]?      [I]ninstall
Install Component 4      [Improved House Jae'llat]?      [I]ninstall
    
```

According to tests this component can be installed alongside with the SCS component "Slightly Improved Drow".

- Install Component 5 [Improved Lord Roenall]? [I]ninstall
- Install Component 6 [Improved Master Brain]? [I]ninstall
- Install Component 7 [Improved Wraith Sarevok]? [I]ninstall
- Install Component 8 [Improved Cohrvale, Bregg & Alamas]? [I]ninstall
- Install Component 9 [Improved Firkraag]? [I]ninstall

Incompatible with Super Firkraag.

For a particularly hard Firkraag you can combine this component with the SCS component "Smarter dragons". You will receive the Firkraag from Revised Battles with the intelligence from SCS, which could be hardly harder.

- Install Component 10 [Improved Firkraag NEJ2v691 Compatibility Patch]? [I]ninstall

For this component the component "Firewalker" Shar-Teel (custom kit and continuous character) from "Never Ending Journey" v6.91 must be installed.

- Install Component 11 [Improved Firkraag FR_ROV Compatibility Patch]? [1]
- 1) Improved Firkraag [1]

For this component "Freedom's Reign/Reign of Virtue" latest version must be installed

- Install Component 12 [Improved Firkraag Romantic Encounters Compatibility Patch]? [1]
- 1) Improved Firkraag [1]

For this component "Romantic Encounters" latest version must be installed

- Install Component 13 [Improved Fire Giants (requires ToB)]? [I]ninstall
- Install Component 14 [Improved Shade Lord]? [I]ninstall
- Install Component 15 [Improved Trademeet Crypt]? [I]ninstall
- Install Component 16 [Improved Dungeon]? [I]ninstall

Incompatible with "Improved Ilych" from Tactics or "Improved Irenicus Dungeon" from Victor's Improvements Pack.

- Install Component 17 [Improved Temple Sewers Party]? [I]ninstall
- Install Component 18 [Improved Kiser Jhaeri (requires ToB)]? [I]ninstall
- Install Component 19 [Improved Falahar]? [I]ninstall
- Install Component 20 [Improved Drow Pit Fights]? [I]ninstall
- Install Component 21 [Improved Chromatic Demon]? [I]ninstall
- Install Component 22 [Knights of Dark Renown]? [I]ninstall
- Install Component 23 [Arcane Avenger Kit]? [I]ninstall
- Install Component 24 [Blademaster Kit]? [I]ninstall
- Install Component 25 [Demon Knight Kit]? [I]ninstall
- Install Component 26 [Bastard Kit]? [I]ninstall
- Install Component 27 [Modify .CRE Proficiencies, Abilities & Effects. This component MUST be installed.]? [I]ninstall

Successfully installed Press ENTER to exit

The readme opens.

With this mod you can add 4 fighter kits to the game. The **B&G World Installpack** will handle this correctly for you.

19.20 Unfinished Business for BGII v26 beta

~SETUP-UB.TP2~

This mod restores many of the cut items, quests, and encounters from the game's final release and ties up some of the "loose ends."

Copy the folder **UB** and the file **setup-UB.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

- Choose your language: 0 [English] [I]ninstall
- Install Component 0 [The Kidnapping of Boo by Cliffette]? [I]ninstall

This component should not be installed with the component „Boo - Minsc's Familiar“ from Never Ending Journey v2v42b or you could install both and test to see if they both work.

- Install Component 1 [The Suna Seni/Valygar Relationship]? [N]ot Install

This component is not compatible with TS

- Install Component 2 [Kalah and What He Was Promised]? [I]ninstall
- Install Component 3 ["Cat and Mouse" (Bodhi hunts you in Spellhold) by Ghreyfain]? [I]ninstall

This component is intended only for experienced players

- Install Component 4 [Gorje Hildark and the Extended Illithium Quest]? [I]ninstall
- Install Component 5 [The Pai'Na/Spider's Bane Quest]? [I]ninstall
- Install Component 6 [Restored Crooked Crane Inn]? [I]ninstall
- Install Component 7 [Restored Encounters]? [I]ninstall
- Install Component 8 [Artemis Entreri in Bodhi's Lair]? [I]ninstall
- Install Component 9 [Corrected "Xzar's Creations"]? [I]ninstall

<i>This component is identical with the component „Feralan Kit“ from Divine Remix</i>			
Install Component	24	[Sarevok's Remorse]?	[I]ninstall
<i>This component is neither compatible with Ascension nor with Turnabout nor with Keeping Yoshimo.</i>			
Install Component	25	[The Murder of Acton Balthis, by Kulyok]?	[I]ninstall
Successfully installed			Press ENTER to exit

The readme opens.

The kits from this mod are also included in the Divine Remix mod and will be installed there.

19.21 Ding0's Quest Pack v3.1

~SETUP-D0QUESTPACK.TP2~

This mod adds other adventures to BG2; some are extensions, other absolutely new.

This mod must be installed because of interactions with Kelsey, Keto and Virtue after these mods, must also be installed after NPCFlirt Pack to avoid inappropriate flirts in the underdark and must be installed before Refinements. Quest Pack should be installed AFTER Unfinished Business.

Many of the battles in QP respond to the difficulty slider. If you find one too difficult, try reducing the setting.

Copy the folder **questpack** and the files **setup-d0questpack.exe** and **setup-d0questpack.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Would you like to display the readme?			[N]o
What should be done with all components that are NOT YET installed?			[A]sk about each one?
Install Component	0	[General AI Improvements]?	[I]ninstall
<i>This component need to be installed before the Durlag's Tower component of SCS.</i>			
Install Component		[Creature & Area Improvements]?	
	1	1) All Creature & Area Improvements	[1]
	2	2) All Creature Improvements	
	3	3) Boss Improvements Only	
<i>This component need to be installed before the Durlag's Tower component of SCS.</i>			
Install Component		[Miscellaneous Enhancements]?	
<i>Some of the encounters are from Iron Modder competitions; however, all have been fixed and improved in some way. This component may safely be installed over the top of Iron Modder entries, but not vice versa. This will work alongside the similar component in the Tactics mod.</i>			
	4	1) With Additional Random Encounters	[1]
<i>Either install this component or the similar components 17 and 18 from the Tactics mod.</i>			
	401	2) Without Additional Random Encounters	
<i>This will work alongside the components 17 and 18 from the Tactics mod.</i>			
Install Component	5	[Additional Shadow Thieves Content]?	[I]ninstall
<i>This component causes everyone in the thief's guild goes hostile.</i>			
Install Component	6	[Alternative Harper/Xzar Plot]?	[I]ninstall
Install Component	7	[Extended Reynald Sequence]?	[I]ninstall
Install Component	8	[Intrigue In The Copper Coronet]?	[I]ninstall

19. BP AND FOLLOWING MODS

Install Component 9 [Rahul Kanakia's Potion Quest]? [I]ninstall
Install Component 10 [Revised Hell Trials]? [I]ninstall
Install Component [Improved Oasis II]? choose one:
Improved Oasis must be installed before Longer Road.
11 1] Dialogue & Combat Enhancement? [1]
12 2] Dialogue Enhancement Only?
You have installed this component already before Longer Road
Install Component 13 [Saving Sanik In Brynnlaw]? [I]ninstall
This component is incompatible with the mod Keeping Yoshimo if the party chooses to save Sanik.
Install Component 14 [Burglary Of The Bookkeeper]? [I]ninstall
Install Component 15 [New Fate For The Dryads' Acorns]? [I]ninstall
Install Component 16 [The Tragedy Of Besamen]? [I]ninstall
Install Component 17 [Further Slaver Involvement]? [I]ninstall
Install Component 18 [Sending The Solamnic Knights Home]? [I]ninstall
Install Component 19 [Nazariel The Lich]? [I]ninstall
Install Component 20 [Reward Negotiation]? [I]ninstall
Install Component 21 [Infernal Thievery]? [I]ninstall
Successfully installed Press ENTER to exit
Further files get copied, then the readme opens.

19.22 Turnabout v1

~SETUP-TURNABOUT.TP2~

This mod enables the player to recall dead allies to aid in the final fight in Throne of Bhaal.

Ascension must be installed before to be able to install this Mod.

Install the file **TurnaboutV1.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **turnabout** and the files **setup-turnabout.exe** and **setup-turnabout.tp2** as well as a file **SETUP-TURNABOUT.DEBUG** in that dummy folder. Move them except the **SETUP-TURNABOUT.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Ascension: Turnabout]? [I]ninstall
Install Component 1 [Balthazar Epilogue Portrait, by Cliffette]? [I]ninstall
Successfully installed Press ENTER to exit
Further files get copied, then the readme opens.

19.23 The Longer Road v1.5.1

~SETUP-LONGERROAD.TP2~

The Longer Road is in some measure the enlarged version of Redemption and introduces Irenicus to ToB as a joinable NPC.

Either the original Ascension mod or the BP components 2000 [Ascension for BP] and 2100 [Improved Abazigal] must be installed before Longer Road.

Improved Oasis must be installed before Longer Road.

Copy the folder **LR**, and the files **Setup-LongerRoad.exe**, **SETUP-LongerRoad.tp2** and **tisunpack.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [American English]
Install Component 0 [Longer Road v1.5]? [I]ninstall
Install Component 1 [SPEED BANTERS]? [N]ot Install

The banter accelerator raises the frequency of the banters. This is sensible if many NPCs are installed because, otherwise, up to the playing not all banter are called. The component "Jason Compton Accelerated Banter Script." from BG1 NPC Project fulfils the same function.

Install Component 2 [Restore Irenicus's original portrait from SoA.]? [I]ninstall
Successfully installed Press ENTER to exit

The readme opens.

Further files get copied, then the readme opens.

19.24 Tactics v25

~SETUP-TACTICS.TP2~

This mod adds numerous components to BGII. They all aim to make the game more challenging and rewarding by increasing the difficulty of encounters and, therefore, is thought for experienced players.

*Most components are skipped if you install Tactics together with Big Picture.
Tactics should be installed after Longer Road to avoid a problem with the drake01.CRE file.*

Copy the folder **tactics2** and the files **Setup-Tactics.exe** and **Setup-Tactics.tp2** into your main SoA directory. Replace the file **Setup-Tactics.tp2** in your directory ...BGII - SoA with this one of the same name from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [American English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
SKIPPING 0 [Improved Ilyich (requires ToB)]?		[N]ot Install

SKIPPING 10 [Gebhard Blucher's Improved Mae'Var]?		[N]ot Install
<i>Skipping Component installation - already included with Big Picture mod.</i>		
<i>This component is incompatible with SCS's "Smarter Mages". Only install one of them.</i>		
SKIPPING 11 [Gebhard Blucher's Lich in the Docks]?		[I]ninstall
<i>Skipping Component installation - already included with Big Picture mod.</i>		
SKIPPING 12 [Gebhard Blucher's Improved Demon Knights]?		[N]ot Install
<i>Skipping Component installation - already included with Big Picture mod.</i>		
<i>This component overlaps with SCS's Improved Fiends component</i>		
SKIPPING 13 [Kensai Ryu's Tougher Kangaxx and Guardians]?		[I]ninstall
<i>Skipping Component installation - already included with Big Picture mod.</i>		
<i>This component overlaps with SCS's "Spellcasting Demiliches" component</i>		
SKIPPING 14 [Kensai Ryu's Gnome Fighter/Illusionist in the Docks]?		[I]ninstall
<i>Skipping Component installation - already included with Big Picture mod.</i>		
SKIPPING 15 [Kensai Ryu's Improved Crypt King]?		[I]ninstall
<i>Skipping Component installation - already included with Big Picture mod.</i>		
SKIPPING 16 [Ishan's "Always Toughest Random Spawns in Dungeons"]?		[N]ot Install

Skipping Component installation - already included with Big Picture mod.

This component is included in the component SCS "Increase difficulty of level-dependent monster groupings". Only one can be installed.

SKIPPING 17 [Gebhard Blucher's Random City Encounters]? [I]nsta11

Either install this component or the similar subcomponents 401 from the Ding0's Quest Pack mod.

SKIPPING 18 [Kensai Ryu's Random Wilderness Encounters]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

Either install this component or the similar subcomponents 401 from the Ding0's Quest Pack mod.

SKIPPING 19 [Improved Undead]? [N]ot Install

Skipping Component installation - already included with Big Picture mod.

This component is probably not 100% compatible with SCS. If you want to try it anyway, it will need to be installed individually after SCS.

SKIPPING 20 [Improved Golems]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

This component is incompatible with SCS's "Improved Golems". Only install one of them.

SKIPPING 21 [Gebhard Blucher's Improved Mind Flayers]? [N]ot Install

Skipping Component installation - already included with Big Picture mod.

This component corresponds to the SCS component "Smarter mind flayers". Only one can be installed.

Install Component 22 [Smarter Dragons in SoA]? [N]ot Install

This component corresponds to the SCS component "Smarter Dragons". Only one can be installed.

SKIPPING 23 [Smarter Beholders]? [N]ot Install

Skipping Component installation - already included with Big Picture mod.

This component corresponds to the SCS component "Smarter Beholders". Only one can be installed.

SKIPPING 24 [Kensai Ryu's Smarter Vampires]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

SKIPPING 25 [Slightly Smarter Mages and Liches]? [N]ot Install

This component corresponds to the SCS component "Increase difficulty of level-dependent monster groupings". Only one can be installed.

Install Component 26 [Fighter-Class Archer Kit]? [N]ot Install

This kit must be individually installed AFTER "Ashes of Embers - Unique weapons (bolas and katars)" and AFTER "Rogue Rebalancing - Proper dual-wielding implementation for Thieves and Bards".

Install Component 27 [Anti-Paladin Kit]? [N]ot Install

This kit must be individually installed AFTER "Ashes of Embers - Unique weapons (bolas and katars)" and AFTER "Rogue Rebalancing - Proper dual-wielding implementation for Thieves and Bards".

SKIPPING 28 [Göran Rimén's Improved Nymphs]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

SKIPPING 29 [Kensai Ryu's Improved Copper Coronet]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

Install Component 30 [SimDing0's Improved Oasis]? [N]ot Install

This component is replaced with the Improved Oasis II from Ding0's QuestPack.

SKIPPING 31 [Mike Barnes' Improved Small Teeth Pass]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

Install Component 32 [Mike Barnes' Improved North Forest]? [I]nsta11

Install Component 33 [Mike Barnes' Marching Mountainse]? [I]nsta11

Install Component 34 [Slightly Tougher Demons]? [N]ot Install

This component is included in the component SCS "Increase difficulty of level-dependent monster groupings". Only one can be installed.

SKIPPING 35 [Tougher Druid Grove]? [N]ot Install

Skipping Component installation - already included with Big Picture mod.

This component may or may not be compatible with SCS's "Smarter Priests". Try at own risk.

The Faldorn part overlaps with SCS's Improved Faldorn

SKIPPING 36 [Tougher Fire Giants]? [I]nsta11

Skipping Component installation - already included with Big Picture mod.

This component appears to be compatible with SCS's "Improved Fire Giant Temple"

Install Component 37 [Streamlined Trolls]? [I]nsta11

This component ist compatible with the SCS component "More resilient trolls"!

Successfully installed Press ENTER to exit

The readme opens.

With this mod you can add 2 fighter kits to the game. Note: These kits should be installed AFTER the "Ashes of Embers - Sensible weapon restrictions" components and AFTER the "Rogue Rebalancing - Proper dual-wielding implementation for Thieves and Bards" component. The **B&G World Installpack** will handle this correctly for you.

19.25 Yikari v1.7

~YIKARI/YIKARI.TP2~

Yikari is a monk from Kara-Tur, complete with his own quest. He can be found in the Temple District in Athkatla. He has banter with all Bioware-NPCs except Mazzy and Valygar.

Because of interjections this mod must be installed after Tactics or BP and after Item Upgrade.

Copy the folder **Yikari** and the file **Setup-Yikari.exe** into your main SoA directory.

The **B&G World Fixpack** adds the Revised subcomponents to the mod.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Yikari, a monk NPC]?	[I]ninstall
Install Component 1	[Compatibility with Item Upgrade SoA]?	[N]ot Install
Install Component 2	[Compatibility with Item Upgrade ToB]?	[N]ot Install
Install Component 3	[Compatibility with Kuroisan (from Tactics or Big Picture)]?	[I]ninstall
Install Component 4	[Compatibility with Item Upgrade SoA - Revised]?	[I]ninstall
Install Component 5	[Compatibility with Item Upgrade ToB - Revised]?	[I]ninstall
Successfully installed		Press ENTER to exit

The readme opens.

**19.26 The Wheels of Prophecy v3**

~WHEELS/SETUP-WHEELS.TP2~

This mod adds a lot of content to 9th chapter of Throne of Bhaal. It also includes the mod Restored ToB Heads, an attempt to piece together the original scene.

Ascension should already be installed before.

Longer Road must be installed before Wheels of Prophecy.

SCS must be installed after Wheels of Prophecy.

Copy the folder **wheels** and the file **setup-wheels.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[The Wheels of Prophecy]?	[I]ninstall
Successfully installed	[The Wheels of Prophecy]	Press ENTER to exit

The readme opens.

19.27 P&P Celestials v6

~CELESTIALS/SETUP-CELESTIALS.TP2~

This mod alters Devas and Planetars that are summoned by the player to fit better to the PnP rules. Now depending on area three different Devas are summoned, namely Astral Deva, Monadic Deva and Movanic Deva.

This mod must be installed after The Longer Road because of full compatibility. The Monadic Deva can be summoned only within the Elysium from The Longer Road.

Copy the folder **Celestials** and the file **Setup-Celestials.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 0	[P&P Celestials]?	[I]ninstall
Successfully installed	[P&P Celestials]	Press ENTER to exit

The readme opens.

19.28 Grimuars v4.1

~SETUP-GRIMUARS.TP2~

Bookseller Anamuns is to be found at Deidre in the Adventurer Mart.

Copy the folder **grimuar** and the file **Grimuars.tp2** into your main SoA directory.

Note: *The B&G World Fixpack changes the components of this mod!*

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Grimuars for BG2]?	[I]ninstall
Install Component 1	[Additional Grimuars Store]?	[I]ninstall
Install Component 2	[Tougher Evil Party in Temple District - NOT COMPATIBLE WITH IMPROVED BATTLES]?	[N]ot Install
Install Component 3	[Tougher Gaal]?	[I]ninstall
Install Component 4	[Tougher Ardhata]?	[I]ninstall
Successfully installed		Press ENTER to exit

19.29 Homeward Bound v7

~HOMEWARDBOUND/SETUP-HOMEWARDBOUND.TP2~

This mod allows the player to return his or her BioWare companions from the Pocket Plane to their homes in Amn. It also allows them to be re-summoned.

The mod must be installed after Ascension, because otherwise a Ascension file is changed in such a manner that Longer Road cannot be installed any more.

Copy the folder **homewardbound** and the file **setup-homewardbound.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Install Component 0	[Homeward Bound]?	[I]ninstall
Install Component 1	[Romances end due to separation]?	[N]ot Install
2	1) Homeward Bound does *not* kill BioWare romances	
	2) Original game behavior is unchanged	
Successfully installed	[Homeward Bound]	Press ENTER to exit

19.30 Throne of Bhaal Revisited beta 4

~TOBR/SETUP-TOBR.TP2~

Unsatisfied with Throne of Bhaal? Tired of being forced down a linear story with empty characters? This mod aims to fix that.

The mod must be installed after Longer Road, The Wheels of Prophecy, the Ding0's QuestPack component Improved Oasis and Ascension's Yaga Shura component.

Copy the folder **tobr** and the file **setup-tobr.exe** into your main SoA directory.

One or more files of this mod must be changed in order to be able to install it together with BWP. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
Would you like to display the components from [Characters]?		[Y]es
Would you like to display the components from [Linearity]?		[Y]es
Would you like to display the components from [Places]?		[Y]es
Would you like to display the components from [Quests]?		[Y]es

Install Component	9	[Oasis]?	[I]nstaLL
<i>Compatible with Tactics and SimDing0's Questpack</i>			
Install Component	10	[Saradush]?	[I]nstaLL
SKIPPING	11	[Saradush Sewers]	
<i>You have already installed this component with Pocket Plane.</i>			
Install Component	12	[Cleansing the Temple]?	[I]nstaLL
Install Component	13	[The Witch of the Wealdath]?	[I]nstaLL
Successfully installed			Press ENTER to exit

19.31 Stivan the Hunter v1

~STIVAN/SETUP-STIVAN.TP2~

Stivan is a chaotic neutral male Halfling fighter/thief whom you can find in the Bridge District and will join any party.

Keeping Yoshimo is conceptually incompatible with Stivan the Hunter.

Edwin Romance, Kitanya, Solaufein, Unfinished Business and Ding0's Quest Pack should be installed BEFORE Stivan because of interjections with them.

If you upgrade Yoshimo's blade using Ruad, then Stivan won't be able to use it or upgrade it.

Copy the folder **stivan** and the file **Setup-stivan.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component		[Stivan the Hunter]	
	0	1] Default portrait (Nix): Stivan the Hunter, version 0.90 beta	[I]nstaLL
	1	2] Bloodied portrait(Nix): Stivan the Hunter, version 0.90 beta	
Successfully installed		[Stivan the Hunter]	Press ENTER to exit

19.32 Alternatives v11

~ALTERNATIVES/SETUP-ALTERNATIVES.TP2~

Normally at the beginning of BG2 you can you decide only for the shadow thieves or Bodhi. This mod extends this part with two other possibilities.

Quest Pack should be installed before.

Please note: For installed Saerileth mod, it is not possible to accept alternative routes to Brynnlaw for both Saerileth and Alternatives mods. This will break the chapter numbering of your game!

Copy the folder **alternatives** and the file **Setup-alternatives.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Install Component	0	[Alternatives]?	[I]nstaLL
Successfully installed		[Alternatives]	Press ENTER to exit

19.33 Gibberlings Three Anniversary v9

~G3ANNIVERSARY/SETUP-G3ANNIVERSARY.TP2~

A half-serious quest. Goto the copper coronet and keep your eyes open.

This Mod should be installed after all the other mods that change the worldmap.

NOTE! *Breaking the fourth wall: The characters will start the direct dialogue with the player.*

Copy the folder **G3Anniversary** and the file **Setup-G3Anniversary.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[The Gibberlings Three Anniversary Mod]?	[I]nstaLL
Successfully installed		[The Gibberlings Three Anniversary Mod]	Press ENTER to exit

The readme opens.

19.34 Sarevok Romance v1.1

~SAREVOKROMANCE/SAREVOKROMANCE.TP2~

A female eleven, half eleven or human can have a romance with Sarevok.

Sarevok does not undergo a change of alignment within this romance.

The mod should be installed after Unfinished Business and after Romantic Encounters.

Copy the folder **sarevokromance** and the file **setup-sarevokromance.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                               1 [English]
Install Component 0   [Aeryn's Sarevok Romance for BGII: Throne of Bhaal]?  [I]nstaLL
Successfully installed [Aeryn's Sarevok Romance for BGII: Throne of Bhaal]  Press ENTER to exit
```

19.35 Crossmod Banter Pack for Baldur's Gate II v14

~CROSSMODBG2/SETUP-CROSSMODBG2.TP2~

This mod adds dozens new banter, interjections, romance conflicts between the NPCs from different mods if these are installed.

This mod must be installed AFTER Kivan and Deheriana Companions and AFTER all other NPC Mods.

Copy the folder **CrossmodBG2** and the file **Setup-CrossmodBG2.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0   [Crossmod Banter Pack for Shadows of Amn - version 6 (03Nov2007)]?  [I]nstaLL
Install Component 1   [Crossmod Banter Pack for Throne of Bhaal]?  [I]nstaLL
Install Component 2   [Crossmod Romance Conflicts]?  [I]nstaLL
```

This component will add romance conflicts between many NPC mods in SoA and ToB. If you prefer multi-romances, don't install this. It should be installed at least when Saerileth is installed. Otherwise, problems can occur with several concurrent romances because Saerileth does not support this.

```
Successfully installed                                     Press ENTER to exit
```

The readme opens.

19.36 Smiling Imp Cross Banter Mod

~CROSSMODBG2/SETUP-CROSSMODBG2.TP2~

ENGLISCH

Cross Banter between the BG1 NPCs and many NPC mods.

The mod can be installed only if previously BG1 NPC for BG2 : SoA has been installed. The respective NPC mods must of course also have been installed before.

Copy the folder **SmilingImpCrossBanterMod** and the files **Setup-SmilingImpCrossBanterMod.exe** and **SmilingImpCrossBanterMod.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the components from [Shar-Teel Banter]s]?  [Y]es

19.37 Ascalons Breagar v7.00b (2)

~SETUP-ACBre.TP2~

GERMAN

Breagar is neutral-good dwarf-smith and the first NPC, that is playable throughout all parts of Baldur's Gate Trilogy. There are Banter between Breagar and the main character as well as with the other BioWare NPCs, several quest, additional content for other mods and three different ends depending upon the way of playing.

Breagar is a PURE BGT CHARACTER and works not with TUTU or a simple SoA installation.

NOTE: This mod must be installed in two steps!

You have already copied the folder **ACBre** and the files **Setup-ACBre.exe** and **Setup-ACBre.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [English]
Install Component	0	[Breagar: Content]?	[N]ot Install
		Setup of Breagar's relationship speed	
		Please select:	
		[1] 30 minutes real time between the individual talks (recommended)	
		[2] 45 minutes real time time between talks	
		[3] 1 hour real time between talks	
		[4] 15 minutes real time between talks	
		[5] 1 hour 30 minutes real time between talks	
		A portrait for Breagar:	
		[1] Original Art by Nix	
		[2] Alternative Portraits from v4.x	
Install Component	2	[Breagar: Crossmods and PID]?	[I]ninstall
Successfully installed			Press ENTER to exit

The next few mods take some improvements to BG2 and should be installed before the Big Picture mod (BP).

20.1 NPC Tweak v5

~NPC_TWEAK.TP2~

Alters starting classes and portraits for some Bioware NPCs.

Compatibility code for Anomen's items if NPC Kit Pack is installed.

Copy the folder **NPCTweak** and the files **setup-npc_tweak.exe** and **npc_tweak.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Install Component 0      [Anomen]?                  [I]ninstall
Install Component 1      [Cernd]?                    [I]ninstall
```

This component has the same effect as the component 14 Cernd: Totemic Druid-Kit from Jarl's BGT Tweak Pack. The Druid Kit Enhancements mod also changes Cernd into a totemic druid and its shapeshiftig ability is much more sophisticated.

```
Install Component 2      [Nalia]?                    [I]ninstall
Successfully installed                                     Press ENTER to exit
```

20.2 Hidden Adventures alpha 8

~HIDDENADVENTURE/SETUP-HIDDENADVENTURE.TP2~

This mod adds a few quests and tweaks to BGT and Baldur's Gate 2.

The components "Ein besorgter Bauer", "Leichen für einen guten Zweck", and "Silberdolch in Irenicus Dungeon" require BGT to be installed. The components "Erweiterte Anomenhandlung" should be installed After "Jasteys Ajantis für BG2", "NPC Tweak" and "Weimers Item Upgrade Mod", because this component includes crossmod content for these mods.

Copy the folder **hiddenadventure** and the file **setup-hiddenadventure.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o

Install Component 5      [Wellenklinge in Schatzkammer]?            [I]ninstall
Install Component 6      [Silberdolch in Irenicus Dungeon]?        [I]ninstall
Install Component 7      [Barden können in ihrer Feste (5 Kruegen) uebernachten]? [I]ninstall
Install Component 8      [Leichen fuer einen guten Zweck]?        [I]ninstall
Install Component 9      [Ein Barde für die Bardenfestung]?        [I]ninstall
Install Component 10     [Silberschwert gegen Gedankenschinder und Lykanthropen]? [I]ninstall
Successfully installed                                     Press ENTER to exit
```

20.3 Ghost v2.1

~GHOST/SETUP-GHOST.TP2~

You have gained the ability to focus the energies within you to protect yourself from such magics as Time Stop, Disintegrate and Flesh to Stone for a short period.

Copy the folder **Ghost** and the file **Setup-ghost.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Ghost - WeiDU-version]?	[I]ninstall
Successfully installed	[Ghost - WeiDU-version]	Press ENTER to exit

It appears an error message that the file Ghost\ReadMe-Ghost.txt could not be found. Nevertheless, this does not exist.

20.4 cbisson's FamiliarPack WeiDU v6 ~SETUP-FAMILIARPACK.TP2~

New familiars are added with this mod.

This mod it is useful only if want to play with familiars. Unfortunately there are some inconsistencies with the familiars in the game. You can, however, install this mod without worries.

Copy the folder **FamiliarPack** and the files **Setup-FamiliarPack.tp2** and **Setup-FamiliarPack.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Familiar Pack - WeiDU]?	[I]ninstall
Successfully installed	[Familiar Pack - WeiDU]	Press ENTER to exit

The readme opens.

20.5 Victor's Improvements Pack v2.0 ~VIC.TP2~

The mod adds two new kits to the game, a new store, several rule tweaks, as well as improved bard song, improved version of Chapter One dungeon and a multiending quest

Copy the folder **vic** and the files **Setup-Vic.exe** and **vic.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [American English]
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Victor's Improved Races]?	[I]ninstall
Install Component 1	[Victor's Wizards Know Better (have more Lore)]?	[I]ninstall
Install Component 2	[Faithful Rogue Kit for BGII]?	[I]ninstall
Install Component 3	[Lich Slayer Scimitar]?	[I]ninstall

the former „Victor's Item Pack“

Install Component 4	[The Djin Merchant]?	[I]ninstall
Install Component 5	[The Burning Man kit for BG2 (byVictor)]?	[I]ninstall
Install Component 6	[Romance Friendly Imprisonment (by Galaxygon)]?	[I]ninstall
Install Component 7	[Lydia's Scroll]?	[I]ninstall

This component must be installed before Fading Promises.

Install Component 8	[Weapons for all]?	[N]ot Install
---------------------	--------------------	---------------

If you want to install this component, you should install it after all other item-mods, because it alters also objects from all other mods installed before. Ashes of Embers has a similar, however more elaborated component.

Install Component 9	[Special Encounters]?	[I]ninstall
Install Component 10	[Improved Bard Song]?	[N]ot Install

Don't install this component together with other Bard Song Tweaks like the BG2 Fixpack component Bard Song Fixes.

Install Component 11	[Improved Irenicus Dungeon]?	[N]ot Install
----------------------	------------------------------	---------------

This component is for those, which the original dungeon is too boringly, but the "Improved Ilych" from Tactics is to suicidal. The concurrent installation together with "Improved Ilych" is not recommendable because it could be that you lack some pieces of equipment which you need to defeat the big boss from "Improved Ilych".

By concurrently installation with ROT this component may cause a crash. The crash can be avoided if the group after the Djinn does not go at the bottom edge of the corridor, but the group members individually go along the upper edge of the corridor to the sewage golem.

Do not install it together with the component Improved Dungeon from Revised Battles.

Install Component 12 [Grandpa's Shield quest]? [N]ot Install
 This component overwrites PALIN.CRE, a Tales of the Sword Coast file
 Successfully installed Press ENTER to exit

With this mod you can add 2 kits to the game: 1 fighter and 1 thief. The **B&G World Installpack** will handle this correctly for you.

20.6 Fading Promises v7

~FADINGPROMISES/SETUP-FADINGPROMISES.TP2~

This mod introduces a long dead fallen paladin of Amaunator, who needs help in completing his last task.

This mod must be installed after the Victor's Improvements Pack component "Lydia's Scroll".

Copy the folder **fadingpromises** and the file **Setup-fadingpromises.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Would you like to display the readme? [N]o
 Install Component 0 [Fading Promises]? [I]ninstall
 Successfully installed [Fading Promises] Press ENTER to exit

The readme opens.

20.7 Spell Revisions v3.1 (1)

~SPELL_REV/SETUP-SPELL_REV.TP2~

This mod improves the arcane and divine spells, removes different bugs, some weaker spells are improved and a few spells are completely remade. This mod replaces entirely the Arcane-Divine Spell Pack.

NOTE: *This mod must be installed in two steps! The component "Update Spellbooks of Joinable NPCs" must be installed after all the NPC mods.*

Spell Revisions doesn't consciously try to handle compatibility with either Spell Pack or the megamods at this time (SR v3.1).

Spell Pack Beta 6 is completely technically compatible with SR when it is installed after SR. Spell Pack adds some new spells and it revises some old ones. It has separate components for each spell, so if you prefer the SP version of a particular spell, you can install that component to replace the SR version. I can't comment on how well SR and SP match up conceptually.

When SR starts using ADD_SPELL, it should become technically compatible with the spells added by megamods. It's generally agreed that a number of megamod spells stray far from the balance desired by SR, so SR will probably remain conceptually incompatible with them unless those spells get rebalanced.

It is not recommend to use Spell-50 with Spell Revisions as conceptually they are on opposite extremes. Spell Revisions is trying to "rebalance" spells, while that mod purposely makes them extremely overpowered.

SCS should be installed after SR.

In general, it should be installed after BG2 Fixpack and before AI enhancing mods.

Spell Revisions may have some compatibility issues with Divine Remix, so it is not recommended to use them together at this time. Currently, installing SR after Divine Remix will result in divine spells no longer following the sphere system while installing Divine Remix after SR will result in the replacement of some of SR's spell descriptions and the disappearance of some of SR's new and moved spells.

Copy the folder **spell_rev** and the file **setup-spell_rev.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
 What should be done with all components that are NOT YET installed? [A]sk about each one?
 Install Component 0 [Spell Revisions]? [I]ninstall
 Install Component 10 [Deva and Planetar Animations]? [I]ninstall

This component updates the avatars of the celestials, takes advantage of 1PP Attachable Wings and adjusts their weapons.

Not together with the mod Celestiales, because both change the same objects.

Install Component 20 [Mirror Image Fix]? [I]ninstall
This component corresponds to the SCS component „Bugfix: Fix the Mirror Image spell so it doesn't block area-effect

magic". The SCS version is less comprehensive than the one from Spell Revisions.

Install Component 30 [Dispel Magic Fix]?

[I]nstaLL

This component corresponds to the SCS component „Fix the Dispel Magic spell so it correctly allows for caster's level". The SCS version is less comprehensive than the one from Spell Revisions.

Install Component 40 [Cure Sleep Fix]?

[I]nstaLL

Requires the main component be installed

Install Component 50 [Remove Disabled Spells from Spell Selection Screens]?

[I]nstaLL

Requires the main component be installed

Install Component 60 [Update Spellbooks of Joinable NPCs]?

[N]ot InstaLL

Requires the main component be installed

This component will not work properly with Divine Remix installed.

This component affects all installed NPCs who are divine casters and therefore must be installed after all NPC mods.

Successfully installed

Press ENTER to exit

20.8 Authentic mischievous Fairy Dragon v6

~SETUP-FAIRYDRAGON.TP2~

Now your familiar fairy dragon is more useful and more authentic - your 7th member in the party. It can be summoned only by a chaotic-good magic user.

This mod it is useful only if want to play with familiars. You can install this mod without worries, however the dragon is too powerful for BG1 and rather useless in BG2.

Authentic Fairy Dragon must be installed after Spell Revisions.

Copy the folder **fairydragon** and the files **Setup-fairydragon.exe** and **Setup-fairydragon.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

0 [English]

Install Component 0 [Authentic mischievous Fairy Dragon]?

[I]nstaLL

Successfully installed [Authentic mischievous Fairy Dragon]

Press ENTER to exit

The readme opens.

20.9 Semi-Multi-Clerics 0.2.3

~SETUP-SEMI_MULTI_CLERICS.TP2~

This mod will add various clerical spells to wizard magic users via a new item, effectively turning them into previously unavailable Cleric kits / multiclass combinations. The semi-multi learns and uses spells as per a normal Arcane caster, and also has access to 35 clerical spells.

Copy the folder **semi_multi_clerics** and the files **Setup-semi_multi_clerics.exe** and **setup-semi_multi_clerics.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

0 [English]

Install Component 0 [Semi-multi-clerics]?

[I]nstaLL

Successfully installed [Semi-multi-clerics]

Press ENTER to exit

The readme opens.

20.10 Infinity Sounds v1.3 (the former Restored BG1 Sounds)

~!BINFINITYSOUNDS\SETUP-!BINFINITYSOUNDS.TP2~

This is a small mod for Baldur's Gate II which restores some of the sounds used in the original Baldur's Gate.

Install this mod after any other mod which makes changes to spells. There may be minor issues, such as incorrect or missing spell sound effects, between component "Restored BG1 Spell Sound Effects" and the following mods:

Spell Revisions

Divine Remix

Lost Crossroads Spell Pack

Copy the folder **!BG1Sounds** and the file **Setup-!BG1Sounds.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

```

20.11 Lost Crossroads Spell Pack for Baldur's Gate 2 v6b

~SETUP-SPELLPACKB6.TP2~

This mod renews the graphics of the spells, so that they are more similar to IWD.

It is strongly recommended to install trap adding mods (usually quest mods) before SpellPack, so then SpellPack can patch their trap scripts.

It is also advised (for maximum effect) to install Cleric Remix after Spell Pack.

Because Sword Coast Stratagems makes duplicates of existing spells for the AI, it is recommended you install it after SpellPack.

Spell Pack Beta 6 is completely technically compatible with SR when it is installed after SR. Spell Pack adds some new spells and it revises some old ones. It has separate components for each spell, so if you prefer the SP version of a particular spell, you can install that component to replace the SR version. I can't comment on how well SR and SP match up conceptually.

This mod is not compatible with Wild Mage Additions.

This mod requires a powerful computer!

Copy the folder **SpellPackB6** and the files **Setup-SpellPackB6.exe** and **Setup-SpellPackB6.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

20.12 Spell-50 v12

~SETUP-SPELL50.TP2~

The Spell-50 mod extends a number of priest, druid and mage spell effects to level fifty. This mod has to do nothing with the level 50 ruleset of BP. Both can be installed at the same time.

It is not recommend to use Spell-50 with Spell Revisions as conceptually they are on opposite extremes. Spell Revisions is trying to "rebalance" spells, while that mod purposely makes them extremely overpowered.

Copy the folder **spell50** and the files **Setup-Spell50.exe** and **Setup-Spell50.tp2** into your main SoA directory

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [The Spell-50 Mod: (Extended spell power up to level 50)]?
 Install Component 1 [The Spell-50 Mod: Few constant level spells advance over 20th level]?
 Install Component 2 [The Spell-50 Mod: Few High level abilities duration is dependent on level]?

20.13 Wild Mage Additions v1.7

~WILDMAGE/SETUP-WILDMAGE.TP2~

This mod features 27 new wild magic spells, as well as the Spellshaper Kit - a practitioner of wild magic who casts his spells by virtue of raw magical talent or gift, a wizard capable of casting spells spontaneously.

The Wild Mage Rhialto is unbeatable at the first encounter in BG1. That's no bug - it's intended by the author and there is a chance to escape unscathed.

This mod is useful only if want to play a Hasardeur. You can, however, install this mod without worries.

This mod is not compatible with Lost Crossroads Spell Pack.

Copy the folder **WildMage** and the file **Setup-WildMage.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:
 Install Component 0 [Wild Mage Additions: New Wild Magic Spells]?
 Install Component 1 [Wild Mage Additions: Spellshaper Kit]?

20.15 Drizzt Is Not Stupid (BGT) v1.1

~DRIZZTISNOTSTUPID/SETUP-DRIZZTISNOTSTUPID.TP2~

With this mod Drizzt in BG1 cannot be deprived of his weapons.

At present it's not compatible with the BGT version of Drizzt-Saga, that means, if Drizzt Saga is installed, it simply won't show any effects, as the original Drizzt at the gnoll encounter will already be swapped out by Drizzt-Saga and the second encounter with Drizzt in Baldur's Gate (from Drizzt is not stupid) can't happen.

Copy the folder **DrizztIsNotStupid** and the files **readme-DrizztIsNotStupid.html** and **Setup-DrizztIsNotStupid.exe** in Euer ...\BGII - SvA\ Verzeichnis.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Drizzt Is Not Stupid]?	[I]nstaLL
Successfully installed	[Drizzt Is Not Stupid]	Press ENTER to exit

The readme opens.

20.16 Game Over Only on Party Dead v1.31

~NOGAMEOVER/SETUP-NOGAMEOVER.TP2~

This mod changes drastically the game over condition. Not the protagonist's death ends the game any more, but the annihilation of the entire party.

In der BGConfig.exe 3D acceleration must be enabled, otherwise the game may end with a crash to desktop if all party members are dead.

Copy the folder **nogameover** and the file **setup-nogameover.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]

Successfully installed	[Game Over Only On Party Death]	Press ENTER to exit

20.17 Dungeon-Be-Gone For Baldur's Gate 2 v1.7

~SETUP-DUNGEONBEGONE.TP2~

This mod enables you to skip optionally Irenicus' Dungeon while still giving you loot and experience.

If you have installed a mod that adds new content to the Irenicus dungeon (such as Improved Ilyich or the Imoen Romance), you will skip it using this option.

Install the file **DungeonBeGone-v16.exe** into any dummy folder **but by no means into your main directory!** Otherwise this mod would start to auto install immediately after being unpacked. The WeiDU-setup starts automatically, updates itself and breaks off. Now you will find the folder **jassy** and the files **Setup-DungeonBeGone.exe**, **Setup-DungeonBeGone.tp2** and **dbgaudio.bat** as well as a file **SETUP-DUNGEONBEGONE.DEBUG** in that dummy folder. Move them except the **SETUP-DUNGEONBEGONE.DEBUG** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears::

Choose your language:		0 [English]
Install Component	0 [Dungeon Be Gone]?	[I]nstaLL
Successfully installed	[Dungeon Be Gone]	Press ENTER to exit

20.18 Parting Ways v1

~PARTING/SETUP-PARTING.TP2~

This mod allows you to re-recruit Baldur's Gate NPCs once you kicked them out.

Both SCS and BG1NPC have much more advanced versions of this. This should not be installed.

Copy the folder **parting** and the file **setup-parting.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Parting Copmany]?
Install Component      [NPCs will leave forever when they are...]?
                    1      1] Seriously unhappy.
                    2      2] At their Breaking Point.
Successfully installed [Parting Copmany]

```

20.20 Drows v1.1

~SETUP-DROWS.TP2~

This mod changes the party's vanilla NPCs' portraits to "drow variants" after Adalon casts her Polymorph spell over the party.

It should be compatible with BG2 Tweaks' "No Drow Avatars On Party In Underdark" component if installed BEFORE it.

Copy the folder **Drows** and the files **setup-Drows.exe** and **setup-Drows.tp2** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?
Install Component 0      [Drows]?

                                                    Press ENTER to exit
    
```

20.21 Mortis Mini Mod v2.31 = The Forgotten Children

~SETUP-MORTIS_V23.TP2~

This mod adds two new stores to the game which sell items that transform the main char into different other creatures like liches or vamiros.

ATTENTION: you must use the version Weidu_Mortis_V23! CONDITION: TDD must be installed!.

The mod is neither compatible with Raziel or Worgas.

Copy the folders **BG2 - Mortis_V2** and **Mortis** and the files **Setup-Mortis_V23.exe** and **Setup-Mortis_V23.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?
Install Component 0      [Mortis_V2.3]?
Successfully installed   [Mortis_V2.3]
                                                    [N]o
                                                    [I]ninstall
                                                    Press ENTER to exit

```

*With this mod you can add 33 kits to the game: 7 fighters, 4 rangers, 4 paladins, 6 clerics, 4 druids, 5 thieves and 3 bards. Not all of them are available for every race. The **B&G World Installpack** will handle this correctly for you.*

21.3 Prestige Kit Pack v2

~SETUP-PPK.TP2~

This mod is a collection of 17 new kits, each of them can be installed separately.

Copy the folder **PPK** and the files **Setup-PPK.exe** and **Setup-PPK.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                1 [English]

Install Component 3 [Crusader Items]? [I]ninstall
Successfully installed Press ENTER to exit
```

21.5 Legion of Hell v1.0

~SETUP-LOHMOD.TP2~

This mod includes five new kits, they are from the 3rd edition of the "Book Of Vile Darkness" ("evil book"), an optional supplemental sourcebook for the 3rd edition Dungeons & Dragons role-playing game.

Note: Part 1 (New Creature Animation) and Part 2 (New Creatures) must be installed, Part 3-7 can be installed optional.

Maybe the mod is not compatible with the Spell-50 mod.

If you want to install both of "Disciple Of Dispatier The Fighter Kit" and "Disciple Of Baalzebul The Thief Kit", then do not choose these two sectarist together in the party.

Copy the folder **LOHMod** and the files **Setup-LOHMod.exe** and **Setup-LOHMod.tp2** into your main SoA directory. One or more files of this mod must be changed. This will be done by the patch from the folder **B:G World Fixpack**. Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 0 [English]

21.7 Hidden Kits

~SETUP-HIDEKT.TP2~

This mod introduces a variety of Hidden Kits that are made available under certain conditions. Typically all of them are obtainable by Dual-Classing at level 12, from either a Fighter, Mage, or Cleric. The amount of XP required to achieve the Hidden Kit is considerable, but so are the advantages gained. Note that certain Basic Stats are still required to successfully Dual-Class.

Apart from a few standard advantages and disadvantages within the Kit itself, most notably present in ALL the Hidden Kits is the ability to increase your INACTIVE Class by one level every time you level up. This advantage enables to effectively gain a multi-class character on the rate of a single-class character.

The Hidden Kits mod is probably extremely incompatible with the Scales of Balance mod.

Copy the folder **Z#HideKt** and the files **Setup-HideKt.exe**, **Setup-HideKt.tp2** and **readmeHideK.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the components from [Bioware NPC Hidden Kits]? [Y]es
Install Component 0 [Hidden Kits]? [I]ninstall
Install Component 1 [Druid XP Req set to Mage XP Req for levels 14-20]? [I]ninstall

```

21.8 Six's Kitpack

~KITPACK6/SETUP-KITPACK6.TP2~

Six's Kitpack introduces several new character kits to Baldur's Gate II. In addition, a general class rebalancing component is provided which alters proficiencies and proficiency ceilings. Each kit, and the rebalancing component, may be installed individually and independently.

Copy the folder **Kitpack6** and the file **Setup-Kitpack6.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 0 [General Class, Kit, & Class-Combination Rebalancing]? [N]ot Install
```

ATTENTION: This component must be individually installed AFTER the Refinements mod and AFTER any mod that adds kits!

Most of Scales of Balance's class tweaks are incompatible with this first component.

```
Install Component 1 [Shieldbearer kit]? [I]ninstall
Install Component 2 [Sniper kit]? [I]ninstall
```

21. KITS

Successfully installed                                         Press ENTER to exit
```

21.9 Improved Anvil Lite v5.0

~SETUP-VAGRANT.TP2~

This is a sample taken from the Mod Improved Anvil.

Copy the folder **Vagrant** and the files **Setup-Vagrant.exe** and **Setup-Vagrant.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Improved Anvil Lite for TOB - Vagrant Kit]? [I]ninstall
Install Component 1      [Improved Anvil Lite for TOB - Auramaster Kit]? [I]ninstall
Install Component 2      [Improved Anvil Lite for TOB - Riskbreaker Kit]? [I]ninstall
Install Component 3      [Improved Anvil Lite for TOB - Items]? [I]ninstall
```

Diese neuen Komponenten sind selten und schwer zu erreichen. Ihr könnt sie nicht so bald während des Spiels wieder finden.

Successfully installed

Press ENTER to exit

21.10 Conductor Kit v1.0

~SETUP-CONDUCTOR.TP2~

This mod introduces a new Kit for Bards to the BG2 ToB. Conductors can channel electricity and possibly even set alight all those who incur their wrath, and their mastery of Electrical and Lightning spells is unparalleled even when compared against Mages.

Copy the folder **Z#Conduc** and the files **Setup-Conductor.exe**, **Setup-Conductor.tp2** and **readmeConductor.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Conductor Kit (Bard)]? [I]ninstall
Install Component 1      [Haer'Dalis the Conductor]? [I]ninstall
Successfully installed                                         Press ENTER to exit
```

21.11 Harper Scout Kit v1.0

~SETUP-HARPSCOUT.TP2~

Harper scouts are members of the Harpers, a secret society dedicated to holding back evil, preserving knowledge, and maintaining the balance between civilization and the wild. Harper scouts learn many skills to help them in their duties of espionage, stealth and reporting information.

Copy the folder **HarpScout** and the files **Setup-HarpScout.exe**, **Setup-HarpScout.tp2**, **Harper Scout.jpg** and **Readme.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Harper scout kit for thief]? [I]ninstall
Install Component 1      [Harper scout kit for bard]? [I]ninstall
Install Component 2      [Additional Harpers items]? [I]ninstall
Successfully installed                                         Press ENTER to exit
```

21.12 Pirate Kit v1.1

~PIRATE/SETUP-PIRATE.TP2~

With this kit you can convert your character into a pirate. As any decent pirate, this one has a greedy and talkative parrot, a personal treasure chest and a few other surprises.

Copy the folder **Pirate** and the file **Setup-Pirate.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Successfully installed                                Press ENTER to exit

```

21.13 Lyric Bard v1.0

~SETUP-LYRIC.TP2~

The Lyric kit is a poetic bard, adept at persuasive tasks. Although less suited to casting spells than other bards, the Lyric can use his command over words to affect nearby enemies.

Copy the folder **LyricKit** and the files **lyric-readme.txt**, **lyricsetup.exe** and **lyricsetup.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Lyric Bard Kit for BGII]?          [I]nsta!l
Successfully installed                                Press ENTER to exit

```

21.14 Chanter KitMod

~CHANTERKIT/SETUP-CHANTERKIT.TP2~

Chanters are monk-priests who specialize in the keeping and telling of ancient lore. Imbued by divine power and primordial secrets, their chants bear powerful magical properties that can aid allies or smite enemies.

Copy the folder **ChanterKit** and the files **Setup-ChanterKit.exe** and **Readme-ChanterKit.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?                [N]o
Install Component 0      [Chanter Kit]?                [I]nsta!l
Install Component 1      [Chanter gains cleric stronghold instead of bard one]? [N]ot Insta!l
Successfully installed                                Press ENTER to exit

```

21.15 Rogue Switch v1.3

~SETUP-ROGUE-SWITCH.TP2~

This mod contains two interconvertible kits: the "Bardic Switch" and the "Thief Switch". When you choose one of these Switch kits from the character generation screen, you gain innate abilities that let you switch into another kit and perform its respective abilities in that form. If you want to switch back, you will have to activate the innate ability again of that particular class.

Copy the folder **RogueSwitch** and the files **setup-rogue-switch.exe** and **setup-rogue-switch.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?                [N]o
Install Component 0      [Lux Bardkit, v1, August to October 2009, v1.1 Jan 2010, v1.2 Apr 2010, v1.3 Jun 2010]? [I]nsta!l
Successfully installed                                Press ENTER to exit

```

21.16 Auror Kit v4.1

~SETUP-AURORKIT.TP2~

A unique archer with an exceptional ability to control the forces of Ice and Winter. She is a stalwart protector of the weak and a vicious, cold foe of evil.

It is strongly suggested using this kit with a female character unless you have an editor (for example Shadowkeeper) or it will ruin the experience.

Gamers' comment: „It is unbalanced and too powered, for sure.“

Copy the folder **A4Auror** and the file **Setup-A4Auror.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Auror Ranger Class Kit for BGII - ToB]?      [I]nstaLL
Successfully installed [Auror Ranger Class Kit for BGII - ToB]      Press ENTER to exit
```

21.17 The Bear Walker - a Werebear / Ranger Kit v2

~BEARWALKER/SETUP-BEARWALKER.TP2~

This kit will be available to every race with access to the ranger class. At level 1 he will gain the ability to shapeshift into werebear form.

The Kit is compatible with Divine Remix, and can therefore be installed before or after.

The mod version requires for the true werebear animation the Infinity Animation core mod to be (or get) installed.

Copy the folder **BearWalker** and the file **Setup-BearWalker.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Would you like to display the readme?      [N]o

      2] Light version <NOT RECOMMENDED> This version only uses the vanilla brown bear animation but
DOESN'T REQUIRE the [Infinity Animation core mod] to be installed
Successfully installed      [BEAR WALKER KIT]      Press ENTER to exit
```

21.18 Holy Avengers v1.02

~SETUP-RODEUR.TP2~

Holy Avengers are the most feared and rare warriors within the paladin order. The mod also has some extra items.

Copy the folder **AvengerKit** and the files **Setup-AvengerKit.exe** and **Setup-AvengerKit.tp2** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

21.19 **Rôdeur de l'ombre v1.0** ~SETUP-RODEUR.TP2~

Shadow Stalkers are a secret sect within the Shadow Druids. They stoop to anything to get her way. They worship in general, the dark goddess Shar and dangerous fighter.

Copy the folder **Rôdeur de l'ombre** and the files **Setup-Rôdeur.exe** and **Setup-Rôdeur.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Installation du Kit : RÙdeur de l'ombre]?	[I]ninstall
Successfully installed		[Installation du Kit : RÙdeur de l'ombre]	Press ENTER to exit

21.20 **Keenmarker v1** ~SETUP-STORM.TP2~

Keenmarkers are unique rangers, who are specialized on bows and arrows. They use their skills to aid goodness, so behaves kind to good people, and may become even more terrible than a deadly nightmare for evil.

Copy the folders **Storm** and **portraits** and the files **Setup-Storm.exe**, **Setup-Storm.tp2**, **installation_help.txt**, **readme-keenmarker.doc** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Storm]?	[I]ninstall
Successfully installed			Press ENTER to exit

21.21 **Lion Warrior Kit** ~SETUP-ZULU.TP2~

This ranger combines deadly fighting ability with unmatched wilderness survival skills and a particularly strong connection with Nature. He disdains missile weapons, but few can match his strength in melee.

Copy the folder **JL#ZULU** and the files **setup-zulu.exe** and **setup-zulu.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Install Component	0	["Lion Warrior" ranger kit]?	[I]ninstall
Successfully installed			Press ENTER to exit

21.22 **The Silver Fur of Selûne - a Werewolf / Priest Kit v1.2** ~SILVERFUR/SETUP-SILVERFUR.TP2~

This kit will be available to every race with access to the priest class. At level 1 he will gain the ability to shapeshift into werebear form

The Kit is compatible with Divine Remix, and can therefore be installed before or after.

Copy the folder **SilverFur** and the file **Setup-SilverFur.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [Deutsch]

Successfully installed		[SILVER FUR OF SELUNE]	Press ENTER to exit

21.23 **Prêtre de Bhaal v1.1** ~SETUP-P!BHAAL.TP2~

Some of the most powerful children of Bhaal managed to use their innate divine essence as chaotic evil cleric

Copy the folder **Prêtre de Bhaal** and the files **SetupP!Bhaal.exe** and **SetupP!Bhaal.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Installation du Kit : Prêtre de Bhaal - cree par Esprit.]?      [I]nstaLL
Successfully installed  [Installation du Kit : Prêtre de Bhaal - cree par Esprit.]      Press ENTER to exit
```

21.24 Heartwarder of Sune KitMod

~HEARTWARDERKIT/SETUP-HEARTWARDERKIT.TP2~

This is a cleric kit based on the 3E prestige class of the same name in Faiths and Pantheons. The mod includes some unique icons for the new spells and abilities.

Sune Firehair encourages beauty, passion, and love wherever they may be found. Heartwarders are aesthetes and hedonists who actively seek out pleasure and beauty in all things and who nurture the creation of beautiful objects.

Copy the folder **HeartwarderKit** and the files **Setup-HeartwarderKit.exe** and **Readme-HeartwarderKit.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Install Component 0      [Heartwarder Kit]?      [I]nstaLL
Successfully installed      Press ENTER to exit
```

21.25 Druidic Sorcerer v1.9

~SETUP-DRUIDSORCERERKIT.TP2~

This kit offers a uniquely powerful magic-user player class. It combines certain abilities of the druid and the sorcerer. The Druidic Sorcerer is undeniably the most powerful class that you can play, but you will have to work for that power. This kit gives an interesting play experience while preventing it from becoming ridiculously powerful.

This kit is selectable under the Druid tab on character creation, and you must be a human or a half-elf to select it. It is possible that the spells "Torrential Cacophony" or "Fiery Cataclysm" may crash your game.

Read carefully the readme!

Note: You can only install one sorcerer. The last installed one will overwrite the previous one.

Copy the folder **DruidicSorcererKit** and the files **Setup-DruidicSorcererKit.exe**, **Setup-DruidicSorcererKit.tp2** and **Druidic_Sorcerer_Kit_Description.pdf** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [DruidicSorcererKit v1.9]?      [I]nstaLL
Install Component 1      [Allow Sorcerer's to use Druid Items. All sorcerer's will be affected, but life's never easy is it?]?      [I]nstaLL
Successfully installed      Press ENTER to exit
```

21.26 Geomantic Sorcerer v4

~DRUIDSOR/SETUP-DRUIDSOR.TP2~

Geomancy is the art of channeling magical energy from many sources of the earth. This kit is strongly based on the Druidic Sorcerer Kit. The kit combines the sorcerer's spellcasting methods and spells with additional druidic spells and abilities and features its own unique tiered HLA progression and custom spells.

If the requirements are fulfilled the abilities are attainable through a very special item given by a genie at the start of Chateau Irenicus.

Note: You can only install one sorcerer. The last installed one will overwrite the previous one.

Copy the folder **DruidSor** and the file **setup-druidsor.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
```

```

Would you like to display the readme?                [N]o
Install Component 0      [Geomantic Sorcerer Kit]?   [I]nstaLL
Install Component 1      [Portraits for Druidic Shapeshifting DO NOT INSTALL THIS IF YOU ARE GOING TO GIVE THE KIT TO A
                        NPC]?                         [N]ot Install
Successfully installed                                Press ENTER to exit

```

21.27 The Elven Package v0.95 ~SETUP-ELVEN_PACK.TP2~

This mod adds two new kit for Elves: The Bladesinger and The Elven Knight.

Copy the folder **elven_pack** and the files **setup-elven_pack.exe** and **setup-elven_pack.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Install Component 0      [The Elven Racial Package]? [I]nstaLL
Successfully installed                                Press ENTER to exit
The readme opens.

```

21.28 Morituri Kit v3 ~MORITURI.TP2~

The Morituri is the incarnation of the warrior whose strenght based not on powerfull armour or magic potions but on unfolding his/her inner qualities through combat experience. He combines the specific skills and feats of the lethal Kensai, the enduring Barbarian, the battlerager Berserker and the lighting fast Monk.

Copy the folder **morituri** and the files **Setup-morituri.exe** and **Setup-morituri.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Install Component 0      [Morituri Kit version 3]?   [I]nstaLL
Successfully installed [Morituri Kit version 3]     Press ENTER to exit

```

21.29 Retaliator Kit v1.3 ~RETALIATORKIT/SETUP-RETALIATORKIT.TP2~

The retaliator is a fighter kit, and he does not get on well with others. Judge and executioner in one being, the retaliator has committed himself to the cause of those who are no longer in the position to carry out justice for themselves. The core tenet of retaliation is that the end always justifies the means.

Copy the folder **RetaliatorKit** and the file **Setup-RetaliatorKit.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Retaliator Kit]?           [I]nstaLL
Successfully installed [Retaliator Kit]              Press ENTER to exit

```

21.30 Werewarrior v0.31 ~WEREWARRIOR/SETUP-WEREWARRIOR.TP2~

A fighter who has devoted all his efforts to learning and controlling the inner beast which dwells in everyone; he can become a werewolf that gains in strength and power over time.

Copy the folder **werewarrior** and the file **Setup-werewarrior.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Would you like to display the readme?                [N]o

Successfully installed	[Bladesinger version 5, by Misdhra'al Hymmet, Deratiseur and Isaya]	Press ENTER to exit

21.32 Blackguard Fighter Kit v1.01

~X0BLACK/X0BLACK.TP2~

The Blackguard epitomizes evil and is a villain of the foulest sort. Some people call these villains "antipaladins" due to their completely evil nature.

Copy the folder **x0black** and the file **setup-x0black.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Would you like to display the readme?		[N]o
Install Component 0	[Install Blackguard fighter kit]?	[I]ninstall
Install Component 1	[Copy portraits]?	[I]ninstall
Successfully installed	[Install Blackguard fighter kit]	Press ENTER to exit

21.33 Warsling Sniper v1.0

~WARSLINGSNIPERKIT/SETUP-WARSLINGSNIPERKIT.TP2~

The sling is a difficult weapon to master, but in the hands of a warsling sniper it becomes a precise tool of war. Experts of the weapon may come from any race.

Copy the folder **WarslingSniperKit** and the files **Setup-WarslingSniperKit.exe** and **Readme-WarslingSniperKit.txt** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Warsling Sniper Kit]?	[I]ninstall
Successfully installed		Press ENTER to exit

21.34 JKits v2

~JKITS/SETUP-JKITS.TP2~

This mod adds two fighters kits to the game

Copy the folder **JKits** and the file **Setup-JKits.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Kenshei kit v3]?	[I]ninstall
Install Component 1	[Undead Eliminator kit v2]?	[I]ninstall
Successfully installed		Press ENTER to exit

21.35 Runiczny Pieśniarz Klingi (Rune Singer Blades) v. 2.0

~SETUP-RUN.TP2~

Rune Singer Blades are mystical defenders of elven race and the eternal order of Faerûn. Their ancient powers are able to prevent death and destruction, wars and natural disasters .

Copy the folder **Run** and the files **Run**, **Setup-JKits.exe**, **Setup-JKits.tp2** and **readme.txt** into your main SoA di-

rectory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Runiczny Pie niarz]?      [I]ninstall
Successfully installed  [Runiczny Pie niarz]      Press ENTER to exit
```

21.36 Arcane Archer

~ARCANEARCHER/SETUP-ARCANEARCHER.TP2~

These elven warriors use innate magic talent to supplement their deadly marksmanship. Arcane archers can create special arrows and with them achieve what ordinary fighter cannot.

Copy the folder **ArcaneArcher** and the file **setup-ArcaneArcher.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Arcane Archer]?      [I]ninstall
Successfully installed      Press ENTER to exit
```

21.37 Custom Kits: The Spellsword v1.4.1

~CUSTOMKITS/SETUP-CUSTOMKITS.TP2~

The spellsword is a fighter kit which features monk-like abilities together with many advantages of the fighter class. Because of the spiritual part of the kit your character now has two prime stats (Strength and Wisdom) to cope with.

The kit comes in two flavors. You can choose between the nerfed and the original version.

Copy the folder **CustomKits** and the file **Setup-CustomKits.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:      0 [English]
Would you like to display the readme?      [N]o
Install Component          [Spellsword Kit]?
0                          1] Nerfed version
1                          2] Original version
Successfully installed      [2]
Press ENTER to exit
```

21.38 Armiger Kit v1.0

~SETUP-ARMIGER.TP2~

The Armiger is a specialist of defensive fighting style with improved Armour Class and abilities, which relies on counterattacks. Also he has unique HLA ability.

While other warriors rely on speed or canny parries to defend themselves, the armiger trusts in his armor. Armigers create their own protective gear and improve it over time. They can stand before dozens of opponents, confident that their armor will shield them from harm.

Copy the folder **Armiger** and the files **Setup-Armiger.exe** and **setup-Armiger.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Shieldbearer kit]?      [I]ninstall
Successfully installed      Press ENTER to exit
```

21.39 Samurai Kit v1.0

~SAMURAIKIT/SETUP-SAMURAIKIT.TP2~

Known for their matchless bravery and strict code, they are cultured warriors who strive to be courteous, brave, and unswervingly loyal to their overlord.

Copy the folder **SamuraiKit** and the file **Setup-SamuraiKit.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Samurai Kit]?      [I]ninstall
Successfully installed      Press ENTER to exit
```

21.40 Tempest KitMod v1.0

~TEMPEST/SETUP-TEMPEST.TP2~

The Tempests are group of warriors that have an innate ability to control lightning. Through their training, they specialize in fighting with two swords, strike hard and fast, learn devastating lightning based attacks, and are deadly foes. However, their fighting style only lets them wear studded leather armour, and the containment of their powers is taxing on their bodies.

Copy the folder **Tempest** and the file **Setup-Tempest.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Tempest]?      [I]nstall
Successfully installed                                     Press ENTER to exit
```

21.41 Elementalist Kits vBeta1

~ACIDELEM_BETA1.TP2~

Acid Elementalist is specialized in spells and weapons inflicting acid damage.

Copy the folder **acidelem_beta1** and the files **Setup-acidelem_beta1.exe** and **acidelem_beta1.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Acid Elementalist Kit]?      [I]nstall
Successfully installed                                     Press ENTER to exit
```

21.42 Diablo2 Kit Pack - The Barbaian Ver 0.5

~SETUP-D2BAR.TP2~

Ceaseless warfare and the constant struggle to survive in the hostile wilderness are evident in the Barbarian's sturdy and powerful frame. Though perhaps lacking the sophistication of his civilized contemporaries, the Barbarian has an acute awareness of his surroundings. He believes that he can improve his superb battle tactics by calling upon the totemic animal spirits to infuse him with supernormal strengths and abilities.

Copy the folder **d2bar** and the files **d2bar.exe** and **d2bar.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                     0 [American English]
Install Component 0      [Diablo2 Barbarian Kit]?      [I]nstall
Successfully installed                                     Press ENTER to exit
The Read Me opens.
```

21.43 Diablo2 Kit Pack for BG2 - The Paladin Ver 0.5

~SETUP-D2PAL.TP2~

A battle-ready warrior for whom faith is a shield, the Paladin fights for what he believes to be right. His steadfastness gives him powers to bestow blessings to his friends and wreak cruel justice on foes. There are those who call the Paladin an overwrought zealot, but others recognize in him the strength and goodness of the Light.

Copy the folder **d2pal** and the files **SETUP-d2pal.exe** and **SETUP-d2pal.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                     0 [American English]
Install Component 0      [Diablo2 Paladin Kit]?      [I]nstall
Successfully installed                                     Press ENTER to exit
```

21.44 Jedi & Sith Kits v1.1

~SETUP-JEDI_SITH.TP2~

This mod will introduce two fighter kits Jedi and Sith, who are from Star Wars, into your game. The Jedi are well known for their talent in manipulating The Force. Their Force powers can penetrate magic resis-

tance. The Jedi are good at fighting with lightsabers, but can not fight in armors. The Sith are much like the Jedi, except for they believe in the dark side of The Force while the Jedi believe in the light side of The Force.

Copy the folder **Jedi&Sith** and the files **Setup-Jedi&Sith.exe** and **Setup-Jedi&Sith.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Jedi & Sith Kits (ToB Required)]?	[I]ninstall
Successfully installed		Press ENTER to exit

21.45 FinnJO's Subrace mini-mod for Baldur's Gate 2 v1.0
 ~SETUP-BGII-SUBRACE.TP2~

This mod adds subraces to Baldur's Gate II basing partially on 3rd edition AD&D rules as in Icewind Dale II and partially on 2nd edition AD&D rules. After you have created your character and started a new game or loaded an old game, after a small delay you get a dialogue window with the choices for your subrace.

You can add the subrace only to a class, not to a kit.

Copy the folder **BGII-Subrace** and the files **setup-BGII-Subrace.exe** and **setup-BGII-Subrace.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Subrace mini-mod for BGII v1.0]?	[I]ninstall
Install Component 1	[GUI changes for subrace mod]?	[I]ninstall
Install Component 2	[Alternate NPC subraces]?	[N]ot Install
Install Component 3	[BG1 stat bonuses]?	[N]ot Install
Successfully installed		Press ENTER to exit

*Don't use the WewerinSubrace mod because of problems:
 Overwrites .ids files with its own versions if it doesn't find them in the override folder. Can cause all sorts of havoc/major game breakage if installed on top of a finished BWP.
 Modifies Newgame.bcs which means you'll only get your subrace in the BG2 part.*

The following mods are closely related to each other. Some change the HLA tables while others rely on the mods which do that. You must not alter the designated installation order under any circumstances, though you may leave out any mods which you don't intend to use.

If you want more informations about HLA modifications read the related chapter in the appendix.

22.1 One Pixel Productions v4 (2)

~1PP/1PP.TP2~

This is an essential mod that improves with attention to detail, the graphics of BGII.

This mod combines and complements the previously disjointed mods 1PP v2.7, 1PP v3: Avatar Fixes 2, 1PP v3: Female Dwarves, 1PP v3: Thieves Galores v1.1 and a few more to one huge single mod.

The current Item Revisions is mostly compatible with 1PPv4, but avoid installing 1PPv4 shield and helmet components. IR still has to be installed after 1PP core components.

Aurora's main component also patches BGMain.exe, therefore 1PP component Unique Thief Avatars can not be installed after Aurora or after Infinity Animations main component.

The main component must be installed after the 1PP component Thieves Galore.

NOTE: *This mod must be installed in two steps! Only the components Core paperdolls and Core content patches should be installed before Item Revisions. All the others components must be installed to the end of the megamod.*

Copy the folder **1PP** and the files **setup-1pp.exe** and **1pp.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
 What should be done with all components that are NOT YET installed? [A]sk about each one?
 Install Component 101 [Core paperdolls]? [N]ot Install

Required for most of the components that follow.

This component is mostly included in Item Revisions but the One Pixel Productions component is more up-to-date.

Install Component [Extended palette entries]? [I]ninstall

This component raises the count of available colours from 116 to 256

102 1] Compatibility install only

only for Mac OS X

Install Component 103 2] Full install (recommended) [2]
 Install Component 104 [GUI additions for BGII]? [I]ninstall

This component is neither compatible with LadeJarl Tutu's GUI nor with W_GUI.

Do you want to include SoA style loading screens for ToB?

1. Yes please.

2. Keep loading screens unchanged.

PLEASE ENTER 1 OR 2 [1]

Install updated fonts? (may cause issues with languages using different font .BAMs)

1. Yes please.

2. Keep fonts unchanged.

PLEASE ENTER 1 OR 2 [2]

Use mixed case labels?

1. Yes please.

2. No thank you.

PLEASE ENTER 1 OR 2 [2]

Install Component 105 [Avatar fixes]? [I]ninstall

Requires component 101

Fully compatible with Item Revisions

Install Component [Female Dwarves]? [I]ninstall

This .exe patch allows separate animations for female and male dwarves AND female gnomes.

22. TWEAKS AND HLA-TABLES CHANGING MODS

106 1] Separate Avatars for Female Dwarves - Baldur's Gate II [1]
 107 2] Separate Avatars for Female Dwarves - Icewind Dale II
 108 3] Separate Avatars for Female Dwarves - Icewind Dale II EU
 109 4] Separate Avatars for Female Dwarves - Icewind Dale I HoW
 Install Component [Thieves Galore]?

This .exe patch supports full thief animation avatar sequences. This component will fail to install if Infinity Animations is already installed.

110 1] IWD HoW/TotL - Unique Thief Avatars
 111 2] BGII - Unique Thief Avatars [2]
 112 3] IWDII - Unique Thief Avatars

Install Component 113 [Smart Avatar & Armour Switching]? [I]nsta11

This is an improved version of the BG2 Tweaks component [Change Avatar When Wearing Robes or Armor (Galactygon)]. You may not install both together.

Install Component 114 [Softer Spell Effects]? [N]ot Install

Note that 3D support has to be enabled for this component to work properly. In the baldur.ini there should be a line 3D Acceleration=1 under [Program Options]. If you run your game with software rendering mode, it is not recommended to install this. 

WARNING: This component will only work properly with 3D support enabled (alpha blending). Installing this component on BG2 in software rendering mode IS NOT A GOOD IDEA.

1. I understand and want to continue.
 2. Cancel installation.

PLEASE ENTER 1 OR 2

Install IWD-style Agannazar's Scorcher or alternate style?

1. IWD style
 2. BGII alternate

PLEASE ENTER 1 OR 2

Install less obtrusive dispel magic effect?

1. Yes
 2. No (install improved stock effect instead)

PLEASE ENTER 1 OR 2

Install Component 200 [Core content patches]? [N]ot Install

Requires component 101

Includes also BW_Herbs_bg2 items

Do you want to include updated potion graphics?

1. Yes please.
 2. Heavens no -- *Everything* but Potions!

PLEASE ENTER 1 OR 2 [2]

Install Component 201 [Consistent spell and scroll icons]? [I]nsta11

Install Component 202 [Spell tweaks]? [I]nsta11

ATTENTION: The 1PP component Spell tweaks must be individually installed AFTER the mod IWDification and after the Rogue ReBalancing component 7! 

Do you want existing 'cause wound' spells to use IWD-style icons? (healing icon in red)

1. Yes please.
 2. No, keep BG2 icons for existing spells.

PLEASE ENTER 1 OR 2 [2]

WARNING: SPPR142/342 seem to be already taken by a previously installed mod. Proceeding to install may cause issues.

Move these two files temporary out of the override folder if SpellPack or Divine Remix is installed.

1. I understand and want to continue.
 2. Cancel installation.

PLEASE ENTER 1 OR 2 [1]

Install Component 203 [Restored flame sword animations]? [I]nsta11

Requires component 101

Install Component 204 [Colourable Quarterstaves]? [I]nsta11

Requires component 101; fully compatible with Item Revisions

Install Component 205 [Legacy Shields]? [N]ot Install

Requires component 101; not compatible with the current Item Revisions

Install Component 206 [Additional Shield Animations (core)]? [N]ot Install

Requires component 101; not compatible with the current Item Revisions

Install Component 207 [Wizards' Staves (core)]? [I]nsta11

Requires component 101

Install Component 208 [Additional Helmet Animations (core)]? [N]ot Install

Requires component 101; not compatible with the current Item Revisions

Install Component 209 [Attachable wings (core)]? [N]ot Install

Requires component 101

22. TWEAKS AND HLA-TABLES CHANGING MODS

Install Component 210	[Increased paperdoll object variety (core)]?	[!]install
Requires component 101		
Install Component 400	[Core updates and item patches]?	[!]install
Requires components 101 and 200, also suggested 203, 204, 205, 206, 207, 208, 209, 210		
	WARNING: What this component installs/offers to install depends on what other components are installed (e.g. it can only make use of additional object animations if they are available). If you have not yet installed a previous component of this mod that you would like to, now is the time.	
	1. I understand and want to continue.	
	2. Cancel installation for now.	
	PLEASE ENTER 1 OR 2	[1]
	NOTE: As 1ppv4 is rather huge, it makes sense to include some options to pick from the material. This is going to happen in a number of plain text questions (such as this one), but if you like you can skip the whole process and just go with a 'standard install' if you'd like to call it that.	
	1. Yes, I want to carefully decide how I want things to look and work.	
	2. Just install already!	
	PLEASE ENTER 1 OR 2	[1]
	SETTING 1: SHIELD APPEARANCE	
	This sets the standard appearance of shields in the game in the sense that these will be the ones you mostly find in stores, etc. Does not necessarily affect magical items or prevent you from finding other items. 'Standard' options marked with [default]	
	1. 1ppv4-Baldur's Gate II style [default]	
	2. Baldur's Gate I style	
	3. Faux Baldur's Gate I style (use BG1 icons but not animations)	
	4. Skip this part of the install	
	PLEASE ENTER 1,2,3 OR 4	[1]
	SETTING 1B: SCATTER SHIELDS THROUGHOUT GAME	
	This determines whether the available extra shields are scattered throughout the game world (in the form of new items, random finds, etc.) for you to find or not. 'Standard' option marked with [default]	
	1. Yes [default]	
	2. No	
	PLEASE ENTER 1 OR 2	[1]
	SETTING 2: HELMET APPEARANCE	
	This sets the standard appearance of helmets in the game in the sense that these will be the ones you mostly find in stores, etc. Does not necessarily affect magical items or prevent you from finding other items. 'Standard' options marked with [default]	
	1. 1ppv4 style [default]	
	2. Faux Baldur's Gate I style (use BG1 icons but not animations)	
	3. Baldur's Gate II style	
	4. Skip this part of the install	
	PLEASE ENTER 1,2,3 OR 4	[1]
	SETTING 2B: SCATTER HELMETS THROUGHOUT GAME	
	This determines whether the available extra helmets are scattered throughout the game world (in the form of new items, random finds, etc.) for you to find or not. 'Standard' option marked with [default]	
	1. Yes [default]	
	2. No	
	PLEASE ENTER 1 OR 2	[1]
	SETTING 2C: HELMET COMPATIBILITY	
	This is mainly for unsupported third party mods and determines the animation these will use. 'Standard' options marked with [default]	
	1. updated Baldur's Gate II style [default]	
	2. based on Baldur's Gate I style	
	3. Skip this part of the install	
	PLEASE ENTER 1,2 OR 3	[1]
	SETTING 3: ARMOUR ITEM ICONS	
	This sets the standard appearance of armour inventory icons in the game. Does not necessarily affect magical items or prevent you from finding other items. 'Standard' options marked with [default]	
	1. 1ppv4 style [default]	
	2. Baldur's Gate I style	
	3. Baldur's Gate II style	
	4. Skip this part of the install	
	PLEASE ENTER 1,2,3 OR 4	[1]

22. TWEAKS AND HLA-TABLES CHANGING MODS

SETTING 3B: SCATTER ARMOUR THROUGHOUT GAME

This determines whether the available alternates are scattered throughout the game world (in the form of new items, random finds, etc.) for you to find or not. 'Standard' option marked with [default]

1. Yes [default]

2. No

PLEASE ENTER 1 OR 2

[1]

SETTING 4: FORCED ITEM COLOURS

This determines which item colours are set/uneditable for equipped items. By default, magical items have set item colours while non magical shields/helmets do not (allowing you to customise them via your clothing colour).

1. Yes for magical items/No for non-magical items [default]

2. Yes for both magical and non-magical items

3. Yes for both magical and non-magical items, but exclude BG1 legacy shields

4. No for either magical nor non-magical items

PLEASE ENTER 1, 2, 3 OR 4

[1]

SETTING 5A: PAPERDOLL SHADOWS (SHIELDS)

Traditionally, equipped objects do not render shadows on paperdolls. Enable this option if you want shields to cast shadows on paperdolls.

1. No

2. Yes [default]

PLEASE ENTER 1 OR 2

[2]

SETTING 5B: PAPERDOLL SHADOWS (HELMETS)

Traditionally, equipped objects do not render shadows on paperdolls. Enable this option if you want helmets to cast shadows on paperdolls.

1. No

2. Yes [default]

PLEASE ENTER 1 OR 2

[2]

Do you want gems to require some lore to identify?

1. Yes please.

2. No thank you.

PLEASE ENTER 1 OR 2

22.2 Infinity Animations Core WeiDU beta 5 (1)

~INFINITYANIMATIONS/SETUP-INFINITYANIMATIONS.TP2~

Infinity Animations restores standard animations that mods have overwritten and solves slot and naming conflicts.

This mod consists of the core package for the actual installation and the content packages, which contain the appropriate graphics. (For most megamods all archives are needed.) For a complete installation all necessary packages must be downloaded and unpacked into the appropriate infinityanimations subfolder.

Install this mod after most other mods, particularly those that add creatures or animations, but before any final "biffing" routines.

NOTE: This mod must be installed in two steps! The components "BG1 Character Animations for NPCs" und "BG1 Character Animations for PCs" should be installed only after Level 1 NPCs!

Copy the folder **infinityanimations** and the file **Setup-infinityanimations.exe** into your main SoA directory.

Unpack only the following archive into the ...\\BGII - SoA\\infinityanimations\\restore folder by choosing the option "No pathnames" with 7-Zip and delete afterwards the empty subfolders:

22. TWEAKS AND HLA-TABLES CHANGING MODS

IA Content: BG2 Restores v2

Unpack the following archives into the ...BGII - SoA\infinityanimations\content folder by choosing the option "No pathnames" with 7-Zip and delete afterwards the empty subfolders:

- IA Content 001: Base content v5
- IA Content 002: IWDII and unused BGII animations v4
- IA Content: Fiends and Genies v6
- IA Content: IWD Belhifet and Marilith v2
- IA Content: IWD Svirfneblin
- IA Content: Miscellaneous NWN Animations I v2
- IA Content: Moinesse's Avatar Edits (IA compatible version)
- IA Content: PST Abishai v2
- IA Content: PST Paletted Animations v2
- IA Content: Remaining IWD Animations v3
- IA Content: Shadows, Harpy, and Frost Giant v2
- IA Content: White Wyvern & Dragon, Lady of Pain v2
- IA Content: WoRm's NWN ports & Alternate Modron v3

Double-click the Setup. The DOS dialogue appears:

22.4 Jastey's Solaufein Alpha 150122 (2)

~C#SOLAUFEBIN/SETUP-C#SOLAUFEBIN.TP2~

This modification makes Solaufein, the drow warrior from Usth Natha, a joinable NPC. Before the entrance to Adalon's cave he is captured by the drow. Now it's up to the HC to preserve Solaufein to be transformed into a drider!

NOTE: This mod must be installed in two steps! The component "Drinnen-Animationen fuer diese Mod verwenden" must be installed after the core component of Infinity Animations (IA) including the drider animation.

The component „Solaufein in Ust Natha das Mod-Portrait geben“ may be installed only after Solaufein NPC.

If Weimer's Solaufein romance is installed, the quest "Solaufeins rescue" only starts when Weimer's Solaufein was sent away.

Copy the folder **c#solaufein** and the file **setup-c#solaufein.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

22.5 IWDification vBeta3

~IWDIFICATION/SETUP-IWDIFICATION.TP2~

This is a mod that brings some of the elements of Icewind Dale into the Baldur's Gate series of games.

TobEx is highly recommended for players using the spell packs. Without TobEx, spell selection screens during character creation are limited to 24 spells.

The fourth-level divine spell relies on Infinity Animations, as the beetles summoned by the spell do not have animations in BG2, and will be skipped without the mod being installed. One of the summons (yeti) for the sixth-level arcane spell Monster Summoning IV will not be available without Infinity Animations, though the spell will otherwise work with the other two summon options.

Must be installed after Spellpack and Spell Revisions.

Copy the folder **iwdification** and the file **setup-iwdification.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o

22.6 Jarl's BGT Adventure Pack v0.61

~JA#BGT_ADVPACK/SETUP-JA#BGT_ADVPACK.TP2~

GERMAN

This mod expands various content for the BG1-part (BG2-part, planned) of BGT. The mod follows on unfinished, incomplete positions of the original and enhances them.

This mod requires Baldur's Gate Trilogy.

This mod requires Infinity Animations components "Distinctive Undead" und "More Icewind Dale II Animations".

The BG1 Unfinished Business components #19 "Minor Dialogue Restorations" and #21 "Store, Tavern and Inn Fixes and Restorations" are required.

The TobEx function "CharmPatch" is recommended.

The "Jondalar Fix for BGT" is not needed, because an equivalent fix is included.

Copy the folder **JA#BGT_AdvPack** and the file **Setup-JA#BGT_AdvPack.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0	[Sinvolle Fixes & Wiederherstellungen]?	[I]ninstall
Install Component 1	[Jarl's BGT Adventure Pack]?	[I]ninstall
<i>This component is not compatible with the mod Northern Tales of the Sword Coast because you would have Svlast and Pilar twice.</i>		
Install Component 2	[NSC-Portraets fuer Hauptkomponente]?	[I]ninstall

<i>This component is not compatible with the BG1 NPC Project because it adds a second peaceful solution to Seniya dialog, with this you loose the whole Jaheira quest from BG1 NPC Project.</i>		
Successfully installed		Press ENTER to exit

22.7 Aurora's Shoes and Boots v5 (1)

~AURORA/SETUP-AURORA.TP2~

Aurora not only sells all sorts of shoes, but will also chat with you about nobles and commoners alike, providing exciting information about their daily lives.

You will also meet the surly gnome Tomthal, doomed to the surface by a mysterious curse, and his cheerful sister Karaea.

This mod also includes the former mod Store Prices. With this one you can increase the selling prices and decrease the buying prices. Without these components you would get very soon much to much money in a megamod.

NOTE: This mod must be installed in two steps! The main component should be installed before Stratagems. The former Store Prices components „Change store buying prices“ , „Change store selling prices“, „Change gem and jewelry prices“ and „Change creature gold carried“ must be installed after all item changing mods.

This mod should be installed fairly late after patches and fixpacks and mods that add creatures or mods that overwrite rather than patch game resources.

Aurora's main component also patches BGMain.exe, therefore 1PP component Unique Thief Avatars can not be installed after Aurora and Infinitiyanimations.

Install Aurora before Level 1 NPCs.

Install Aurora because of its crossmod material after MTS Crappack or Tales of the Deep Gardens. Eventually, there will be additional material available through Crossmod, including banter with Solaufein, Kelsey, Hubelpot and others. TobEx must be installed for the component "Change creature gold carried" because it enables the use of 99 rows for all RND*.2DA files.

Copy the folder **aurora** and the file **setup-aurora.exe** into your main SoA directory.

Double-click the Setup. The DOS dialoge appears:

22.8 Sandrah NPC v105b

~SETUP-SANDRAHNPC.TP2~

Sandrah is a young priestess of Mystra (fighter/cleric) from Waterdeep, who wants to make herself an own name and also to discover the hidden part of her family history. This plot runs paralell to the discovery of the origin of the main character. Sandrah is a specialized healer, on the battlefield but also for those companions that suffer in heart and soul.

Her main quest runs throughout the complete trilogy and finds its end at the Throne of Bhaal. Beside that there are nearly 50 other quests, adventures and areas you may discover with her, some of them are dependent on other NPCs as well.

Sandrah is a PURE BGT CHARACTER and works not with TUTU or any other installation.

Sandrah ist ein REINER BGT-CHARAKTER und funktioniert nicht mit TUTU oder einer einfachen SvA-Installation.

Sandrah NPC erfordert eine vollständige Installation von BGT mit allen "großen Mods":

BG1:

*Dark Side of the Sword Coast
Northern Tales of the Sword Coast
The Drizzt Saga
Grey Clan Episode 1
BG1NPC (mit allen Quests und Romanzen)*

BG2:

*The Darkest Day
Check the Bodies
The Region of Terror*

The following mods are not required, but without them you will miss significant contents of Sandrah NPC:

BG1:

Dark Horizons
 Secret of Bone Hill
 The Vault
 BG1 Mini Quests and Encounters
 The Lure of the Sirine's Call
 The Stone of Askavar
 Ascalons Breagar
 Ascalons Questpack
 Finch

BG2:

Planar Sphere
 Fishing for Trouble
 Kivan and Deheriana Companions
 Yasraena
 Saerileth
 Chloe

There is also more or less interesting crossmod content with the following mods:

BG1:

Gavin BG1
 Indira
 Isra BG1
 Mur'Neth
 Valerie
 White

Auren
 Beyond the Law
 Coran BG2
 Dace Linton
 Ellistraee
 Fade
 Faren
 Gavin BG2
 Haldamir

Kido
 Kim
 Kindrek
 Kitanya
 Longer Road
 Luxley Family
 Nathaniel
 Nephele
 Nikita
 Ninde
 Romantic Encounters
 Sarah
 Sarevok
 Shadows Over Soubar
 Sheena
 Silverstar

Sir Ajantis
 Skie
 Solaufein
 Summon Bhaalspawn
 Tales of Anegh
 Tashia
 The Undying
 Thief Stronghold
 Tiax SoA Friendship
 Tortured Souls
 Tsujatha
 Tyris Flare
 Vampire Tales
 Varshoon
 Xulaye

BG2:

Aeon
 Alora
 Amber
 Angelo
 Arath
 Ariena

Hanna
 Isra BG2
 Iylos
 Kari
 Kelsey
 Keto
 Kiara-Zaiya

The more mods you have installed before Sandrah, the more content you will get out of the new mod. If you plan to play an evil character, do not install the mod because the idea of an evil Bhaalspawn with growing powers will make Sandrah (and her goddess) your enemy sooner or later but the largest part of the mod will never evolve.

Install Sandrah quite at the end after Aurora. The BP mod v180 or later is recommended.

Do not use any AI script for Sandrah or other joinable NPCs from the mod.

All setup options must be installed, the different components are just for faster recovery in an error case.

Copy the folder **SandrahNPC** and the files **SandrahNPC-setup.exe** and **SandrahNPC-setup.tp2** into your main SoA directory.

To be able to install Sandrah, you must copy the file **worldmap.wmp** IMMEDIATELY BEFORE INSTALLATION OF THE MOD from the folder **B.G World Fixpack** into the override folder.

Because this patch cannot be installed before, this will not be done by the **B.G World Fixpack.bat**, but the **B.G World Install.bat**.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed?	[A]sk about each one?
Install Component 0 [SandrahNPC Check for required Installation]?	[I]n stall
You can play CtB Chores or have a smooth transition from BG1 to SoA.	Choose one

22.9 Sandrah - Return to Faerûn v105b

~SETUP-SANDRAHRTF.TP2~

Sandrah RTF (Return to Faerûn) is an epic sequel to the trilogy which starts after ToB and takes place in areas from all three parts of the original game. In addition to the original playground, it adds about 100 new areas to the original game. You can recruit old friends but also a new generation of characters to your party. RtF starts seamlessly after your final decision at the Throne of Bhaal (provided you choose right).

This mod requires Sandrah NPC, of course. Due to its size because of the large number of new areas this mod consists of 2 packages. All setup options must be installed, the different components are just for faster recovery in an error case.

Copy the folder **SandrahRTF** and the files **SandrahRTF-setup.exe** and **SandrahRTF-setup.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[SandrahRTF Check for required Installation]?	[!]ninstall
Install Component	1	[RTF Movies and Sounds]?	[!]ninstall
Install Component	2	[Sandrah Return To Faerun Areas]?	[!]ninstall

Install Component	5	[Sandrah Return To Faerun Items and Stores]?	[!]ninstall
Install Component	6	[Sandrah Return To Faerun Compiles]?	[!]ninstall
Install Component	7	[Sandrah RtF Cross Mod Contents]?	[!]ninstall

22.10 Vecna v23

~VECNA/SETUP-VECNA.TP2~

This mod is the first HIGH LEVEL adventure, propelling the party into a deadly war between gods and creatures that gods fear. With over 50 new areas to explore, many new monsters, spells and new animations to experience there should be many hours of playtime. Some parts of the mod are still under development but the primary storyline is finished, fixed and will remain unchanged. The difficulty level of this mod is quite extreme, a real challenge, but the rewards are suitably generous. Recommend is a party of 14th+ Lv players commanded by a suitably experienced player. To start the mod: There is a cowled figure in the council of six building that requires you attention.

Vecna should be installed AFTER other weiDU mods. Vecna uses Infinity Animations code.

Copy the folder **vecna** and the file **Setup-vecna.exe** into your main SoA directory.

There is an revised English text - **Text Overhaul v23.1.0**. Copy the folder **Language** and the file **Text Overhaul v1.0 - ReadMe** into the Vecna folder.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Vecna Artifacts]?	[!]ninstall
Install Component	1	[Modification of NPCs and strongholds quests]?	[N]ot Install

The functions of this component are already included in the Teleport Spell mod.

Install Component	2	[G3 Lv50 and Grand Mastery Patch]?	[N]ot Install
-------------------	---	------------------------------------	---------------

Not suggested for a big world setup since not fully tested.

Successfully installed

Press ENTER to exit

22.11 Pack Mule v1.4a

~W_PACKMULE/SETUP-W_PACKMULE.TP2~

This mod adds a pack mule to the game. It will follow your party around and carry your equipment for you. You can buy the mule from a guy named Stedd, who can be found near the northeast exit of Waukeen's Promenade or in the courtyard of the Friendly Arm Inn.

This mod requires Infinity Animations (core) to function. Install this mod after any mods that add outdoor or dungeon areas to the game.

Copy the folder **w_packmule** and the file **Setup-w_packmule.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]
Install Component 0	[Pack Mule]?

22.12 Haiass el lobo v2.3

~HAIASS/SETUP-HAIASS.TP2~

This mod includes Haiass, your loyal companion wolf.

Tactics must be installed before Haiass.

Copy the folder **Haiass** and the file **Setup-Haiass.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component 0	[Haiass, the wolf]?	[I]nsta
Install Component	[Haiass can be resurrected]?	
10	1] Moderate penalty (Constitution -4 temporarily)	[1]
15	2] Tougher penalty (Constitution -4 and level drain temporarily)	
Successfully installed	[Haiass, the wolf]	Press ENTER to exit

The readme opens.

22.13 Afaaq, the Djinni Companion

~DJINNICOMPANION/SETUP-DJINNICOMPANION.TP2~

This mod adds Afaaq, the djinni who will be your faithful companion in the course of your adventures throughout SoA and ToB.

The mod changes a number of original game resources. To ensure the highest compatibility with existing mods, it should be installed as late as possible. The following mods have to be installed BEFORE this mod, if you want to use them:

Westley Weimer's "Ascension"
DavidW's "Wheels of Prophecy"
SimDing0's Quest Pack and its subcomponent "Revised Hell Trials"
Infinity Animations and its subcomponent "Distinctive Genies"

Copy the folder **DjinniCompanion** and the file **setup-DjinniCompanion.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

22.14 Ashes of Embers v27 (1)

~SETUP-ASHESOFEMBERS.TP2~

This mod enhances the abilities of clerics and mages. New spells, new kits (6 clerics, 1 fighters), new weapons and abilities.

NOTE: Together with DR this mod must be installed in two steps! At least one "Sensitive weapon restrictions"-component must be installed before DR. The component "Sensitive weapon restrictions for MODS" must be installed after RR.

Copy the folder **AshesofEmbers** and the files **setup-ashesofembers.exe**, **setup-ashesofembers.tp2** and **setup-ashesofembers.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Install Component 0 [Sensible weapon restrictions for mods]? [N]ot Install

This component is similar to the component " Weapons for all" from Victor's Improvements Pack v1.9, however, this component here is more elaborated.

The improved version of this component is included in the B!Tweaks mod.

Install Component 1 [Nerfed Spells (Iron/Stoneskin)]? [N]ot Install
 Install Component 2 [Unique weapons (bolas and katars)]? [N]ot Install
 Install Component 3 [Throwing Spears]? [N]ot Install

Not together with the Item Revisions main component, because it completely overwrites existing IR item descriptions.

Install Component 4 [Wizard Slayer kit MR bonus (8% + 4%/level)]? [N]ot Install

Don't use this component together with the Wizard Slayer Rebalancing mod.

Install Component 5 [Priest of Oron Kit]? [I]ninstall
 Install Component 6 [Priest of Lahan-Riyashal Kit]? [I]ninstall
 Install Component 7 [Priest of Thieron Kit]? [I]ninstall
 Install Component 8 [Priest of Cathoun Kit]? [I]ninstall
 Install Component 9 [Priest of Yathar Kit]? [I]ninstall
 Install Component 10 [Priest of Uulix Kit]? [I]ninstall
 Install Component 11 [Pit Fighter Kit]? [I]ninstall
 Install Component 12 [New Armour (Scale, Banded, and Field Plate)]? [N]ot Install
 SKIPPING 13 [Sensible weapon restrictions for BG1Tutu]? [I]ninstall

This component is possible only with Tutu

Install Component 14 [Sensible weapon restrictions for SoA (non-mod weapons)]? [I]ninstall

Not together with the Item Revisions main component, because it completely overwrites existing IR item descriptions.

Install Component 15 [Sensible weapon restrictions for ToB (non-mod weapons)]? [I]ninstall

Not together with the Item Revisions main component, because it completely overwrites existing IR item descriptions.

Install Component 16 [SoA Anomen's new proficiencies (Long Sword, Spear, Xbow)]? [N]ot Install

Requires the component Sensible weapon restrictions for SoA (non-mod weapons)

Not together with the B!Tweaks component Anomen gets sensible proficiencies in SoA (Ghreyfain - CTDproof), because so the game will still crash. Better use b!tweaks to select Anomen's weapon profs and not install that component of AoE.

Install Component 17 [ToB Anomen's new proficiencies (Long Sword, Spear, Xbow)]? [N]ot Install

Requires the component Sensible weapon restrictions for ToB (non-mod weapons)

Not together with the B!Tweaks component Anomen gets sensible proficiencies in ToB (Ghreyfain - CTDproof), because so the game will still crash. Better use b!tweaks to select Anomen's weapon profs and not install that component of AoE.

Install Component 18 [SoA Viconia's new proficiencies (Crossbow, Flail, Single-weapon Style, Scimitar, and Short Sword)]? [N]ot Install

Requires the component Sensible weapon restrictions for SoA (non-mod weapons)

Install Component 19 [ToB Viconia's new proficiencies (Crossbow, Flail, Single-weapon Style, Scimitar, and Short Sword)]? [N]ot Install

Requires the component *Sensible weapon restrictions for ToB (non-mod weapons)*
 Install Component 20 [SoA Keldorn's new proficiencies (Crossbow becomes Spear)]? [N]ot Install

Requires the component *Sensible weapon restrictions for SoA (non-mod weapons)*
 Install Component 21 [ToB Keldorn's new proficiencies (Crossbow becomes Spear)] [N]ot Install

Requires the component *Sensible weapon restrictions for ToB (non-mod weapons)*
 Successfully installed Press ENTER to exit

The readme opens.
 Press close in the "Ashes of Embers Setup" window.

22.15 **Oversight v14 (2)**
 ~SETUP-OVERSIGHT.TP2~

This mod enhances the Monk High Level Abilities, improves the classification of NPCs, adds a tougher Sendai and more.

NOTE: This mod must be installed in two steps! The component *Tougher Sendai* overwrites files instead of patching them. If you want to insert it, you must install it before *BG2 Fixpack*, all the others much later after the installation of *Big Picture!*

This mod must be installed before Divine Remix.

You have already copied the folder **Oversight** and the files **Setup-Oversight.exe** and **Setup-Oversight.tp2** into your ... \BGII - SoA\ directory quite at the beginning.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 What should be done with all components that are NOT YET installed? [A]sk about each one?
 What should be done with all components that are ALREADY installed? [S]kip them
 Install Component 0 [Tougher Sendai (ToB Required)]? [N]ot Install

*This component must be installed at the beginning. of the megamod.
 Not together with "Improved Sendai" from the BP mod.*

Install Component 1 [Alignment Correction]? [N]ot Install

This component is included in enlarged form already in BG2 Fixpack

Install Component 2 [Class Tweaks/Fixes]? [I]ninstall
 Install Component 3 [Altered Spells]? [I]ninstall
 Install Component 4 [Improved Continuity]? [N]ot Install

This component is included except for Saemon Havarian part already in BG2 Fixpack

Install Component 5 [Cleric Kits]? [N]ot Install

This component may not work correctly with Multiple Strongholds (either variant).

Install Component 6 [Monk High Level Abilities]? [I]ninstall
 Install Component 7 [Holy Liberator]? [I]ninstall
 Install Component 8 [Expanded Brynnlaw]? [I]ninstall
 Install Component 9 [Equalizer Longbow]? [N]ot Install
 Successfully installed Press ENTER to exit

The readme opens.

*With this mod you can add 1 paladin kit to the game. The **B&G World Installpack** will handle this correctly for you.*

22.16 **La'Viconia v5.0**
 ~LAVICONIA/SETUP-LAVICONIA.TP2~

This mod changes Viconia's class from a cleric to a cleric/assassin. Viconia will also receive a Symbol of Shar after reaching a specific level as a cleric and she also gains a new special ability, "Embrace of Shar."

This mod should be installed after other mods that add new priest spells. Divine Remix's main component, however, should be installed after this mod.

Divine Remix's "Add Nightcloak of Shar Kit to Viconia" component in conjunction with this mod will conflict.

Copy the folder **laviconia** and the file **setup-laviconia.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Would you like to display the readme? [N]o

22. TWEAKS AND HLA-TABLES CHANGING MODS

Install Component	[La'Viconia Tweak]?	
0	1] Dual-class (Lava's original option enhanced by Miloch)	[1]
10	2] Multi-class (Miloch's option)	
Install Component	50 [Portrait that matches Viconia's thief animation (recolored hood)]?	[N]ot Install

22.17 Divine Remix v8 beta

~DIVINE_REMIX/SETUP-DIVINE_REMIX.TP2~

(former: Cleric Remix)

This mod aims to rebalance and change several aspects of divine-magic-using classes (clerics, paladins, druids, and rangers) in Baldur's Gate I + II. As well as arcane magic has its different school, the divine magic is divided into effect spheres like animal, nekromantic, protection etc. The available magic are depending on belief of the user in the different divinities and, hence, are limited to the effect sphere of the divinities and can vary from class to class and even within the character classes.

Divine Remix also changes the default Cleric kits from vanilla BGII (Priests of Lathander, Helm and Talos) to the much more complex Morninglord of Lathander, Watcher of Helm and Stormlord of Talos. These are not additional kits but replacements for the originals.

At the moment DR v8 is very buggy. You may want to use DR v7 instead.

This mod must be installed after Oversight, because it corrects some errors from Oversight. The tables of this mod contradict with the cleric and druid HLA tables of Refinements. Hence, both cannot be used together!

Divine Remix should be installed after SpellPack because otherwise some of the new divine spells will either be exempt from spell sphere restrictions or will not be available for clerics or paladins (depending on install order). Changes to existing spells should work fine.

Divine Remix has to be installed after any mods that add Cleric/Paladin/Druid/Ranger Kits (or else they'll have empty spell books).

Copy the folder **Divine_Remix** and the file **Setup-Divine_Remix.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

 Install Component 203 [Install Oozemaster Druid Kit]? [I]ninstall
 Install Component 403 [Install Bowslinger Ranger Kit]? [I]ninstall
 Install Component 406 [Install Feralan Ranger Kit]? [I]ninstall

This component is identical with the component of the same name from Unfinished Business

Install Component 409 [Install Forest Runner Ranger Kit]? [I]ninstall
 Install Component 412 [Install Justifier Ranger Kit]? [I]ninstall

This component is identical with the component of the same name from Unfinished Business

Install Component 415 [Install Wilderness Runner Ranger Kit]? [I]ninstall
 SKIPPING 600 [Install Battleguard of Tempus Kit for Branwen]

This component can be chosen only, if "Battleguard of Tempus kit" was installed before!

Install Component 605 [Change Jaheira to Neutral Good]? [N]ot Install

This component is also included in the BG2 Tweak Pack

SKIPPING 610 [Install Nightcloak of Shar Kit to Viconia]

This component can be chosen only if "Nightcloak of Shar" was installed before!

This component will conflict with the La'Viconia mod.

Install Component 1000 [Implement sphere system]? [N]ot Install

Do not install the „Implement sphere system“ component at time or you will ruin your whole installation!

Successfully installed Press ENTER to exit

The readme opens.

This mod will replace the 3 Bioware cleric kits with its own kits. Additionally you can add another 16 kits to the game: 10 clerics, 1 druid and 5 rangers. Not all of them are available for every race.

22.18 The Sorcerer's Place Collection v10 (2)

~SETUP-SPSTUFF.TP2~

This mod is a collection of several older kits and items. The mod encloses seven components, each of them can be installed separately.

You have already copied the folder **spstuff** and the files **setup-spstuff.exe** and **setup-spstuff.tp2** into your ... \BGII - SoA\ directory with the BG2 item mods.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Would you like to display the readme? [N]o
 What should be done with all components that are NOT YET installed? [A]sk about each one?
 Install Component 0 [Sylvan Mystic Kit, by Polar Bear]? [I]ninstall
 Install Component 1 [Blade Master Kit, by Drizzt1180]? [I]ninstall
 Install Component 2 [Death Knight Kit, by Drizzt1180]? [I]ninstall
 Install Component 3 [Wushi Ninja Kit, by Drizzt1180]? [I]ninstall
 Install Component 4 [Creslyn's BG2 Item Pack]? [N]ot Install

This is the same component as from Sorcerer's Place Item Collection, here however in revised form, so that they do not overwrite no more the original items.

Install Component 5 [Archer of Sylvanus, by Drizzt1180]? [N]ot Install

The Archer of Sylvanus kit is incompatible with Refinements.

Install Component 6 [Arcane Fist, by Drizzt1180]? [I]ninstall
 Successfully installed Press ENTER to exit

*With this mod you can add 6 kits to the game: 1 fighter, 1 ranger, 1 paladin, 1 druid, 1 thief and 1 bard. It is recommended that the kits be installed after other item and kit mods. The **B&G World Installpack** will handle this correctly for you.*

The kits should be installed after the Divine Remix mod.

It is unlikely but possible that the Sylvan Mystic kit, Archer of Sylvanus kit and Arcane Fist kit may cause some compatibility problems with mods that alter the „Specialty Priest Of Talos“ cleric kit, „Undead Hunter“ paladin kit and „Specialty Priest Of Lathander“ cleric kit due to some usability hacks that were implemented for the item restrictions. It is recommended that the kits be installed after other item and kit mods but before tweak mods.

22.19 Paladins of Faerûn Kitpack v5

~POFKITS/SETUP-POFKITS.TP2~

22. TWEAKS AND HLA-TABLES CHANGING MODS

This mod is a collection of 18 new kits, each of them can be installed separately.

This mod requires the Divine Remix mod because it supports the sphere assignment system.

Copy the folder **Pofkits** and the file **Setup-Pofkits.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Successfully installed                                     Press ENTER to exit
```

*With this mod you can add 18 kits to the game: 3 fighters, 3 rangers, 3 paladins, 3 druids, 3 tieves and 3 bardes. It is recommended that the kits be installed after other item and kit mods. The **B.G World Installpack** will handle this correctly for you.*

22.20 Druid Kit Enhancements v1.0

~PHORD_DRUIDKITS/SETUP-PHORD_DRUIDKITS.TP2~

This mod enhances and improves the druids' abilities

Requires Dispel Magic fix, whether ToBEx's or Taimon's

Copy the folder **phord_druidkits** and the file **setup-phord_druidkits.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
Install Component 0      [Druid Kit Revisions]?                 [I]ninstall
Install Component 1      [Make Cernd Totemic]?                 [I]ninstall
The components 14 Cernd: Totemic Druid-Kit from Jarl's BGT Tweak Pack and Cernd from NPC Tweak also change Cernd.
Successfully installed      [Druid Kit Revisions]                Press ENTER to exit
```

22.21 Animal Companions v0.5

~ANIMALCOMPANIONS/SETUP-ANIMALCOMPANIONS.TP2~

With this mod, all ranger and druid main characters can choose one of nine animal companion that will follow you around on your adventures and even increase in power as you do.

The optional component to allow animal companions to be resurrected by the Rod of Resurrection, will override any changes other mods might previously have made to the Rod of Resurrection.

Copy the folder **AnimalCompanions** and the file **Setup-AnimalCompanions.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

22.22 Song and Silence v6

~SONG_AND_SILENCE/SETUP-SONG_AND_SILENCE.TP2~

This mod enhances the thieves and bards, adds some new kits and items for both classes and some general fixes.

This mod should be installed before Rogue ReBalancing, because it copies a few 2DA's instead of patching them. This could potentially cause compatibility issues if Song and Silence is installed after a mod which also alters these files (such as Rogue ReBalancing). These issues should not create any significant problems if Song and Silence is installed before any other mods which also make changes to the thief and bard kits.

Rogue ReBalancing and Refinements likewise change the rogues (bard and thieves). You get the support of that mod of the both which was installed as last.

The use together with Rogue Rebalancing is expressly recommended!

The mod is fully compatible with the changes made in the Ashes of Embers "Universal Weapons" component, provided Song and Silence is installed after it.

Copy the folder **song_and_silence** and the file **setup-song_and_silence.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]

Successfully installed	[Monk Remix]	Press ENTER to exit

The readme opens.

With this mod you can add 5 fighter kits to the game.

22.24 Rogue ReBalancing v4.80 (1)

~RR/SETUP-RR.TP2~

This mod re-balances the bards and thieves and gives them new abilities.

NOTE: *This mod must be installed in two steps!*

In any case, Quest Pack should be installed before Rogue ReBalancing.

The "Summons/NPCs Set Off Traps" component of Ding0's Tweak Pack is conceptually incompatible with the "Shadow Thief Improvements" component of Rogue ReBalancing as it will inadvertently cause the Shadow Thief opponents to trigger their own traps. If you wish to use both of these components at the same time then you must install "Summons/NPCs Set Off Traps" before "Shadow Thief Improvements" so that the changes it introduces do not apply to the "Shadow Thief Improvement"-areas.

In order to achieve full compatibility with the Refinements mod, the "Thief High Level Ability revisions" and "Bard High Level Ability revisions" components must be installed after Refinements.

The components "Revised Thievery" and "Shadow Thief Improvements" add their own scripts to lot of creatures. As a result, some creatures have all 5 script slots filled and SCS would skip those creatures. To avoid this both components must be installed after SCS.

Copy the folder **RR** and the file **Setup-RR.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears: and the readme opens.

Choose your language:		0 [English]
Would you like to display the readme?		[N]o

22.25 Ashes of Embers v27 (2)

~SETUP-ASHESOFEMBERS.TP2~

This mod enhances the abilities of clerics and mages. New spells, new kits (6 clerics, 1 fighters), new weapons and abilities.

NOTE: Together with DR this mod must be installed in two steps! At least one "Sensitive weapon restrictions"-component must be installed before DR. The component "Sensitive weapon restrictions for MODS" must be installed after RR.

If not already done, copy the folder **AshesofEmbers** and the files **setup-ashesofembers.exe**, **setup-ashesofembers.tp2** and **setup-ashesofembers.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 21	[ToB Keldorn's new proficiencies (Crossbow becomes Spear)]?	[I]ninstall
<i>Requires the component Sensible weapon restrictions for ToB (non-mod weapons)</i>		
Successfully installed		Press ENTER to exit

The readme opens.

Press close in the "Ashes of Embers Setup" window.

*With this mod you can add 6 kits to the game: 5 clerics and 1 fighter. You may have incompatibilities with kits and items (TDD kits for example) because it changes UNUSABLE for some kits in the KITLIST.2DA or it removes almost all unusable flags for items. The **B&G World Installpack** will handle this correctly for you.*

Not compatible with the Worgas mod.

ATTENTION: *The Fighter-Class Archer Kit and the Anti-Paladin Kit from Tactics must be individually installed AFTER "Ashes of Embers - Unique weapons (bolas and katars)" and AFTER "Rogue Rebalancing - Proper dual-wielding implementation for Thieves and Bards".*

22.26 B!Tweaks v4 "Lite"

~SETUP-B!TWEAK_LITE.TP2~

This mod is a small collection of tweaks. It includes an adjusted CTD-proof "Ashes of Embers"-based weapon proficiency system.

For BWP we use the "Lite" version. The full version includes a lot of specially adjustments that are not supported by BWP. Many of them are already included in other mods.

The mod should be installed before Item Revision's Weapon Changes component.

Copy the folder **bltweak_lite** and the file **setup-bltweak_lite.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

What should be done with all components that are NOT YET installed?      [A]sk about each one?
Install Component 0      [Moody Anomen]?                                [I]ninstall
Install Component 1      [Bardic Reputation Adjustment for BG2 SoA]?    [I]ninstall
Install Component 2      [Traveler's Stone]?                            [I]ninstall
Install Component 3      [Sensible weapon restrictions (based on Ghreyfain's Ashes of Embers)]? [I]ninstall
    
```

This component is based on Ghreyfain's "Ashes of Embers", but there have been a few changes. The most notable change is that NPCs can now use their own starting weapons. Or you can just use "Level 1 NPC", which does the same thing more elegantly.

This component must be installed before Item Revision's Weapon Changes component.

```

Install Component 4      [Anomen gets sensible proficiencies in SoA (Ghreyfain - CTDproof)]? [I]ninstall
    
```

Not together with the Ashes of Embers component "SoA Anomen's new proficiencies (Long Sword, Spear, Xbow)" because so the game will still crash. Better use bltweaks to select Anomen's weapon pros and not install that component of AoE.

```

Install Component 5      [Anomen gets sensible proficiencies in ToB (Ghreyfain - CTDproof)]? [I]ninstall
    
```

Not together with the Ashes of Embers component "ToB Anomen's new proficiencies (Long Sword, Spear, Xbow)" because so the game will still crash. Better use bltweaks to select Anomen's weapon pros and not install that component of AoE.

```

Install Component 6      [Flexible alignment restrictions for paladins and druids]? [I]ninstall
Successfully installed                                          Press ENTER to exit
    
```

Es öffnet sich die Read Me.

22.27 Thrown Hammers v3

~HAMMERS/SETUP-HAMMERS.TP2~

This modification adds animations to the thrown hammers so they no longer appear as axes flying through the air instead of hammers. Also a few new items will be spread in the game

Copy the folder **hammers** and the file **setup-hammers.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

22.28 **Daulmakan's Item Pack for Baldur's Gate II v1.8**

~SETUP-ITEM_PACK~

This mod will add 30 brand new items to Baldur's Gate II, taken from the Icewind Dale series and Planescape: Torment, as well as a few item related tweaks.

For optimal performance, Item Pack should be installed AFTER spell-modifying mods, since the spell-like abilities of some items clone the current spells when installing.

In order to see all the items, you should install Item Pack AFTER:

Tactics' Gebhard Blucher's Improved Mae'Var

Item Upgrade

Anishai One Day NPC

Questpack's Additional Shadow Thieves' Content

If you have other item-affecting mods, be warned that components 3 and 4 from this mod overwrite items, so you'll only get to see their version or these ones, depending on your install order.

Copy the folder **Item_Pack** and the files **Setup-Item_Pack.exe** and **Setup-Item_Pack.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]

22.29 **igi's Item Mod 5b**

~IIITEMMOD/SETUP-IIITEMMOD.TP2~

The iiltem Mod adds several dozen new items to the game, concentrating on lesser known item types (such as potions, bracers, arrows etc). Items are scattered randomly throughout the game world.

iiltem should be installed after mods that add new creatures or stores to be so that the new items are scattered equally through the game world. However, it has to be installed before mods that universally edit item behavior.

Copy the folder **iiltemMod** and the file **Setup-iiltemMod.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	[View Readme]?	[N]ot Install

	1000 2] View readme file after installation	
	2000 3] Do not view readme file	
Install Component 1	[Items [version 5]]?	[I]ninstall
Successfully installed	[Items [version 5]]	Press ENTER to exit

22.30 **Item Revisions v3 Beta 1.16 (2)**

~ITEM_REV/ITEM_REV.TP2~

Item Revisions aims to fix/tweak/enhance all items in Baldur's Gate II. Weaker items have been improved, overpowered ones have been (or will be) nerfed, many descriptions have been extended or replaced with more appropriate ones, and so on. In addition, there are a number of rule changes available that can be chosen individually as the user wishes.

NOTE: This mod must be installed in two steps! Only the main component must be installed really early. All the others considerably later.

Most content from the One Pixel Productions mod is already included in this mod.

The current Item Revisions is mostly compatible with 1PPv4, but avoid installing 1PPv4 shield and helmet components. IR still has to be installed after 1PP core components.

Many but not all items from One Pixel Productions are also used with this mod. Files already existing will be replaced.

You have already copied the folder **item_rev** and the file **setup-item_rev.exe** into your ... \BGII - SoA\ directory quite at the beginning.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?		[N]o
What should be done with all components that are NOT YET installed?		[A]sk about each one?
Install Component 0	[Item Revisions by Demivrgvs]?	[N]ot Install

This component includes already the mod "Horns of Valhalla" and the "BG2 Tweak Pack component [sellable items (Icelus)].

Install Component	[Executable Patch]?	[N]ot Install
1010	1] ToBEx v20 (beta)	
1011	2] ToB_Hacks - Casting Level Modifier and Repeating EFF Fix (not compatible with ToBEx)	
1012	3] ToB_Hacks - Casting Level Modifier Fix (safe)	
Install Component 1020	[Potion Revisions]?	[I]ninstall
Install Component 1	[Masterwork Weapons]?	[N]ot Install

Sword Coast Stratagems has a similar component.

Install Component 1030	[Store Revisions]?	[I]ninstall

1093	4] Clerics and Druids, With Halved Specialization	[4]
Install Component	[PnP Equipment for Druids]?	
15	1] Druids only	[1]
16	2] Druids and Fighter/Druids	
Install Component 1060	[Kensai Can Wear Bracers]?	[N]ot Install
Install Component 1070	[Thieves Can Use Wands]?	[N]ot Install

22. TWEAKS AND HLA-TABLES CHANGING MODS

```
Install Component 17 [Weapon Changes]? [I]ninstall
Install Component 1080 [Enchantment Doesn't Affect Speed Factor of Weapons]? [N]ot Install
Install Component [Backstabbing Penalties for Inappropriate Weapons]? [N]ot Install
Not together with the Ding0's Tweak Pack component "Improved Backstabbing"
18 1] Backstabbing Penalties Only [1]
19 2] Backstabbing Penalties with More Weapons Usable for Backstabbing
Successfully installed Press ENTER to exit
```

22.31 Ninja and Waki Fix ~SETUP-NINJAWAKIFIX.TP2~

This is a fix for the Weapon Changes component.

The **B&G World Fixpack** copies the file **setup-ninjawakifix.tp2** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0 [Quickfix for wakizashis and ninja-tos]? [I]ninstall
Successfully installed [Quickfix for wakizashis and ninja-tos] Press ENTER to exit
```

22.32 UniqueArtifacts v1.12 ~UNIQUEARTIFACTS/SETUP-UNIQUEARTIFACTS.TP2~

Many items in Baldur's Gate, have their own history, and therefore should exist in a single copy. But, there are many cases when player gets the same item several times. With this mod excessive copies of supposedly unique items (like boot of the speed, ring of the magic etc.) are removed. This mod also removes duplicates from mods.

This process lasts several minutes!

Copy the folder **UniqueArtifacts** and the files **Setup-UniqueArtifacts.exe** and **Setup-UniqueArtifacts.tp2** into your ... \BGII - SoA\ directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B&G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```
Install Component [Unique Artifacts]?
1 1] Strict
Removes only copies of items that are stated clearly to be unique
2 2] Expanded [2]
```

Removes copies of unique and rare items. Rare items are the items that are not stated to be really unique, but according to their descriptions, it is unlikely that one band of adventurers would possess several of such items at the same time.

Successfully installed

22.33 Cursed Items Revision v3.5 ~CURSED_ITEMS/CURSED_ITEMS.TP2~

This minimod aims to give a little more depth to cursed items.

Unique Artifacts must be installed BEFORE Cursed Items Revision.

Copy the folder **cursed_items** and the file **Setup-cursed_items.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 0 [English]
Would you like to display the readme? [N]o
Install Component 0 [Salk's cursed items revisions]? [I]ninstall
```

This component overwrites Item Revisions!

```
Install Component 10 [Stone of Recall]? [I]ninstall
```

Only available for BGT or (Easy)TuTu

Successfully installed Press ENTER to exit

22.34 PnP Free Action v2

~FREEACT/SETUP-FREEACT.TP2~

This component ensures Free Action does not cancel or prevent movement bonuses.

Copy the folder **freeact** and the files **setup-freeact.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                [N]o
Install Component 10 [PnP Free Action]?              [I]ninstall
Install Component 50 [Update spell and item descriptions]? [N]ot Install
This component should be skipped if the main component of either Spell Revisions or Item Revisions is installed.
Successfully installed                               Press ENTER to exit
```

22.35 Zyraen's Miscellaneous Mods v2

~SETUP-Z#MISC.TP2~

This mod improves some aspects in the gameplay of Baldurs Gate 2.

Copy the folder **Z#Misc** and the files **Setup-Z#Misc.exe** and **Setup-Z#Misc.tp2** from the folder zymisc2 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the components from [Convenience]? [Y]es
Would you like to display the components from [XP Management]? [Y]es
Would you like to display the components from [Balance]?       [Y]es
Install Component 0 [Alternate, Accelerated Ust Natha Route]?  [N]ot Install
Install it only if you want to shorten the task in Ust Natha. Solaufein must be installed.

Install Component 2 [Transfer Yoshimo's XP to either Imoen or the Party]? [N]ot Install
Install Component 3 [Solo With a Party AI Script]?             [N]ot Install
Install Component 4 [Primary Nerfs - Balancing Overpowered Items]? [N]ot Install
Weakens the weapons; don't install this together with BP
Install Component 5 [Secondary Reductions - Instant Kill Reductions]? [N]ot Install
Don't install this together with BP
Install Component 6 [Periphery Tweaks - Less Noteable Items]?  [N]ot Install
Install Component 7 [Remove Alignment Restrictions for all Items]? [N]ot Install
This component removes the restriction that some objects can be used only for characters with good or bad alignment. This component affects ALL items installed before.
Install Component [Stage Based XP Cap]?                     choose one:
    8 1] Easy
    9 2] Normal
   10 3] Hard
   11 4] Very Hard
SKIPPING 12 [XP Restorer - Easy]                             [N]o
Only used for Easy Stage-Based XP Cap
SKIPPING 13 [XP Restorer - Normal]
Only used for Normal Stage-Based XP Cap
SKIPPING 14 [XP Restorer - Hard]
Only used for Hard Stage-Based XP Cap
SKIPPING 15 [XP Restorer - Very Hard]
Only used for Very Hard Stage-Based XP Cap
Install Component 16 [Uberweapon for Testing Purposes]?       [N]ot Install
Install Component 17 [Expanded Spell Progressions for Rangers]? [I]ninstall
Install Component 18 [Expanded Spell Progressions for Bards]?  [I]ninstall
Install Component 19 [Expanded Spell Progression for Paladins]? [I]ninstall
Install Component 20 [Hidden Uber Kit - Reaver]?               [N]ot Install
A hidden kit, that can do all the functions of a Fighter, Thief and Mage, and to some extent, of a Cleric and Druid. Above all useful if one plays with the Solo With a party AI Script
Install Component 21 [Auto-Sell Script]?                       [N]ot Install
Install Component 21 [XP Evener Script]?                       [N]ot Install
Install Component 23 [Item STR Stat Bonuses - Set to Inc (Patch)]? [N]ot Install
Not tested together with BP
```

22. TWEAKS AND HLA-TABLES CHANGING MODS

Install Component 24	[Item Stat Bonuses (less STR) - Set to Inc (Patch)]?	[N]ot Install
<i>Not tested together with BP</i>		
Install Component 25	[Halves Weapon To-Hit & Damage Bonuses (Patch)]?	[N]ot Install
<i>Not tested together with BP</i>		
Successfully installed		Press ENTER to exit
The readme opens.		

23.

MAJOR TWEAKS

The following mods give the finishing to Baldur's Gate. With individual settings the huge game world will be customized. If you play through BG1, BG2 and ToB with all mods, you will get the feeling to experience really one single big game.

23.1 Wizard Slayer Rebalancing v1.12 (1)

~WSR/SETUP-WSR.TP2~

This mod re-balances the Wizard Slayers and gives them new abilities.

NOTE: This mod must be installed in two steps! The component Wizard Slayer kit revision is to be installed before Refinements, all the others after Refinements!

The mod is not compatible with Grey Acumen's Kit Improvements, Konalan's Tweaks' component „Wizard Slayer Enhancements“, Kitanya's component „Wizard Slayer Revision“ and the Ashes of Embers component „Wizard Slayer kit MR bonus (8% + 4%/level)“

Copy the folder **wsr** and the file **setup-wsr.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Install Component 100	[Wizard Slayer kit revision]?	[I]nstaLL
Install Component 200	[Wizard Slayer High Level Ability revision]?	[N]ot Install
Install Component	[Revised Wizard Slayer item restrictions]?	[N]ot Install
	301 1] Minimal changes	
	302 2] Moderate changes	
Install Component 999	[BG2-style icons for WSR content]?	[N]ot Install
Successfully installed		Press ENTER to exit

23.2 BGT Tweak Pack v11 (2)

~SETUP-BGTTWEAK.TP2~

This compilation deals with issues with in the original Baldur's Gate and Legends of the Sword Coast.

NOTE: This mod must be installed in two steps!

At least the BGTTweak component „Enemy items shatter“ must be installed before Aurora and before most of the BG2 mods!

The "Import more NPCs into Shadow of Amn" components, however, must be installed after the BG1 NPCs for BG2:SoA because of compatibility checks.

Because of compatibility checks the modifications 'Ease-of-Use', 'BGSpawn', 'BG1 NPC Project', and 'BG1 Unfinished Business' must be installed before.

The BGTTweak component „Restore BG2 XP bonus for traps, locks, and scrolls“ must be installed before the BG2Tweak component "Change Experience Point Cap" because otherwise the level will be reduced from 50 to level 40.

Copy the folder **BGTTweak** and the files **Setup-BGTTweak.exe** and **Setup-BGTTweak.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
What should be done with all components that are NOT YET installed?		[A]sk about each one
Install Component 100	[Eldoth reminds of Skie's ransom]?	[N]o
Install Component 400	[Add Semaj's Cloak and Upgraded Koveras' Ring of Protection]?	[N]o
Install Component 500	[Major locations explored upon visit]?	[N]o
SKIPPING 600	[Druid/Ranger-responsive bears in BG1]?	[N]o

23. MAJOR TWEAKS

Bears react peacefully on presence of a druid or ranger also in BG1.

The BG1 Unfinished Business component "Creature Corrections" conflicts with this component.

Install Component 701 [Happy patch]? [N]o
1] NPCs cannot choose to leave the party

The NPCs maintain the group harmony and do not react to the reputation of the party. A more elaborate alternative is included in BG2 Tweak Pack.

702 2] Only good and evil NPCs leave the party

Only good and evil NPCs leave the party: good and evil NPCs will leave the party, but not other alignments.

Install Component 800 [Import more items into Shadows of Amn]? [N]o
[(WARNING: This can be considered a cheat)]?

Install Component 901 [Random activated traps in the pirate cave]? [N]o
1] Install-time randomisation

902 2] Game-time randomisation

Install Component 1000 [Bags of the Sword Coast]? [N]o

Install Component [Altered spawns]? [N]o

This component is NOT compatible with the BGSpawn mod.

The BGT-WeiDU method remains unchanged

1101 1] TuTu-style levelled spawns

Random monsters appear depending on the level of the player.

1102 2] Deactivate BGTWeiDU spawns: spawns never appear

This removes random monsters in main areas altogether

1104 3] Deactivate BGTWeiDU spawns: spawns appear once

All random monsters in the main areas will only be activated once. The random encounters during the travellings however remain thereby.

Install Component 1200 [Arkion reacts to player's reputation]? [N]o

This component prevents Arkion from asking a group with very good reputation for removing a corpse from the canalization.

SKIPPING 1300 [Coran responds to the death of a wyvern]?

The BG1 NPC Project component "The BG1 NPC Project for BGT-Weidu: Phase I (BanTERS)" conflicts with this component.

Install Component 1400 [More bandit scalps]? [N]o

BG1UB also introduces with "Creature Corrections" more bandit scalps; do not use both together.

Install Component [Altered item shattering]? [N]o

1501 1] Remove item shattering

1502 2] Make armor and shields shatter

Install Component 1600 [Hooded unarmoured mages and thieves]? [N]o

This component is not suitable for all races. For instance, the orks look like humans.

Install Component 1700 [Salk's Pen-and-Paper ruleset corrections]? [N]o

Correction of the thief's abilities. The Rogue Rebalancing component "Proper racial adjustments for thieving skills" does the same thing in a slightly more comprehensive way as it also affects the Detect Illusion skill.

Install Component 1800 [Import more NPCs into Shadow of Amn: Alora]? [N]o

Not together with Alora NPC because otherwise you would get the NPC twice

Install Component 1801 [Import more NPCs into Shadow of Amn: Branwen]? [N]o

Not together with Perils of Branwen or with Branwen NPC, because otherwise you would get the NPC twice.

Install Component 1802 [Import more NPCs into Shadow of Amn: Eldoth]? [N]o

Not together with Eldoth NPC, because otherwise you would get the NPC twice.

Install Component 1803 [Import more NPCs into Shadow of Amn: Kagain]? [N]o

Not together with The Darkest Day oder Breagar NPC because otherwise you would get the NPC twice

Install Component 1804 [Import more NPCs into Shadow of Amn: Kivan]? [N]o

Not together with The Darkest Day oder Kivan and Deheriana Companions because otherwise you would get the NPC twice

Install Component 1805 [Import more NPCs into Shadow of Amn: Sharteel]? [N]o

Not together with NeJ2, The Darkest Day oder Shar-Teel NPC because otherwise you would get the NPC twice

Install Component 1806 [Import more NPCs into Shadow of Amn: Skie]? [N]o

Not together with Skie NPC because otherwise you would get the NPC twice

Install Component 1807 [Import more NPCs into Shadow of Amn: Xan]? [N]o

Not together with Xan NPC because otherwise you would get the NPC twice

Install Component 1808 [Import more NPCs into Shadow of Amn: Yeslick]? [N]o

Not together with The Darkest Day because otherwise you would get the NPC twice

Install Component 1809 [Import more NPCs into Shadow of Amn: Bub Snikt]? [Y]es

Dark Side of the Sword Coast is required

Install Component 1810 [Import more NPCs into Shadow of Amn: Conchobhair Strongblade]? [Y]es

Dark Side of the Sword Coast is required

23. MAJOR TWEAKS

Install Component 1811	[Import more NPCs into Shadow of Amn: Ferthgil Trollslayer]?	[Y]es
Dark Side of the Sword Coast is required		
Install Component 1812	[Import more NPCs into Shadow of Amn: Jet'Laya]?	[Y]es
Dark Side of the Sword Coast is required		
Install Component 1813	[Import more NPCs into Shadow of Amn: Keiria Silverstring]?	[Y]es
Dark Side of the Sword Coast is required		
Install Component 1814	[Import more NPCs into Shadow of Amn: Skeezer Lumpkin VI]?	[Y]es
Dark Side of the Sword Coast is required		
Install Component 1815	[Import more NPCs into Shadow of Amn: Will Scarlet O'Hara]?	[Y]es
Northern Tales of the Sword Coast is required		
Normally only Imoen, Jaheira, Minsk, Edwin and Viconia will be taken from BG1 to BG2. With this choice of components you can choose which NPC after the transition should be imported if they are in BG1 in the party. Some of the NPCs can be found directly in Irenicus dungeon again, but others must first be found in BG2.		
If not all of the BG1 NPC Project dialogues are completed, these are still played in BG2.		
Install Component 1900	[Restore BG2 XP bonus for traps, locks, and scrolls]?	[Y]es
This component must be installed before the BG2Tweak component "Change Experience Point Cap" because otherwise it reduces its level from 50 to level 40.		
Install Component 2001	[Protagonist's biography modifications]	[N]o
2002	1] Do not set BG1 biography for imported characters	
2002	2] Set BG2 biography upon Shadows of Amn transition	
Install Component 2100	[Exotic Weapons For Taerom]?	[N]o
Install Component 2200	[Item BG1-ification: Price changes]?	[N]o
Some of the items behave more like the BG 1 version. Not together with Item Revisions.		
Install Component 2201	[Item BG1-ification: Reduced stack size from 40 to 20]?	[N]o
Some of the items behave more like the BG 1 version. Not together with Item Revisions.		
Install Component 2202	[Item BG1-ification: Lore changes]?	[N]o
Some of the items behave more like the BG 1 version. Not together with Item Revisions.		
Install Component 2203	[Item BG1-ification: Scroll casting level changes]?	[N]o
Some of the items behave more like the BG 1 version. Not together with Item Revisions.		
Install Component 2204	[Item BG1-ification: Item behaviour changes]?	[N]o
Some of the items behave more like the BG 1 version. Not together with Item Revisions.		
Install Component 2300	[Disable hostile reaction after charm]?	[N]o
Spells and abilities that charm creatures no longer result in the target becoming hostile after the effects wear off. Works best when TobEx is installed.		
Install Component 2400	[Enemy items shatter]	[N]o
With this component also enemies are affected of the iron shortage in BG1, so that also their iron weapons can break. If the option "Make armor and shields shatter" has been installed, also shields and armor of their opponents can break.		
Install Component 2500	Access Ulgoth's Beard west of Wyrms Crossing only]	[N]o
Ulgoth's Beard lies to the west of Baldur's Gate according to Forgotten Realms Lore, but in Baldur's Gate: Tales of the Sword Coast, Ulgoth's Beard is placed to the north-east. This component corrects this inconsistency by only allowing access to Ulgoth's Beard on the west side of Wyrms Crossing. However, this also means that Ulgoth's Beard will not be accessible until Baldur's Gate city is also accessible.		
Install Component 2600	[Prevent access to Durlag's Tower from adjacent areas]	[N]o
This component stops the player from discovering Durlag's Tower just by walking to its location. If this component is installed, the only way to discover Durlag's Tower is through informants at Ulgoth's Beard.		
Install Component 2700	[Put Sword of Chaos +2 in Sarevok's inventory]	[N]o
Install Component 2800	[Reputation Resets at Beginning of BG2]	[N]o
Because the hero and his party are still unknown in Amn when they emerge from the opening dungeon after the transition from BG 1 to BG2 and go to the Adventurer's Mart, they cannot already enjoy advantages because of her good call.		
This component is also included in BG2 Tweaks.		
Successfully installed		Press ENTER to exit
The readme opens.		

23.3 BG2 Tweak Pack v16

~BG2_TWEAKS/SETUP-BG2_TWEAKS.TP2~

This is a compilation of fixes, cosmetic changes, and tweaks. It substitutes G3 Tweak Pack, Tutu Tweak Pack and Ease of Use.

Because many changes effect all installed mods and mostly thousands of files are to be changed, the single steps may last for a while. Because all the changes are accumulated in the internal memory until you press enter, it may lead in consideration of the amount of the installed mods to problems with computers of low efficiency (computer crash). In this case, I recommend to install this mod category for category, that means at the first request "Would you like to display the components from [###]?" to press [Y]es, then to skip following ones with [N]o and to quit the installation after the first category. Afterwards install the next category in the same way as individually. The following instructions are arranged after this principle.

If you choose Cams house rules, instead of many single components a collection of Tweaks is installed, preferred by the author CamDawg.

The following "Rule changes" should go before SCS:

- Alter Weapon Proficiency System - Rebalanced Weapon Proficiencies
- Make +x/+y Weapons Consistent
- Un-Nerfed THAC0 Table
- Alter Mage Spell Progression Table
- Alter Bard Spell Progression Table
- Alter Cleric Spell Progression Table
- Alter Druid Spell and Level Progression Tables
- Add Save Penalties for Spells Cast by High-Level Casters
- Remove Delay for Magical Traps (Ardanis/GeN1e)

Every other BG2 Tweaks component can be installed in any order; it doesn't matter.

Copy the folder **BG2_Tweaks** and the file **Setup-BG2_Tweaks.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears and the readme opens:

Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Would you like to display the components from [Cosmetic Changes]?		[Y]es
Would you like to display the components from [Content Changes]?		[N]o
Would you like to display the components from [Rule Changes]?		[N]o
Would you like to display the components from [Convenience Tweaks/Cheats]?		[N]o
Would you like to display the components from [Cam's House Rules]?		[N]o
Would you like to display the components from [NPC Tweaks]?		[N]o
Install Component 10	[Remove Helmet Animations]?	[N]ot Install
<i>This component removes all helmets of the character's avatar in the game including the helmets introduced by mods.</i>		
Install Component 20	[Change Imoen's Avatar to Mage]?	[N]ot Install
Install Component 30	[Change Nalia's Avatar to Thief]?	[N]ot Install
Install Component 40	[Change Viconia's Skin Color to Dark Blue]?	[N]ot Install
<i>This component is included in the Jarls BGT Tweak Pack-component „BGT NPC“ Tweak .</i>		
Install Component 50	[Avatar Morphing Script]?	[N]ot Install
<i>With this script you can assign another Avatar to your HC or all NPCs from your group.</i>		
<i>Use instead the 1pp: Thieves Galores component „Improved Improved Galactygon's Avatar Switching“</i>		
Install Component 60	[Weapon Animation Tweaks]?	[I]nstaLL
<i>This component affects ALL objects, also those from other mods!</i>		
Install Component 70	[Icewind Dale Casting Graphics (Andyr)]?	[I]nstaLL
<i>Lost Crossroads and Icewind Dale Casting Graphics can be used together because the former changes the spell itself and the latter only the graphics from the caster. (That means when the mage is just casting).</i>		
Install Component 80	[Restore SoA Load Screen Logo (ToB Only)]?	[N]ot Install
<i>BGT-WeiDU has its own load screen.</i>		
Install Component 90	[Disable Portrait Icons Added by Equipped Items]?	[N]ot Install
Install Component 100	[Commoners Use Drab Colors]?	[N]ot Install
<i>The haphazardly choice of colors for common people is changed in a gray palette. The clothes of aristocratic men and aristocratic women are not concerned.</i>		
Install Component 110	[Icon Improvements]?	[I]nstaLL
<i>Armaments are better to differentiate if they are lying on the ground. In addition, the container of the abundance is restored.</i>		
Install Component 120	[Change Avatar When Wearing Robes or Armor (Galactygon)]?	[N]ot Install
<i>This component affects ALL objects, also those from other mods!</i>		
<i>If you want to use that one component with Refinements, install it before Refinements.</i>		
<i>Don't install this component together with the mod "1ppv3: Thieves Galore" because that mod includes with "Improved Galactygon's Avatar Switching" an improved version of this component, which will be installed after Refinements.</i>		

23. MAJOR TWEAKS

- Install Component 130 [Force All Dialogue to Pause Game]? [I]ninstall
You are attacked no more during a dialog by enemies. This component concerns all dialogs in the game including those ones introduced by mods.
- Install Component 140 [Fix Boo's Squeak]? [I]ninstall
Successfully installed Press ENTER to exit
- Double-click the Setup again. The DOS dialogue appears and the readme opens:
- Choose your language: 0 [English]
Would you like to display the readme? [N]o
Would you like to display the components from [Cosmetic Changes]? [N]o
Would you like to display the components from [Content Changes]? [Y]es
Would you like to display the components from [Rule Changes]? [N]o
Would you like to display the components from [Convenience Tweaks/Cheats]? [N]o
Would you like to display the components from [Cam's House Rules]? [N]o
Would you like to display the components from [NPC Tweaks]? [N]o
Install Component 1010 [More Interjections]? [I]ninstall
- This removes the error in the dialogs that members of the group are not recognized. However, it can happen that characters far away break in on a conversation. If group members are far away, conversations could break off prematurely. This component concerns all dialogue including those introduced by mods.*
- Install Component 1020 [Alter HP Triggers for NPC Wounded Dialogues]? [I]ninstall
Thereby the banter of the NPCs at slight hits are played
- Install Component 1030 [Reveal Wilderness Areas Before Chapter Six]? [N]ot Install
Makes the areas of the Small Teeth Pass, North Forest, and Forest of Tethyr accessible before chapter 6. However, this could cause conflicts with other mods.
- SKIPPING:** [Make Cloakwood Areas Available Before Completing the Bandit Camp]?
1035 1] First Area Only
1036 2] All of Cloakwood Except the Mines
- This component will be skipped if the similar BG1 NPC Project component is already installed.*
- SKIPPING:** 1040 [Improved Athkatlan City Guard]?
The functionality of this component is either already enclosed or already been replaced by one of your mods. (BP)
- Install Component 1050 [Gradual Drow Item Disintegration]? [N]ot Install
Instead your Drow objects crumble into dust immediately when you leave the Underdark, they will gradually degrade over time. This can cause slowdowns if you have many objects in your inventory and bags of holding.
- SKIPPING** 1060 [Breakable Iron Nonmagical Shields, Helms, and Armor]?
This component is already included in BGT.
- Install Component 1070 [Improved Kick-out Dialogues]? [N]ot Install
Only install if you want to play in the multi-player mode
- Install Component 1080 [Add Bags of Holding]? [N]ot Install
If you carry too many items, this can lead to slowing down the game. You get bags enough even without this. Use a Tweaks' „Slightly expanded storage capacity for containers“ component instead.
- Install Component 1090 [Exotic Item Pack]? [I]ninstall
This component distributes some weapons from BGII into the area BGI.
- This component is only for Tutu or BGT.*
- SKIPPING** 1100 [Reveal City Maps When Entering Area]?
This component is already included in BGT.
- SKIPPING** 1110 [Add Map Notes]?
This component is already included in BGT.
- Install Component 1101 [Do Not Reveal City Maps When Entering Area]? [N]ot Install
Install Component 1120 [Stores Sell Higher Stacks of Items]? [I]ninstall
- This component affects ALL stores, also those from other mods!*
- Install Component 1130 [Reputation Resets in BG2 (BGT Only)]? [N]ot Install
Because the hero and his party are still unknown in Amn when they emerge from the opening dungeon after the transition from BG 1 to BG2 and go to the Adventurer's Mart, they cannot already enjoy advantages because of her good call.
- This component is only for BGT.*
This component is also included in BGT Tweaks.
- Install Component 1140 [Gems and Potions Require Identification]? [N]ot Install
Install Component 1150 [Shapeshifter Rebalancing]? [N]ot Install
- Shapeshifter abilities now create "symbolic paws". When you wield one you turn into a Werewolf, when you remove it you're human again.*
A similar solution is as well included with the SCS-component "Improved shapeshifting" as with the Refinements-component "Shapeshifting Fix".
Instead of this component Refinement's „Shapeshifting Fix“ component will be installed.

23. MAJOR TWEAKS

<p>Install Component [Multiple Strongholds (Baldurdash)]? 1160 1) No Restrictions (Baldurdash) 1161 2) Keep Class Restrictions</p>	<p>[2]</p>
<p><i>This component is not compatible with the component "Cleric Kits" from Oversight and the mod CliffHistory. The mod Multistronghold allows more fine-tuned adjustments.</i></p>	
<p>Install Component 1170 [Bonus Merchants (Baldurdash)]? SKIPPING 1190 [Romance Bug Fixes]?</p>	<p>[I]n stall</p>
<p><i>This adds Joluv and Diedre to the Copper Coronet and Ribald's Mart, respectively. Not together with Freedom's Reign/Reign of Virtue, because this mod likewise inserts the merchants. Because of different coding they occur otherwise twice. The component is skipped automatically, if the Big Picture mod is installed.</i></p>	
<p>Install Component 1180 [Female Edwina]? SKIPPING 1190 [Romance Bug Fixes]?</p>	<p>[I]n stall</p>
<p><i>The functionality of this component is either already enclosed or already been replaced by one of your mods. BG2 Fixpack has already corrected the bugs.</i></p>	
<p>SKIPPING 1200 [Imoen ToB Dialogue Fix]?</p>	
<p><i>The functionality of this component is either already enclosed or already been replaced by one of your mods. BG2 Fixpack has already corrected the bugs.</i></p>	
<p>Install Component 1210 [Use BG Walking Speeds (BETA)]?</p>	<p>[N]o</p>
<p><i>This component prevents that you can install UniqueArtifacts.</i></p>	
<p>Install Component 1220 [Allow Cromwell to Upgrade Watcher's Keep Items]?</p>	<p>[N]ot Install</p>
<p>Install Component 1230 [Allow Cespenar to Use Cromwell Recipes]?</p>	<p>[N]ot Install</p>
<p>Successfully installed</p>	<p>Press ENTER to exit</p>
<p>Double-click the Setup again. The DOS dialogue appears and the readme opens:</p>	
<p>Choose your language: Would you like to display the readme? Would you like to display the components from [Cosmetic Changes]? Would you like to display the components from [Content Changes]? Would you like to display the components from [Rule Changes]? Would you like to display the components from [Convenience Tweaks/Cheats]? Would you like to display the components from [Cam's House Rules]? Would you like to display the components from [NPC Tweaks]? Install Component 2020 [Two-Handed Bastard Swords]?</p>	<p>0 [English] [N]o [N]o [N]o [Y]es [N]o [N]o [N]o [N]ot Install</p>
<p><i>You can switch back to the one-handed version at any time. The ability is found behind the backpack icon, once the sword is equipped. This component will not affect items introduced by mods! It may happen that a bastard sword seems to have a selling price of 1 golden coin. Resting will fix this.</i></p>	
<p>Install Component 2030 [Two-Handed Katanas]?</p>	<p>[N]ot Install</p>
<p><i>You can switch back to the one-handed version at any time. The ability is found behind the backpack icon, once the sword is equipped. This component will not affect items introduced by mods! It may happen that a katana seems to have a selling price of 1 golden coin. Resting will fix this.</i></p>	
<p>Install Component 2035 [Two-Handed Axes]?</p>	<p>[N]ot Install</p>
<p>Install Component 2040 [Universal Clubs]?</p>	<p>[I]n stall</p>
<p><i>This component affects ALL objects, also those from other mods!</i></p>	
<p>Install Component 2050 [Description Updates for Universal Clubs]?</p>	<p>[I]n stall</p>
<p>Install Component 2060 [Weapon Styles for All]?</p>	<p>[N]ot Install</p>
<p><i>This allows to all classes, not only warriors, to reach the maximum number of points in the different weapon styles. A sophisticated variation is included with the Level 1 NPCs.</i></p>	
<p>Install Component 2080 [Delay High Level Abilities]?</p>	<p>[N]ot Install</p>
<p><i>High abilities begin with level 21 for all classes.</i></p>	
<p>Install Component [Change Experience Point Cap]? 2090 1) Remove Experience Cap</p>	<p>choose one: [1]</p>
<p><i>Characters can advance without restriction up to level 50</i></p>	
<p><i>This component must be installed after the BGTTweaks component "Restore BG2 XP bonus for traps, locks, and scrolls" because otherwise you get only level 40.</i></p>	
<p> 2091 2) Level 20 Experience Point Cap 2092 3) Level 30 Experience Point Cap</p>	
<p>Install Component 2100 [Allow Thieving and Stealth in Heavy Armor]?</p>	<p>[N]ot Install</p>
<p><i>There is a deduction for the character if you use these abilities. This component also affects SOME objects from other mods!</i></p>	
<p><i>Avoid this at all costs! You get penalties even if you wear a robe as a mage or thieving penalties when wearing leather armor as a thief!</i></p>	
<p><i>Incompatible with the mod „Full Plate And Packing Steel“.</i></p>	
<p>Install Component 2120 [Allow Arcane Spellcasting in Heavy Armor]?</p>	<p>[N]ot Install</p>

23. MAJOR TWEAKS

There is a deduction for the character if you use these abilities. This component also affects SOME objects from other mods!

Install Component 2140 [Expanded Dual-Class Options]? [N]ot Install

This component permits the combination with other classes to barbarians and wild mages into dual-class characters. This component is causing the fatal error that all wild mages in the game become to mages or barbarians.

Install Component [Wear Multiple Protection Items]? [N]ot Install

2150 1] P&P Restrictions

2151 2] No Restrictions

This was solved in a better way with the "Item Revisions" component [Items of Protection Can Be Worn with Magical Armor].

Install Component [Alter Weapon Proficiency System]?
2160 1] Rebalanced Weapon Proficiencies [1]

This component needs to be installed before the SCS fighter component, otherwise enemies may lose proficiency in the weapons they wield.

2161 2] BG-Style Weapon Proficiencies, With Weapon Styles (the bigg)

2162 3] BG-Style Weapon Proficiencies, Without Weapon Styles (the bigg)

ATTENTION: *The BG2 Tweak Pack components 2161 and 2162 which change weapon proficiencies to the BG1 system should go after any mod components that change distribution of proficiencies stars or/and add new weapons, therefore they should be installed individually after Jarls BGT Tweak Pack.*

Install Component 2170 [Cast Spells from Scrolls (and Other Items) at Character Level]? [N]ot Install

Install Component [Limit Ability of Storekeepers to Identify Items]?
2190 1] Only Mage and Bard Storekeepers Can Identify Items

2191 2] Identification Ability is Based on Storekeeper's Lore

2192 3] Hybrid of Both Methods [3]

Install Component 2200 [Multi-Class Grand Mastery (Weimer)]? [N]ot Install

Multi-class characters now can get five stars instead of only two stars in this skills.

It seems to be a clash with Refinements.

Install Component 2210 [True Grand Mastery (Baldurdash)]? [N]ot Install

A sophisticated variation is included with the Difficulty and Tweaks Mod! Not compatible with TDD or the level 50 rule sets of BP!

SKIPPING 2220 [Change Magically Created Weapons to Zero Weight]

The functionality of this component is either already enclosed or already been replaced by one of your mods. (fixed by BG2 Fixpack)

SKIPPING 2230 [Make +x/+y Weapons Consistent]

The functionality of this component is either already enclosed or already been replaced by one of your mods. (fixed by BG2 Fixpack)

SKIPPING 2231 [Description Updates for Make +x/+y Weapons Consistent Component]

Requires the installation of "uniform weapons +x / + y"

SKIPPING 2240 [Un-Nerfed THAC0 Table]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD)

SKIPPING 2250 [Un-Nerfed Sorcerer Spell Progression Table]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD)

SKIPPING [Alter Mage Spell Progression Table]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD)

2260 1] Un-Nerfed Table (Blucher)

2261 2] PnP Table

SKIPPING [Alter Bard Spell Progression Table]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD, RR, SaS)

2270 1] Un-Nerfed Table (Blucher)

2271 2] PnP Table

SKIPPING [Alter Cleric Spell Progression Table]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD, DR)

2280 1] Un-Nerfed Table (Blucher)

2281 2] PnP Table

SKIPPING [Alter Druid Spell and Level Progression Tables]?

The functionality of this component is either already enclosed or already been replaced by one of your mods. (skipped by TDD, DR)

23. MAJOR TWEAKS

2290	1] No Level Progression Changes, Un-Nerfed Druid Spell Table Only (Blucher)	
2291	2] No Level Progression Changes, PnP Druid/Cleric Spell Table Only	
2292	3] Use Cleric Level Progression Changes With Normal Druid Spell Table	
2293	4] Use Cleric Level Progression Changes With Un-Nerfed Druid Spell Table (Blucher)	
2294	5] Use Cleric Level Progression Changes With PnP Druid/Cleric Spell Table	
2295	6] Use Cleric Level Progression Changes With Normal Cleric Spell Table	
2296	7] Use Cleric Level Progression Changes With Un-Nerfed Cleric Spell Table (Blucher)	
Install Component	2300 [Triple-Class HLA Tables]?	[I]nsta11
Requires the 'Change Experience Point Cap: Remove Experience Cap' component.		
Install Component	[Add Save Penalties for Spells Cast by High-Level Casters]?	[N]ot Install
2310	1] Arcane Magic Only	
2311	2] Divine Magic Only	
2312	3] Arcane & Divine Magic	
Install Component	2320 [Trap Cap Removal (Ardanis/GeN1e)]?	[I]nsta11
Install Component	2330 [Remove Delay for Magical Traps (Ardanis/GeN1e)]?	[I]nsta11
Install Component	2340 [Remove Summoning Cap for Celestials (Ardanis/GeN1e)]?	[I]nsta11
SKIPPING	[Alter Multiclass Restrictions]?	
Requires an Enhanced Edition game		
2350	1] Allow humans to multiclass	
2351	2] Allow non-humans access to all multiclass combinations	
2352	3] Install both of the above options	
SKIPPING	2360 [Remove Racial Restrictions for Single Classes]?	
Requires an Enhanced Edition game		
SKIPPING	[Alter Dual-class Restrictions]?	
Requires an Enhanced Edition game		
2370	1] Humans can no longer dual-class	
2371	2] Allow non-humans to dual-class	
2372	3] Install both of the above options	
Requires an Enhanced Edition game		
Successfully installed		Press ENTER to exit
Double-click the Setup again. The DOS dialogue appears and the readme opens:		
Choose your language:		0 [English]
Would you like to display the readme?		[N]o
Would you like to display the components from [Cosmetic Changes]?		[N]o
Would you like to display the components from [Content Changes]?		[N]o
Would you like to display the components from [Rule Changes]?		[N]o
Would you like to display the components from [Convenience Tweaks/Cheats]?		[Y]es
Would you like to display the components from [Cam's House Rules]?		[N]o
Would you like to display the components from [NPC Tweaks]?		[N]o
Install Component	[Higher HP on Level Up]?	[N]o or choose one:
3000	1] Maximum	
With this choice the dice rolls always on the highest available value.		
3001	2] NWN Style	
With this choice the range of the possible HP's will always be in the higher half of the range.		
Install Component	[Maximum HP for NPCs (the bigg)]?	[N]ot Install
With this component beings reach her theoretically maximum hit points.		
3010	1] For All Creatures in Game	
3011	2] For Non-Party-Joinable NPCs Only.	
The difficulty increasing version of this component.		
3012	3] For Party-Joinable NPCs Only	
The cheating version of this component.		
Install Component	3020 [Identify All Items]?	[N]ot Install
Install Component	[Easy Spell Learning]?	[N]ot Install
This component makes it easier for arcane spellcasters to scribe scrolls to their spellbook.		
This component can be considered as a cheat and thus is skipped by the install.bat.		
3030	1] 100% Learn Spells	
Memorize to scrolls is always successful.		
3031	2] 100% Learn Spells and No Maximum Cap	
In addition to the above, this implementation removes the limits on the maximum number of spells learned per level.		
Install Component	3040 [Make Bags of Holding Bottomless]?	[N]ot Install
This component affects ALL objects, also those from other mods!		
If you bear with you too many items, this can lead to slowing down the game.		
If you use the mod Unique Containers it will fix a bug where items may disappear sometimes.		
Install Component	3050 [Remove fatigue from restoration spells]?	[I]nsta11

23. MAJOR TWEAKS

Install Component	3060	[Remove "You Must Gather Your Party..." Sound (Weimer)]?	[I]ninstall
Install Component		[Change Effect of Reputation on Store Prices]?	[N]ot Install
	3070	1] Low Reputation Store Discount (Sabre	
	3071	2] Reputation Has No Effect, Stores Price Fixed at 100% (Luiz)	
	3072	3] Reputation Has No Effect, Stores Price Fixed at 80% (Luiz)	
	3073	4] Reputation Has No Effect, Stores Price Fixed at 60% (Luiz)	
Could be incompatible with BP (Horred)			
Install Component	3080	[Unlimited Ammo Stacking]?	[N]ot Install
<i>This component affects ALL objects, also those from other mods! A sophisticated variation is included with the Difficulty and Tweaks Mod! This allows gradual setting instead of Unlimited Stacks.</i>			
Install Component	3090	[Unlimited Gem and Jewelry Stacking]?	[N]ot Install
<i>This component affects ALL objects, also those from other mods! A sophisticated variation is included with the Difficulty and Tweaks Mod! This allows gradual setting instead of Unlimited Stacks.</i>			
Install Component	3100	[Unlimited Potion Stacking]?	[N]ot Install
<i>This component affects ALL objects, also those from other mods! A sophisticated variation is included with the Difficulty and Tweaks Mod! This allows gradual setting instead of Unlimited Stacks.</i>			
Install Component	3110	[Unlimited Scroll Stacking]?	[N]ot Install
<i>This component affects ALL objects, also those from other mods! A sophisticated variation is included with the Difficulty and Tweaks Mod! This allows gradual setting instead of Unlimited Stacks.</i>			
Install Component		[Happy Patch (Party NPCs do not fight or complain about reputation)]?	
Is also included in BGTtweak!			
	3120	1] NPCs are never angry about reputation	
	3121	2] NPCs can be angry about reputation but never leave (Salk)	[2]
	3122	3] NPCs are always neutral about reputation (Anomaly)	
Install Component	3123	[NPCs don't fight]?	[N]ot Install
Install Component	3124	[Stop Haer'Dalis-Aerie romance from starting]?	[N]ot Install

Install Component		[Faster Chapter 1&2 Cut-Scenes and Dreams]?	[N]ot Install
<i>This component is not compatible with Er'vonyrah: Song Władajęcej, Nalia romances or Tashia romances.</i>			
	3140	1] Originals from EoU (Karzak, Blucher)	
	3141	2] Non-Silly Version	
Install Component	3150	[Turn Off The Hideous Cloak-of-Mirroring and Spell-Trap Animation]?	[N]ot Install
<i>This component eliminates that animation entirely from the game; the similar SCS component however just removes the animation from the Cloak, leaving it in place for other spells and items.</i>			
Install Component	3160	[Keep Drizzt's Loot, Disable Malchor Harpell]?	[N]ot Install
Install Component	3170	[No Drow Avatars On Party In Underdark]?	[N]ot Install
<i>This component must be installed if the Valen-Mod is installed, otherwise Valen jerks in the Underdark.</i>			
<i>This component is not needed anymore when TobEx is installed.</i>			
Install Component	3183	[Romance Cheats]?	choose one:
		Remove racial requirements for romances? (Select a or b)	
		a) Remove	[a]
		b) No changes	
		Remove gender requirements for romances? (Select a or b)	
		a) Remove	
		b) No changes	[b]
		Allow multiple romances? (Select a or b)	
		a) Allow multiple	
		b) No changes	[b]
<i>Several romances can cause stutter if they are used together with other romances mods. Don't use it together with Saerileth.</i>			
		Nothing kills romances? (Select a or b)	
		a) Nothing kills romances	
		b) No changes	[b]
<i>This component is only available if „Allow multiple romances“ was installed before.</i>			
		Start romances for new games in ToB?	
		a) Start for new ToB games	
		b) No change	[b]
<i>Use the Flirt Packs instead, as they provide a much more expansive treatment.</i>			
		Are these choices correct?	
		a) Yes, proceed with install	[a]
		b) No, let me re-select them	
Install Component	3190	[Rest Anywhere (Japheth)]?	[N]ot Install
<i>This component can be considered as a cheat as thus is skipped by the install.bat.</i>			
Install Component	3200	[Sellable Staffs, Clubs, and Slings (Icelus)]?	[N]ot Install

23. MAJOR TWEAKS

This component could cause some issue with BG1 stores and BG2 stores from mods. You may get some items with no icons and values, so you cannot buy them.

This funktion is already included with Item Revisions.

Install Component 3210 [Minimum Stats Cheat]? [N]ot Install

Install Component 3220 [Sensible Entrance Points]? [N]ot Install

This component can only be installed after the worldmap mod.

Successfully installed

[Y]es

Install Component 4000 [Adjust Evil joinable NPC reaction rolls]? [I]nstaLL

This component makes it likelier that evil-aligned joinable NPC prefers a low-reputation party.

Install Component 4010 [Improved Fate Spirit Summoning]? [I]nstaLL

You can only summon NPCs which you have met during the game.

Install Component 4020 [ToB-Style NPCs]? [N]ot Install

This component will alter all joinable NPCs to join in the same fashion as Throne of Bhaal, where NPCs immediately level-up upon joining. This component will be overwritten by the Sword Coast Stratagems' component "Allow player to choose NPC proficiencies and skills" regardless of the order of the installation.

This component is not compatible with the Level1 NPCs mod as it won't run it's script to the finish, and you'll end up with + 20 hit points but without any proficiency points from the level 1, with most of the NPCs. Level1 NPCs however has a similar and better component "Joinable NPCs more closely match the player character's experience?" which will be installed instead.

Install Component [Consistent Stats: Edwin]? choose one:

Edwin has different stats in BG 1 and BG2. This component allows to use either BG1 or BG2 stats for Edwin.

4030 1] Use BG Values

4031 2] Use BG2 Values [2]

Install Component [Consistent Stats: Jaheira]? choose one:

Jaheira has different stats in BG 1 and BG2. This component allows to use either BG1 or BG2 stats for Jaheira.

4040 1] Use BG Values

4041 2] Use BG2 Values [2]

Install Component 4050 [Change Jaheira to Neutral Good]? [I]nstaLL

Install Component [Consistent Stats: Minsc]? choose one:

Minsc has different stats in BG 1 and BG2. This component allows to use either BG1 or BG2 stats for Minsc.

4060 1] Use BG Values

4061 2] Use BG2 Values [2]

An equivalent component is also included in Jarl's BGT Tweak Pack.

Install Component [Consistent Stats: Viconia]? choose one:

Viconia has different stats in BG 1 and BG2. This component allows to use either BG1 or BG2 stats for Viconia.

4070 1] Use BG Values

4071 2] Use BG2 Values [2]

Install Component 4080 [Make Khalid a Fighter-Mage (Domi)]? [N]ot Install

Note that the Level 1 NPCs mod can also do this in a much slicker fashion.

Install Component 4090 [Make Montaron an Assassin (Andyr)]? [N]ot Install

Note that the Level 1 NPCs mod can also do this in a much slicker fashion.

Install Component 4100 [Change Korgan to Neutral Evil]? [I]nstaLL

An equivalent component is also included in Jarl's BGT Tweak Pack.

Note that the Level 1 NPCs mod can also do this.

Install Component 4110 [Give Kagain A Legal Constitution Score of 19]? [I]nstaLL

An equivalent component is also included in Jarl's BGT Tweak Pack.

Note that the Level 1 NPCs mod can also do this.

Successfully installed

Press ENTER to exit

23.4 Scales of Balance v3.1.2

~SCALES_OF_BALANCE/SCALES_OF_BALANCE.TP2~

23. MAJOR TWEAKS

This mod is designed to be installed on top of all the other great mods out there and alters many different aspects of the BGT game.

Scales of Balance should be installed after other mods that add or change items, and after other mods that add kits. It should be installed after Rogue Rebalancing and before SCS.

SoB should be installed before Refinements. But, the druid shapechange revisions should be installed after Refinements. It should be installed before the Bigg Tweak Pack component "wspatck for all".

There are a few compatibility issues with some tweaks from other mods because they make similar modifications but in a different way.

Kit Revisions and Divine Remix's spell spheres component are conceptually incompatible with Divine Class Tweaks. Most of Scales of Balance's class tweaks are incompatible with the first component "General Class, Kit, & Class-Combination Rebalancing" from Six's Kitpack.

Essentially, the load order should look like this:

item mods
quest mods
NPC mods
spell mods
kit mods
tweak mods
BG2Tweaks
Scales of Balance (everything except druids)
Refinements
Scales of Balance (druid tweaks)
SCS
aTweaks

Copy the folder **SoB** and the file **setup-sob.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 100 [1: Item Tweaks]? [I]ninstall
Install Component 200 [2: Stat & Saving Throw Tweaks]? [I]ninstall

This component is not compatible with the „Alter Spell Progression Tables“ from BG2 Tweaks (components 2240 - 2296), the „Expanded saving throw bonus tables for Dwarves, Gnomes and Halflings“ from aTweaks (component 213), the „Item Stat Bonuses“ from Zyraen's Miscellaneous Mod (components 23 - 24) and various other mods that make changes to stat bonuses.

Install Component 210 [3: Modified Hit Point Tables]? [I]ninstall

This component is not compatible with the components "Higher HP on Level Up" from BG2 Tweaks and "Maximum HP for NPCs" (components 3000 - 3012).

Install Component 220 [4: Standardized XP Tables]? [I]ninstall

This component is not compatible with the components "Restore BG2 XP bonus for traps, locks, and scrolls" from BGT Tweak Pack (component 1900), "Delay High Level Abilities" and "Change Experience Point Cap" from BG2 Tweaks (components 2080 - 2092), "Altered XP rewards from locks, traps and scrolls" and "Unbiased quest rewards" from aTweaks (component 261 - 270)

Install Component 230 [5: Modified Spellcasting Tables]? [I]ninstall

This component is not compatible with the „Alter Spell Progression Tables“ from BG2 Tweaks (components 2240 - 2296).

Install Component 250 [7: Weapon Proficiency Overhaul]? [I]ninstall

This component is not compatible with the „Alter Weapon Proficiency System“ from BG2 Tweaks (components 2160 - 2162) and „Proper dual-wielding implementation for Thieves and Bards“ (component 0) from Rogue ReBalancing.

SKIPPING: 270 [6: APR on Spec]?
not for BG2

Install Component 300 [8: Warrior Class Tweaks]? [I]ninstall

Install Component 320 [10: Add the Corsair fighter kit]? [I]ninstall

Install Component 350 [11: Add the Harrier ranger kit]? [I]ninstall

Install Component 360 [12: Add the Barbarian Ranger kit]? [I]ninstall

Install Component 400 [13: Rogue Class Tweaks]? [I]ninstall

Install Component 410 [14: Add the Sniper thief kit]? [I]ninstall

Install Component 450 [15: Add the Gallant bard kit]? [I]ninstall

Install Component 455 [16: Add the Loresinger of Milil bard kit]? [I]ninstall

Install Component 460 [17: Add the Meistersinger bard kit]? [I]ninstall

Install Component 465 [18: Add the Loresinger of Milil divine bard kit]? [I]ninstall

23. MAJOR TWEAKS

Install Component 490 [Monk Fist Tweaks]? [N]ot Install
 Install Component 500 [19: Divine Class Tweaks]? [N]ot Install
This component is not compatible with the Kit Revisions mod and the Divine Remix sphere system (component 1000).

The following cleric kits are not compatible with the Divine Remix Sphere System. You can use all of them only with DR v8 or later, and do not install the sphere system component.

Install Component 510 [20: Add the Moon Knight of Selune cleric kit]? [I]ninstall
 Install Component 512 [21: Add the Silkwhisper of Sune cleric kit]? [I]ninstall
 Install Component 520 [22: Add the Luckrider of Tymora cleric kit]? [I]ninstall
 Install Component 526 [23: Add the Mistwalker of Leira cleric kit]? [I]ninstall
 Install Component 530 [24: Add the Darkcloak of Shar cleric kit]? [I]ninstall
 Install Component 532 [25: Add the Beastheart of Malar cleric kit]? [I]ninstall
 Install Component 540 [26: Add the Fastpaws of Baervan Wildwanderer cleric kit]? [I]ninstall
 Install Component 580 [27: Druid Class Tweaks]? [N]ot Install

Warning, this component is not compatible with "symbolic paws" mods like the SCS-component "Improved shapeshifting", BG2 Tweaks component "Shapeshifter Rebalancing" and the the Refinements-component "Shapeshifting Fix".

ATTENTION: This component should be individually installed AFTER the Refinements mod!

Install Component 586 [28: Add the Purifier druid kit]? [I]ninstall
 Install Component 588 [Add the Elementalist druid kit]? [I]ninstall
 Install Component 600 [29: Wizard Class Changes]? N]ot Install
 Install Component 680 [Magic Resistance Overhaul (BETA. EXPERIMENTAL.)]? N]ot Install
 Install Component 690 [Spell Saving Throw Standardization]? N]ot Install
 Install Component 700 [31: Multiclass Changes]? [I]ninstall

Conflict with the BG2 Tweak Pack components 2350, 2351, 2352 Alter Multiclass Restrictions.

Install Component 800 [NPCs: Make Imoen a Spellfilcher]? [N]ot Install
 Install Component 805 [NPCs: Make Minsc a Barbarian Ranger]? [N]ot Install
 Install Component 810 [Choose a kit for Khalid:]? [N]ot Install
 1] Make Khalid a Harrier [N]ot Install
 2] Make Khalid a Woodscout of Mielikki [N]ot Install
 Install Component 815 [NPCs: Choose a kit for Kivan]? [N]ot Install
 1] Make Kivan a Stalker [N]ot Install
 2] Make Kivan an Archer [N]ot Install
 Install Component 816 [NPCs: Choose a kit for Coran]? [N]ot Install
 1] Make Coran a Sniper [N]ot Install
 2] Make Coran a Scout [N]ot Install
 Install Component 820 [NPCs: Choose a kit for Branwen]? [N]ot Install
 1] NPCs: Make Branwen a Battleguard of Tempus (DR) [N]ot Install
 2] NPCs: Make Branwen a Gloryblood of Tempus (SoB) [N]ot Install
 Install Component 826 [NPCs: Make Safana a Swashbuckler]? [N]ot Install
 Install Component 830 [NPCs: Make Ajantis an Inquisitor]? [N]ot Install
 Install Component 835 [NPCs: Make Montaron an Assassin]? [N]ot Install
 Install Component 840 [NPCs: Choose a kit for Faldorn]? [N]ot Install
 1] NPCs: Make Faldorn an Avenger [N]ot Install
 2] NPCs: Make Faldorn a Purifier [N]ot Install
 Install Component 845 [NPCs: Make Eldoth a Jongleur]? [N]ot Install
 Install Component 846 [NPCs: Make Garrick a Gallant]? [N]ot Install
 Install Component 850 [NPCs: Make Alora a Misadventurer of Brandobaris]? [N]ot Install
 Install Component 855 [NPCs: Make Xan a Bladesinger]? [N]ot Install
 Install Component 860 [NPCs: Choose a kit for Viconia:]? [N]ot Install
 1] Make Viconia a Darkcloak of Shar (SoB) [N]ot Install
 2] NPCs: Make Viconia a Nightcloak of Shar (DR) [N]ot Install
 3] Make Viconia a Cleric/Thief [N]ot Install
 Install Component 872 [NPCs: Make Yoshimo a Swashbuckler]? [N]ot Install

 Install Component 885 [NPCs: Make Haer'Dalis a Skald]? [N]ot Install
 Install Component 890 [NPCs: Make Mazzy a Hearthguard of Arvoreen]? [N]ot Install
 Install Component 895 [NPCs: Make Aerie a Fastpaws of Baervan Wildwanderer]? [N]ot Install
 Install Component 900

23.5 Refinements v3.31

~SETUP-REFINEMENTS.TP2~

Refinements has multiple components which add a revised HLA system, improves Balthazar, adds a new kit, revises

shapeshifting for druids, and more.

This mod must be installed AFTER The Bigg Quest Pack. The use together with Rogue ReBalancing is expressly recommended!

The Refinements component "Shapeshifting Fix" must be installed after Thieves Galores, because otherwise the shapeshifting is faulty.

Any kits must be installed before Refinements, cause it changes the HLA tables for all classes and makes duplicates of kits. Any kits installed after that may run into bugs and/or may not benefit from the revised HLA tables.

Copy the folder **refinements** and the files **setup-refinements.exe** and **setup-refinements.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
                                                       [Y]es
    10      What would you like to do with component ‚Revised High Level Abilities‘?

```

The HLA (High Level Abilities) tables of this mod contradict with the cleric and druid HLA tables from Divine Remix (former: Cleric Remix). Hence, both cannot be used together.

Revised HLA table component of Refinements makes Nathaniel's items unusable.

If you install this component, you may not assign multi-class abilities to any character with the Level 1 NPCs mod.

```

    20      What would you like to do with component ‚Swashlmoen‘?
                                                       [N]o

```

Only if you want to change lmoen into a swashbuckler.

```

    20      1] ‚Swashlmoen“, full revision (suggested)
    21      2] ‚Swashlmoen“, simple kit change (undocumented)
    22      3] ‚Swashlmoen“, points in Detect Illusions rather than Set Traps

```

```

    30      What would you like to do with component ‚Shapeshifting Fix‘?
    30      1] Heal on shifting back to human (Default)
    31      2] Heal on shifting to animal (by Borsook)
                                                       [1]

```

A similar solution is as well included with the BG2 Tweak Pack-component „Shapeshifter Re-Balancing“ as with the SCS-component „Improved shapeshifting“.

```

    40      What would you like to do with component ‚Universal lesser mage robes‘?
    50      What would you like to do with component ‚Sword Angel Kit‘?
                                                       [Y]es
                                                       [Y]es

```

If new item files are added, then the Sword Angel might have wrong usabilities, and Revised Armor and Shields will not be available for them.

This component should be used together with Virtue.

```

SKIPPING    70      Update the descriptions only in YOUR_LANGUAGE

```

This component is thought for non-English languages only.

```

SKIPPING    71      Update the descriptions in YOUR_LANGUAGE or, if missing, in English

```

This component is thought for non-English languages only.

```

SKIPPING    72      No description update at all

```

This component is thought for non-English languages only.

```

    What would you like to do with component ‚Revised Armor and Shields.‘?
                                                       [N]o

```

This component changes the armors and shields in such a way that according to quality / weight of the armor corresponding skill penalties are applied. Then, in addition, there is still damage resistance.

Incompatible with the mod „Full Plate And Packing Steel“.

```

SKIPPING    73      1] Update the descriptions
SKIPPING    74      2] No description update at all
SKIPPING    75      3] Update the descriptions, no penalties to movement rate.

```

```

Successfully installed
                                                       Press ENTER to exit

```

Two or three read me's opens

ATTENTION: *The SoB component Druid Class Tweaks must be individually installed AFTER the Refinements.*

23.6 RPG Dungeon Kit Pack

~SETUP-RPG-KP.TP2~

A mod that alters a few kits, adds more for various classes and adds a few new spells.

This mod should be installed AFTER the Throne of Bhaal Refinements mod.

Copy the folder **RPG-KP** and the files **Setup-RPG-KP.exe**, **Setup-RPG-KP.tp2** and **rpg_uninstall.bat** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed? [A]sk about each one?
 Install Component 0 [Kitpack Component - Soldier Kit ?] [I]ninstall
 Install Component 1 [Kitpack Component - Wizardlayer Enhancements]? [N]ot Install

After installing, all wizard slayers in the game (including Kitanya and the player character if applicable) will be changed. Don't install any of the Wizard Slayer components from Ashes of Embers, Grey Acumen's Kit Improvements, Konalan's Tweaks or Kitanya NPC with this component because they also alter the wizard slayer kit.

Install Component 2 [Kitpack Component - Ice Knight]? [I]ninstall
 Install Component 3 [Kitpack Component - Spellweaver: Wild Sorcerer kit]? [I]ninstall

The Spellweaver component is incompatible with the Druidic Sorcerer mod respectively Geomantic Sorcerer Kit to some extent. It seems the game only allows 24 high level abilities, so both new sets of HLAs don't fit in the sorcerer's HLA table. You can play a spellweaver with the Druidic Sorcerer installed, but s/he will only get the standard Sorcerer HLAs.

This component is incompatible with Cal-Culator.

This component should be installed AFTER the Throne of Bhaal Refinements Mod.

Install Component 4 [Kitpack Component - Wild Jester: bard kit]? [I]ninstall

This component is incompatible with Cal-Culator.

Install Component 5 [Kitpack Component - Wild Jester: Equal Opportunity Edition]? [N]ot Install

Practically identical to the original Wild Jester, only this kit appears under the Thief class, so it's available to all races; the character's class is changed to Bard in-game.

This component is incompatible with Cal-Culator.

Install Component 6 [Kitpack Component - Spellsword: fighter/sorcerer kit]? [I]ninstall

It's recommended to combine this kit with your selection of components from Ashes of Embers. The dualthrown component of this mod might also come in handy.

This component is incompatible with Cal-Culator.

Install Component 7 [Kitpack Component - Buffoon: bard kit]? [I]ninstall

Install Component 8 [Kitpack Component - Buffoon: Equal Opportunity Edition]? [N]ot Install

Same as above

Install Component 9 [Kitpack Component - Arcane Archer]? [I]ninstall

Install Component 10 [Kitpack Component - Hellion]? [I]ninstall

Install Component 11 [Kitpack Component - Dual-wielding for thrown weapons tweak]? [N]ot Install

*To make these weapons adhere to the new rules of Ashes of Embers, install AoE *after* this component.*

This component can only be installed before Weimer's Item Upgrade.

Install Component 12 [Kitpack Component - Original Sorcerer description]? [N]ot Install

Reverts the spellweaver's or a spellsword's kit description to the original sorcerer description.

Install Component 13 [Kitpack Component - Spell Additions]? [I]ninstall

*This section could be accused of **breaking the 4th wall** due to the nature of one of the avatars but it has been included as a bit of light-hearted fun.*

Successfully installed Press ENTER to exit

23.7 Derat's Unused Kits Pack v11

~DERATS_KITS/SETUP-DERATS_KITS.TP2~

This mod offers interesting kits of the rarely performed "pure" classes (without multiclassing). Hence the term "unused".

If you wish to use katanas, you need to install this mod after Item Upgrade Ruad, Rolles and all mods that add new katanas.

Refinements must be installed before DUKP (specifically the components 2 Trompe-la-mort, 5 Precheur des flammes, 6 Maitre de l'essaim und 9 Seigneur de guerre).

Never Ending Journey and Shadows Over Soubar cause a conflict with the animations slots of DUKP (especially Maitre de l'essaim, Chasseur de vermine, Belluaire), because the fire beetle, rhinoceros beetle and bread beetle from DUKP use the same slots as the guardian, frost giant and lizard king from Never Ending Journey. The properties of the installed creatures are not affected, only the animation may seem strange.

Copy the folder **Derats_kits** and the file **Setup-Derats_kits.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

What should be done with all components that are NOT YET installed? [A]sk about each one?

Install Component 0 [Specialisation de guerrier (demi-orque) : Porteur de haine]? [I]ninstall

Install Component 1 [Specialisation de rodeur : Chasseur de vermine]? [I]ninstall

conflict with the animations of NeJ and SoS

23. MAJOR TWEAKS

```
Install Component 2 [Specialisation de cleric : Precheur des flammes]? [I]ninstall
Install Component 3 [Specialisation de druide : Maitre de l'essaim]? [I]ninstall
conflict with the animations of NeJ and SoS
Install Component 4 [Specialisation de voleur : Marcheur des ombres]? [I]ninstall
Install Component 5 [Specialisation de mage (invocateur): Savant Artilleur]? [I]ninstall
Install Component 6 [Specialisation de sorcier : Sorcellier]? [I]ninstall
Install Component 7 [Specialisation de jumelage Guerrier -> Mage : Seigneur de guerre]? [I]ninstall
This kit must be installed after Spell Revisions.
Successfully installed Press ENTER to exit
```

ATTENTION: The Six's Kitpack component „General Class, Kit, & Class-Combination Rebalancing“ must be individually installed AFTER the Refinements mod and AFTER any mod that adds kits!

23.8 Spell Revisions v3.1 (2) ~SETUP-SPELL_REV.TP2~

This mod improves the arcane and divine spells, removes different bugs, some weaker spells are improved and a few spells are completely remade. This mod replaces entirely the Arcane-Divine Spell Pack.

NOTE: This mod must be installed in two steps! The component “Update Spellbooks of Joinable NPCs“ must be installed after all the NPC mods.

Spell Revisions doesn't consciously try to handle compatibility with either Spell Pack or the megamods at this time (SR v3.1).

Spell Pack Beta 6 is completely technically compatible with SR when it is installed after SR. Spell Pack adds some new spells and it revises some old ones. It has separate components for each spell, so if you prefer the SP version of a particular spell, you can install that component to replace the SR version. I can't comment on how well SR and SP match up conceptually.

When SR starts using ADD_SPELL, it should become technically compatible with the spells added by megamods. It's generally agreed that a number of megamod spells stray far from the balance desired by SR, so SR will probably remain conceptually incompatible with them unless those spells get rebalanced.

It is not recommend to use Spell-50 with Spell Revisions as conceptually they are on opposite extremes. Spell Revisions is trying to "rebalance" spells, while that mod purposely makes them extremely overpowered.

Install Ascension before Spell Revisions, because Ascension overwrites a whole lot of spells. SCS should be installed after SR.

In general, it should be installed after BG2 Fixpack and before AI enhancing mods.

Spell Revisions may have some compatibility issues with Divine Remix, so it is not recommended to use them together at this time. Currently, installing SR after Divine Remix will result in divine spells no longer following the sphere system while installing Divine Remix after SR will result in the replacement of some of SR's spell descriptions and the disappearance of some of SR's new and moved spells.

You have already copied the folder **spell_rev** and the file **setup-spell_rev.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme? [N]o
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 0 [Spell Revisions]? [N]ot Install
Install Component 10 [Deva and Planetar Animations]? [N]ot Install
Not together with the mod Celestiales, because both change the same objects.
Install Component 20 [Mirror Image Fix]? [N]ot Install
This component corresponds to the SCS component „Bugfix: Fix the Mirror Image spell so it doesn't block area-effect magic“. The SCS version is less comprehensive than the one from Spell Revisions.
Install Component 30 [Dispel Magic Fix]? [N]ot Install
This component corresponds to the SCS component „Fix the Dispel Magic spell so it correctly allows for caster's level“. The SCS version is less comprehensive than the one from Spell Revisions.
Install Component 40 [Cure Sleep Fix]? [N]ot Install
Requires the main component be installed
Install Component 50 [Remove Disabled Spells from Spell Selection Screens]? [N]ot Install
Requires the main component be installed
Install Component 60 [Update Spellbooks of Joinable NPCs]? [I]ninstall
Requires the main component be installed
This component will not work properly with Divine Remix installed.
```

This component affects all installed NPCs who are divine casters and therefore must be installed after all NPC mods.
 Successfully installed Press ENTER to exit

23.9 Sword Coast Stratagems v30

~STRATAGEMS/SETUP-STRATAGEMS.TP2~

SCS adds more than 130 optional components (substantially upgraded general AI, upgraded enemy challenges, NSC management and general improved gameplay). This mod however is not to compare with other tactics mods, as it makes combats more interesting and tactically challenging, rather than just making it harder by brute-force methods like tripling all the damage rolls. SCS also includes a few ease-of-use features and tweaks.

As of version 22, SCS and SCS have been combined into a single mod named "Sword Coast Stratagems".

Ideally, SCS prefers to be installed last, but several other recent mods (aTweaks, Rogue Rebalancing, BiggTweaks, BG2 Tweakpack) also say "install last" in their readmes. You can generally install any of these listed mods after SCS fairly safely. (In particular, Rogue Rebalancing and aTweaks are designed with SCS specifically in mind, and should definitely be installed after SCS). Other mods, and in particular any mods that add new items, really need to be installed before SCS.

SCS is designed to work with the BG2 Fixpack when used on BGT installs.

SCS should be installed towards the end of your installation.

Rogue Rebalancing and aTweaks are designed to be installed after SCS.

SCS is fully compatible with Wheels of Prophecy. Install SCS after Wheels of Prophecy.

BiggTweaks and Virtue can also fairly safely installed after SCS.

BG2 Tweaks can be installed before or after SCS; both should work.

Other mods, and in particular any mods that add new items, really need to be installed before SCS.

The latest version of Big Picture is at some level compatible with Stratagems. For a stable install you should choose the AI components of one or the other, as both try to do broadly similar things in rather different ways.

SCS is fully compatible with the "Refinements" mod, and in particular, will make use of the modified High-Level Abilities introduced by Refinements. Refinements must be installed before SCS for this to work properly.

SCS is compatible with the "Item Revisions" and "Spell Revisions" mods. Both should be installed before SCS. Some IR and SR components that overlap with SCS will be silently skipped on an install of SCS.

SCS has slight compatibility issues with Divine Remix. Divine Remix rearranges the spellbooks of some potentially-hostile mages and SCS, not knowing this, will fail to use their spells effectively. This is unlikely to have any significant effect on play, though.

If you install "Tougher Sendai" from Oversight then the SCS improvements to Sendai (in the Smarter Mages / Smarter Priests component) will be skipped in favour of the Oversight ones.

Quest Pack's AI and creature enhancements are compatible with SCS. Install Quest Pack first, then install whichever components of SCS you want: they will override the Quest Pack for the affected creatures. Quest Pack still has some content not influenced by SCS: notably, it improves Mummies and Umber Hulks.

Compatibility between Tactics and SCS depends on the components.

Some Stratagems components are extremely memory-intensive! You need at least 4 GB RAM installed or the installation will fail! Please note that Windows XP and Windows 7 32 bit only support 2 GB. If you have Windows 7 32 bit installed you must remove the 2 GB limit with the patch from here:

<http://www.unawave.de/windows-7-tips/32-bit-ram-barrier.html?lang=EN>

Because many changes affect all installed mods and mostly thousands of files are to be changed, the single steps may last for a while. Because all the changes are accumulated in the internal memory until you press enter, it may lead in consideration of the amount of the installed mods to problems with computers of low efficiency (computer crash). In this case, I recommend to install this mod category for category, that means at the first request "Would you like to display the components from [####]?" to press [Y]es, then to skip following ones with [N]o and to quit the installation after the first category. Afterwards install the next category in the same way as individually. The following instructions are arranged after this principle.

23. MAJOR TWEAKS

The settings of the subcomponents are more or less chosen randomly to test whether this component installs at all. Players' experience will show the commended settings in future.

Note: Some Stratagems components require several hours to be installed!

Copy the folders **stratagems** and the files **stratagems.bat** and **weidu.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the components from [Tactical challenges - BG2]? [N]o
Install Component 1000 [Initialise mod (all other components require this)]? [I]nsta

This component alone does not do anything in the game, but is required for almost all other tactical or AI components.

Install Component [Standardise spells: BG1 vs BG2]?

Many of the tactical choices made by wizards and priests in SCS assume that this component is installed.

SKIPPING 1900 1] Remove spells not in BG1

only for BG1Tutu

1901 2] Introduce BG2 spell scrolls into BG1 [2]

Install Component 1910 [Protection from Normal Missiles also blocks Arrows of Fire/Cold/Acid and similar projectiles without pluses]? [I]nsta

Combined with the components that replace +1 weapons with nonmagical weapons, this significantly increases the usefulness of Protection from Normal Missiles

Install Component 2000 [Allow Spellstrike to take down a Protection from Magic scroll]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2010 [More consistent Breach spell (always affects liches and rakshasas; doesn't penetrate Spell Turning)]? [I]nsta

Install Component 2020 [Antimagic attacks penetrate improved invisibility]? [I]nsta

Install Component 2030 [Iron Skins behaves like Stoneskin (can be brought down by Breach)]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component [Modify the Harm spell so it does damage rather than reducing target to 1 hp]?

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

2040 1] Enemy Harm spells reduce target to 1 hit point; player Harm spells do 150 hp of damage

2041 2] Enemy and player Harm spells both do 150 hp of damage [2]

Install Component 2050 [Allow individual versions of Spell Immunity to be placed into Contingencies and Spell Triggers]? [N]ot Insta

This component is obsolete when you are using ToBEx

Install Component 2060 [Revert Greater Restoration back to only affecting one creature]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2070 [Blade Barrier and Globe of Blades only affect hostile creatures]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2080 [Cap damage done by Skull Trap at 12d6]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2090 [Make Power-Word: Blind single-target]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2100 [Make Minute Meteors into +2 weapons]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component [Reduce the power of Inquisitors' Dispel Magic]?

2110 1] Inquisitors dispel at 1.5 x their level (not twice their level) [1]

2111 2] Inquisitors dispel at their level (not twice their level)

Install Component 2120 [Slightly weaken insect plague spells, and let fire shields block them]? [I]nsta

Install Component 2130 [Cosmetic change: stop Stoneskins from changing the caster's colour]? [I]nsta

Install Component 2140 [Slightly increase the power of Mantle, Improved Mantle, and Absolute Immunity]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2150 [Make spell sequencers, spell triggers, and contingencies learnable by all mages]? [I]nsta

This component will be skipped, if you have v3 (or later) of "Spell Revisions" installed.

Install Component 2160 [Add an extra copy of some hard-to-find spell scrolls]? [I]nsta

23. MAJOR TWEAKS

Install Component	2170	[True Sight/True Seeing spells protect from magical blindness]?	[I]ninstall
Install Component	2180	[Prevent Simulacra and Projected Images from using magical items]?	[I]ninstall
Install Component	2190	[Allow invisibility spells to hide the visual effects of protective spells (like Spell Turning and Fire Shield)]?	[I]ninstall

Double-click the Setup again. The DOS dialogue appears:

Would you like to display the components from [Tactical challenges - BG2]?			[N]o

The following components will be installed only with the tactics version.

Install Component	3000	[Replace BG1-style elemental arrows with BG2 versions]?	
-------------------	------	---	--

only for BG1Tutu

Install Component	3010	[Replace +1 arrows with nonmagical "fine" ones]?	[I]ninstall
-------------------	------	--	-------------

This component only applies to BG2

Install Component	3020	[Replace +1 magical weapons with Fine ones]?	[I]ninstall
-------------------	------	--	-------------

Install Component		[Replace many +1 magical weapons with Fine ones]?	
-------------------	--	---	--

	3021	1] Fine weapons are immune to the iron crisis]?	
--	------	---	--

	3022	2] Fine weapons are affected by the iron crisis]?	[2]
--	------	---	-----

Install Component	3030	[Re-introduce potions of extra-healing]?	[I]ninstall
-------------------	------	--	-------------

Install Component		[Reduce the number of Arrows of Dispelling in stores]?	
-------------------	--	--	--

	3040	1] Remove Arrows of Dispelling from stores]?	
--	------	--	--

	3041	2] Stores sell a maximum of 5 Arrows of Dispelling]?	[2]
--	------	--	-----

Install Component	3050	[Remove the Shield of Balduran from the game]?	[N]ot Install
-------------------	------	--	---------------

Skipping this component, as Item Revisions renders it obsolete

Install Component	3060	[Remove the invisibility power of the Staff of the Magi]?	[I]ninstall
-------------------	------	---	-------------

Skipping this component, as Item Revisions renders it obsolete

Install Component	3070	[Move Vhailor's Helm into Throne of Bhaal]?	[I]ninstall
-------------------	------	---	-------------

Skipping this component, as Item Revisions renders it obsolete

Install Component	3080	[Move the Cloak of Mirroring]?	[I]ninstall
-------------------	------	--------------------------------	-------------

Skipping this component, as Item Revisions renders it obsolete

Install Component	3090	[Move the Robe of Vecna into Throne of Bhaal]?	[I]ninstall
-------------------	------	--	-------------

Skipping this component, as Item Revisions renders it obsolete

Install Component	3100	[Make the healing and resurrection powers of the Rod of Resurrection into separate abilities]?	[N]ot Install
-------------------	------	--	---------------

Skipping this component, as it is already installed via Item Revisions

Install Component	3110	[Change Carsomyr so that its Dispel on contact power grants a saving throw]?	[I]ninstall
-------------------	------	--	-------------

Skipping this component, as it is already installed via Item Revisions

Double-click the Setup again. The DOS dialogue appears:

Would you like to display the readme?			[N]o
Would you like to display the components from [Spell tweaks]?			[N]o
Would you like to display the components from [Item tweaks]?			[N]o
Would you like to display the components from [Gameplay tweaks]?			[Y]es
Would you like to display the components from [Cosmetic and ease-of-use tweaks]?			[N]o
Would you like to display the components from [AI enhancements]?			[N]o
Would you like to display the components from [Tactical challenges - BG1]?			[N]o
Would you like to display the components from [Tactical challenges - BG2]?			[N]o
Install Component	4000	[Faster Bears]?	[I]ninstall
Install Component	4010	[Grant large, flying, non-solid or similar creatures protection from Web and Entangle]?	[I]ninstall
Install Component	4020	[More realistic wolves and wild dogs]?	[I]ninstall
Install Component	4030	[Improved shapeshifting]?	[N]ot Install

If you have both this component and the "improved priests" component installed, enemy druids will use improved shapeshifting.

A similar solution is as well included with the BG2 Tweak Pack-component „Shapeshifter Re-Balancing“ as with the Refinements-component “Shapeshifting Fix”.

Install Component	4040	[Make party members less likely to die irreversibly]?	[I]ninstall
-------------------	------	---	-------------

Install Component		[Decrease the rate at which reputation improves]?	
-------------------	--	---	--

23. MAJOR TWEAKS

- | | | | |
|-------------------|------|--|---------------|
| | 4050 | 1] Reputation increases at about 2/3 the normal rate | |
| | 4051 | 2] Reputation increases at about 1/2 the normal rate | [2] |
| | 4052 | 3] Reputation increases at about 1/3 the normal rate | |
| | 4053 | 4] Reputation increases at about 1/4 the normal rate | |
| Install Component | 4100 | [Allow player to choose NPC proficiencies and skills]? | [N]ot Install |
- If you choose this component, you can choose the component "ToB-style of the NPCs" from BG2 Tweak Pack no more.*
- Note: the patch takes a few seconds to come into effect. If there's a 3-4 second pause when your character's statistics (hit points, say) aren't right, don't worry about it.*
- The Level 1 NPCs component "Joinable NPCs more closely match the player character's experience?" is recommended instead.*
- | | | | |
|-------------------|------|--------------------------------|-------------|
| | 4110 | [Allow NPC pairs to separate]? | [I]ninstall |
| Install Component | 4120 | [NPCs go to inns]? | [I]ninstall |
- This component isn't compatible with the similarly-named BG1 NPC component "NPCs can be sent to wait in an inn." This version lets you send people to more inns.*
- | | | | |
|--|------|---|-------------|
| | 4130 | [Move NPCs to more convenient locations]? | [I]ninstall |
|--|------|---|-------------|
- Not compatible with the BG1 NPCs at Beginning components Move Eldoth, Move Quayle, Move Shar-Teel, Move Tiax and Move Viconia.*
- | | | | |
|-------------------|------|--|---------------|
| | 4140 | [Allow Yeslick to use axes]? | [N]ot Install |
| Install Component | | [Skip the Candlekeep tutorial sections]? | |
- Those who have already often played BG can skip this perfectly good tutorial.*
- | | | | |
|-------------------|------|---|---------------|
| | 4145 | 1] Remove the tutorial NPCs from Candlekeep | |
| | 4146 | 2] Skip Candlekeep altogether (warning: breaks the 4th wall!) | [2] |
| Install Component | 4150 | [Allow the Cowled Wizards to detect spellcasting in most indoor, above-ground areas in Athkatla]? | [N]ot Install |
- | | | | |
|--|--|--|--|
| | | [Increase the price of a license to practise magic in Athkatla]? | |
|--|--|--|--|
- The default price for a magic licence from the Cowled Wizards is 5,000 gp.*
- | | | | |
|--|------|----------------------------|-----|
| | 4160 | 1] License costs 10,000 gp | [1] |
| | 4161 | 2] License costs 15,000 gp | |
| | 4162 | 3] License costs 20,000 gp | |
| | 4163 | 4] License costs 30,000 gp | |
| | 4164 | 5] License costs 50,000 gp | |
- | | | | |
|--|--|---|--|
| | | [Increase the price asked by Gaelan Bayle]? | |
|--|--|---|--|
- In the unmodded game Gaylan asks the player to provide 20,000gp*
- | | | | |
|--|------|-------------------------------------|-----|
| | 4170 | 1] Gaelan wants 40,000 gold pieces | [1] |
| | 4171 | 2] Gaelan wants 60,000 gold pieces | |
| | 4172 | 3] Gaelan wants 80,000 gold pieces | |
| | 4173 | 4] Gaelan wants 100,000 gold pieces | |
| | 4174 | 5] Gaelan wants 120,000 gold pieces | |
- | | | | |
|-------------------|------|--|---------------|
| | | [Make Freedom scrolls available earlier | [I]ninstall |
| Install Component | 4180 | | |
| Install Component | 4190 | [Make Watchers' Keep accessible between SoA and ToB (warning: this will make it inaccessible until the end of SoA)]? | [N]ot Install |
- This component is only available on Windows versions of SCS.*
- If you want to install this component, then it may be installed only after BP-BGT-Worldmap, because otherwise the Worldmap component "Use new worldmap for Throne of Bhaal as well" will overwrite this SCS component will overwrite again.*
- If you install this component you will not be able to access Watcher's Keep during the Shadows of Amn part of the game.*
- | | | | |
|--|--|-------------------------------------|---------------|
| | | [Retrieve Dropped Items from Hell]? | [N]ot Install |
|--|--|-------------------------------------|---------------|
- This component may be installed together with the previous component only after the BP-BGT-Worldmap.*
- | | | | |
|-------------------|------|--|---------------|
| | | [Randomise the maze in Watcher's Keep]? | [I]ninstall |
| Install Component | 4210 | | |
| Install Component | 4215 | [Remove unrealistically helpful items from certain areas]? | [N]ot Install |
| Install Component | | [Remove unrealistically convenient ammunition from certain areas]? | |
| | 4216 | 1] Only remove nonmagical ammo from random containers | |
| | 4217 | 2] Remove ammo up to the +2 level from random containers | [2] |
| | 4218 | 3] Remove all ammo from random containers | |
- | | | | |
|-------------------|------|---|-------------|
| | | [Delay the arrival of the "bonus merchants" in the Adventurers' Mart and the Copper Coronet]? | |
| Install Component | 4230 | | [I]ninstall |
- | | | | |
|-------------------|------|--|-------------|
| | | [Treat mages' and priests' High-Level Abilities as innate abilities rather than memorisable spells (each may be taken only once)]? | [I]ninstall |
| Install Component | 4240 | | |
- This component makes use of the HLAs changed by Refinements if that mod is installed before.*
- This component does the same job as the "High Level ABILITIES - a ToB mod for casters"*
- Double-click the Setup again. The DOS dialogue appears:

| Choose your language: | 0 [English] |
|-----------------------|-------------|

23. MAJOR TWEAKS

- Would you like to display the readme? [N]o
- Would you like to display the components from [Spell tweaks]? [N]o
- Would you like to display the components from [Item tweaks]? [N]o
- Would you like to display the components from [Gameplay tweaks]? [N]o
- Would you like to display the components from [Cosmetic and ease-of-use tweaks]? [Y]es
- Would you like to display the components from [AI enhancements]? [N]o
- Would you like to display the components from [Tactical challenges - BG1]? [N]o
- Would you like to display the components from [Tactical challenges - BG2]? [N]o
- Install Component 5000 [Ease-of-use party AI]? [I]nstaLL
- This AI script, suitable for all characters, has 5 functions that simplify precombat spellcasting of long-duration spells.**
- Install Component 5010 [Move Boo into Minsc's pack]? [I]nstaLL
- Install Component 5020 [Remove the blur graphic effect from the Displacer Cloak]? [I]nstaLL
- Install Component 5030 [Remove animation from the Cloak of Mirroring (leave it for other spells and effects that use the same graphic)]? [I]nstaLL
- The similar BG2 Tweak Pack component eliminates that animation entirely from the game; this component however just removes the animation from the Cloak, leaving it in place for other spells and items.**
- Install Component 5050 [Stackable ankheg shells, winterwolf pelts and wyvern heads]? [I]nstaLL
- Install Component 5060 [Ensure Shar-Teel doesn't die in the original challenge]? [I]nstaLL
- This component like the similar component "The BG1 NPC Project: Make Shar-Teel Unkillable until in party"**

Double-click the Setup again. The DOS dialogue appears:

- Choose your language: 0 [English]
- Would you like to display the readme? [N]o
- Would you like to display the components from [Spell tweaks]? [N]o
- Would you like to display the components from [Item tweaks]? [N]o
- Would you like to display the components from [Gameplay tweaks]? [N]o
- Would you like to display the components from [Cosmetic and ease-of-use tweaks]? [N]o
- Would you like to display the components from [AI enhancements]? [Y]es
- Would you like to display the components from [Tactical challenges - BG1]? [N]o
- Would you like to display the components from [Tactical challenges - BG2]? [N]o
- Install Component 5900 [Initialise AI components (required for all tactical and AI components)]? [I]nstaLL
- This component alone does nothing in the game, but is a prerequisite for all other tactical or AI components.**
- Install Component 6000 [Smarter general AI]? [I]nstaLL
- Install Component 6010 [Better calls for help]? [I]nstaLL
- Install Component [Add high-level abilities (HLAs) to spellcasters]? [I]nstaLL
- The component has no effect unless the Smarter Mages and/or Smarter Priests component is installed.**
- 6020 1] Only selected spellcasters in Throne of Bhaal get HLAs
- 6021 2] Only selected spellcasters in Throne of Bhaal and Shadows of Amn get HLAs [2]
- 6022 3] All eligible spellcasters in Throne of Bhaal get HLAs; none in Shadows of Amn do
- 6023 4] All eligible spellcasters in Throne of Bhaal get HLAs; only selected casters in Shadows of Amn do
- 6024 5] All eligible spellcasters in Throne of Bhaal and Shadows of Amn get HLAs (very challenging and not really recommended!)
- Install Component [Smarter Mages]? [I]nstaLL
- This component drastically improves the intelligence of pretty much all the arcane spellcasters (liches, mages, fighter/mages, thief/mages, bards)**
- If you install "Tougher Sendai" from Oversight then the improvements to Sendai in this component will be skipped in favour of the Oversight ones.**
- This function is also included with Big Picture mod. Don't install both of them.**
- The "Improved Mae'Var" component from Tactics is incompatible with this component. Only install one of them.**
- 6030 1] Mages cast some short-duration spells instantly at start of combat, to simulate pre-battle casting
- 6031 2] Mages only cast short-duration spells instantly at start of combat if they are created in sight of the PC
- 6032 3] Mages never cast short-duration spells instantly at start of combat [3]
- 6033 4] Mages in BG1 cast short-duration spells instantly at start of combat; mages in BG2 only do so if they are created in sight of the PC
- 6034 5] Mages cast short-duration spells instantly at start of combat on difficulty settings of Hard or higher
- Install Component [Smarter Priests]? [I]nstaLL
- This component upgrades the intelligence of the clerics and fighter-clerics in the game**
- This function is also included with Big Picture mod. Don't install both of them.**
- The "Improved Mae'Var" component from Tactics is incompatible with this component. Only install one of them.**
- 6040 1] Priests cast some short-duration spells instantly at start of combat, to simulate pre-battle casting
- 6041 2] Priests only cast short-duration spells instantly at start of combat if they are created in sight of the PC
- 6042 3] Priests never cast short-duration spells instantly at start of combat [3]
- 6043 4] Priests in BG1 cast short-duration spells instantly at start of combat; priests in BG2 only do so if they are created in sight of the PC
- 6044 5] Priests cast short-duration spells instantly at start of combat on difficulty settings of Hard or higher

23. MAJOR TWEAKS

Install Component	[Potions for NPCs]?	
<i>This component requires "smarter general AI" to be installed</i>		
6100	1] All of the potions dropped by slain enemies are recoverable	
6101	2] One third of the potions dropped by slain enemies break and are lost	[2]
6102	3] Half the potions dropped by slain enemies break and are lost	
6103	4] Two thirds of the potions dropped by slain enemies break and are lost	
6104	5] All of the potions dropped by slain enemies break and are lost	
Install Component	[Improved Spiders]?	[I]n stall
Install Component	[Smarter sirines and dryads]?	[I]n stall
<i>This component requires "smarter general AI" to be installed</i>		
Install Component	[Slightly harder carrion crawlers]?	[I]n stall
<i>This component requires "smarter general AI" to be installed</i>		
Install Component	[Smarter basilisks]?	[I]n stall
<i>This component requires "smarter general AI" to be installed</i>		
Install Component	[Improved golems]?	[I]n stall
<i>Not compatible with the Tactics component Improved Golems</i>		
Install Component	[Improved fiends]?	
<i>This component requires "Initialise mod" to be installed</i>		
<i>This component will only have an effect on the game if you also install SCS 's "Smarter Mages" and/or "Smarter Priests" components.</i>		
<i>This component overlaps with Tactics's Improved Demon Knights component</i>		
<i>This component overwrites Ascension's "Tougher Demogorgon" respectively BP's "Improved Demogorgon"</i>		
6510	1] Fiends have about 50 percent more hit points than normal	
6511	2] Fiends have normal hit points	[2]
Install Component	[Smarter genies]?	
<i>This component requires "Initialise mod" to be installed</i>		
6520	1] Genies have about 50 percent more hit points than normal	
6521	2] Genies have normal hit points	[2]
Install Component	[Smarter celestials]?	
<i>This component requires "Initialise mod" to be installed</i>		
6530	1] Celestials have about 50 percent more hit points than normal	
6531	2] Celestials have normal hit points	[2]
Install Component	[Smarter dragons]?	
<i>This component requires "Initialise mod" to be installed.</i>		
<i>This component corresponds to the Tactics component "Smarter Dragons in SoA".</i>		
<i>If you have installed the Super Firkraag mod before, you must copy afterwards the file dragred.bcs from the directory SCS/backup/6100 into the override folder.</i>		
6540	1] Dragons have a substantial hit point increase	
6541	2] Dragons have normal hit points	[2]
Install Component	[Smarter beholders]?	
<i>This component requires "Initialise mod" to be installed.</i>		
<i>This component corresponds to the Tactics component "Smarter Beholders".</i>		
<i>This function is also included with Big Picture mod. Don't install both of them.</i>		
6550	1] Give beholder rays some chance to "burn through" spell protections; beholder antimagic blocks all spells, including harmful ones, for a round (simulates D&D rules)	
6551	2] Don't give beholder rays any chance of burning through spell protections; beholder antimagic blocks all spells, including harmful ones, for a round (simulates D&D rules)	[2]
6552	3] Give beholder rays some chance to "burn through" spell protections; beholder antimagic removes defences and prevents casting but does not block harmful spells (original game behaviour)	
6553	4] Don't give beholder rays any chance of burning through spell protections; beholder antimagic removes defences and prevents casting but does not block harmful spells (original game behaviour)	
Install Component	[Smarter mind flayers]?	
<i>This component corresponds to the Tactics component "Improved Mind Flayers".</i>		
<i>This function is also included with Big Picture mod. Don't install both of them.</i>		
6560	1] Illithids have only original-game resistances; Illithids can see through invisibility	[1]
6561	2] Illithids have enhanced damage resistance; Illithids can see through invisibility (matches Tactics mod)	
6562	3] Illithids have only original-game resistances; Illithids cannot see invisible enemies (matches original game)	
6563	4] Illithids have enhanced damage resistance; Illithids cannot see invisible enemies	
Install Component	[Smarter githyanki]?	[I]n stall
<i>This function is also included with Big Picture mod. Don't install both of them.</i>		
Install Component	[Improved Vampires]?	[I]n stall
<i>This component does affect Bodhi, but only if you don't install the "Improved Bodhi" component</i>		

23. MAJOR TWEAKS

- Install Component 6590 [Smarter Throne of Bhaal final villain]? [I]ninstall
 Install Component 6800 [Smarter Illasera]? [I]ninstall
Requires the Ascension mod. Big Picture has its own improved version of that mod.
 Install Component 6810 [Smarter Gromnir]? [I]ninstall
Requires the Ascension mod. Big Picture has its own improved version of that mod.
 Install Component 6820 [Smarter Yaga-Shura]? [I]ninstall
Requires the Ascension mod. Big Picture has its own improved version of that mod.
 Install Component 6830 [Smarter Abazigal]? [I]ninstall
Requires the Ascension mod. Big Picture has its own improved version of that mod.
 Install Component 6840 [Give Ascension versions of Irenicus and Sendai SCS scripts and abilities]? [I]ninstall
Requires the Ascension mod.
 Install Component 6850 [Give Ascension demons SCS scripts and abilities]? [I]ninstall
Requires the Ascension mod.

Double-click the Setup again. The DOS dialogue appears:

These components will make the encounters more difficulty of and, therefore, are thought for experienced players

only.

Install Component	8000	[Make the starting dungeon slightly harder]?	[I]ninstall
Install Component	8010	[Improved Shade Lord]?	[I]ninstall
Install Component	8020	[Spellcasting Demiliches]?	[I]ninstall
<i>This component requires "Smarter Mages"</i>			
<i>This component overlaps with the Tactics component „Tougher Kangaxx and Guardians“.</i>			
<i>This component overlaps with the Big Picture component "Improved Kangaxx Encounter"</i>			
Install Component	8030	[More resilient trolls]?	[I]ninstall
<i>This component ist compatible with the Tactics component "Streamlined Trolls"!</i>			
Install Component		[Increase difficulty of level-dependent monster groupings]?	
<i>This component corresponds to the Tactics components "Always Toughest Random Spawns in Dungeons", "Slightly Smarter Mages and Liches" and "Slightly Tougher Demons". "Always Toughest Random Spawns in Dungeons" is also included with Big Picture mod.</i>			
	8040	1] Mildly increased difficulty	
	8041	2] Significantly increased difficulty	
	8042	3] Almost-maximum difficulty (maximum for everything except liches)	[3]
	8043	4] Maximum difficulty	
Install Component	8050	[Improved Random Encounters]?	[I]ninstall
Install Component		[Improved de'Arnise Keep ("Tactics Remix")]?	
<i>This function is also included with Big Picture mod. Don't install both of them.</i>			
<i>Not compatible with the Tactics component Improved TorGal and De'Arnise Keep</i>			
	8060	1] Spirit trolls have the same powers as in the original game	
	8061	2] Enhanced spirit trolls (as in Tactics)	[2]
Install Component	8070	[Improved Unseeing Eye]?	[I]ninstall
<i>This component requires "Smarter Beholders" to be installed</i>			
Install Component		[Improved Bodhi (Tactics Remix)]?	
<i>This function is also included with Big Picture mod. Don't install both of them.</i>			
<i>Not compatible with the Tactics component Improved Bodhi</i>			
	8080	1] "Toned-down" version of the original Tactics Improved Bodhi, with SCS scripting	
	8081	2] Original Tactics Improved Bodhi with SCS scripting	[2]
Install Component	8090	[Party's items are taken from them in Spellhold]?	[I]ninstall
<i>This component is rather similar to the component "Improved Spellhold" of the "Big Picture" mod, but it prevents the "missing-item" bugs that caused some problems with the Big Picture component. It is compatible with the Big Picture version if you install the SCS version after the BP version. Don't install the BP version after the SCS version, though.</i>			
Install Component	8100	[Improved battle with Irenicus in Spellhold]?	[I]ninstall
<i>This function is also included with Big Picture mod. Don't install both of them.</i>			
<i>Not compatible with the Tactics component Improved Irenicus</i>			
Install Component	8110	[Improved Sahuagin]?	[I]ninstall
<i>There is a similar, but stronger component in the mod Tactics. Don't install both of them.</i>			
Install Component	8120	[Improved Beholder hive (adapted from Quest Pack)]?	[I]ninstall
Install Component	8130	[Prevent resting in the Illithid city]?	[I]ninstall
Install Component		[Slightly Improved Drow]?	
<i>According to tests this component can be installed together with the Revised Battles component "Improved House Jae'llat".</i>			
	8140	1] Upgrade Ust Natha's defences	
<i>This component dramatically beefs up the defences of Ust Natha and makes it nearly impossible to conquer.</i>			
	8141	2] Leave Ust Natha's defences alone	[2]
Install Component	8150	[Slightly Improved Watcher's Keep]?	[I]ninstall
<i>This function is also included with Big Picture mod.</i>			
Install Component	8160	[Improved Fire Giant temple]?	[I]ninstall
<i>This component appears to be compatible with Tactics's "Tougher Fire Giants"</i>			
Install Component	8170	[Enhanced Sendai's Enclave]?	[I]ninstall
Install Component	8180	[Improved Abazigal's Lair]?	[I]ninstall
Install Component	8190	[Improved Minor Encounters]?	[I]ninstall
Successfully installed			Press ENTER to exit

23.10 Multistronghold

~MULTISTRONGHOLD/SETUP-MULTISTRONGHOLD.TP2~

The mod makes the strongholds available to all classes (it also drops the rule that says you can only have one stronghold).

The former SCS component is now a own mod. This is a rather more fine-tuned version of the BG Tweaks component Multiple Strongholds (Baldurdash).

Copy the folder **multistronghold** and the file **setup-multistronghold.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 10      [Make the bard stronghold available to all classes]?      [I]nstaLL
This component does not work together with the Fonick CliffHistory mod.
Install Component 20      [Make the cleric stronghold available to all classes]?      [I]nstaLL
Install Component 30      [Make the druid stronghold available to all classes]?      [I]nstaLL
Install Component 40      [Make the fighter stronghold available to all classes]?      [I]nstaLL
Install Component 50      [Make the paladin stronghold available to all classes]?      [I]nstaLL
Install Component 60      [Make the ranger stronghold available to all classes]?      [I]nstaLL
Install Component 70      [Make the thief stronghold available to all classes]?      [I]nstaLL
Install Component 80      [Make the wizard stronghold available to all classes]?      [I]nstaLL
Successfully installed                                         Press ENTER to exit

```

23.11 Improved Volcano! Pack v2.0

~VOLCANO-SETUP.TP2~

This mod adds a merchant to Amkethran, near the Temple of Waukeen. He offers several powerful items and spells, of course, for a high price.

If this mod is already installed, the main component "Initialise mod" of SwordCoastStragems can no more be installed.

Copy the folder **volcano** and the files **setup-volcano.exe** and **setup-volcano.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Install Component 0      [Improved Volcano! Pack Version 1.8]?      [I]nstaLL
Successfully installed    [Improved Volcano! Pack Version 1.8]      Press ENTER to exit

```

23.12 BuTcHeRy v3.2

~SETUP-BUTCHERY.TP2~

The main reason of this little mod is to add a challenging fight in Firkraag lair.

BuTcHeRy component 2 should be installed after SCS.

Copy the folder **BuTcHeRy** and the files **Setup-BuTcHeRy.exe** and **Setup-BuTcHeRy.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                         0 [English]
Install Component 0      [DrAzTiK revisited fight against Tazok & Dig_Dag]?      [I]nstaLL
Install Component 1      [Rebalancing some generic creatures.(ORCS and OGRE).]?      [I]nstaLL
Install Component 2      [Rebalancing Tazok and Dig-Dag.(Install after SCS, look readme)]?      [I]nstaLL
Successfully installed                                         Press ENTER to exit

```

The Tactics component Improved Undead is probably not 100% compatible with SCS. If you want to try it anyway, it will need to be installed individually after SCS.

23.13 Relationship v2.82

~SETUP-NMR.TP2~

This is one of three of Macholy's mods which aim to make the game more realistic.

This mod adds a new system that determines the behavior between the main character and party members.

For example: According to the the value of relationship your teammate's behavior will be affected when he isn't in your team. He may fight for you when he saw you are in a battle, give you a treatment or other help when needed, does nothing or attack you.

Many original enemies in BG would ask their ally for help. Now, if the value of relationship between an enemy's ally

and you is high enough, then he wouldn't help his ally to attack you.

There is also included an upgrade for the behavior of dragons, animal teammates, beholders and much more.

The value of relationship will be quantified by several parameters: experience during being in the team, protagonist's charm and alignment, the teammate's personal mission, core skills and special items.

The component 4 "Expansion of original game scripts" cannot be installed after the new Big Picture v181 AI components.

The former BP patch is included now.

Copy the folder **NMR** and the file **SETUP-NMR.TP2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-NMR.exe**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                2 [English]
Install Component 0 [NM-Relationship: Relationship System V2.8 Core Plug-In]? [I]nstaLL
Install Component 1 [NM-Relationship: Relationship System Other Core Contents]? [I]nstaLL
Install Component 2 [NM-Relationship: Relationship System New Contents (Animal Classes)]? [I]nstaLL
Install Component 3 [NM-Relationship: Relationship System Generic Dialogues of Companions]? [I]nstaLL
Install Component 4 [NM-Relationship: Expansion of original game scripts]? [I]nstaLL
Install Component 5 [NM-Relationship: Fix the "GENERAL" of some ghost like NPCs]? [I]nstaLL
Install Component 6 [NM-Relationship: Modify the original items and spells of shape shifing]? [I]nstaLL
Install Component 7 [NM-Relationship: Hotkey mode of relationship system core skills]? [I]nstaLL
Install Component 8 [NM-Relationship: Relationship System Scripts of Former Companions
1] NM-Relationship: Relationship System Scripts of Former Companions (Compatible with SCSI&II)]? [1]
9 2] NM-Relationship: Relationship System Scripts of Former Companions (Compatible with Ascension)
Successfully installed                Press ENTER to exit
    
```

23.14 NMR-HAPPY Patch

~SETUP-NMR-HAPPY.TP2~

With this patch, the value of the NPCs for the interpersonal relationships is set to reduce the difficulty.

The mod Relationship must be installed.

Copy the folder **NMR-HAPPY** and the file **SETUP-NMR-HAPPY.TP2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-NMR-HAPPY.exe**.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                2 [English]
Install Component [NMR-Happy patch]?
0 1] Increase 5 Relation Points
1 2] Increase 10 Relation Points
2 3] Increase 15 Relation Points(recommend) [2]
3 4] Increase 20 Relation Points
4 5] Increase 40 Relation Points (cheat)
Successfully installed                Press ENTER to exit
    
```

23.15 Big Picture v1.81 4611 (2)

~BP/SETUP-BP.TP2~

BP balances all mods installed before, contains several smaller mods and includes other improvements also as a unique hostile KI system. If several mods have changed the same objects, these are overpowered. BP compensates this again.

NOTE: *This mod must be installed in two steps! All the tactical challenges and also the Ascension components must be installed here because of their dependencies with other mods. However, all the AI components should be installed nearly at the end and particularly after SCS.*

Copy the folder **BP** and the files **Setup-BP.exe** and **Setup-BP.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                0 [English]
    
```

23. MAJOR TWEAKS

Would you like to display the components from [Core Component (Required)]?	[Y]es

<i>This is the improved version of the original Tactics component. This function is also included in the Sword Coast Stratagems mod. Don't install both of them.</i>	
Install Component 725 [Mists]?	[I]ninstall
Install Component 750 [Sea Devils: Sahuagin and Kuo-Toan Enhancements]?	[I]ninstall
Install Component 760 [Shadow and Wraith Enhancements]?	[1]
770 1] Shadows - The Works	
780 2] Shadows - Just the Shade Lord	
800 3] Shadows - Leave the Shade Lord Alone	
Install Component 800 [Shadow Thieves]?	[I]ninstall
Install Component 875 [Trolls]?	[I]ninstall
Install Component 900 [Undead (Except Shadows/Wraiths/Vampires)]?	[I]ninstall
Install Component 925 [Were-Animals]?	[I]ninstall
Install Component 150 [Generic Creature & Script Processing]?	[I]ninstall
<i>This are the "leftovers" of prior BP versions. Don't install it together with the SCS AI.</i>	
Install Component 175 [Fewer On-Screen Shouts]?	[N]ot Install
<i>You must install the generic creature & script processing for this</i>	
Install Component 1000 [Generic Encounter Enhancements]?	[I]ninstall

This component adds a few creatures based on difficulty slider.

You must install the generic creature & script processing for this

Install Component 1020 [Beholder Cult]? [N]ot Install
 Install Component [Vampire Encounters]? [N]ot Install

Only components 2, 4, 6 and 7 without Bodhi are compatible with the Tactics or SCS component Improved Bodhi

1030 1] Chapter 3 (w/ bodhi)]?

1040 2] Chapter 3 (no bodhi)]?

1050 3] Chapter 6 (w/ bodhi)]?

1060 4] Chapter 6 (no bodhi)]?

1070 5] Chapter 3 and 6 (w/ bodhi)]?

1080 6] Chapter 3 and 6 (no bodhi)]?

1090 7] Generic Vampires Only]?

Install Component 1100 [Copper Coronet and Slavers]? [N]ot Install

This is the improved version of the original Tactics component.

Install Component 1110 [Kensai Ryu's Brown Dragon]? [N]ot Install

This is the improved version of the original Tactics component. It is also included in Deeper Shadows of Amn. Only one can be installed.

Install Component 1120 [Kensai Ryu's Improved Crypt King]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component 1130 [Drizzt Encounter (Chapter 6)]? [N]ot Install

Install Component [Druidic Improvements]? [N]ot Install

1140 1] Druid Grove (with Druid Encounter)]?

1150 2] Druid Encounter (w/ Treant Spell)]?

1160 3] Treant Summoning Spell Only]?

Install Component 1170 [Treant Encounter]? [N]ot Install

Install Component 1175 [Kensai Ryu's Gnome Fighter/Illusionist in the Docks]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component 1190 [Hell Trial Additions]? [N]ot Install

Install Component 1200 [Horreds Lair]? [N]ot Install

Requires the BP core component.

Install Component 1210 [Irenicus Dungeon Enhancements (except Duergar)]? [N]ot Install

Install Component 1225 [Improved Kangaxx Encounter, by Kensai Ryu]? [N]ot Install

This is the improved version of the original Tactics component. This component is also included in Deeper Shadows of Amn. Only one can be installed.

This component overlaps with the SCS component "Spellcasting Demiliches"

Install Component 1250 [Kuroisan the Acid Kensai, by Westley Weimer]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component 1275 [Gebhard Blucher's Lich in the Docks]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component 1300 [Mae Var]? [N]ot Install

This is the improved version of the original Tactics component.

Install Component 1315 [Nalia Quests]? [N]ot Install

Install Component 1330 [Tavern Brawl (In the Seven Veils)]? [N]ot Install

Install Component 1350 [Planar Prison]? [N]ot Install

Install Component 1375 [Planar Sphere Enhancements (including Tolgerias)]? [N]ot Install

This component should be fully compatible with the Planar Sphere mod

Install Component 1400 [Improved Random Encounters, by Gebhard Blucher and Kensai Ryu]? [N]ot Install

This are the combined and improved components "Gebhard Blucher's Random City Encounters" and "Kensai Ryu's Random Wilderness Encounters" from the original Tactics mod.

Don't install it together with the Stratagems component "Increase difficulty of level-dependent monster groupings".

Install Component 1425 [Red Badge, Poison-Based Encounter, by Westley Weimer]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component 1450 [The Ritual, by Westley Weimer]? [N]ot Install

Install Component 1525 [Improved Small Teeth Pass, by Kensai Ryu]? [N]ot Install

This is the improved version of the original Tactics component. No overlap with SCS.

Install Component [Improved Spellhold]? [N]ot Install

The components with item taking might cause you issues, if you have item mods installed. If you're using item mods, use SCS's version instead, it's more universal. It is compatible with the Big Picture version if you install the SCS version after the BP version. BP's version is safe with TDD, SoS, and TS (as part of the original BP).

1550 1] Spellhold Enhancements - Only]?

1560 2] Chapter Four Enhancements - Only]?

1570 3] Spellhold Enhancements - Full Package]?

1580 4] Spellhold Only w/ Item Taking]?

1590 5] Full Package w/ Item Taking]?

23. MAJOR TWEAKS

Install Component	1600	[Improved Suldanessallar]?	[N]ot Install
<i>Requires the BP core component.</i>			
Install Component	1625	[Tanners Quest]?	[N]ot Install
Install Component	1650	[Trademeet Enhancements]?	[N]ot Install
Install Component	1675	[Wand of Orcus Add-In]?	[N]ot Install
<i>Requires the BP core component.</i>			
Install Component	1700	[Windspear Hills Enhancements]?	[N]ot Install
Install Component	1725	[Improved Xvart Village, for BGT-weidu]?	[N]ot Install
<i>This component requires BGT to be installed. This component gets already installed with DSotSC.</i>			
Install Component	1750	[Watchers Keep Improvements]?	[N]ot Install
<i>This function is also included in the Sword Coast Stratagems mod.</i>			
Install Component	1800	[ToB Improvements]?	[N]ot Install
Install Component	2000	[Ascension for BP]?	[N]ot Install
<i>This is the improved version of the original Ascension mod. As of BP v179 this component is bug-free. Only requires the BP core component.</i>			
Install Component	2100	[Improved Abazigal]?	[N]ot Install
<i>This is the improved version of the original Ascension mod. You must install Ascension Core for this component to work.</i>			
Install Component	2200	[Improved Demogorgon]?	[N]ot Install
<i>This is the improved version of the original Ascension mod.</i>			
Install Component	2300	[Improved Gromnir]?	[N]ot Install
<i>This is the improved version of the original Ascension mod. You must install Ascension Core for this component to work.</i>			
Install Component	2400	[Improved Illasera]?	[N]ot Install
<i>This is the improved version of the original Ascension mod. You must install Ascension Core for this component to work.</i>			
Install Component	2500	[Improved Sendai]?	[N]ot Install
<i>Not together with "Tougher Sendai" from the Oversight mod. You must install Ascension Core for this component to work.</i>			
Install Component	2600	[Improved Yaga-Shura]?	[N]ot Install
<i>This is the improved version of the original Ascension mod. You must install Ascension Core for this component to work.</i>			

23.16 Turambar fixes and tweaks 1.8.1

~SETUP-TURAMBAR_FIXES_TWEAKS.TP2~

This mod corrects some errors as well from BG as from other mods.

*This mod has to be installed quite at the end, after BGT, DSotSC, NToTSC, BG1NPC, BP and BG2 Tweaks.
The components which have to do with NPCs are not compatible with the Level1npc components which deal with the same NPC.*

The cleric kits are NOT compatible with Divine Remix.

Copy the folder **Turambar_fixes_tweaks** and the files **Setup-Turambar_fixes_tweaks.exe** and **Setup-Turambar_fixes_tweaks.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:	0	[English]	
Would you like to display the readme?		[N]o	
Would you like to display the components from [BGII - BGT - DSotSC - NToTSC fixpack (recommended!)]?		[Y]es	
Would you like to display the components from [Tweaks for BGII and BGT]?		[Y]es	
Would you like to display the components from [The BG1 kit project: new kits]?		[Y]es	
Would you like to display the components from [The BG1 kit project: NPC kits]?		[Y]es	
Install Component	10	[Italian only - Nalia's ring name correction]?	[N]ot Install
Install Component	11	[Northern Tales fixes for items, dialogues, and graphic glitches]?	[I]ninstall
Install Component	12	[Inactive creatures fix]?	[I]ninstall
Install Component	13	[Gerde's quest and other related fixes]?	[I]ninstall
Install Component	14	[Fix for some errors in the Worldmap for BG1 areas]?	[I]ninstall
Install Component	15	[Fix some wrong creature races]?	[I]ninstall
Install Component	16	[Xvart village rebalancing]?	[I]ninstall
Install Component	17	[Fix Anomen's proficiencies]?	[I]ninstall
Install Component	18	[Fixes for SoBH]?	[I]ninstall
Install Component	1055	[Fixes for DS items and resources]?	[I]ninstall

23. MAJOR TWEAKS

Install Component 1060 [Other compatibility fixes]? [I]ninstall
The compatibility fixes should be installed after the following mods: Baldurdash, SoS, CtB, Tactics, Grimuars, Every Mod and Dog.

Install Component [Give all skeleton warriors the same immunities]? [I]ninstall
2000 1] BG2 immunities (suggested!)
2001 2] BG1 Immunities

Install Component [Fenten buys more ankheg shells (Baldur's Gate)]? [I]ninstall
2002 1] Fix only
2003 2] Infinite shells

Install Component 2004 [Keiria and Skeezer only available from chapter 4]? [I]ninstall

Install Component 2005 [Helmet of alignment change]? [I]ninstall

Install Component [Reflection cloak tweaks]?
2006 1] Cloak does not protect against area spells
2007 2] Original Cloak of Spell Reflection (SoA)]? [I]ninstall

Install Component 2010 [Enhanced Nalia's ring]? [I]ninstall

Install Component 2020 [Daystar protects from level drain]? [I]ninstall

Install Component 2023 [Cespenar can improve the Daystar with the Tyr's Eye]? [I]ninstall

Install Component 2040 [Shar Teel uses one handed weapons (not recommended with amazon kit)]? [N]ot Install

Install Component 2045 [Enable bard class for elves]? [I]ninstall

Requires ToBEx race-class externalize component!!

Don't install this component after the bladesinger, otherwise, the other kits won't be enabled.

Install Component 2047 [Allow blades to use Defensive Spin under Free Action]? [N]ot Install

Install Component 2048 [Turambar's revised thieving skills and spell learning XP reward table]? [N]ot Install

Install Component 2050 [Turambar's slow draw weapon disintegration (a revision of BG2Tweaks code)]? [I]ninstall

This component should fix and complete the similar component from BG2Tweaks (#1050 Gradual Draw Item Disintegration), which had many bugs and compatibility issues.

Install Component 2051 [Fix areas stored in saved games]? [N]ot Install

This component is only available if you installed the previous one.

Install Component 2052 [Dragons are not immune to backstabbing]? [I]ninstall

Should be installed after SCS, because otherwise the corresponding SCS Dragon II component cancels out the effect of this component.

Install Component 2055 [Pink Panther]? [N]ot Install

Install Component 4000 [Amazon kit (needed for Shar Teel)]? [N]ot Install

Install Component 4010 [Priest of Shar (needed for Viconia)]? [I]ninstall

NOT compatible with Divine Remix.

Install Component 4020 [Priest of Tempus (needed for Branwen)]? [I]ninstall

NOT compatible with Divine Remix.

Install Component 4030 [Bladesinger (needed for Keiria)]? [N]ot Install

ToBEx recommended, install the "Enable bard class for elves" component before this mod.

Install Component [Kit for Shar Teel]? [N]ot Install

Requires Amazon kit component

5000 1] Kensai

5001 2] Amazon

Install Component 5005 [Priest of Shar kit for Viconia]? [I]ninstall

NOT compatible with Divine Remix, requires Priest of Shar.

Install Component 5006 [Priest of Tempus kit for Branwen]? [I]ninstall

NOT compatible with Divine Remix, requires Priest of Tempus.

Install Component 5007 [Avenger kit for Faldorn]? [N]ot Install

Install Component 5010 [Blade kit for Keiria]? [N]ot Install

Requires Bladesinger component.

Install Component 5012 [Skald kit for Will Scarlet O'Hara]? [N]ot Install

Install Component 5013 [Jester kit for Eldoth Kron]? [N]ot Install

Successfully installed Press ENTER to exit

23.17 Lol's RezMod v2.6d

~REZMOD/SETUP-REZMOD.TP2~

These are just some old non-WeiDU mods.

This mod should be installed after Big Picture and the Ding0's QuestPack component "Creature & Area Improvements" to avoid them overwriting the creatures and effectively nulling the Masamune questline.

Also it should be installed after the Ding0's QuestPack component "Additional Shadow Thieves Content" to avoid it

overwriting loot for Mae'Var.

The Extended Visual Ioun Stones component should be installed after BG2 Tweaks Exotic Items Pack component because otherwise the Deep Purple Ioun Stone and Flickering White Ioun Stone added by the latter do not benefit from the Extended Visual Ioun Stones.

Copy the folder **RezMod** and the file **Setup-RezMod.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Masamune Sword Mini-Mini-Quest - SoA by ShadowDaemon (WeiDU)]?	[I]ninstall
Install Component	1	[Masamune Sword Mini-Mini-Quest - ToB by ShadowDaemon (WeiDU)]?	[I]ninstall
Install Component	2	[Improved Anarg by knightlight (WeiDU)]?	[I]ninstall
Install Component	3	[Extended Visual Ioun Stones by WoRm]?	[I]ninstall

This component is compatible with the Item Revisions main component.

Install Component	4	[Extended Recargador]?	[I]ninstall
-------------------	---	------------------------	-------------

This component needs the Recargador mod installed!

23.18 Jarl's BGT Tweak Pack v1.74

~JA#BGT_TWEAK/SETUP-JA#BGT_TWEAK.TP2~

Various adjustments of BG1 and BG2 kits, portraits, stats and soundsets in a BGT megamod.

Should be installed after BG2Tweaks and BGT Tweak Pack.

This mod requires Baldur's Gate Trilogy.

Copy the folder **JA#BGT_Tweak** and the file **Setup-JA#BGT_Tweak.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:			1 [English]
Would you like to display the components from [Kits fuer Bioware NPCs]?			[Y]es
Would you like to display the components from [Neue Portraits für Coran, Faldorn, Shar-Teel und Xan]?			[Y]es
Install Component	0	[NPC SOUNDSETS & AVATARS (only german!)]?	[N]ot Install

This component includes German sounds.

Install Component	1	[Change Kagain's Constitution to 19]?	[N]ot Install
-------------------	---	---------------------------------------	---------------

A similar component is also included in the BG2 Tweak Pack.

Install Component	2	[Change Coran's Dexterity to 19]?	[I]ninstall
Install Component	3	[Balance thief abilities]?	[I]ninstall
Install Component	4	[Change Korgan's Aligment to Neutral-Evil]?	[N]ot Install

A similar component is also included in the BG2 Tweak Pack.

Install Component	5	[Change Jaheira's Aligment to Neutral-Good]?	[N]ot Install
-------------------	---	--	---------------

A similar component is also included in the BG2 Tweak Pack.

Install Component		[Match Minsc's Aligment]?	choose one:
	6	1] Change Minsc's Aligment to Chaotic-Good (BG2 - recommended)	[1]
	7	2] Change Minsc's Aligment to Neutral-Good (BG1)	
Install Component		[Match NPC Stats]?	[N]ot Install
	8	1] Use BG1 Stats	
	9	2] Use BG2 Stats	

These adjustments can also be done separately with the BG2 Tweak Pack.

Install Component	10	[Faldorn: Avenger-Kit]?	[I]ninstall
-------------------	----	-------------------------	-------------

These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.

Install Component	11	[Safana: Swashbuckler-Kit]?	[I]ninstall
-------------------	----	-----------------------------	-------------

These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.

23. MAJOR TWEAKS

Install Component 12	[Kivan: Archer-Kit]?	[I]ninstall
<i>These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.</i>		
Install Component 13	[Ajantis: Cavalier-Kit]?	[N]ot Install
<i>These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.</i>		
<i>Because of the mod "Ajantis NPC" installs Ajantis as a paladin, in the BG1 part Ajantis must remain a paladin.</i>		
Install Component 14	[Cernd: Totemic Druid-Kit]?	[I]ninstall
<i>This component has the same effect as the component 1 Cernd from NPC Tweak.</i>		
<i>These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.</i>		
<i>The Druid Kit Enhancements mod also changes Cernd into a totemic druid and its shapeshiftig ability is much more sophisticated.</i>		
Install Component 15	[Alternative Portrait: Coran]?	[N]ot Install
Install Component 16	[Alternative portrait: Xa]?	[N]ot Install
Install Component	[Alternative portrait: Shar-Teel]?	[N]ot Install
17	1] blonde Shar-Teel	
18	2] brunette Shar-Teel	
Install Component 19	[Alternative portrait: Faldorn]?	[N]ot Install
Install Component 20	[General fixes]?	[I]ninstall
Install Component 21	[Set reputation to 9 after leaving Candlekeep]?	[I]ninstall
Install Component 22	[Soundpatch Part I - Gamesounds]?	[I]ninstall

<i>This component is only made for a German installation.</i>		
Install Component 24	[Item Addon]?	[I]ninstall
Install Component 25	[Special NPC Items]?	[I]ninstall
Install Component 26	[Improved exotic weapons allocation]?	[I]ninstall
Install Component 27	[Change Montarons Proficiencies]?	[I]ninstall
<i>These adjustments can also be done with the Level 1 NPCs mod. Because this requires quite a lot of effort, this component has been made for comfort.</i>		
Install Component 28	[Xan's improved spellbook]?	[I]ninstall
<i>This componente will only be installed, if Xan got no spell by other mods, like Spell Revisions for example.</i>		
Install Component 29	[Change Kagains proficiencies]?	[I]ninstall
Install Component 30	[Dynaheir Sorcereress]?	[N]ot Install
Install Component 31	[restore unique BG1-Items]?	[I]ninstall
<i>BGT replaces some unique BG1-Items with no-name-versions. This component restores them.</i>		
Install Component 32	[Minsc's bald head]?	[I]ninstall
<i>replaces Minsc's hair colour with his skin colour, to imitate his bald head.</i>		
Successfully installed		Press ENTER to exit

ATTENTION: The BG2 Tweak Pack components 2161 and 2162 which change weapon proficiencies to the BG1 system should go after any mod components that change distribution of proficiencies stars or/and add new weapons, therefore they should be installed individually after Jarls BGT Tweak Pack.

23.19 Ding0's Tweak Pack v22

~D0TWEAK/SETUP-D0TWEAK.TP2~

This is a collection of different improvements like corrected behavior of demons, dimension door, enchanted weapons. Not everything is suitable for BGT.

This mod should be installed after the BG2 Tweak Pack!

Install D0Tweak_20 into your main SoA directory. Now you find here the folder **d0tweak** and the files **Setup-d0tweak.exe** and **Setup-d0tweak.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:	0 [English]	
Would you like to display the readme?	[N]o	
What should be done with all components that are NOT YET installed?	[A]sk about each one?	
Install Component 0	[Enhanced Goodberries]?	[N]ot Install
<i>Is not needed when Spell revisions is installed.</i>		
Install Component 1	[Corrected Summoned Demon Behaviour]?	[N]ot Install

Is now included in the BG2 Fixpack!

Install Component 2 [Corrected Demon Animations]? [N]ot Install

Is now included in the BG2 Fixpack!

Install Component 3 [Reintroduce Dimension Door]? [N]ot Install

This component might crash the game!

Install Component 4 [Tweaked Weapon Enchantments]? [I]ninstall

Install Component 5 [Additional Racial Enemies]? [I]ninstall

Install Component 6 [Summoning Cap Removal]? [I]ninstall

The raised number of the enemies requires more capacity of your computer as the pre-settings!

Install Component 7 [PnP Celestial Fury]? [N]ot Install

Install Component 9 [Kill Cespenar]? [N]ot Install

Install Component 11 [Visual Ioun Stones]? [N]ot Install

Not together with the Item Revisions component "Item Revisions by Demivrgvs", because the main component already contains WoRm's more advanced version of the visual Ioun Stones.

Install Component 12 [Kensai Ryu's Restored Drow Innate Abilities]? [N]ot Install

This component is likely to interact in odd ways with most of the core SCS combat scripts.

Install Component 15 [Remove Quayle Portrait]? [N]ot Install

Install Component 16 [Dream Flag]? [N]ot Install

Install Component 17 [Sensible Lore Table]? [N]ot Install

Install Component 18 [Improved Backstabbing]? [N]ot Install

This has a bigger effect if Ashes of Embers was installed before. Not together with the Item Revisions component "Backstabbing Penalties for Inappropriate Weapons"

Install Component [Summons/NPCs Set Off Traps]? [N]ot Install

19 1] Everyone can set off traps (excluding illusions, etc.)

20 2] Green and blue circles, and enemy summons can set off traps

21 2] Only green-circles and enemy summons can set off traps

This component can cause problems with the "Improved Ilyich" component from the Tactics mod, because Ilych possibly runs over the traps without any action.

This component is conceptually incompatible with the "Shadow Thief Improvements" component of Rogue Rebalancing as it will inadvertently cause the Shadow Thief opponents to trigger their own traps. If you wish to use both of these components at the same time then you must install "Summons/NPCs Set Off Traps" before "Shadow Thief Improvements" so that the changes it introduces do not apply to the Shadow Thief Improvements areas.

Install Component 23 [BG1-Style Summoning Spells]? [N]ot Install

Install Component 24 [Slower Walking Speeds]? [N]ot Install

Successfully installed Press ENTER to exit

The readme opens.

23.20 Macholy's Tweak Pack v1.2

~SETUP-NMTP.TP2~

CHINESE

This is one of three of Macholy's mods which aim to make the game more realistic.

This Tweak Pack, relates to Relationship V2.6, adds some of DnD's nonweapon proficiencies, like cooking, bluff, perform, sense, motive and so on, to make the game looks more real.

Install it after BG2 Tweaks, but before Improved Summons.

Copy the folder **NMTP** and the file **SETUP-NMTP.TP2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-NMTP.exe**.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [Münzeinheiten]? [I]ninstall

According to D&D set, every 50 gold coins are weighing about a pound.

Install Component 1 [Hauptteil für NM-Relationship v2.8]? [N]ot Install

This component is only required if Relationship v2.6 is not installed.

Install Component 2 [Hauptteil Lebenskompetenzen V2.1]? [I]ninstall

With this component the intelligence will increase depending of the life experience. 18 different parameters depending on experiences and behaviors will affect the life experiences.

This component is a prerequisite for the next three components.

Install Component 3 [Schwertküste Gerichtsbarkeit]? [I]ninstall

This component extends the jurisdiction of the guards of Amn. When captured by the guards of the flaming fist you can try to negotiate with the soldiers, to bribe them, to intimidate and so on ...

This component requires the nonweapon proficiencies core plug-in system v2.1.

This component requires that BGT is installed

Install Component 4 [Schauspielkunst]? [I]nstaLL

Bards can perform something up to three times daily and thus acquire experience.

This component requires the nonweapon proficiencies core plug-in system v2.1.

This component requires that BGT is installed

Install Component 5 [Kochen]? [I]nstaLL

This component adds a total of 33 types of food that can be prepared according to recipes. The finished dishes satisfy hunger and influence in different ways immunity, resistance, morale, happiness and fatigue.

This component requires the nonweapon proficiencies core plug-in system v2.1.

This component requires that BGT is installed

Successfully installed Press ENTER to exit

23.21 Macholy's Living-Mod v0.6

~SETUP-NML.TP2~

This is one of three of Macholy's mods which aim to make the game more realistic.

This mod provides a system of rules allowing the player characters need to eat and drink. Without food and drink the constitution gets weaker by time.

This mod requires the Macholy's Tweak Pack component Cooking.

This mod requires that BGT is installed

Copy the folder **NML** and the file **SETUP-NML.TP2** into your main SoA directory.

Copy the WeiDU-setup and rename it to **Setup-NML.exe**.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 2 [English
 Install Component 0 [Adventurer's Cuisine? [I]nstaLL
 Successfully installed [Adventurer's Cuisine? Press ENTER to exit

23.22 aTweaks v4.40 beta3

~ATWEAKS/SETUP-ATWEAKS.TP2~

This mod includes different Pen & Papers improvements and different rules, which are designed in order to make the gameplay more consistent.

In order to achieve optimal compatibility with Sword Coast Stratagems, Spell Revisions, Tactics and Big Picture, you should install those mods before aTweaks. Note: aTweaks will not take over the AI of Fiends summoned by SCS spellcasters. This is intentional.

Copy the folder **aTweaks** and the file **Setup-aTweaks.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [English]
 Would you like to display the readme? [N]o

Install Component	230	[Simple Bard script (sing battlesong when idle)?]	[I]ninstall
Install Component	239	[Simple Cleric/Paladin script?]	[I]ninstall
Install Component		[Altered XP rewards from locks, traps and scrolls?]	
	261	1) Improved (lowered) XP rewards from locks, traps and scrolls	[1]
	262	2) No XP rewards from locks, traps and scrolls	
Install Component	270	[Unbiased quest rewards?]	[I]ninstall
Install Component		[Use Icewind Dale's Dimension Door animation?]	[I]ninstall
	300	1) Fast animation speed (matches IWD)	
	322	2) Slow animation speed (matches BG2)	
	323	3) Use IWD animation for spells, retain BG2 animation for other visuals	
	324	4) Fast animation speed, shorter delay between animation start and creature appearance/disappearance	
Install Component	301	[Change the appearance of Valygar's armor?]	[I]ninstall
Install Component	302	[Change the appearance of the Robe of Vecna?]	[I]ninstall
Install Component	310	[Distinctive creature coloring?]	[I]ninstall
Install Component	315	[Distinctive creature soundsets?]	[I]ninstall
Install Component		[Slightly expanded storage capacity for containers?]	
	500	1) Use the recommended storage capacity value (999)	[1]
	502	2) Manually enter the storage capacity value	
		Please enter the storage capacity value (0-65535)	

Install Component	510	[Expanded temple services]?	[I]nstaLL
Install Component	999	[BG2-style icons for aTweaks content]?	[I]nstaLL
Successfully installed			Press ENTER to exit

If you want more informations about XP settings in the megamod read the related chapter in the appendix.

23.23 Wizard Slayer Rebalancing v1.12 (2)
~WSR/SETUP-WSR.TP2~

This mod re-balances the Wizard Slayers and gives them new abilities.

NOTE: *This mod must be installed in two steps! The component Wizard Slayer kit revision is to be installed before Refinements, all the others after Refinements!*

The mod is not comptible with Grey Acumen's Kit Improvements, Konalan's Tweaks' component „Wizard Slayer Enhancements“, Kitanya's component „Wizard Slayer Revision“ and the Ashes of Embers component „Wizard Slayer kit MR bonus (8% + 4%/level)“

You have already copied the folder **wsr** and the file **setup-wsr.exe** into your ... \BGII - SoA\ directory. Double-click the Setup. The DOS dialogue appears:

Choose your language:			0 [English]
Would you like to display the readme?			[N]o
Install Component	100	[Wizard Slayer kit revision]?	[N]ot Install
Install Component	200	[Wizard Slayer High Level Ability revision]?	[I]nstaLL
Install Component		[Revised Wizard Slayer item restrictions]?	
	301	1) Minimal changes	
	302	2) Moderate changes	[2]
Install Component	999	[BG2-style icons for WSR content]?	[I]nstaLL
Successfully installed			Press ENTER to exit

23.24 Rogue ReBalancing v4.80 (2)
~RR/SETUP-RR.TP2~

This mod re-balances the bards and thieves and gives them new abilities.

NOTE: *This mod must be installed in two steps!*

*In any case, Quest Pack should be installed before Rogue ReBalancing.
The "Summons/NPCs Set Off Traps" component of Ding0's Tweak Pack is conceptually incompatible with the "Shadow Thief Improvements" component of Rogue ReBalancing as it will inadvertently cause the Shadow Thief opponents to trigger their own traps. If you wish to use both of these components at the same time then you must install "Summons/NPCs Set Off Traps" before "Shadow Thief Improvements" so that the changes it introduces do not apply to the "Shadow Thief Improvement"-areas.
The "Thief High Level Ability revisions" and "Bard High Level Ability revisions" components must be installed after Refinements.
The components "Revised Thievery" and "Shadow Thief Improvements" add their own scripts to lot of creatures. As a result, some creatures have all 5 script slots filled and SCS would skip those creatures. To avoid this both components must be installed after SCS.*

You have already copied the folder **RR** and the file **Setup-RR.exe** into your ... \BGII - SoA\ directory. Double-click the Setup. The DOS dialogue appears: and the readme opens.

Choose your language:			0 [English]
Would you like to display the readme?			[N]o
Install Component	0	[Proper dual-wielding implementation for Thieves and Bards]?	[N]ot Install

23. MAJOR TWEAKS

Install Component	6	[Proper spell progression for Bards]?	[N]ot Install
Install Component	7	[Additional equipment for Thieves and Bards]?	[N]ot Install
Install Component	8	[Upgradeable Equipment]?	[N]ot Install
Install Component	9	[Revised Thievery]?	[1]
	10	1] Use PnP thievery potions and prevent their effects from stacking	
	11	2] Retain default thievery potions and prevent their effects from stacking	
Install Component	11	[Chosen of Cyric Encounter]?	[I]nstaLL
Install Component	12	[Shadow Thief Improvements]?	[I]nstaLL
Install Component	999	[BG2-style icons for RR content]?	[I]nstaLL
Successfully installed			Press ENTER to exit

23.25 Bard Song Switching (Icewind Mode) v2.2

~SETUP-BARDSONG_BG2_IWD.TP2~

With this mod you can freely switch to the bard song you need by clicking new buttons in Special Abilities. If you've installed any new bard kits, then install this pack, because only the original kits will have the ability of selecting songs.

Not compatible with other mods that modify the original bard kits.

Compatible with new bard kits, but can not give them ability of switching songs.

Must be installed after Rogue ReBalancing.

Copy the folder **BardSong_BG2_IWD** and the files **Setup-BardSong_BG2_IWD.exe** and **Setup-BardSong_BG2_IWD.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language: 0 [American English]
Install Component 0 [Bard Song Switching Patch]? [N]ot Install

Do NOT choose this component, if you've installed Bard kit revisions & Bard High Level Ability revisions in Rogue ReBalancing.

Install Component 1 [Bard Song Switching Patch compatible with Rogue ReBalancing Pack]? [I]nstaLL

Only if you have installed Rogue ReBalancing before.

This component makes the mod compatible with the HLA-revisions of RR, but not with the changes to the kits.

Successfully installed Press ENTER to exit

23.26 gMinion v2

~SETUP-GMINION.TP2~

These scripts increase the ingame intelligence of the creatures that are summoned by spells and items, so that they behave more in line with the original intentions of both Bioware and more purist D&D roleplayers.

Spell Revisions is somewhat incompatible with gMinion as that mod is based upon vanilla's creatures, while SR's ones are heavily changed. Installing gMinion before SR should allow to use its scripts for non-SR creatures.

gMinion is going to override summons' AI of earlier installed mods. Thus, in a megamod it must be installed after Big Picture (BP) or Sword Coast Strategems 2 (SCS) to ensure that summons use gMinion scripting EXCLUSIVELY.

gMinion is not compatible with Improved Summons or any other mod that alters the summons.

Note: This mod was only created for vanilla BGII. The **B&G World Fixpack** makes some changes to this mod to adapt it to mega-mods. 

Copy the folder **gMinion** and the files **Setup-gMinion.exe** and **Setup-gMinion.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component 0 [gMinion v1.8]? [I]nstaLL
Successfully installed [gMinion v1.8] Press ENTER to exit

The readme opens.

23.27 Improved Summons v2.03

~SETUP-IMPROVEDSUMMONS.TP2~

Most of your enemies regard your summoned devil/demon as a enemy of you (not a enemy of themselves), so they

23. MAJOR TWEAKS

will not attack your devil/demon actively or cast any spell on it. With this mod your enemies will attack your devil/demon actively and cast their spells on it normally. Besides you can invoke stronger summons.

This mod is conceptual incompatible with gMinions and Spell Revisions.

This mod may not be compatible with Spell-50 mod.

This mod must be installed AFTER Tactics mod.

Copy the folder **ImprovedSummons** and the files **Setup-ImprovedSummons.exe** and **Setup-ImprovedSummons.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

```

23.28 BP Series v0.3121

~SETUP-BPSERIES.TP2~

BPSeries is a collection of group AI scripts for Baldurs Gate.

Install this before Macholy's Teammates Fight Scripts.

Don't be bothered about the version number. Although there exists a BPSeries v4.0, this one is indeed the most recent one!

Copy the folder **BPSeries** and the file **Setup-bpseries.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 0    [Detectable Stats v3.1 (required for BPSeriesScript Component)]?    [I]nstaLL
Install Component 10   [Innate Spell Fixer]?    [I]nstaLL
Install Component 100  [BP-Series Party AI for BG:EE,BG2:EE and BG2:ToB]?    [I]nstaLL
Successfully installed                                     Press ENTER to exit
```

23.29 Macholy's Teammates Fight Scripts v3.1

~SETUP-NMRF-PC.TP2~

It is a small fight scripts mod that makes teammates much more active and intelligent.

The Ascension mod is required

Copy the folder **NMRF-PC** and the files **Setup-NMRF-PC.exe** and **Setup-NMRF-PC.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

23.30 **Difficulty and Tweaks mod v6**
~DIFFTWEAK/DIFFTWEAK.TP2~

previously: Mix Mod

This is a small collection of different tweaks which some were already done before, but here these give more setting possibilities to the user. Many components determine similar already available components from other mods. These are not installed immediately, but you are requested to check them on the screen.

This mod must be installed after all other tweaks, because this mod checks the already installed tweaks.

The settings of the subcomponents are more or less chosen randomly to test whether this component installs at all. Players' experience will show the commended settings in future.

Copy the folder **DiffTweak** and the files **setup-DiffTweak.exe**, **Install_DiffTweak.bat** und **readme-DiffTweak.rtf** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component [Increased Ammo Stacks]? choose one:

This is equivalent to „Unlimited Ammo Stacking“ from stack BG2 Tweak, however, here with more accurate adjustments.

- 0 1] Decrease Ammo by 50%
- 1 2] Increase Ammo by 50%
- 2 3] Increase Ammo by 100%
- 3 4] Increase Ammo by 200% [4]
- 4 5] Increase Ammo by 300%
- 5 6] Increase Ammo by 400%
- 6 7] Increase Ammo by 500%
- 7 8] Increase Ammo by 750%

Install Component [Increased Gem and Jewelry Stacking]? choose one:

This is equivalent to „Unlimited Gem and Jewelry Stacking“ from stack BG2 Tweak, however, here with more accurate adjustments.

- 8 1] Increase Gem and Jewelry by 50%
- 9 2] Increase Gem and Jewelry by 100%
- 10 3] Increase Gem and Jewelry by 200% [3]
- 11 4] Increase Gem and Jewelry by 300%
- 12 5] Increase Gem and Jewelry by 400%
- 13 6] Increase Gem and Jewelry by 500%
- 14 7] Increase Gem and Jewelry by 750%

Install Component [Increased Potion Stacking]? choose one:

This is equivalent to „Unlimited Potion Stacking“ from stack BG2 Tweak, however, here with more accurate adjustments.

- 15 1] Increase Potion by 50%
- 16 2] Increase Potion by 100%
- 17 3] Increase Potion by 200% [3]
- 18 4] Increase Potion by 300%
- 19 5] Increase Potion by 400%
- 20 6] Increase Potion by 500%
- 21 7] Increase Potion by 750%

Install Component [Increased Scroll Stacking]? choose one:

This is equivalent to „Unlimited Scroll Stacking“ from stack BG2 Tweak, however, here with more accurate adjustments.

- 22 1] Increase Scroll by 50%
- 23 2] Increase Scroll by 100%
- 24 3] Increase Scroll by 200% [3]
- 25 4] Increase Scroll by 300%
- 26 5] Increase Scroll by 400%
- 27 6] Increase Scroll by 500%
- 28 7] Increase Scroll by 750%

Install Component [Tougher Enemies]? [N]o or choose one:

This component has several subitems to carry out accurate adjustments. It will boost the abilities of all your enemies. Alternative to the Tactics Mod. Not together with "Increased Enemies'HP", both components exclude themselves mutually.

- 29 1] Add +1 Thac0/AC/Save
- 30 2] Add +2 Thac0/AC/Save

23. MAJOR TWEAKS

31 3] Add +3 Thac0/AC/Save
32 4] Add +4 Thac0/AC/Save
33 5] Add +5 Thac0/AC/Save
34 6] Add +6 Thac0/AC/Save
Install Component [Increased Enemies'HP]? [N]o or choose one:
More temperate version of the above component. Not together with Tougher Enemies, both components exclude themselves mutually. This step can last for a while.
35 1] Add 25% to Enemies'HP
36 2] Add 50% to Enemies'HP
37 3] Add 75% to Enemies'HP
38 4] Add 100% to Enemies'HP
39 5] Add 125% to Enemies'HP
40 6] Add 150% to Enemies'HP
41 7] Add 200% to Enemies'HP
Install Component [True Grand Mastery]?
"True Grand Mastery" from BG2 Tweak Pack is similar to this component. Big Picture has its own version of this component.
42 1] True Grand Mastery (with the Extra Attack) [1]
43 2] True Grand Mastery (without the Extra Attack)
Install Component 44 [Helmets for Shapeshifters Bug Fix]? [N]ot Install
Druids should not be allowed to wear helmets.
Successfully installed Press ENTER to exit
The readme opens.

23.31 Full Plate and Packing Steel v2 ~FULLPLATE/SETUP-FULLPLATE.TP2~

This mod is one big rework of the armour system of BG2. Light, enchanted armours actually help you dodge. Heavy, enchanted armours don't help dodging much, but they absorb perhaps half or more of a blow in exchange for slowing you down and fatiguing you.

Stealth, thieving and casting in heavy armour is possible, but difficult.

This mod must be installed after anything adding armours to the game. Definitely after Spell Revisions, Item Revisions, Galactygon's SpellPack Beta 5.

If casting in heavy armor is already modified by another mod, the main component will avoid modifying your previous choice.

Therefore it checks for: Item Revisions

RPGDungeon Item Pack: Patrick was an elven-king

RPGDungeon Item Pack: Dragonscale

Spell Revisions: Divine

Spell Revisions: Arcane

Galactygon's SpellPack Beta 5: Ghost Armour

Never Ending Journey Second Edition v6.94

Beyond the Law: Better Balanced BTL Items

Copy the folder **fullplate** and the file **Setup-fullplate.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
Install Component 1 [Full Plate And Packing Steel: Between You And Harm (alternate armour system)]? [I]ninstall
Incompatible with: *Refinements' Revised Armors & Shields*
BG2 Tweaks' Allow Thieving and Stealth in Heavy Armor
Item Revisions' Heavy Armor Encumbrance
Item Revisions' Allow Thieving Skills in Armor
Install Component 102 [Full Plate And Packing Steel: Field Improvisation (convenience tweak, remove restrictions on combining protective items)]? [I]ninstall
Install Component 204 [Full Plate And Packing Steel: Little He Knows Where a Foe May Lurk (everyone can backstab at x2, thieves/assassins do better)]? [I]ninstall
Successfully installed Press ENTER to exit

23.32 Item Randomiser v6.8

23. MAJOR TWEAKS

~RANDOMISER/RANDOMISER.TP2~

Item Randomiser will randomly distribute approximately 100 items in Baldur's Gate (including TotSC) and approximately 130 items in Baldur's Gate II (including ToB).

Item Randomiser should be installed after any mods which move or remove items.

Copy the folder **randomiser** and the file **setup-randomiser.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the components from [Components for unequipping items from creature groups]?
[Y]es

Install Component 500 [Randomly replace the WIS tome normally found in TotSC with one of the 6 available types]?
[N]ot Install

Install Component 510 [Randomly not randomise items]?
[N]ot Install
Install Component 520 [Kangaxx further sealed away]?
[N]ot Install
Install Component 530 [Randomise scrolls]?
[N]ot Install
Install Component 540 [Randomise the heads of the Flail of Ages]?
[N]ot Install
Install Component 560 [More Spell Shield scrolls]?
[N]ot Install
Install Component 570 [Randomise the appearance of cursed items]?
[N]ot Install

This component is conceptually incompatible with "Cursed Item Revisions".
Install Component [Randomise items]?
1100 1] Mode 1: Randomise with in-game scripts. No items are lost
1200 2] Mode 1: Randomise with in-game scripts. Some items are lost
1300 3] Mode 2: Randomise with WeiDU. No items are lost [3]
1400 4] Mode 2: Randomise with WeiDU. Some items are lost

1] and 2] are incompatible with Dungeon-Be-Gone and with the Sword Coast Stratagems component 'Skip Candle-keep'

One or more mods are installed which uses items that are randomised by this mod. Do you wish to leave these items where they are? Please answer [y]es or [n]o. Please see the readme for additional details.

23.33 The Bigg Tweak Pack v2.61

~TB#TWEAKS/TB#TWEAKS.TP2~

Includes a number of fixes or tweaks and an improved difficulty system.

This mod should be installed as late as possible, in particular after any mod that adds new spells (or items) and mods that add smarter fights,

This mod must be installed AFTER Ding0's Quest Pack and Oversight. If Refinements is installed, this mod must be installed AFTERWARDS.

Copy the folder **TB#TWEAKS** and the file **setup-tb#tweaks.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language: 0 [English]
What should be done with all components that are NOT YET installed? A]sk about each one?
Install Component 100 [Nature's Beauty Tweak. (v2.10)]? [I]nstall
```

	9120	13] 25% of mages drop spellbooks, spellbooks contain 100% of memorized spells.	
	9130	14] 25% of mages drop spellbooks, spellbooks contain 75% of memorized spells.	
	9140	15] 25% of mages drop spellbooks, spellbooks contain 50% of memorized spells.	
	9150	16] 25% of mages drop spellbooks, spellbooks contain 25% of memorized spells.	
Successfully installed			Press ENTER to exit
The readme opens.			

23. MAJOR TWEAKS

~P5TWEAKS/SETUP-P5TWEAKS.TP2~

This mod is just a small collection of various tweaks and changes particularly regarding charms, that destroys items and/or causes them to vanish. With this mod the items remain after these charms.

P5Tweaks should be installed after most other mods, in particular after BG2 Tweaks, Refinements and The Bigg Tweaks.

Copy the folder **P5Tweaks** and the file **Setup-P5Tweaks.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Would you like to display the readme?                [N]o
What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 10      [Drop items on frozen death]?          [N]ot Install
also included in TobEx
Install Component 20      [Drop Items on Disintegrate]?          [N]ot Install
also included in TobEx
Install Component 30      [Drop items on Imprisonment]?          [I]ninstall
Install Component 40      [Drop Items on Petrification]?          [N]ot Install
also included in TobEx
Install Component 50      [Restore SoA background music for Promenade cutscene]?          [I]ninstall
Install Component 60      [Increased spear range & damage]?          [I]ninstall
not together with the Item Revisions component #17 Weapon Changes
Successfully installed                                     Press ENTER to exit
```

23.35 Trap Revisions v1

~TRAP_REV/SETUP-TRAP_REV.TP2~

This mod overhauls the system of laying traps in Baldur's Gate 2. The thief's success to set traps is no longer depending on random chance and power of snares depends on Set Traps skill rather than character level.

Spell Revisions must be installed before Trap Revisions, otherwise various protective spells will not grant immunity to new effects.

The Rogue Rebalancing component 'Chosen of Cyric' component must be installed before Trap Revisions, otherwise one of it's scripts will fail to execute correctly.

Copy the folder **trap_rev** and the file **setup-trap_rev.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Install Component 0      [Trap Revisions]?                [I]ninstall
Successfully installed                                     Press ENTER to exit
```

23.36 Unique Containers v3

~CONTAIN/SETUP-CONTAIN.TP2~

This mod assigns unique icons to all containers in the game and also fixes various issues with stores and containers.

You should install this mod after any mods that add containers, including BG2 Tweaks and BGT Tweaks because it also fixes bugs from other mods.

Copy the folder **contain** and the file **setup-contain.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                     0 [English]
Install Component      [Unique Containers]?             choose one:
10                     1] Unique icons and names        [1]
15                     2] Unique icons only
20                     3] Fixes only
Successfully installed  [Unique Containers]             Press ENTER to exit
```

23.37 Celestiales v1.2

~SETUP-CELESTIALES.TP2~

23. MAJOR TWEAKS

This mod replaces the graphics of the devas, the planetars and the solar of the Planar Sphere with an alternative model designed by Bioware.

Celestiales is compatible with the Spell Revisions component "Deva and Planetar animations".

Copy the folder **celestiales** and the files **setup-celestiales.exe**, **setup-celestiales.tp2** and **Readme_celestiales.html** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Correcion a la animacion de las armas de devas y planetareos - Corrections of the animation of the weapon of devas and planetars - Korrektur der Animation der Waffen der Devas und Planetars)]?	[I]nsta
Install Component	1	[Sustitucion de los graficos de devas y planetareos rojos - Substitution of the creature graphics of the red devas and planetars (Ersatz der Grafiken der roten Devas und Planetars)]?	[I]nsta
Install Component	2	[Sustitucion de los graficos de devas y planetareos azules y de Solar - Substitution of the creature graphics of the blue devas and planetars and the solars (Ersatz der Grafiken der roten Devas und Planetars)]?	[I]nsta
Successfully installed			Press ENTER to exit

The readme opens.

Now the megamod installation will be finished.

24.1 Resurrected igi's Spell System Adjustments Mod v7.1

~IISPELLSYSTEMADJUSTMENTS/SETUP-IISPELLSYSTEMADJUSTMENTS.TP2~

The Spell Refresh components allow the casters to regain cast spells without the need to rest. The Mod allows mage spells, priest spells and innate abilities to be treated differently.

NOTE: Party AI must be enabled for this mod to work correctly.

Copy the folder **iiSpellSystemAdjustments** and the file **Setup-iiSpellSystemAdjustments.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Would you like to display the readme?                [N]o
Install Component 0 [Arcane Spell Refreshment]?     [I]nstall
Which type of function would you like the timer to be for the arcane spells ?
1) One timer for all levels
2) Timers depend linearly from the spell level
3) Timers depend exponentially from the spell level
4) Timers are randomized
So in:
1) timer = constant                                3
2) timer = constant + spell level * level variable 30
3) timer = constant + spell level ^ (exponent/root) 11
4) timer = ???                                     4
Set *constant* for all levels
Set the *exponent* that will be divided by the root you'll decide, next.
Set the exponential *root* or the exponents divider, remember that dividing a number with 1, is the number itself
The timers for the Arcane Spell restorations will be as of following:
Level 1 spells: 30 real seconds
Level 2 spells: 36 real seconds
Level 3 spells: 50 real seconds
Level 4 spells: 75 real seconds
Level 5 spells: 113 real seconds
Level 6 spells: 168 real seconds
Level 7 spells: 240 real seconds
Level 8 spells: 334 real seconds
Level 9 spells: 450 real seconds
Are you sure you wish to use those ? [Y/N]          Y
Now, do you wish that the spells are restored when:
1) Only when the casting is completely successful
2) Even if it's not                                2
Install Component 1 [Divine Spell Refreshment]?     [I]nstall
Which type of function would you like the timer to be for the Divine spells ?
1) One timer for all levels
2) Timers depend linearly from the spell level
3) Timers depend exponentially from the spell level
4) Timers are randomized
So in:
1) timer = constant                                3
2) timer = constant + spell level * level variable 30
3) timer = constant + spell level ^ (exponent/root)
4) timer = ???
Set *constant* for all levels
    
```

24. CLOSER INSTALLATION

```

Set the *exponent* that will be divided by the root you'll decide, next.           326
Set the exponential *root* or the exponents divider, remember that dividing a num-
ber itself                                                                           105
The timers for the Divine Spell restorations will be as of following:
Level 1 spells: 30 real seconds
Level 2 spells: 38 real seconds
Level 3 spells: 60 real seconds
Level 4 spells: 104 real seconds
Level 5 spells: 177 real seconds
Level 6 spells: 290 real seconds
Level 7 spells: 450 real seconds
Are you sure you wish to use those ? [Y/N]                                         Y
Now, do you wish that the spells are restored when:
1) Only when the casting is completely successful
2) Even if it's not                                                                   2
Install Component 2 [XP for casting Arcane Spells]? [I]ninstall
Do you want the XP:
1) On successful casting only                                                         1
2) On successful and on unsuccessful casting too.                                     5
Enter XP per cast (Level 1 spells)                                                  50
Enter maximum XP per spell (Level 1 spells)                                         10
Enter XP per cast (Level 2 spells)                                                  100
Enter maximum XP per spell (Level 2 spells)                                         15
Enter XP per cast (Level 3 spells)                                                  150
Enter maximum XP per spell (Level 3 spells)                                         20
Enter XP per cast (Level 4 spells)                                                  200
Enter maximum XP per spell (Level 4 spells)                                         25
Enter XP per cast (Level 5 spells)                                                  250
Enter maximum XP per spell (Level 5 spells)                                         30

24.3 igi's Learn Through Use v2 BETA1

~IILEARNTHROUGHUSE/SETUP-IILEARNTHROUGHUSE.TP2~

Proficiency points are gained for weapon types that are actually used, and they are gained at set boundaries, independent of the level up process - if you've used a weapon for so long you're going to get better, even if you've not killed a few thousand creatures or solved a few quests.

NOTE: Party AI must be enabled for this mod to work correctly.

Copy the folder **iiLearnThroughUse** and the file **Setup-iiLearnThroughuse.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```

24.4 Aurora's Shoes and Boots v5 (2)

~AURORA/SETUP-AURORA.TP2~

Aurora not only sells all sorts of shoes, but will also chat with you about nobles and commoners alike, providing exciting information about their daily lives.

You will also meet the surly gnome Tomthal, doomed to the surface by a mysterious curse, and his cheerful sister Karaea.

This mod also includes the former mod Store Prices. With this one you can increase the selling prices and decrease the buying prices. Without these components you would get very soon much to much money in a megamod.

NOTE: This mod must be installed in two steps! The main component should be installed before Stratagems. The former Store Prices components „Change store buying prices“ , „Change store selling prices“, „Change gem and jewelry prices“ and „Change creature gold carried“ must be installed after all item changing mods.

This mod should be installed fairly late after patches and fixpacks and mods that add creatures or mods that overwrite rather than patch game resources.

Aurora's main component also patches BGMain.exe, therefore 1PP component Unique Thief Avatars can not be installed after Aurora and Infinitiyanimations.

Install Aurora before Level 1 NPCs.

Install Aurora because of its crossmod material after MTS Crappack or Tales of the Deep Gardens. Eventually, there will be additional material available through Crossmod, including banter with Solaufein, Kelsey, Hubelpot and others. TobEx must be installed for the component "Change creature gold carried" because it enables the use of 99 rows for all RND*.2DA files.

Copy the folder **aurora** and the file **setup-aurora.exe** into your main SoA directory.

Double-click the Setup. The DOS dialoge appears:

Install Component 0 [Aurora NPC for BG2:TOB]? [I]nstaLL
Install Component 1 [Choose Aurora's Portrait]? [N]ot Install
Successfully installed Press ENTER to exit
```

24.7 Hard Times for BGT v2.4 ~SETUP-HARDTIMES.TP2~

This mod will reflect the severe economic pinch caused by the iron crisis. Almost all of the stores will charge substantially more for their wares and sell far less magic items. Renting rooms at an inn will cost more than a mere pittance. Many of the exceptional or magic items that are just lying around the game world will be replaced with less valuable items.

This is the BGT version only.

Hard Times must be installed after Aurora, otherwise Aurora will multiply what Hard Times has set as prices.

Copy the folder **HardTimes** and the files **Setup-HardTimes.exe** and **Setup-HardTimes.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:                                0 [English]
Install Component  0      [Hard Times v2 (BGT)]?      [I]ninstall
Install Component  1      [Hard Times: Ulcaster School Encounter]? [I]ninstall
Requires the main component be installed.
Successfully installed [Hard Times v2 (BGT)]          Press ENTER to exit

```

The readme opens.

24.8 Polytweak v2

~POLYTWEAK/POLYTWEAK.TP2~

This tweakpack adds some new tweaks that either are not included in other mods or makes some improvements in another way.

Copy the folder **polytweak** and the file **Setup-polytweak.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component  50      [PnP mind flayer attacks]?      [I]ninstall
Install Component  60      [Improved (less buggy) trolls]?      [I]ninstall
Add this as late as possible in the installation order.
Install Component  70      [Improved Umberhulks]?      [I]ninstall
Install Component  80      [Improved Yuan-Ti]?      [I]ninstall
Install Component  83      [Improved Minotaurs]?      [I]ninstall
Install Component  85      [Corrected Vampire Stats]?      [I]ninstall
Install Component      [Related Weapon Proficiencies]?

```

This component should be compatible with "Rebalanced Weapon Proficiencies" from BG2 Tweak Pack.

You will need to turn party AI on for a couple of seconds after joining a new NPC or allocating their proficiencies in order for this component to work, as the changes are applied by script.

Install either this component or the Level 1 NPCs component "Tweak weapon proficiencies for some classes".

```

          95      1] Related Weapon Proficiencies except clubs (see readme)
          97      2] Related Weapon Proficiencies including clubs
Install Component 100      [Anomen]?      [I]ninstall
Install Component 150      [Cernd]?      [I]ninstall
Install Component      [Jaheira]?
          201     1] two handed weapons
          202     2] dual wielding
Install Component 300      [Keldorn]?      [I]ninstall
Install Component      [Minsc]?      [I]ninstall
          401     1] Keep Minsc as ranger
          402     2] Make Minsc a barbarian (with original proficiencies)
          403     3] Make Minsc a barbarian (dual wielding)
Install Component 500      [Nalia]?      [I]ninstall
Install Component 600      [Valygar]?      [I]ninstall
Install Component 700      [Viconia]?      [I]ninstall

```

Regarding components 100 up to 700: Level 1 NPCs also changes NPC proficiencies but in a different manner.

```

Install Component 800      [Distinctive Icons for Blackrazor and Flametongue]? [I]ninstall
Install Component 900      [PnP mace of disruption]?      [I]ninstall
Successfully installed          Press ENTER to exit

```

24.9 Level 1 NPCs v19

~LEVEL1NPCS/LEVEL1NPCS.TP2~

With this mod joinable NPCs, when they join your party, get the same experience points as the main character. You can level them up from level one and choose their skills and weapon proficiencies. Also you can modify the classes of all joinable BG1 and BG2 NPCs.

Kit mods, Ashes of Embers or any other mod that changes the weapon proficiency rules, must be installed BEFORE Level 1 NPCs.

24. CLOSER INSTALLATION

BG1-style proficiencies component of BG2 Tweaks may be installed AFTER Level 1 NPCs.

If you have installed the Revised High Level Abilities component of Refinements, you may not assign multi-class abilities to any character.

You can install this mod during an existing game, but the modifications will only take effect if the NPC has not yet joined the party.

Copy the folder **level1npcs** and the file **setup-level1npcs.exe** into your main SoA directory.

One or more files of this mod must be changed. This will be done by the patch from the folder **B.G World Fixpack**.

Double-click the Setup. The DOS dialogue appears:

```
Choose your language:                                0 [English]
Would you like to display the readme?                [N]o
Would you like to display the components from [Optional Tweaks]? [Y]es
Would you like to display the components from [Baldur's Gate I NPCs]? [Y]es
Would you like to display the components from [Baldur's Gate II NPCs]? [Y]es
Would you like to display the components from [Mod NPCs]? [Y]es
Would you like to display the components from [Megamod NPCs]? [Y]es
Install Component 0 [Nythrun's Level 1 NPCs: List party-joinable NPCs (required to install any other components)] [I]nsta
```

This component is required for all the other components of this mods.

```
Install Component 1 [Tweak weapon proficiencies for some classes (a la Ashes of Embers and aVENGER's Rogue Rebalancing?)] [I]nsta
```

Install either this component or the Polytweak component "Related Weapon Proficiencies".

Allow clerics one star in any weapon type a fighter can use?

Hit 0 and enter for no change to single class clerics,
1 and enter for allow one star, or
2 and enter to skip all cleric related tweaks.

Allow druids one star in any weapon type a fighter can use?

Hit 0 and enter for no change,
1 and enter for one star.

Restrict fighter/druids from armors single class druids cannot wear?

Hit 0 and enter for no change,
1 and enter for yes.

This sub-component will be automatically skipped if you have installed Druid Remix from Divine Remix.

Allow grandmastery for fighter multiclassses?

Hit 0 and enter for no change,
1 and enter for yes.

Allow thieves, mages, and bards to place one star in any weapon type?

Hit 0 and enter for no change,
1 and enter for yes.

Allow thieves and thief multi-classes three stars in dual-wielding?

Hit 0 and enter for no change,
1 and enter for yes.

Allow backstab with any weapon a mage/thief, fighter/thief, or cleric/thief can use?

Unfortunately, single-class thieves will be able to equip any weapons thus altered. They won't, however, be able to spend proficiency points in forbidden categories.

Hit 0 and enter for no change,
1 and enter for yes.

Make two-handed weapons unusable for backstabbing?

Hit 0 and enter for no change,
1 to make all two handed weapons do no additional damage on a successful backstab, and
2 to restrict only quarterstaves.

```
Install Component 2 [Add (possibly illegal and naughty) kits to exported characters?] [N]ot Install
```

```
Install Component 3 [Joinable NPCs more closely match the player character's experience?] [I]
```

```
4 1) On initial joining only
   2) On initial joining and rejoining
```

After the NPC's experience points are adapted to those of the main character, you can run a script for mentioned NPC which makes the NPC rest. That is, after you up-gradated the NPC and selected the spells, you must activate the AI lantern (if it is switched off), select the character and press " R ". The character will rest now, and thus memorize all selected spells. The Script will work only once and vanish if you rest, leave the area, save the game, change party members, or do almost anything else, so if you want to use it, you'd best do so immediately.

```
Install Component [Balanced BG1 NPC attributes]
50 1) Ergopad's version
51 2) mos_anted's revision [2]
Install Component 55 [Dudleyfix for BG1 NPCs] [I]nsta
Install Component 60 [Fix BG1 NPC spells and innate abilities] [I]nsta
```

24. CLOSER INSTALLATION

Install Component	100	[Update game references to NPC classes/kits]	[I]n stall
Install Component		[Change Anomen's knighthood reward/penalty]	[N]ot Install
	200	1] Wisdom +1 on passing (instead of set to 16)	
	210	2] Wisdom +1 on passing; Constitution +1 on failing	
	220	3] Wisdom +1 on passing; Wis -1 and Con +1 on failing	
	230	4] Wisdom +1 on passing; Wisdom -1 on failing	

The next components allow lengthy settings and are intended only for experienced players. For each selected NPC first the current class and attributes are displayed.

With each character you can first select the desired class or multiclass from a list:

Select a class from the list below. Enter the class's number and press "Enter".

- 0 Wait, I've changed my mind - don't install this component!
- 1 Mage
- 2 Fighter (includes Barbarian)
- 3 Cleric
- 4 Thief
- 5 Bard
- 6 Paladin
- 7 Fighter/Mage
- 8 Fighter/Cleric
- 9 Fighter/Thief
- 10 Fighter/Mage/Thief
- 11 Druid
- 12 Ranger
- 13 Mage/Thief
- 14 Cleric/Mage
- 15 Cleric/Thief
- 16 Fighter/Druid
- 17 Fighter/Mage/Cleric
- 18 Cleric/Ranger
- 19 Sorcerer
- 20 Monk

Type in the number from the class or multiclass you want to get and press Enter.

Next the current attributes are displayed again. You are prompted to type in new values.

Type new attributes as whole numbers separated by spaces, or 0 for no change.

Press "Enter" when done. Do not include exceptional strength % bonuses (you will be asked about that later if relevant). Valid range is 3 to 25.

After your input the new values are displayed and you can select the desired kit from a list:

Select a kit from the list below, or enter 0 if you prefer No Kit/True Class

You can choose between all available kits from Bioware and mods. The more kits you have installed before, the more kits you can choose now. Type in the number of the kit you want.

If you select the thief class, you can select the thieving abilities from a further list:

Select thief skill points from the list below. You'll be spending them five at a time.

By pressing the numerical keys each time 5 points are allocated to the respective abilities, until every 40 points are assigned. The individual abilities can be selected several times.

If you select the ranger class, you can select a racial enemy from a further list.

Select a racial enemy from the list below.

Type in the number of the racial enemy you want.

If you select the sorcerer, you can select two arcane spells from further lists:

Select an arcane spell to know from the list below. Choose a number in the first column.

Type in a number from the first list, then you will get the list for the second spell:

Select your second arcane spell to know from the list below. Choose the number in the first column.

This way you can change every NPC listed below:

24.10 Psionics Unleashed v0.3

~W_PSIONICS_UNLEASHED/SETUP-W_PSIONICS_UNLEASHED.TP2~

This mod aims to add a fully functional psionic system and psionic character classes based on Dungeons & Dragons edition 3.5.

Unlike a priest or wizard, the psion relies on no outside energies to give him power. His power comes from within. As long as his mind and body are rested (that is, as long as he has not depleted his power points) his powers are available to him.

Install the mod as late as possible, after any mods that add or modify spells or items and in particular after any mods that modify mage and sorcerer spell tables.

This mod must be installed before XP Mod.

Read carefully the readme!

With this kit the avatar stutters and shows wrong animations!

Copy the folder **w_psionics_unleashed** and the file **setup-w_psionics_unleashed.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

Install Component	10	[Psion class (selectable under the Warrior creation menu)]?	[I]nsta
Install Component		[Individual AI management for party members]?	
	61	1] Install	[1]
	62	2] Install and hide AI switch button	
Successfully installed			Press ENTER to exit

24.11 Ding0's Experience Fixer = DEFJAM XP v7

~SETUP-XPMOD.TP2~

This mod enables to reduce the points of experience for rewards because you get thousands of experience points for every "open locks" or "learning spells" agrees and you would have too fast too high values of experience. You can change the new experience rate for every component separately of the others of 10% to 75% of the original experience rate. The installation is urgently recommended. The mod affects ALL mods installed before.

This process lasts several minutes!

Other than mentioned in the mod's readme the mod can be installed without any error messages!

Copy the folder **xpmod** and the files **setup-xpmod.exe** and **setup-xpmod.tp2** from the folder DEFJAM_v6 into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

24. CLOSER INSTALLATION

29 4] Reduce to 250000 XP (10%)

Doesn't seem so to work with BGT-WeiDU.

Successfully installed Press ENTER to exit

The readme opens.

24.12 BP-Balancer v0.33g

~SETUP-BP-BALANCER.TP2~

This mod works similar as Big Picture, but for BG1: the values of too strong items from DSotSC, NTotSC, SoBH and Drizzt Saga are set back to their BG1 values. Besides BP-Balancer reduces too high experience points, which you get with these mods, in order not to gain too soon too high experience levels. By all these settings you get a balanced BG1 gameplay.

Copy the folder **BP-Balancer** and the files **Setup-BP-Balancer.exe** and **Setup-BP-Balancer.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the components from [Balancing game engine XP]? [Y]es

Would you like to display the components from [Balancing XP and items of several mods]? [Y]es

Installing: 0 [Reading your current game configuration]

The following infos about your current configuration are displayed:

Your xp level system is based on 50 levels

You currently gain 1000 xp for spell learning at level 1

You currently gain 1000 xp for traps at level 1

24. CLOSER INSTALLATION

You currently gain 250 xp for picking pockets at level 1

If you also have installed the aTweaks component # 261 „improved (lowered) XP rewards from locks, traps and scrolls“ before, the XP values again are drastically reduced. In this case you will get instead:

Your xp level system is based on 50 levels

You currently gain 50 xp for spell learning at level 1

You currently gain 50 xp for traps at level 1

You currently gain 20 xp for picking pockets at level 1

Successfully installed		Press ENTER to exit

If you want more informations about XP settings in the megamod read the related chapter in the appendix.

24.13 Virtue v19 ~VIRTUE.TP2~

This mod splits reputation into two separate variables: Reputation, which represents how people in the game feel about the party; and Virtue, which represents how morally correct the party's actions are.

*The Virtue mod should be installed *after* other WeiDU mods and after Refinements.
Due to its special code Virtue must be after Ding0 Experience Fixer installed.*

With the patch made by The Biggs (included in the BiG World Fixpack) you might be able to use Virtue with BWP, although it might have full effect only in BG2 part. It seems to work also also in the BG1 part. However, whether it really works like intended is completely untested yet.

Maybe further patches are needed. This mod is no more developed further for several years so it is on the community's own to make possibly needed improvements and add them by the Fixpack.

Copy the folder **virtue** and the files **setup-virtue.tp2** and **setup-virtue.tp2** into your main SoA directory.

Note: The **BiG World Fixpack** makes some changes to this mod in order to be able to install it together with Gavin, Edwin, Tsujatha, NM-Relationship.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		0 [English]
Install Component	0 [Virtue]?	[I]ninstall
Successfully installed	[Virtue]	Press ENTER to exit

The readme opens.

24.14 Gloran NPC v3 (2)

~SETUP-GLORAN.TP2~

This mod adds the chaotic good dwarf warrior to the game. Gloran can be found right at the gate of the city. Unfortunately the mod was not developed further against its announcement.

Copy the folder **gloran** and the files **setup-gloran.exe** and **setup-gloran.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:		1 [English]

24.17 BGT NSC Portraits v2.9

~SETUP-NSCPORTRAITS.TP2~

This mod inserts missing portraits to all non-player characters (NPC) which have to do something directly with quests, avoids the double portraits for different characters, however, leaves existing portraits of NPC-Mods unchanged. Pictures of celebrities and sign styles which do not fit to the world of Baldur's Gate were avoided.

Particular attention was given to the character portrayals on the fact that they also fit to the respective characters. Bad characters mostly have also bad expressions, while good characters are to be recognized unambiguously.

No images received normal passers-by or other avatars who are only for decoration, have nothing to do with quests, or have otherwise nothing important to say.

This mod requires the games BG1, BG2 and BGT compelling!

Must be installed after Infinity Animations because otherwise some files will be overwritten.

Copy the folder **NSC Portraits** and the files **Setup-NSCPortraits.exe** and **Setup-NSCPortraits.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

24.18 Infinity Animations Core WeiDU beta 5 (2)

~INFINITYANIMATIONS/SETUP-INFINITYANIMATIONS.TP2~

Infinity Animations restores standard animations that mods have overwritten and solves slot and naming conflicts.

This mod consists of the core package for the actual installation and the content packages, which contain the appropriate graphics. (For most megamods all archives are needed.) For a complete installation all necessary packages must be downloaded and unpacked into the appropriate infinityanimations subfolder.

Install this mod after most other mods, particularly those that add creatures or animations, but before any final "biffing" routines.

NOTE: This mod must be installed in two steps! The components "BG1 Character Animations for NPCs" und "BG1 Character Animations for PCs" should be installed only after Level 1 NPCs!

This mod you have already installed before.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme?	[N]o

PS: One of your packages contains a The Lady's Shadow.rar. You can delete that - it's currently unused due to size limitations.

24.19 BP-BGT Worldmap v10.1

~SETUP-BP-BGT-WORLDMAP.TP2~

This modification is for the use of The Big Picture - Baldurs Gate Trilogy (BP-BGT) absolutely necessary, because it also shows the additional areas of the big mods.

Copy the folder **BP-BGT_Worldmap** and the files **Setup-BP-BGT-Worldmap.exe** and **Setup-BP-BGT-Worldmap.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Choose your language:

0 [English]

24. CLOSER INSTALLATION

What should be done with all components that are NOT YET installed? [A]sk about each one?
Install Component 0 [Worldmap for Baldur's Gate - including colored Baldur's Gate map icons]?
Which travel times do you want?
1] Original Travel Times and Area Visibility [1]
2] Revised Travel Times and Area Visibility
Doubles the travel times so it takes a little longer to get from area to area.
Which size of the worldmap do you want?
Only, if you have selected "Original Travel Times and Area Visibility" before
1] Large Worldmap 4900x3500. [1]
2] Huge Worldmap 8000x4600
Install Component [Worldmap for Throne of Bhaal]? choose one:
1] Use new worldmap for Throne of Bhaal as well [1]
2] Clothmap style map for Throne of Bhaal
Install Component 3 [Convert old Savegames (No "New Game" needed)
>>If you want to uninstall this component, you have to make a backup of your savegame folder manually!<<]? [N]ot Install
Successfully installed Press ENTER to exit
The readme opens.

24.20 Sword Coast Map Labels v2

~MAPNAMES/SETUP-MAPNAMES.TP2~

This mini-mod assigns revised labels to all areas in the Baldur's Gate I (Sword Coast) portion of the game.

The BP BGT Worldmap is required for this mod.

Copy the folder **mapnames** and the file **Setup-mapnames.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

Would you like to display the readme? [N]o
Install Component 0 [Sword Coast Map Labels]? [I]ninstall
Install Component 25 [Update Map Markers]? [I]ninstall
Install Component 50 [Patch Saved Game Map Labels]? [N]ot Install
Successfully installed Press ENTER to exit

24.21 High quality music for SoA/ToB

~1PP_HQ_MUSIC_II/1PP_HQ_MUSIC_II.TP2~

This patch (along with content) allows playback of higher quality, 44.1kHz music in Baldur's Gate II Shadows of Amn with Throne of Bhaal. The patch affects all .acm audio in the game.

Copy the folder **1pp_hq_music_II** and the file **Setup-1pp_hq_music_II.exe** into your main SoA directory.

Don't start the Setup-1pp_hq_music_II.exe! Use the setup-1pp_hq_music_BGT.exe instead!

24.22 High quality music for Tutu/ToSC

~1PP_HQ_MUSIC_BGT/1PP_HQ_MUSIC_BGT.TP2~

This patch (along with content) allows playback of higher quality, 44.1kHz music in Baldur's Gate I Tutu (on Throne of Bhaal installs). The patch affects all .acm audio in the game.

Copy the folder **1pp_hq_music_ToSC** and the file **Setup-1pp_hq_music_ToSC.exe** into your main SoA directory.

Don't start the Setup-1pp_hq_music_ToSC.exe! Use the setup-1pp_hq_music_BGT.exe instead!

24.23 High quality music for BGT

~1PP_HQ_MUSIC_BGT/1PP_HQ_MUSIC_BGT.TP2~

This package contains an automated BGT-compatible WeiDu installer for the 1PP: High Quality Music mods (TotSC/BGII). It will add audio from both BG1 and BG2 1PP packages into the game and optionally patch all areas to make full use of added music.

*1PP HQ music should be installed after all mods that add new ACM audio into the game.
BGMusic mod must be installed - specifically the component "Full Baldur's Gate/Shadows of Amn/Throne of Bhaal Music".*

Copy the folder **1pp_hq_music_BGT** and the file **Setup-1pp_hq_music_BGT.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```

Install Component      [High quality music for BGT]?
0                      1] Patch BGT and BGII areas to make full use of updated music (Recommended) [1]
1                      2] Skip patching BGT and BGII areas
2                      3] Patch BGII areas to make full use of updated music (Recommended)
3                      4] Restore BG2:SoA main menu theme (should be used at BGT>SoA transition)
Successfully installed [High quality music for BGT]                               Press ENTER to exit
    
```

24.24 BGT Graphical User Interface ~SETUP-GUI.TP2~

With this mod the user interface and for some mods also the background music can be changed. Depending on which mod you play, you can change the GUI any time.

*This mod is included in BGT and will be created during the installation of BGT.
You can change the settings of this mod at any time because the remaining installation will not be affected!*

The folder **GUI_Mods** and the files **Setup-GUI.exe** and **Setup-GUI.tp2** have been copied into your main SoA directory together with BGT-WeiDU.

Double-click the Setup. The DOS dialogue appears:

```

Install Component      [Game Graphical User Interface (GUI)]?                               choose one:
Depending from the installed mods the order of the components will vary. The following list you will only get when all
related mods are installed.
0                      1] „Original SoA/ToB“
1                      2] „Shadows Over Soubar“
2                      3] „Check The Bodies“
3                      4] „Region of Terror“
4                      5] „Baldur's Gate Trilogy“ (Elminster wielding sword)
5                      6] „Baldur's Gate Trilogy“ (Elminster wielding staff)           [5]
6                      7] „The Darkest Day“
Successfully installed [„Baldur's Gate Trilogy“ (Elminster wielding staff)]       Press ENTER to exit
    
```

24.25 LadeJarl's Tutu GUI v1.8 ~TUTUGUI/SETUP-TUTUGUI.TP2~

This is a GUI replacement which will give the game the original Baldurs Gate look. The mod supports 640x480, 800X600 and 1024X768 screen resolutions.

This mod should be installed last, but before the Widescreen mod.

Note: *When using this mod you will only be able to choose between 9 kits each character because there is no scroll bar in the kit selection screen.*

Copy the folder **TutuGUI** and the file **setup-TutuGUI.exe** into your main SoA directory.
Double-click the Setup. The DOS dialogue appears:

```

Install Component 0    [Baldurs Gate I GUI for Tutu, SoA/ToB, or BGT]?           [I]nstaLL
Install Component 1    [Support for The Biggs widescreen mod]?                       [I]nstaLL
Successfully installed                                         Press ENTER to exit
    
```

24.26 W_GUI beta 0.6b ~W_GUI/SETUP-W_GUI.TP2~

This mod is a partial replacement for BG2 ToB GUI - Graphical User Interface. Only a few screens have been redone. This version may be its final release, because the author lost interest in this mod a very long time ago.

Has to be installed after "BGT-GUI", but before the "Widescreen-Mod" (if you should use it).

Copy the folder **W_GUI** and the file **setup-W_GUI.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Install Component 0      [W_GUI]?
Install Component      [Alternative fonts]
11      1] Alternative fonts size 11 (the same size as original font)
12      2] Alternative fonts size 13 (120%)
13      3] Alternative fonts size 15 (135%)
14      4] Alternative fonts size 17 (155%)
15      5] Alternative fonts size 19 (170%)

Press ENTER to exit

24.27 Widescreen Mod v3.07

~WIDESCREEN/WIDESCREEN.TP2

This mod allows you to play the game at any desired resolution. It can currently set your resolution to any X by Y, with X >= 800 and Y >= 600. Non-standard resolutions (E.G. 801 by 632) are not supported in fullscreen, but can work in windowed mode. BG cannot be forced to be windowed, but can work at all X by Y, with X >= 640 and Y >= 480.

This mod must be installed AFTER any mods that alter the GUI.

Copy the folder **widescreen** and the file **setup-widescreen.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

Choose your language:
Would you like to display the readme?
Install Component      [Widescreen Mod]?
0      1] for the original Infinity Engine (CHOOSE THIS!)
1      2] for GemRB
Enter your X coordinate. It should be a number, >= 800.
--> type here the larger value of your actual screen resolution and press ENTER
Enter your Y coordinate. It should be a number, >= 600.
--> type here the smaller value of your actual screen resolution and press ENTER
Are you sure? Y/N
--> type here Y or N and press ENTER
Successfully installed [Widescreen Mod]

```

0 [English]
[N]o
[1]
[Y]
Press ENTER to exit

I have not enough information about optimal settings. Maybe users with bigger resolutions as for example 20", 23" or 30" get not happy with this mod.

In theory it may be useful to install the Widescreen mod after Generalized Biffing because you could uninstall the widescreen mod again easily if you don't like it. However - this does not work. For some reasons the game will freeze. Maybe an incompatibility arises with other .exe-patches that were installed before - I don't know. For the moment the install order Thieves Galore - Widescreen - Generalized Biffing is the only working one. You should also be able to uninstall the Widescreen mod in that order. Indeed, this fails now and then and will ruin the whole installation!

24.28 Creature Slot Fixer v2

~CREFIXER/SETUP-CREFIXER.TP2~

Some macros designed to fix any slot bugs introduced by other mods.

The **B&G World Fixpack** copies the folder **crefixer** and the file **setup-crefixer.tp2** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears::

```

Install Component 0      [Creature Slot Fixer]?
Successfully installed [Creature Slot Fixer]

```

[I]nstaLL
Press ENTER to exit

24.29 Innates Set to Level One
~SETUP-INNATE_FIX.TP2~

Correctes many errors with spells. Is necessary to use BP Series scripts.

Also included in the BPSeries mod.

The **B&G World Fixpack** copies the folder **Innate_Fix** and the file **Setup-Innate_Fix.tp2** into your main SoA directory. 

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Innates Set to Level One]?	[I]ninstall
Successfully installed		[Innates Set to Level One]	Press ENTER to exit

24.30 Poison Effect Supplement for ToBEx
~SETUP-POISON_EFFECT_SUPPLEMENT.TP2~

The **B&G World Fixpack** copies the folder **poison_effect_supplement** and the file **setup-poison_effect_supplement.tp2** into your main SoA directory. 

Double-click the Setup. The DOS dialogue appears:

Install Component	0	[Poison Effect Supplement for ToBEx (has no effect if ToBEx is not present)]?	[I]ninstall

```

24.33 Generalized Biffing v2.2

~GENERALIZED_BIFFING/GENERALIZED_BIFFING.TP2~

This WeiDU mod allows you to biff the content of the override folder for improved performance, that means the files are converted into the BIF file format and moved into the data folder. The game thereby loads much faster again and the performance is running pretty smoothly without jerking. Differently from BWP's end_biff it is compatible with the common WeiDU stack uninstall operation.

This process lasts up to two hours even on a fast computer!

Copy the folder **generalized_biffing** and the file **setup-generalized_biffing.exe** into your main SoA directory. Double-click the Setup. The DOS dialogue appears:

```
Install Component 0 [generalized biffing]? [I]nsta
Would you like to biff only wav&tis files, or all files found?
0) only wav&tis&bam (recommended by The Bigg and other Small World Dudes)
```

With a full BWP installation the override folder will be reduced from 4,5 GB to 1 GB.

```
1) all files (recommended by the Big World Dudes) [1]
```

With a full BWP installation the override folder will be reduced from 4,5 GB to 32 MB.

```
Successfully installed [generalized biffing] Press ENTER to exit
```

The read me then opens.

Hotfixes

These are temporary fixes that work for many players, but don't solve the root of the problem. Copy all files out of the subfolders from **B:G World Fixpack\Hotfixes** into the override directory at the end of installation. Maybe they don't work for all installations!

optional:

B:G World Clean-Up.bat

This tool enables you to clean-up your directory. It will delete after the installation no more needed files. You will save up to 25 GB disc space.

APPENDIX

Supplementary useful informations

BGT MULTIPLAYER

Many people are having problems playing multi-player games, especially those who are behind routers at home. It seem, the only way to play BGT online is using Hamachi.

Installing and configuring of Hamachi is very easy. Hamachi works with any kind of routers. Hamachi is available in many languages and for different operating systems

1. Go to <http://www.hamachi.cc> and download Hamachi v1.0.2.5.

2. There is an excellent guide here:

https://secure.logmein.com/products/hamachi/Hamachi_Getting_Started_Guide.pdf

3. Please also visit this guide:

<http://www.straferight.com/forums/pc-gaming-general/158166-hamachi-bg2-step-step-multi-player-guide.html#post2210856>

From Step 3 it describes how to configure the BG2 Server.

BG2FIXPACK VS BALDURDASH

With this subject there are two hardened fronts: opponents and advocates of the BG2Fixpack. Both mods pursue the same purpose: to remove bugs from both original plays.

Baldurdash is very static and removes intentionally only essential bugs and avoids changes in the interfaces. The original mod is considered as a standard, however, it is developed no more; now and then from different authors one more component is added which is tuned to their own mod.

BG2Fixpack is very dynamic, very well coded and has to the purpose to remove all bugs and carries out in the eyes of a few modders also less important corrections. Besides, some interfaces are changed now and then. This entails that mods which access these interfaces are suddenly no more compatible to the original game.

The modders are forced thereby to adjust their mods again to BG2Fixpack or, however, new problems may arise especially with the older Mods which are developed no more. The BG2Fixpack is not accepted by all modders as a new standard. The main reason for the fact is that the BG2Fixpack unfortunately not offers separate components for crucial fixes and for less important fixes which can be also evaluated as a tweak.

One could compare both original mods in unit with the BG2Fixpack with the operating system of a computer: Also this is developed to offer to the user, thus to us to players, more service comfort many these amendments are imperative, some are useful and other are only cosmetics. But every time the third party developers are demanded to adjust their programs. But without this further development no progress is possible and today we would not have the comfort which we know.

Some modders accuse the authors of BG2Fixpack, they would abuse the players as a tester. Doubtless the authors act after best knowledge and conscience. But no mod is perfect. You can't make an omelette without breaking eggs.

A problem exists of course with the mods which are developed no more and whose interfaces are broken by the BG2Fixpack. In this case it would be desirable if the BG2Fixpack provided fixes for these mods.

With a little bit goodwill one could come up to both sides and establish the BG2Fixpack as a new standard. Players won't remark technical details - they only want a functioning MegaMod.

KITS

Due to a technical limitation up to now it was not possible to have more than 9 kits per class. More could actually be installed, but not more than 9 of them were available for selection during character creation.

This restriction is now repealed by using the TobEx. This mod adds a scrollbar to the kit selection screen and allows to install up to 1280 kits. But there is still another technical limitation on 255 kits. This is caused by the code inside the mods "Divine Remix" and "Song of Silence". Lollorian changed that code (added by **B&G World Fixpack**) so this limitation is also repealed. Without that, you would get the error message "Invalid_argument "Char.chr"" during installation and the game will crash when you are going to choose the character skills if you have installed more than 255 kits.

When you also install Refinements, the number of kits will be more than doubled. Nevertheless you don't reach the limitation of 1280 kits and there occur no problems while creating the character. (Maybe later in-game, but that is unknown for now.)

You can install as many kits as want and select them later at start of play in the character selection screen, nevertheless I would not advice to do so. Others than NPCs that you can dismiss from your party anytime if you don't like them you can select a kit only at character creation. It doesn't make any sense to install a lot of kits when you can only use one of them.

There are two kinds of kit mods: those that only add new kits to the submenu without changing already existing kits and those that change all existing kits. Most of the mods that only add kits should not interfere another. Nevertheless I would tend to say choose either only one of the kitpacks because the kits included there are compatible with each other or pick up carefully only a few kits that don't overlap.

If you install several mods that change Bioware and mod kits, there is a high risk that you don't get the result that you expect.

The barbarian, sorcerer and monk don't have kits. So each mod for these classes will overwrite the already existing ones. You will get the benefits of this one you have installed last. The same goes for the Mage Specialization.

Bear in mind that most of these kits are not tested in the BWP. They come with no guarantee of enjoyable gameplay experience with any mod. You are then asked to try them to yourselves. Read the mod readmes thoroughly for incompatibilities.

In order to use Refinements' great HLA tables, it is recommended to install any and all kits before Refinements, cause it changes the HLA tables for all classes and makes duplicates of kits. So, any kits installed after that may not benefit from the revised HLA tables.

There are only a few kit mods which should be installed after Refinements according to their readmes. However, I'm not sure about this. Other than one readme states I got not any crash when installing the kits before. That still has to be investigated by some experienced players.

Note: If you decide to install **LadeJarl's Tutu GUI** or **W_GUI beta** the limitation of nine kits per class exists furthermore because both of them don't have scrollbars. More kits can be installed but not selected in the character screen. For this case the **Mod Kit Remover** was created.

REMOVING KITS WITH „MOD KIT REMOVER“

This description is obsolete by TobEx and is only useful if you want to install **LadeJarl's Tutu GUI** or **W_GUI beta** .

The Mod Kit Remover can remove all of the kits in the "Character creation" screen. The mod was primarily made because TDD fills all the slots, but also because players wanted to use kits from other mods. Any component can be installed without having to worry about conflicts. The fighter, ranger, paladin, cleric, druid, magician, thief and bard kits can be individually removed; in each case either just the mod kits ("Remove Mod Kits") or both mod and BioWare kits ("Remove BioWare and Mod Kits"). All kits already installed will still be useable by NPCs and previously created PCs. Any changes mods have made to the BioWare kits remain active, and kits from other WeiDU-mods can be installed and will be selectable during character creation.

Just install the Mod Kit Remover manually straight before the mod kits you want to install.

In the following example only the Bioware PaladinKits und Bioware Ckeric Kits shall be removed to be able to install other kits.

Mod Kit Remover v2

~SETUP-MODKITREMOVER.TP2~

The Mod Kit Remover will remove all selected kits from the character creation screen.

Copy the folder **ModKitRemover** and the file **Setup-ModKitRemover.exe** into your main SoA directory.

Double-click the Setup. The DOS dialogue appears:

```

AI MODIFICATIONS

Quest Pack and Big Picture

Quest Pack has been tested and confirmed compatible with the Big Picture and its associates. Quest Pack's AI and improved creatures may safely be installed alongside BP's. Where overlap arises, BP's changes will take precedence.

SCS and BGT

SCS seems to run pretty smoothly on BGT. SCS should be installed after most BG-content mods but before BG2-content mods, and in particular it should certainly be installed before Big Picture or SCS. However (for slightly complex reasons) the AI improvements from the Quest Pack need to be installed before SCS (to be precise: before the Dur-lag's Tower component of SCS).

SCS and Big Picture

The AI of SCS and BP works on a different way: BP replaces some scripts from other mods by its own, SCS instead rewrites them. If you install SCS after BP, SCS will rewrite some scripts that are already replaced by BP before and you may get unexpected results. If you install SCS before BP, SCS will change quite a lot of script names so BP cannot find them anymore to change them. Currently obviously the simplest choice would be to install only one of them.

SCS and Big Picture

There are many improvements provided by BP. Many monsters are added, become stronger etc. The AI from SCS is, on the other hand, better than the AI from BP, but SCS doesn't provide the other improvements. The AI of SCS and BP works on a different way: BP replaces some scripts from other mods by its own, SCS instead rewrites them. If you install both of them, SCS will rewrite some scripts that are already replaced by BP before and you may get unexpected results. Currently obviously the simplest choice would be to install only one of them.

SCS and Quest Pack

Quest Pack's AI and creature enhancements should be compatible with SCS. The components of SCS will override the Quest Pack for the affected creatures. Quest Pack still has some content not influenced by SCS.

SCS and SCS

SCS and SCS are fully compatible.

TheUndying

TheUndying component Smarter Enemies also adds some AI to a few creatures. Because it overwrites files instead of patching them it must be installed quite at the beginning.

HLA MODIFICATIONS

The HLAs (High Level Abilities) are powerful innate abilities which were introduced by the Throne of Bhaal expansion and can be obtained at higher levels. For example, Whirlwind, Power Attack and Evasion are all HLAs.

With the correct installation order it's possible to install Song and Silence, Rogue Rebalancing and Refinements alongside each other and still obtain the proper benefits of all three mods. The proper install order should be:

- 1) Song and Silence
- 2) Rogue Rebalancing
- 3) Refinements

Song and Silence makes only minor changes to the default Bard and Thief kits. Those changes are fully compatible with Rogue Rebalancing since they were initially based on that mod. Since Song and Silence currently uses the default HLA tables for its new kits, they will be handled by Rogue Rebalancing and/or Refinements in case those mods are installed afterwards.

Refinements doesn't change the kits in any way, it merely alters their HLA tables and replaces the Thief and Bard HLA tables introduced by Rogue Rebalancing with its own version. Both versions are fairly similar though as the Bard HLAs from Refinements were initially based on the Bard HLAs from Rogue Rebalancing.

Rogue Rebalancing is fully compatible with Song and Silence, Refinements, Oversight, Divine Remix und Sword and Fist if these mods are installed in the proper order.

Song and Silence	makes some minor changes to the Thieves and Bards and adds several custom Thief and Bard kits to the game.
Oversight	changes the Monk HLAs.
Divine Remix	changes the Clerics, Paladins, Druids and Rangers
Sword and Fist	improves the Monks
Rogue Rebalancing	alters all Thief and Bard kits in order to bring them more in line with their PnP counterparts. Furthermore, it also changes the Bard HLAs.
Refinements	changes the HLAs of all cases and thereby complements and supersedes the Thief and Bard HLAs from Rogue Rebalancing.
SCS	component Add high-level abilities (HLAs) adds 10th level spells to mages and 8th level spells to priests.
BG2Tweaks	component Triple-Class HLA Tables will max out the HLA tables for fighter-mage-thieves and fighter-mage-clerics.
SCS	component Treat mages' and priests' High-Level Abilities as innate abilities causes that the 10th level spells can be cast once per day without the need of learning them before.

With the aforementioned installation order Refinements would only alter the HLAs for Paladins, Specialist Mages, Barbarians, Rangers, Sorcerers, Fighters and their multi-classes.

The HLAs from Divine Remix, Sword and Silence and Oversight might conflict with the HLAs from Refinements. This is not fully tested yet and a more detailed account will follow in the next update of this guide.

In general, completely new custom kits should be compatible with each other. However, if two mods change an already existing Bioware kit then they are most likely going to be incompatible, both from the technical and from the conceptual standpoint. Some kits were coded to use the generic HLA table (the one which their base class uses) and they should generally work fine. However, other kits were coded with different HLA tables which were specifically made for those kits and it is not certain how that would work on a Megamod install.

XP SETTINGS IN THE MEGAMOD

For the **B&G World Project** we have tried to manipulate the experience points as fair-minded as possible with the XP-Mods. Without this XP-Mods all characters would reach with all additional mods too fast too high experience levels and thus make the game too easy.

BGT

With this mod the experience caps are removed, thus you receive continuously experience points. Besides, BGT reduces the experience points for "open locks" "find traps" and "learning spells".

BGT Tweak Pack

With the component "Restore BG2 XP bonus for traps, locks, and scrolls" the suitable experience points that are used by BGT are removed again. Thus is everything again like that, as it is intended for BG1.

BG2 Tweak Pack

With the component "changed experience caps" we have the possibility to remove the ToB-experience caps, so that you can collect consistent experience points up to level 50 in the mega-mod.

aTweak component "Altered XP rewards from locks, traps and scrolls"

The sub component "Improved (lowered) XP rewards from locks, traps and scrolls" alters the XP rewards to be lower than the vanilla BG2 values.

BP-Balancer

The "BP-Balancer" is made especially to balance the experience points of the big BG1 mods in the MegaMod, because some mods give atypical high experience points which do not fit to the game balance of BG1. Besides, it restores again all original experience points that these mods have changed in "Baldur's Gate 1".

In addition, the "BP-Balancer" has also individual experience points settings for "open locks" "find traps" and "learning spells" that are applied also in BG1 and BG2. We have set the experience points to 10% of the original value of experience. Thereby you receive a diminished number of experience points, but then you have them constantly for BG1 and BG2. Furthermore you get still more than enough of experience points by the additional mods.

Ding0's Experience Fixer

The "DEFJAM" is made to adjusted the XPs in a MegaMod. With so many mods there are vast amounts of experience points that would allow to level up the characters too fast and thus to endanger the game balance. Who would like to have in BG2 in chapter 3 already level 20 that actually is intended for "ToB"? This is why it is important for a MegaMod to reduce the experience points. Players' reports have pointed out that 50% of the original experience points for killing creatures and doing quests are good settings.

BP-Balancer and Ding0's Experience Fixer

With Ding0's Experience fixer (DEFJAM) the values XP are reduced global with the value of x%.

With the BPPBalancer there is consciously no global reduction of the experience for killing enemies but the single mods are anew (specifically) balanced.

Depending on the installed order either the Balancer works on the diminished values of DEFJAM (what would not be bad, because the Balancer sets the values explicitly) or, DEFJAM would reduce the values set by the Balancer once more.

Summary

The game balance should guarantee well balanced settings in the MegaMod.

In the original BG1 together with legends of the sword coast you could reach level 8-9. This was the start level for BG2.

With all mentioned settings these values are preserved. However, if you solve all quests in BG1 you have the possibility to get a bonus level that was not possible in the original game. Now you can reach about level 9-10 in BG1. This is anyhow a duplication of the experience points.

Although BG2 has more mods at disposal than BG1, these settings guarantee that the game remains fair up to the end.

At the end we have these settings:

- XP levels 50
- learning spells 25
- traps 25
- picking pockets 10

MAKE WATCHER'S KEEP ACCESSIBLE BETWEEN SOA AND TOB

In roleplaying terms, the natural time to explore Watchers' Keep is between the end of Shadows of Amn and the start of Throne of Bhaal. Before chapter 4 you're probably too weak; in chapters 6 and 7 of SoA you're in a desperate race against time; in ToB, the way the start works makes it difficult not to take random time off from urgent business to explore Watchers' Keep.

This component moves the start location of Throne of Bhaal to Watcher's Keep, so that you're moved there immediately after the end of SoA. You can then explore WK to your heart's content. When you want to start ToB, just leave WK via the world map. You can still return to WK after leaving.

Be warned: you don't have any stable base, or any way to change your party, as long as you're starting at WK. If you find you need either, you'll need to do the first part of ToB. Similarly, although you could start a new game of ToB using this component, this is only a good idea if you're masochistic enough to want to solo Watchers' Keep with a starting-level ToB character!

If you install this component you will not be able to access Watcher's Keep during the Shadows of Amn part of the game.

MULTI-INSTALL TOOL

This program allows several independent side-by-side installs of BGII at minimal size to perform separate installation(s) from BGII, without touching the original game folder. A clone only needs 400 MB space over and above the actual installation!

Additional mods can be installed into a separate folder. You can attach a clone to your game at any point and continue with your installation afterwards. This could be useful for example when you want to play incompatible mods, or when you want to test a new mod at a certain place. If your installation fails, your game folder is untouched!

You can for example create a folder only for the BG1 part of BGT, only for the BG2 part or whatever you want. This works with all mods other than those that are biffed or include a movie file.

Installation of MIT-v5.1 is conditional upon Java Runtime Environment Version 5.0 Update 6 or higher (currently Java Version 6 Update 12) already being installed on your computer. (Download from: <http://www.java.com/de/download/manual.jsp>)

Install version v5.1.10 from <http://forums.gibberlings3.net/index.php?showtopic=9452>

Don't use v5.1.11 or v5.1.12. These versions don't seem to work correctly (You cannot activate the buttons and checkboxes.)

The MultiInstallTool-5.1.10.jar can be placed anywhere, but would be most useful in the Black Isle folder. Create a folder there for your clone(s), naming it as you wish. Inside this folder create another folder named BGII - SoA. The directory could be named, for example: Black Isle\MIT Clone\TDD Kits\BGII - SoA. Note: The folder must be named BGII - SoA during installation and/or playing of the mods.

Double click the MultiInstallTool-5.1.10.jar. A new window Multi-Install should open.

If your zip program extracts the files instead, you will need to start the program by right-clicking to bring up the context menu, select "open with" and then choose "Java (TM) to 2 Platform Standard edition binary".

Type the path or browse to your BG2 game (Source).

Then type the path or browse to your new installation (Sink).

You can choose some options in the lower pane. Each option will increase the size of the clone directory, but may be required for certain functionality or mods.

Click in the Characters field if you want to import one of the preset characters.

Click in the Save field if you want to import the present score.

Then click Go.

Wait until the progress bar finishes and says 'Done'. *This process lasts several minutes!* Close the window by clicking the close box.

If you begin a game without copying the save folder, the game creates a new one.

The newly-created install will have the same set of patches and mods to start with as the one it was cloned from. You can add mods to the cloned game as per usual and they will not affect any other installation you have on your system.

Note: The folder must be named BGII - SoA during installation and/or playing of the mods

Run the clone with 'bgmain.exe' in the clone folder.

GENERAL RULE OF THUMB - WHAT CAN BE INSTALLED?

Mod format: Forget about mods not in the WeiDU format.

Areas: Mods which change areas are extremely risky, because the area could already have been changed by another Mod. Look in the description to see what it is compatible with.

Stores and objects: Can generally be easily added.

NPCs: In general can be added, except Nalia and NPCs which change Valygar. NPCs that use ToB are also usually ok.

Kit mods: Are general not compatible unless otherwise stated, and can only be used AFTER "TDD kit remover" is used.

Tweaks: Are risky in general and should not be installed without precise instructions.

Script mods: With the exception of the BP Series and gMinion (only this version adapted to megamods) none are compatible.

Total Conversions: As the name suggests, these are complete changes and are absolutely incompatible.

INSTALLING MODS WITH WEIDU

The WeiDU program allows easy installation of individual mods. Files are added to existing folders as is appropriate, scripts are appended to the proper files, new dialogs are added to the dialog file - in short, the program independently handles all of the complex file allocation.

Most of the mod packages contain a WeiDU-installer Setup-###.exe. But because the mods were produced at different times and WeiDU continues to be developed and updated, different mods may contain different setup versions. This means that immediately after being started, the WeiDU-setup often stops with the message: "WeiDU has finished auto-updating all copies of itself in this directory. Please RE_RUN Setup.###.exe to actually install the mod." Don't worry, this isn't an error. This just means that when the WeiDU-setup was run, it discovered a more recent version among the previous installs and updated itself. Older setups cannot finish automatically. In this case press enter to finish the program.

Older setups can also give the error message: "TOO BIG FOR WEIDU" or "error loading Dialog.tlk". If this happens, replace the setup file with a copy of the most recent version and rename it as per the original setup file for that mod.

Download the latest version of WeiDU (presently v2.10) and copy the file "WeiDU.exe" into your main SoA directory. When the installer is first started, all setup files will update themselves to this version.

INSTALLATION – Install WeiDU-mods using the following steps, repeating for each mod:

Extract your mod to your main SoA directory.

Rename the WeiDU-setup if necessary in Setup-### (same name as the TP2 file).

Double-click the Setup. A DOS-dialog window will open. Enter the following data as required.

If the mod is available in several languages, you will be asked to "Choose your language". Type the number of the appropriate language and press enter.

Next you are asked to "Install Component [###]?" and you have the choices [I]ninstall, [N]ot Install and [Q]uit. In each case indicate your choice by typing the letter between the brackets.

Some mods give you several install options of which you can only choose one. Beside "Install Component [###]?" you will have the choices "[N]o, [Q]uit or choose one. Type the number corresponding to the component you want to install.

Some mods consist of several components and you are asked: "Would you like to display the components from [###]?" If you type [Y]es, you can individually select the recommended components. To save time you may choose [N]o to start the default installation. This means some things will be installed, but you won't know which or why. (Many mods may skip this.)

In the next step you are asked: "Install Component [###]" for every single component and you have the choices [I]ninstall, or [N]ot Install or [Q]uit? Type the appropriate letter and press enter. Different files are copied and patched. If the dialog "SUCCESSFULLY INSTALLED [###]" appears, the installation went fine.

Finish the program by pressing the enter key, not with the return key. This is required for some mods to begin the audio-decompression. The setup can only be finished when the ReadMe files are closed!

ADDITIONAL INSTALLATION - Other individual components can be installed afterwards by repeating the following steps. You are asked "What should be done with all components that are NOT YET installed?" with the choices [I]ninstall them, [S]kip them, [A]sk about each one? Press [A]sk to select the components you want and continue as described.

If some components are already installed, you are asked "What should be done with all components that are ALREADY installed?" Make your choice with [R]e-Install, [N]o Change, [U]ninstall or [Q]uit.

DEINSTALLATION – The uninstall / reinstall process shows what a brilliant tool the WeiDU-installer is: You can safely uninstall or reinstall a mod which is right at the beginning of your installation chain, even though you may have installed twenty other mods after it. WeiDU uninstalls, from last to first, all the mods installed since the one you want to change, does the uninstall or reinstall, then automatically, in the correct sequence, installs all of the other mods again. This process can last several minutes with an extensive installation!

Do NOT use the option "What should be done with all components that are ALREADY installed?" with mods installed in two steps unless you want to completely remove the mod. You would not only uninstall the recently installed components, but also those from potentially a much earlier point in the install which could cause the installation to rebuild out of sequence.

This will not work with biffed files!

RE-INSTALLATION - The steps above repeat again. With mods with several components this time you are asked "What should be done with all components that are ALREADY installed"? Now you have the choice between [R]e-Install them, [U]ninstall them, [S]kip them, [A]sk about each one. Types the according letter and press enter. At a extensive installation this process can last several minutes!

Doing so will not work with biffed files!

DEINSTALLATION OF BIFFED FILES - The Mods NEJ, all big BG2 mods like TDD, SoS, CtB, TS and, BGT-WeiDU as well as the big BG1 mods DSotSC, NTotSC, SoBH, Drizztsaga, BG1NPC and also BP cannot be uninstalled with WeiDU perfectly!

Follow the special instructions of the respective mods. To return to an absolutely clean state before the installation, please delete following Files and folders from the BG2 main directory.

- the entire override folder
- the entire data folder
- dialog.tlk
- baldur.ini
- CHITIN.KEY
- BGMain.exe
- SETUP-##.DEBUG of the Mod
- possibly from the mod generated ##.BAT files

Afterwards open your WeiDU.log file with a text editor and remove the lines generated by the installer of this mod.

Don't remove the setup.exe files until your megamods is not complete. You still need these files in case of a possible reinstallation.

RESTORATION OF A CLEAN INSTALLATION

Now and then a backup is recommended in the instructions. If you must reatone a part of the installation for any reason, you need to continue the installation only after the backup. There always repeat the same steps:

Delete the following files and folders from your main SoA directory:

- the entire override folder
- the entire data folder
- dialog.tlk
- baldur.ini
- CHITIN.KEY
- BGMain.exe
- WeiDU.log

Copy (do not move) the following files from your main SoA directory into the backup directory:

- the entire override folder
- the entire data folder
- dialog.tlk
- baldur.ini
- CHITIN.KEY
- BGMain.exe (If you had created a no-CD crack, you copy this of course)
- WeiDU.log

WEIDU.LOCK

With WeiDU 2.00 a function was introduced which prevents that two mods are installed at the same time. Nevertheless, now and then this function becomes also effective, although the preceding installation is concluded. It Appearing the announcement:

You cannot install more than one mod at a time or you will have bugs.

Try to install the mod once again, after the following:

Setup-###.exe has finished.

Make sure in such a case that really only one DOS window is open.

Delete file WeiDU.lock from your main list ...\BGII - SoA main directory.

Restart the Installer. Now it functions as usual.

MODS, BUGS, PATCHES AND FAIR PLAY - HOW BWP WORKS TECHNICALLY AND LEGALLY.

Gamers and modders sometimes have different views regarding megamods:

Gamers want to download the whole bunch all in one go, preferably in just one gigantic file from a single website.

Modders however would rather gamers only download their mods from their authorized sites. They prefer you visit their homepages and have the opportunity to get additional information about their mods. They also want to ensure that gamers are downloading the correct version of their mod, not one that may have had unauthorised changes made to it.

BWP will satisfy both sides. With the link-list you can download the original mods from their respective authorised sites and install them with batch files. Then you will have the megamod ready to play on your computer.

The required patches are inserted only on your computer. In order to not infringe on any copyrights, BWP includes no modified mods, only instructions on how to install the mod as well as complete solution proposals (the patches and the batch files). If you alter the mods yourself in the privacy of your own home, it is solely by and for yourself and completely legitimate.

This is important information for those players who find a solution themselves, but are uneasy about making it public. The best example is the BGT mod itself. It modifies the complete BG1 game. The modified game may not be distributed, but you can create this modification by yourself on your computer!

It would be unfair to the modders, not to inform them if an error is found. It is also unfair to the players, not to publish a solution due to concern for getting on the wrong side of the modder. Nothing is more frustrating for other players than to read that although a solution has been found to a problem, no patch is available or published. Taking the honourable attitude "Never touch someone other's mod" may mean there will be no further development because it often takes months before an updated version appears, assuming the mod is still generally supported. Also, for any number of reasons, some modders are not interested in making their mod compatible with other mods (including BGT) if they have to add even one single line of code. Such a mod would then not be playable at all.

BWP is working closely with the modders. Once we have a new bug fix, it will be installed with the BWP Fixpack and is immediately available to all players. At the same time, the modder will be informed about the patches made. - *Unfortunately, this is no longer continued since Leomars retirement.*

Many of the modders support their mods further and as a general rule include the patch with the mod's next update. However, this can sometimes take several months. Until then the patch is able to be used by all players and tested in combination with other mods. Once the correction in the original mod is done and the patch is no longer needed, we delete it again from the Fixpack. This is also helpful for the modders, because it means all the found fixes are bundled up in one place instead of scattered over the whole net. The same is true for all text patches.

This is fair to both sides and has long been accepted. After all, the BWP with its wide dissemination and consistent structure is an enormous and best test platform for the modders.

POSSIBLE ERROR MESSAGES AND THEIR REMOVAL

An Assertion failed in CHSound.cpp at line number 4905.
(only if the songlist patch is not installed)

—> The songlist may only have 100 entries (0 - 99). Make sure that the cursor is directly behind the last letter of MX5411.MUS without any space or return!

An Assertion failed in ChDimm.cpp at line number 628.
Programmer says: Unable to Open BIF:data\hd0gmosc.bif

—> Folder must be named „BGII - SoA“.

An assertion failed at ChVideo.cpp in line number 7166.

—> You should enable 3D acceleration in the BGConfig.exe.

FATAL ERROR: Sys_error("dialog.tlk: Permission denied")

—> No dialogs were added. This happens if the game is still running during installation.

You get a Message to insert **CD 255**

—> Copy the file MOVIECD5.bif from the DVD from the folder ...CD5\Movies into the folder ...BGII - SoA\CD5\movies.

Errors in connection with ._ z. B. ERROR: .../scripts/._ar6300.baf

This specific problem only occurs if you have saved your files at some point on a computer with a UNIX operating system. An invisible file is created to every file by this system, that begins with ._. These files are ordinarily completely ignored by a Windows computer, but some mods (D0QuestPack, Refinements) have problems with them.

If this happens, open the folder concerned, change your folder settings to "show hidden files" and delete all files, that begin with ._. You can then continue with your installation.

ERROR: COPY ~SPWI321.SPL~ ~override/SPWI321.SPL~ FAILED: cannot open target

—> The error is most likely caused by an activated virus scanner.

ERROR: problem saving [override/DRIZZT.dlg]: Sys_error("override/DRIZZT.dlg: Invalid argument")

—> The error is most likely caused by an activated virus scanner.

DEBUG WARNINGS AND THEIR MEANING

There are in three different kinds of error messages:

1. Messages to the mod author without meaning for the game

The following warnings and all similar ones can be ignored:

```
WARNING: I_C_T2: the interjection point (GAELAN 66) has multiple exit transitions that have different actions!
```

This is a hint to the mod author and ordinarily works with the game. It only means that an additional variable is set up. It is a WeiDU feature and results in no program errors. All interjections were tested extensively so you can be sure of this.

```
WARNING: REPLACE specifies no WEIGHT for state 109 and DLG uses non-trivial weights. Using weight from DLG (39). [65]
```

It has no effect on gameplay, but is a reminder to the modder that the modder has not specified what WEIGHT they wanted (the order in which dialogs are evaluated)... so WeiDU is doing it for the modder. It is harmless.

```
WARNING: Fast SET_2DA_ENTRY failed, falling back on old method...
```

This works, only not in the way WeiDU first tries. It is it a hint to the mod author.

```
WARNING: [questpack/wilbur/d0nosnd.wav] is a 0 byte file
```

This can be ignored: it is harmless and intended.

```
WARNING: EXTEND_TOP #position 1 out of range 0-1
```

This means that no changes had to be made to the script because another mod is not installed.

2. Typos

Messages like the following are only typos which probably lead to mistakes, because variables are not set. These can be just absent quotation marks or tildes. Not all of these failures are detrimental: the fact that a couple of demons and a vampire aren't as smart as they might be because a matching script block was not found is no big drama, the fact that a mod fails to check charisma correctly won't be noticed - unless you deliberately created CHARNAME with a low charisma to *avoid* the Ariena romance.

```
WARNING: cannot verify trigger ~!InParty("Zaiya")~: Failure("lexing: empty token")
should say:                ~!InParty("Zaiya")~
```

```
WARNING: cannot verify action ~SetGlobal("KiaraChallenge",LOCALS",1)~: Failure("lexing: empty token")
should say:                ~SetGlobal("KiaraChallenge", "LOCALS",1)~
```

```
WARNING: cannot verify trigger ~=InParty("Kiyone") InMyArea("Kiyone")~: Failure("lexing: empty token")
```

should say: `=~InParty("Kiyone") InMyArea("Kiyone")~`

WARNING: cannot verify action `~SetTokenObject("DORCNAME", <PLAYER1>)~`: Failure("lexing: empty token")

should say: `~SetTokenObject("DORCNAME", PLAYER1)~`

WARNING: cannot verify trigger `~CheckStatGT(Player, 12, CHR)~`: Not_found

should say: `~CheckStatGT(Player1, 12, CHR)~`

These and all similar warnings signify typos from the mod author which cause an error in the ACTION.IDS. The suitable script block will fail in the game.

WARNING: cannot verify action `~Global("freebae", "GLOBAL", 1)~`: Parsing.Parse_error

should say: `~SetGlobal("freebae", "GLOBAL", 1)~`

These and all similar warnings signify errors which cause an error in the ACTION.IDS. The suitable script block will fail in the game.

It is astonishingly difficult to compare the Debug file and the program code to find a problem which is caused by a single missing type!

The errors shown are only examples of similar errors. These errors were of course corrected a long time ago!

3. Error in the program code

Messages like the following must be exactly checked anyway. Whether an error is slight or not, depends on the fact which block is changed: it can mean that some scripts are not installed and thereby some creatures are not as clever as provided, however, can lead also to serious malfunction in the game.

WARNING: cannot find block matching [BGTweak/3/xKAGAIN.BAF]

These and all similar warnings, point out that the block to which something should be added has already been changed by a previous mod, which is why this action has failed.

Warning: cannot find block matching [redemption/bcs/ AR6200asc.bcs]

A special case of the previous one: Redemption and Longer Road search not only for specific script blocks, but also for blocks in files in the override folder. If they are biffed, the installation fails.

Not enough arguments to [NumTimesTalkedTo]. Recovering.

These and all similar warnings signify an error in the mod. The corresponding script block or dialogue will fail in the game.

CHEAT KEYS / CONSOLE COMMANDS

Activate Cheats:

Backup the existing baldur.ini file in the main SoA directory ensuring that the extension of your backup file is no longer .ini; for example, rename baldur.ini to baldur.bak.

Open the file baldur.ini in the BGII-SoA-folder with an text editor

Add below [Program Options] as the last line: "Cheats=1" (without quotation marks). Then you can open in the game with STRG+Space or CTRL+Space (according to keyboard) a dialog window and enter Cheats.

Add below [Program Options] as the last line: "Debug Mode=1" (without quotation marks). Then you can perform following actions during the play.

Cheat Keys

CTRL+1	Change armor level animation
CTRL+2	Fade screen to black
CTRL+3	Fade screen to normal
CTRL+4	Highlight background-interactive objects
CTRL+5	Displays animation information
CTRL+6	Change avatar animation previous
CTRL+7	Change avatar animation next
CTRL+8	Highlights the text boxes
CTRL+9	Highlight the sprites
CTRL+0	Unknown
CTRL+A	Animation avatar (see CTRL+S)
CTRL+C	Jump to next chapter
CTRL+D	Display some numbers (framerate related?)
CTRL+E	Alters visual range
CTRL+F	Turn the character
CTRL+G	Display list of areas loaded in cache
CTRL+H	(TOB only) Sets a specific Surge for wild magic 1-100
CTRL+I	Selects animation (see CTRL+L). Can force banter.
CTRL+J	Teleport to cursor position
CTRL+K	Creature under cursor kick out party
CTRL+L	Plays animation (selected by CTRL+I)
CTRL+M	(Followed by ENTER) Debug Dump
CTRL+P	Keep screen centred on selected character
CTRL+Q	Creature under cursor joins party
CTRL+R	Heals character under cursor
CTRL+S	Select avatar animation
CTRL+T	Advance game time 1 hour
CTRL+U	Temporarily highlight Doors + Ground Objects
CTRL+X	Extended position information
CTRL+Y	Kills creature under cursor

Console Commands

CLUAConsole:AddGold(<int>)	Adds the gold specified by <int> to the party.
CLUAConsole:AddSpell("<string>")	Adds the spell specified by <string> to the selected character.
CLUAConsole:AdvanceRealTime(<int>)	Advances the in-game 'real time' counter.
CLUAConsole:CreateEngine(<int>)	Unknown - seems to start a new single (0) or multi (1) player game.
CLUAConsole:CreateCreature("<string>")	Creates the creature specified by <string>. The name that is entered must be six characters or

less. If the desired character has a name longer than that, only enter the first six letters.

- CLUAConsole:CreateItem("<string>",<int1>,<int2>,<int3>)
Creates the item specified by <string>. The parameters control the amount/charges of the item.
- CLUAConsole:CreateVEFVidCell("<string>")
Plays the VVC specified by <string>.
- CLUAConsole:DisplayAllBAMFiles()
Plays all graphic files in order.
- CLUAConsole:DisplayText("<string>")
Displays the text specified by <string>.
- CLUAConsole:EnableCheatKeys(<int>)
Enables (1) or disables (0) cheat keys, based on the value of <int>.
- CLUAConsole:ExploreArea()
Explores the current area.
- CLUAConsole:GetGlobal("<string>",<string2>")
Displays the variable specified by <string1> (of type <string2>).
- CLUAConsole:LogMessages(<int>)
Enables logging of game messages?.
- CLUAConsole:LogSet("<string>")
Filename to log message to?.
- CLUAConsole:MoveToArea("<string>")
Move the selected characters to the area specified by <string>.
- CLUAConsole:PlayMovie("<string>")
Plays the movie specified by <string>.
- CLUAConsole:PlaySound("<string>")
Plays the sound specified by <string>.
- CLUAConsole:SetCurrentXP("<int>")
Sets the XP of the selected character to <int>.
- CLUAConsole:SetDisableBrightest
Unknown
- CLUAConsole:SetGlobal("<string1>",<string2>",<int>")
Sets the variable specified by <string1> (of type <string2>) to the value of <int>.
- CLUAConsole:SetLimitTransparency(<int>)
Unknown.
- CLUAConsole:SetWaterAlpha(<int>)
Unknown
- CLUAConsole:SetWeather(<int>)
Sets the current weather. 0 = standard, 1 = rain, 2 = snow
- CLUAConsole:StartStore("<string>")
Starts the store specified by <string>.
- CLUAConsole:StrrefOn()
Strings are displayed with their associated strref numbers.
- CLUAConsole:StrrefOff()
Strings are not displayed with their associated strref numbers.
- CLUAConsole:TestAllDialog()
Lists all dialog file in the game, and checks for errors.

While the console is enabled, the following cheat is also enabled:

At the stat distribution screen, pressing CTRL+8 will yield maximum stat value.

You find an entire list of all BGT area codes here:

<http://kerzenburg.baldurs-gate.eu/showthread.php?t=35175>

Lists of item- and creature-codes you will find here:

BG1: <http://news.softpedia.com/news/Baldur-039-s-Gate-Tales-Of-The-Sword-Coast-47511.shtml>

BG2: <http://www.sorcerers.net/Games/BG2/cheats.php>

You find an entire list of all item codes here: (In each case search the link "Cheats" to reach the right page.)

<http://www.baldurs-gate.ch/bg2/> and here <http://www.baldurs-gate.ch/bg1/>

TRANSLATION OF MODS

Many of the used mods are possibly not available yet in your language. Hence, translation is very important and voluntary translators are urgently searched.

.tra files

Translation of mods is very simple: Most of the mods include already a folder with one or several files with the ending .tra in the source language (e.g., Language/English). Copy this folder and rename it into your language (e.g., Language/German).

Open the .tra files with a text editor and simply overwrite the text between the tildes "~" with your translation. Every string within a dialog file begins with "@0 = ~", "@1 = ~" "@2 = ~" et cetera and ends in each case with "~".

If a string however follows on a flag enclosed with quotes it must be enclosed with tildes. For example: for example: JOURNAL @7, but "JOURNAL" ~@7~ or REPLY @5 but "REPLY" ~@12~

NOTE: There is a limitation to the length of the strings of maximal 4096 characters. Longer strings will lead to crash if the string is called.

In some texts the main character is addressed directly. Depending on whether the main character is male or female the texts varies. These text variations are written one after the other, thus: @123 = ~I am the son of Bhaal.~ ~I am the daughter of Bhaal.~

If sound references are given, it looks thus: @1234 = ~male dialog string~ [SOUND01] ~female dialog string~ [SOUND01] Both sound files can also be different.

Placeholder (token)

In some strings place holders are used. These are replaced in the game with different variables. The texts between the sharp brackets < > may be never translated.

Only in some foreign languages: If in a string the token cannot be applied because the sentence would not be grammatically correct, for example, or a word should be at the beginning of a sentence but the token begins with a small letter (e.g., <my son>) the entries must be created in two variants, once as a male (given) string and once as a female string.

Mostly the token refer to the character being spoken to. If is spoken about the main character in a conversation, must be preceded "PRO_". Example: "<CHARNAME> is actually quite nice, even if <PRO_HESHE> is sometimes strange."

Only in some foreign languages: Other than in the English original string the token <MANWOMAN> and <PRO_MANWOMAN> can be used only in collocations because of the included declension!

Also <BROTHERSISTER>, <PRO_BROTHERSISTER>, <LADY'S LORD>, <PRO_LADYLORD>, <SIRMAAM> and <PRO_SIRMAAM> can not be used in the translation at the beginning of a sentence.

Several token are used for the time specification and are irrelevant in the translation; they are listed only for the sake of completeness.

<BROTHERSISTER>	Returns "brother" or "sister" depending on the gender of the person being spoken to.
<CHARNAME>	Returns the name of the PC.
<DAY>	Returns the current numerical day.
<DAYANDMONTH>	Returns the current numerical day as well as the month. (Example: It is <DAYANDMONTH>, would produce: It is 24 Mirtul...or whatever the current day and month happens to be.)
<DAYNIGHT>	Returns "day" or "night" depending on if it's daytime or night-time in the game world.
<DAYNIGHTALL>	Returns "morning" from 6am (6) to 11:59am, "afternoon" from Noon (12) to 5:59pm, "evening" from 6pm (18) to 9:59pm. and "night" from 10pm (22) to 5:59am (game world times).
<DURATION>	Returns the elapsed time from the start of the game in days and hours. (Example:

APPENDIX

	We've been around for <DURATION>, would produce: We've been around for 23 days and 13 hours...or whatever the elapsed time happens to be.)
<DURATIONNOAND>	Returns the same thing as <DURATION> except it omits the and. So it would be 23 days 13 hours rather than 23 days and 13 hours.
<GABBER>	Returns the name of the current speaker. (Example: If I use Jaheira and click-talk her on a creature rather than using the PC, this would return Jaheira if used in a dialogue.)
<GAMEDAY>	Returns the current game day. (Starts at 1 for a new game.)
<GAMEDAYS>	Returns the number of game days that have elapsed since the start of the game. (Starts at 0 for a new game.)
<GIRLBOY>	Returns "girl" or "boy" depending on the gender of the person being spoken to.
<HESHE>	Returns "he" or "she" depending on the gender of the person being spoken to.
<HIMHER>	Returns "him" or "her" depending on the gender of the person being spoken to.
<HISHER>	Returns "his" or "her" depending on the gender of the person being spoken to.
<HOUR>	Returns the current hour of the day in numerical 24 hour format.
<LADYLORD>	Returns "Lady" or "Lord" depending on the gender of the person being spoken to.
<LEVEL>	Returns the experience level of the person being spoken to.
<MALEFEMALE>	Returns "male" or "female" depending on the gender of the person being spoken to.
<MANWOMAN>	Returns "man" or "woman" depending on the gender of the person being spoken to.
<MINUTE>	Returns the current number of real-time minutes (0-59) that have passed in the last hour.
<MONTH>	Returns the current game month as a number.
<MONTHNAME>	Returns the current month's name. (Example: It is <MONTHNAME>, would produce: It is Mirtul...or whatever the current month is in your game.)
<number>	Returns a random number
<PLAYER6> - <PLAYER6>	Returns the name of the party character in the specified internal party slot. (The main character is always PLAYER1.)
<PRO_BROTHERSISTER>	Returns "brother" or "sister" depending on the main character's gender.
<PRO_GIRLBOY>	Returns "girl" or "boy" depending on the main character's gender.
<PRO_HESHE>	Returns "he" or "she" depending on the main character's gender.
<PRO_HIMHER>	Returns "him" or "her" depending on the main character's gender.
<PRO_HISHER>	Returns "his" or "her" depending on the main character's gender.
<PRO_LADYLORD>	Returns "Lady" or "Lord" depending on the main character's gender.
<PRO_MALEFEMALE>	Returns "male" or "female" depending on the main character's gender.
<PRO_MANWOMAN>	Returns "man" or "woman" depending on the main character's gender.
<PRO_RACE>	Returns the main character's race.
<PRO_SIRMAAM>	Returns "sir" or "ma'am" depending on the main character's gender.
<PRO_SONDAUGHTER>	Returns "son" or "daughter" depending on the main character's gender.
<RACE>	Returns the race of the person currently being spoken to.
<SIRMAAM>	Returns "sir" or "ma'am" depending on the gender of the person being spoken to.
<SONDAUGHTER>	Returns "son" or "daughter" depending on the gender of the person being spoken to.
<TM>	Returns the "TM" trademark symbol.
<YEAR>	Returns the current year in numerical format. (Example: It is <YEAR> currently, would produce: It is 1369 currently...or whatever year it is in your game.

TREP

Using the translation tool TREP is highly recommended. <http://www.blackwyrmlair.net/Tools/trep.php>

This simplifies the job immensely. In two windows the original string as well as the translation string are clearly arranged. In addition, one can search with it bugs, renumber strings consecutively and a lot more. In some languages there are additional auxiliary modules available which give additional advices during translation as for example how to use the place holders.

If you do not want to use the tool, you should load after the completion of the translation at least once the translated files into this tool and save anew. The tool examines for proper function and corrects missing tildes "~" what often happens with translations.

Converting of .d files into .tra files

If in the mod still no tra files exist, these can be easily generated. Use for this the tool traify.bat from the **B.G World Installpack**.

Please, never translate .d files, but convert them into tra files before. Otherwise errors happen very easily and it is nearly impossible to correct them afterwards. And much more worse: If the mod author changes the .d files with an update, your whole translation fits no more to the new mod version.

Please, NEVER traify any translated .d file, but always only the original .d file! Background: WeiDU recognizes identical strings in a dialog and assigns to them only one single number, even if the string exists several times. If now in your translation the smallest divergence appears (this can be even a single space or point), WeiDU assigns for this string an other string number. That means you have in the translation one string more than in the original with the result that every dialog behind moves around one position and in the game will appear absolutely wrong dialogs!

Language directory

At the end you must create the language list in the tp2 file. Open the Setup-Modname.tp2 and insert the following before the BEGIN:

```
AUTO_TRA ~Mod directory\%s~
```

```
LANGUAGE ~English~
  ~English~
  ~Mod directory\English\Setup.tra~
```

```
LANGUAGE ~German~
  ~German~
  ~Mod directory\German\Setup.tra~
```

(Type in here your language instead of German)

You do not need to change the TP2 yourselves, this does Leomar or the mod author for you.

Send the finished translation then best to Leomar. He then passes on it to the respective authors.

Text conversion

Translation of foreign-language mods with foreign characters.

If you want to translate mods from the Polish, Hungarian, Greek or Chinese language, you first are confronted with the problem that see your only a weird character sequence as for example £-İàá-Ö½,è²»¿Éµþ¼Ó which you can not do anything with. This results from the fonts preset on the computer for our language area. First the font must be converted. This is especially simple with the program "EditPad Lite" (Freeware!)

Open therefore in that program the file which you want to convert. Go in the menu bar to the menu item "Convert" and select there the line "Text Encoding". In the window that opens now you see on top the original text. Select afterwards the suitable encoding to make the text readable:

for Chinese: Windows 936:	Simplified Chinese GBK; note: a character font must be selected which contains the script Hangul (e.g., @Dotum)
for Korean: Windows 949:	Korean; note: a character font must be selected which contains the script Hangul (e.g., @Dotum)
for Polish: Windows 936:	Central European
for Russian: Windows 1251:	Cyrillic

Now below the text will be displayed in a readable matter. You can copy this text and insert it into the Google or Yahoo online translator and translate. However, it needs sometimes a lot of imagination to formulate from it a flawless sentence in your language. The online translator cannot replace real knowledge of languages.

ACKNOWLEDGMENT

The **B:G World Project**, the **B:G World Project** install guide, the **B:G World Install.bat** and other tools have been initiated and developed by me, Leonardo Watson. Over the course of time the BWP had been supported by countless aides.

Special thanks to (in alphabetical order):

aVENGER	for his professional advice and partial translation.
Clan REO	support of the Spanish version
Daniel von Braun	for the cover and the drawings
Dabus	programming of the installation-tool B:G World Setup
Davor	for his adjusted install.bat file
Durandil	for the Windows Vista introduction videos
erebusant	for his compatibility improvements (although he never was involved in B:G World Projekt directly)
Fennek der Schwarze:	support the tactical version and their mods
Fiona	for proof-reading the English release
horred the plague	for his efforts to make his Big Picture mod as compatible as possible with the BWP
Jarno Mikkola	for his support at Spellhold Studios
Leomar	my right hand for a long time, support and public relations
Lich aka 10th:	support and problem solving
Lokadamus	for the first attempt at a mega-mod installer, the BGT-NPCSound-Patch and his professional advice
Lollorian	for creation of fixes and for his support at Spellhold Studios
Manduran	for the BP-Balancer and his professional advice
Marvin	for the collection of all the links for the megamod and for his untiring troubleshooting
micbaldur	for his extensive tests and detailed reports
Miloch	for his compatibility enhancements
MK	for the textpatches, his advice and hands on assistance
Prowler & Silent	support of the Russian version
Steffen	for the compilation of the download packages (although they are no longer available)
Taimon	for the revised BGT-NPC Sound-Patch, his fixes, his brilliant tools and his professional advice
The Imp	for his support at Spellhold Studios
Weigo	for creating his biffer and his professional assistance, both practical and advisory
White Agnus	for creation of fixes, compatibility enhancements and support
Xicloing	for the support of foreign mods

Technical advice:

Ascension64, aVENGER, Azazello, cmorgan, DavidWallace, DeusEx, Himself, melkor_morgoth75, Miloch, Hoppy

Thanks to the countless testers around the world.

Special thanks to the translators

HISTORY

- v1: Entire installation instructions for the BGT-WeiDU Super Mega Install
- v2: Update-Version
- v3: first release as **B.G World**
- v4: updated mods: BGT-WeiDU v1.05a, BG1 Unfinished Business v4 beta 4 for BGT, Sword Coast Stratagems v7, Rogue ReBalancing by aVENGER v3.81
- added mod: SCS
 - new installation process
 - new descriptions: AI modifications, HLA modifications (thanks to aVENGER), Make Watchers' Keep accessible between SoA and ToB
- v4.1: Corrections and updates
- v5: updated mods: BG2 Fixpack-v6, Dark Ritual 1.02, BGT-WeiDU v1.05b, Lure of Sirinies 7.2, Indra 10.3, Mulgore & Xavia NPC v4.0 for BGT and TuTu, Xan's friendship path for BG1 v4, BG1 Unfinished Business v6, SCSI v8, Tower of Deception v3, Spellhold Gauntlet Version 1.1, Dungeon Crawl v3, Food and Herbal Mod v1.01, Beyond the Law v1.35, Kido v7, Ariena v2, Xan v7, AurenAseph-v6.1, NinaV101B, Unfinished Business v16, SpellPackB4, Spell-50 v10, BP-Balancer-v0.28, Nathaniel v4, lylos v1.1, Rogue ReBalancing v3.82, Refinements 3.11, Ashes of Embers v27, Oversight v12, SCS v4, BGTTweak v7, Ding0's Tweak Pack v20, Ding0 Experience Fixer v6
- added mods: JasteysBG1Quests (replaces Slime-Quest), Coran's BG Extended Friendship Talks
 - associated Fixpack now with expanded ids-files
- v5.1: Corrections and updates
- Revision German text: Leomar
 - significant improved installers
 - updated mods: WeiDU v206, Mini Quests and Encounters v1, BG1NPC Project v15, Adventures in Papperland v3, Planar Sphere 2.6c, Boards o' Magick Item Pack v2, Heart of the Woodv4, Blood of the Martyr v3, Octavians Drizzt v2Beta2, Ariena v2.1, Thael 2.1, Gavin v3.1, WikaedeR v4, cbisson's Familiar Pack v5, Authentic Mischievous Fairy Dragon v4, The Slithering Menace (Snakes) v 3.0, Wild Mage Additions v1.6, Teleport Spell v12, Tashia Remix v1.1, Solaufein v1.03, Nathaniel v4.2, Rogue ReBalancing v3.9, Sword Coast Stratagems II v5
 - added mod: IEP Extended Banter v1.3
- v5.2: Corrections and updates
- slightly changed install order
 - updated mods: WeiDU v206, The Tortured Soul Quest v3, Mini Quests and Encounters v1, The Lure of the Sirine's Call v7.3, BG1NPC Project v16, BG1NPC Music Pack v5, Indra _v10.4, Mulgore & Xavia NPC v5.0, Adventures in Papperland v3, Ajoc's Minimod v1.6.1, Desecration of Souls V2.6.1, Deeper_Shadows_of_Amn_v2.2.1, Planar Sphere 2.6c, Bag Bonus v1.0.1, Boards o' Magick Item Pack v2, Heart of the Wood v5, Weimer's Item Upgrade v36, Blood of the Martyr v4, Amber v2.5, Octavians Drizzt v2Beta2, Ariena v2.1, Thael 2.1, Gavin v3.1, Sarah 1,3, WikaedeR v4, cbisson's Familiar Pack v5, Authentic Mischievous Fairy Dragon v4, Romantic Encounters v3, Mordan's Christmas Minimod v1.0.1, The Slithering Menace (Snakes) v 3.0, Wild Mage Additions v1.6, Teleport Spell v12, Tactics v24, P&P Celestials v5, Tashia Remix v1.1, Solaufein v1.03, Nathaniel v4.2, Rogue ReBalancing v3.9, Sword Coast Stratagems II v6, BP-Balancer-v0.31, NPC Flirt Pack v1.02, IEP Extended Banter v2
 - added mods: Baldurdash Weidu v166, Ajantis BG1 Expansion Beta 0.1, Assassinations v2, Fading Promises v1, Sylmar Battlefield v1.025, Widescreen Mod v1
 - new descriptions: XP settings in the MegaMod (thanks to Leomar and Manduran), BG2Fixpack vs Baldurdash
- v5.3: The big overhaul: massive cut down, changed install order of a few mods, corrections; now with corresponding component numbers, split into BW version and expert version.
- updated mods: WeiDU v208, Dark Side of the Sword Coast v200, BG1 Mini Quests and Encounters v3, Ajantis BG1 Expansion Beta 0.4, Azengard Tactical Encounter Mod v3.0, Revised Battles v6.1, Dungeon Crawl v4, Weimer's Item Upgrade v37, Ariena v2.2, Kim1.51b, Ninafer 1.02, WikaedeR v4.1, Shards-OfIce-v3, Grimuars v3.2, Tower of Deception 3.1, Rogue ReBalancing by aVENGER v3.91, lylos v2.3, Sword Coast Stratagems II v7, BP-Balancer-v0.33
 - added mods: Northern Tales of the Sword Coast NTotSCv162, Secret of Bone Hill v215, The Vault v6, The Undying v1.02, Stuff of the Magi v3, Angelo v3, Miriam v1.02, Nikitalleria v1.0, Touchstone V1.0, Viconia Friendship V1.0, Resource Fixer v1, Solaufein Flirt Pack v4.0, P5Tweaks v2, One Pixel Productions v2.1, Flaming Swords v1.0, Flaming Short Swords, Colourable Quarterstaves, Restored ToB Heads v1.1, W_GUI beta 0.1

APPENDIX

- eliminated mods: Worship the Unseeing Eye-mod v2, Jonathan_NPC_BGT v0.1, Jandor, The Black Rose Part I: Market Prices, Item Value Tweaks ItmValueTweaks, KWolf_NPC_WeiDU, Lord of the Rings Item Pack v1.02, SP Items = Daniel Goodrich's Custom Item Collection, LuvNaliaWeiDU106, Matt Damon v1, Stivan the Hunter v1.0 (Alpha), Taim 1.2, Therrin NPC v2, Eldoth, Roar, Teddy v1, Vildra, Iron Modder 1 Pack - Iron Modder 9 Pack, CliffetteIMBonus, igi's Facing the Shade Lord again, K'aeloree's BWL Contest Items, Time-stop_tweak_v2, Tactics, Redemption v113
- new descriptions: Multi-Install Tool, Mods, bugs, patches and fair play - how BWP works technically and legally,
- Fixpack and Textpack (in German only) now patch the files instead of replace them
- v5.4: Corrections and updates
 - slightly changed install order
 - updated mods: One Pixel Productions v2.5, WeiDU BGT-WeiDU v1.06, Dark Side of the Sword Coast 205, Northern Tales of the Sword Coast v1.60a, Northern Tales of the Sword Coast (Patch) v1.62a, Secret of Bonehill v231, Secret of Bonehill (patch) 2.35, ThalantyrItemUpgradeMod v3, The Vault v6.1, Ajantis BG1 Expansion Beta 0.5, Selune's Armoury v2, Moongaze's Kari v1, The Slithering Menace (Snakes) v3.1, Unfinished Business für BGII v17, Semi-Multi-Clerics 0.2.2, Solaufein NPC v1.03, Keto v3, Revised Battles v6.3, Song and Silence v3, Kivan and Deheriana Companions for BG2 v8.1, BP_BGT_Worldmap_v7a
 - added mods: Spell Revisions v2, Breagar v2.1, The Wheels of Prophecy v1, Unique Containers (Beta2), NSC Portraits v1.2, SCS WM fix
 - deprecated mods: Arcane-Divine Spell Pack v1.1, Restored ToB Heads v1.1
- v5.5: Corrections and updates
 - completely revised Install.bat, re-arranged Textpack, new Smoothpack
 - updated mods: One Pixel Productions v2.61, BGT v1.07 WIP-08-09-28, BG1 Mini Quests and Encounters v4.1, The Lure of the Sirine's Call v8, ThalantyrItemUpgradeMod v3.3, Xan's friendship path for BG1 v5, Ajantis BG1 Expansion 2.1, Breagar und die Schlangen Abbathors v3.01, Sword Coast Stratagems v9, Assassinations v3, KWolf_NPC_WeiDU v1.1, Rolles v3, Xan BG2 v8, Thael v2.3, Kim 1.57, The Slithering Menace (Snakes) v 3.3, Quallo v1.1, ShardsOffice-v4, Rogue ReBalancing by aVENGER v4
 - added mods: The Stone of Askavar v1.3, PnP Free Action (Beta 1), Experience Corrections v1, Enable conversations with charmed/dominated creatures v2
- v5.5.1: Minor corrections and updates, improved Install.bat
 - updated mods: Breagar und die Schlangen Abbathors v3.2, BGT NSC Portraits 1.3
- v5.5.2: Minor corrections and updates, improved Install.bat
 - updated mods: Breagar und die Schlangen Abbathors v3.3
- v5.6: Corrections and updates
 - again improved Install.bat
 - updated mods: Shadows Over Soubar v1.13, CHECK THE BODIES V1.11, BGT-WEIDU V1.07 WIP-08-12-19, DARK SIDE OF THE SWORD COAST V2.10, NORTHERN TALES OF THE SWORD COAST Dialog Revamp V163A, The Vault v6.4, Breagar und die Schlangen Abbathors v3.4, Expanded Thief Stronghold v2.15, Rogue ReBalancing by aVENGER v4.02, Adalon's Blood (Silberdrachenblut) v3, Assassinations v5, Azengard Tactical Encounter v4.0, The Undying v2.02, Kim v1.59, Sarah ToB v2 beta, Widescreen Mod v2
 - added mods: 1ppv3: Avatar Fixes, Item Revisions v2, Finch NPC v3, Rod of Refuge, The Butter Knife of Balduran, Cursed Items Revision v1, Level 1 NPCs
 - deprecated mods: Ninafer und Desecration of Souls; both of them are now included in The Undying.
- v5.7: Revision of some descriptions
 - updated mods: WeiDU v2.10, BG2 Fixpack-v7, One Pixel Productions v2.64, ThalantyrItemUpgradeMod v3.4, BG1NPC Project v17, Sword Coast Stratagems v10, Dark Side of the Sword Coast v2.15, Northern Tales of the Sword Coast v170a, Northern Tales of the Sword Coast Dialog Revamp v171, Secret of Bonehill v2.40, Bonehill Dialog Revamp v2.35, Adalon's Blood (Silberdrachenblut) v4, Azengard Tactical Encounter v5.0, CoM Encounters v1.03, Dark Ritual v1.03, IEP Extended Banter v3.2, Viconia Friendship v2.0, The Wheels of Prophecy v2, Refinements v3.20, BP-Balancer-v0.33b, BGT_NSC Portraits v1.5, BP-BGT-Worldmap v7.1, Level 1 NPCs v1.2
 - added mods: Mazzy Friendship v1.0, Yoshimo Friendship v1.0, aTweaks v1.1, gMinion v1.8, Cambios y correcciones a los graficos de criaturas celestiales
 - reintroduction: Tactics v24
 - improved Fixpack.bat, Smoothpack.bat, Textpack.bat, Install.bat with additional option: Standard - More - Expert
- v6: new layout and new cover
 - again improved Install.bat
 - partially changed install order
 - .ids-files will be patched instead replaced by other mods

APPENDIX

- updated mods: BG2_Fixpack-v8, BGT v1.07, Rogue Rebalancing v4.04, The Vault v7, Lure of the Sirine's Call v9, BG1 NPC Project v17, Ascalons Breagar v4.01, Spell Revisions v2.9, BG1 Unfinished Business v7, Sword Coast Stratagems v12, Goo the Disembodied Floating Eyeball v3.0, The Undying v2.04, Thael NPC v2.31, Kim NPC v1.61, Allison NPC v1.7, Questor Revised v1, Unfinished Business for BG2 v18, Crossmod Banter Pack v8, BGT Tweak Pack v8, BG2_Tweaks-v7, aTweaks v2.02, Widescreen Mod v2.1
 - added mods: BGSpawn system v1, Tales of Anegh v1.02beta5, Les Chroniques de Severian v1, Konalans' Tweaks v1.2, Bolsa, Charli v1.2, Darron v1.3, Nanstein, Vendedor DLAN v6, Recargador v2.0, Ninde v1.1, Xulaye v1, Huple, Mawgul, Mhoram v1.2, Uldar v0.75, de'Arnise Romance v2, Homeward Bound v2, Lucy the Wyvern v1, Haiass el lobo Beta1.2, Skooter the NPC v1, The Luxley Family v1.1
 - deprecated mods: "Rod of Refuge" and "Butter Knife of Balduran; both of them are included in "Konalans' Tweaks".
- v7:
- restructured install order
 - elimination of the previous installation after transition
 - again improved Install.bat
 - new Clean-Up.bat
 - download and installation now by **B&G World Setup**
